Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

5810. Notification of Deficiency by the Listing Qualifications Department

When the Listing Qualifications Department determines that a Company does not meet a listing standard set forth in the Rule 5000 Series, it will immediately notify the Company of the deficiency. As explained in more detail below, deficiency notifications are of four types:

(1) Staff Delisting Determinations, which are notifications of deficiencies that, unless appealed, subject the Company to immediate suspension and delisting;

(2) notifications of deficiencies for which a Company may submit a plan of compliance for staff review;

(3) notifications of deficiencies for which a Company is entitled to an automatic cure or compliance period; and

(4) Public Reprimand Letters, except such notification type is not available for unresolved deficiencies from the standards of Rules 5250(c){Obligation to File Periodic Financial Reports}, 5615(a)(4)(D) {Partner Meetings of Limited Partnerships} and 5620(a) {Meetings of Shareholders}.

Notifications of deficiencies that allow for submission of a compliance plan or an automatic cure or compliance period may result, after review of the compliance plan or expiration of the cure or compliance period, in issuance of a Staff Delisting Determination or a Public Reprimand Letter.

(a) Information Contained in Deficiency Notification and Delisting Determination

Deficiency notifications and Delisting Determinations will:

(1) inform the Company of the factual bases for Staff's determination of deficiency or delisting, and the quantitative or qualitative standard the Company has failed to satisfy;

(2) provide the Company with instructions regarding its obligations to disclose the deficiency under Nasdaq Listing Rules; and

(3) inform the Company:

(A) in the case of a Staff Delisting Determination, that the Company's securities will be suspended as of a date certain; the Company has a right to request review of the Delisting Determination by a Hearings Panel; and that a request for review within seven days (as set forth in Rule 5815(a)(1)) will stay the suspension;

(B) in the case of a deficiency for which the Company may submit a plan of compliance for review by Staff, the deadline by which a plan must be submitted;

(C) in the case of a deficiency for which the Company is entitled to an automatic cure or compliance period, the expiration date of the cure or compliance period; and
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

(D) in the case of a Public Reprimand Letter, an explanation of why Staff concluded the letter is appropriate and the Company's right to request review of the Letter by a Hearings Panel.

(b) Company Disclosure Obligations

A Company that receives a notification of deficiency, Staff Delisting Determination, or Public Reprimand Letter is required to make a public announcement disclosing receipt of the notification and the Rule(s) upon which the deficiency is based, and describing each specific basis and concern identified by Nasdaq in reaching its determination that the Company does not meet the listing standard. If the deficiency or Staff Delisting Determination relates to the requirement to file a periodic report contained in Rule 5250(c)(1) or (2), the Company is required to make the public announcement by issuing a press release, in addition to filing any Form 8-K required by SEC rules. In all other cases, the Company may make the public announcement either by filing a Form 8-K, where required by SEC rules, or by issuing a press release. Additional information about this disclosure obligation is provided in IM-5810-1.

As described in Rule 5250(b)(1) and IM-5250-1, the Company must notify Nasdaq's MarketWatch Department about the announcement through the electronic disclosure submission system available at www.nasdaq.net, except in emergency situations when notification may instead be provided by telephone or facsimile. If the public announcement is made during Nasdaq market hours, the Company must notify MarketWatch at least ten minutes prior to the announcement. If the public announcement is made outside of Nasdaq market hours, the Company must notify MarketWatch of the announcement prior to 6:50 a.m. ET. The Company should make the public announcement as promptly as possible but not more than four business days following receipt of the notification.

IM-5810-1. Disclosure of Written Notice of Staff Determination

Rule 5810(b) requires that a Company make a public announcement by filing a Form 8-K, where required by SEC rules, or by issuing a press release disclosing the receipt of (i) a notice that the Company does not meet a listing standard set forth in the Rule 5000 Series, (ii) a Staff Delisting Determination to limit or prohibit continued listing of the Company's securities under Rule 5810 as a result of the Company's failure to comply with the continued listing requirements, or (iii) a Public Reprimand Letter; provided, however, that if the notification relates to a failure to meet the requirements of Rules 5250(c)(1) or (2), the Company must make the public announcement by issuing a press release. Such public announcement shall be made as promptly as possible, but not more than four business days following the receipt of the notification, Staff Delisting Determination, or Public Reprimand Letter, as applicable. In addition to containing all disclosure required by Form 8-K, if applicable, the public announcement must describe each specific basis and concern identified by Nasdaq in its determination that the Company does not meet the listing standard and identify the Rules upon which the deficiency is based. For example, if the Listing Qualifications Department determines to delist a Company based on its discretionary authority under Rule 5101, the Company must include in its public announcement the specific concerns cited in the Staff Delisting Determination. In addition, a Company may provide its own analysis of the issues raised in the Staff Delisting Determination.

