Download Template

Uploading documents for submission is easy:

Select document using the "Browse" button.

To facilitate the review process, please upload the completed template from your computer. The system will perform a series of validation checks to ensure that the data provided is complete and accurate. You will now be able to complete the upload process until your template satisfies all of the validation tests.

Other Supporting Documentation

Users must make sure that they download and complete the most recent version of the Application Template.

To see the list of available Underlying Instruments, click here. If the underlying instrument name is not included on this list, please contact Issuer Surveillance Staff for assistance.

When listing Turbo Warrants please add Short and Long Names from Display Short/Long Names to the Template. Users must make sure that they download and complete the most recent version of the Application Template. To facilitate the review process, please attach any other supporting documents electronically, including the Final Terms. (If listing on basis of standalone prospectus: please upload standalone prospectus a second time instead of Final terms). Documents should be provided using one of the following formats: MS Word, MS Excel, CSV or PDF.