If the public announcement is not made by the Company within the time allotted or does not include all of the required information, trading of its securities shall be halted (if not already halted), even if the Company appeals the Staff Delisting Determination or Public Reprimand Letter as set forth in Rule 5815,
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

and Nasdaq may make a public announcement with the required information. If the company's failure to make this public announcement is the only basis for a trading halt, Nasdaq would ordinarily resume trading if Nasdaq makes the public announcement. If the Company fails to make the public announcement by the time that the Hearings Panel issues its Decision, that Decision will also determine whether to delist the Company's securities for failure to make the public announcement.

Rule 5810(b) does not relieve a Company of its disclosure obligation under the federal securities laws, nor should it be construed as providing a safe harbor under the federal securities laws. It is suggested that the Company consult with corporate/securities counsel in assessing its disclosure obligations under the federal securities laws.

(c) Types of Deficiencies and Notifications

The type of deficiency at issue determines whether the Company will be immediately suspended and delisted, or whether it may submit a compliance plan for review or is entitled to an automatic cure or compliance period before a Staff Delisting Determination is issued. In the case of a deficiency not specified below, Staff will issue the Company a Staff Delisting Determination or a Public Reprimand Letter.

(1) Deficiencies that Immediately Result in a Staff Delisting Determination

Staff's notice will inform the Company that its securities are immediately subject to suspension and delisting when:

• a Company fails to timely solicit proxies;

• an Equity Investment Tracking Stock fails to comply with the additional continued listing requirements in Rule 5222(c) or a Staff Delisting Determination has been issued with respect to the security such Equity Investment Tracking Stock tracks;

• the common stock of the REIT in a Paired Share Unit listed under Rule 5226 becomes separately tradable from the common stock of the Parent;

• An issuer of non-convertible bonds listed on Nasdaq fails to meet its obligations on the non-convertible bonds, as set forth in Rule 5702(b)(2); or

• a Subscription Receipt listed under Rule 5520 fails to comply with the continued listing requirements in Rule 5565 or a Staff Delisting Determination has been issued with respect to the security such Subscription Receipt is exchangeable for; or

• Staff has determined, under its discretionary authority in the Rule 5100 Series, that the Company's continued listing raises a public interest concern.
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

(2) Deficiencies for which a Company may Submit a Plan of Compliance for Staff Review

(A) Unless the Company is currently under review by an Adjudicatory Body for a Staff Delisting Determination, the Listing Qualifications Department may accept and review a plan to regain compliance when a Company is deficient with respect to one of the standards listed in subsections (i) through (vi) below. In accordance with Rule 5810(c)(2)(C), plans provided pursuant to subsections (i) through (iv) and (vi) below must be provided generally within 45 calendar days, and in accordance with Rule 5810(c)(2)(F), plans provided pursuant to subsection (v) must be provided generally within 60 calendar days. If a Company's plan consists of transferring from the Nasdaq Global or Global Select Market to the Nasdaq Capital Market, the Company should submit its application and the applicable application fee at the same time as its plan to regain compliance.

(i) all quantitative deficiencies from standards that do not provide a compliance period;

(ii) deficiencies from the standards of Rules 5605 {Board of Directors and Committees} or 5615(a)(4)(C) {Independent Directors/Audit Committee of Limited Partnerships} where the cure period of the Rule is not applicable;

(iii) deficiencies from the standards of Rules 5620(a) {Meetings of Shareholders}, 5620(c) {Quorum}, 5630 {Review of Related Party Transactions}, 5635 {Shareholder Approval}, 5250(c)(3) {Auditor Registration}, 5255(a) {Direct Registration Program}, 5610 {Code of Conduct}, 5615(a)(4)(D) {Partner Meetings of Limited Partnerships}, 5615(a)(4)(E) {Quorum of Limited Partnerships}, 5615(a)(4)(G) {Related Party Transactions of Limited Partnerships}, or 5640 {Voting Rights}; or

(iv) failure to make the disclosure required by Rule 5250(b)(3).

(v) failure to file periodic reports as required by Rules 5250(c)(1) or (2).

(vi) failure to meet a continued listing requirement contained in the Rule 5700 Series.

IM-5810-2. Staff Review of Deficiencies

As provided in Rule 5810(c)(2)(A)(i), the Staff may accept a plan to regain compliance with respect to quantitative deficiencies from standards that do not themselves provide a compliance period. Such standards include:

Rules 5550(b)(1) {Stockholders' Equity} and 5550(b)(3) {Net Income from Continuing Operations}

Rule 5550(a)(3) {Public Holders}

Rule 5550(a)(4) {Publicly Held Shares}

Rules 5350(b)(1)(B) {Publicly Held Shares}, 5450(b)(1)(A) {Stockholders' Equity}, and 5450(a)(2) {Total Holders}
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

Rules 5450(b)(3)(A) {Total Assets/Total Revenue}, 5450(b)(2)(B) {Publicly Held Shares}, and 5450(a)(2) {Total Holders}, and

Rules 5460(a)(1) {Publicly Held Shares} and 5460(a)(4) {Public Holders}.

(B) Staff Alternatives Upon Review of Plan

Staff may request such additional information from the Company as is necessary to make a determination, as described below. In cases other than filing delinquencies and annual meeting deficiencies, which are governed by Rules 5810(c)(2)(F) and 5810(c)(2)(G), respectively, upon review of a plan of compliance, Staff may either:

(i) grant an extension of time to regain compliance not greater than 180 calendar days from the date of Staff's initial notification, unless the Company is currently under review by an Adjudicatory Body for a Staff Delisting Determination. If Staff grants an extension, it will inform the Company in writing of the basis for granting the extension and the terms of the extension;

(ii) issue a Staff Delisting Determination letter that includes a description of the basis for denying the extension; or

(iii) issue a Public Reprimand Letter, as defined in Rule 5805(j).

(C) Timeline for Submission of Compliance Plans

Except for deficiencies from the standards of Rule 5250(c)(1) or (2), Staff's notification of deficiencies that allow for compliance plan review will inform the Company that it has 45 calendar days to submit a plan to regain compliance with Nasdaq's listing standard(s). Staff may extend this deadline for up to an additional 5 calendar days upon good cause shown and may request such additional information from the Company as is necessary to make a determination regarding whether to grant such an extension.

(D) Restrictions on Compliance Plans for Certain Deficiencies

Staff will not accept a plan to achieve compliance with deficiencies in net income from continuing operations or total assets and total revenue, since compliance requires stated levels of net income or assets and revenues during completed fiscal years and therefore can only be demonstrated through audited financial statements. Similarly, a Company may not submit a plan relying on partial-year performance to demonstrate compliance with these standards. A Company may, however, submit a plan that demonstrates current or near-term compliance with the listing requirement relating to stockholders' equity or Market Value of Listed Securities.

(E) Failure to Meet the Terms of a Staff Extension
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

If the Company does not regain compliance within the time period provided by all applicable Staff extensions, Staff will immediately issue a Staff Delisting Determination indicating the date on which the Company's securities will be suspended unless it requests review by a Hearings Panel.

(F) Filing Delinquencies

In the case of deficiencies from the standards of Rule 5250(c)(1) or (2):

(i) Staff's notice shall provide the Company with 60 calendar days to submit a plan to regain compliance with the listing standard; provided, however, that the Company shall not be provided with an opportunity to submit such a plan if review under the Rule 5800 Series of a prior Staff Delisting Determination with respect to the Company is already pending. Staff may extend this deadline for up to an additional 15 calendar days upon good cause shown and may request such additional information from the Company as is necessary to make a determination regarding whether to grant such an extension.

(ii) The maximum additional time provided by all exceptions granted by Staff for a deficiency described in paragraph (i) above is 180 calendar days from the due date of the first late periodic report (as extended by Rule 12b-25 under the Act, if applicable). In determining whether to grant an exception, and the length of any such exception, Staff will consider, and the Company should address in its plan of compliance, the Company's specific circumstances, including the likelihood that the filing can be made within the exception period, the Company's past compliance history, the reasons for the late filing, corporate events that may occur within the exception period, the Company's general financial status, and the Company's disclosures to the market. This review will be based on information provided by a variety of sources, which may include the Company, its audit committee, its outside auditors, the staff of the SEC and any other regulatory body.

(G) Annual Meeting

In the case of deficiencies from the standards of Rules 5620(a) and 5615(a)(4)(D):

(i) Staff's notice shall provide the Company with 45 calendar days to submit a plan to regain compliance with the listing standard; provided, however, that the Company shall not be provided with an opportunity to submit such a plan if review under the Rule 5800 Series of a prior Staff Delisting Determination with respect to the Company is already pending. Staff may extend this deadline for up to an additional 15 calendar days upon good cause shown and may request such additional information from the Company as is necessary to make a determination regarding whether to grant such an extension.

(ii) The maximum additional time provided by all exceptions granted by Staff is 180 calendar days from the deadline to hold the annual meeting (one year after the end of the Company's fiscal year). In determining whether to grant an exception, and the length of any such exception, Staff will consider, and the Company should address in its plan of compliance, the Company's specific circumstances, including the likelihood that the Company would be able to hold an annual meeting within the exception period, the Company's past compliance history, the reasons for the failure to hold the annual meeting timely, corporate events that may occur...
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

within the exception period, the Company's general financial status, and the Company's disclosures to the market. This review will be based on information provided by a variety of sources, which may include the Company, its audit committee, its outside auditors, the staff of the SEC and any other regulatory body.

(3) Deficiencies for which the Rules Provide a Specified Cure or Compliance Period

With respect to deficiencies related to the standards listed in (A) - (F) below, Staff's notification will inform the Company of the applicable cure or compliance period provided by these Rules and discussed below. If the Company does not regain compliance within the specified cure or compliance period, the Listing Qualifications Department will immediately issue a Staff Delisting Determination letter.

(A) Bid Price

A failure to meet the continued listing requirement for minimum bid price shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved during any compliance period by meeting the applicable standard for a minimum of 10 consecutive business days during the applicable compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)(G).

(i) Global Select Market and Global Market

If a Company listed on The Nasdaq Global Market has not been deemed in compliance prior to the expiration of the 180 day compliance period, it may transfer to The Nasdaq Capital Market, provided that it meets the applicable market value of publicly held shares requirement for continued listing and all other applicable requirements for initial listing on the Capital Market (except for the bid price requirement) based on the Company’s most recent public filings and market information and notifies Nasdaq of its intent to cure this deficiency. Following a transfer to The Nasdaq Capital Market, the Company will be afforded the remainder of the applicable compliance period set forth in Rule 5810(c)(3)(A)(ii), unless it does not appear to Nasdaq that it is possible for the Company to cure the deficiency. The Company may also request a hearing to remain on The Nasdaq Global Market pursuant to the Rule 5800 Series. Any time spent in the hearing process will not extend the length of the remaining applicable compliance periods on The Nasdaq Capital Market afforded by this rule.

(ii) Capital Market

If a Company listed on the Capital Market is not deemed in compliance before the expiration of the 180 day compliance period, it will be afforded an additional 180 day compliance period, provided that on the 180th day of the first compliance period it meets the applicable market value of publicly held shares requirement for continued listing and all other applicable standards for initial listing on the Capital Market (except the bid price requirement) based on the Company's most recent public filings and market information and notifies Nasdaq of its intent to cure this deficiency. If a Company does not indicate its intent to cure the deficiency, or if it does not appear
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

to Nasdaq that it is possible for the Company to cure the deficiency, the Company will not be eligible for the second grace period. If the Company has publicly announced information (e.g., in an earnings release) indicating that it no longer satisfies the applicable listing criteria, it shall not be eligible for the additional compliance period under this rule.

(B) Market Makers

A failure to meet the continued listing requirement for a number of Market Makers shall be determined to exist only if the deficiency continues for a period of 10 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 30 calendar days from such notification to achieve compliance. Compliance can be achieved by meeting the applicable standard for a minimum of 10 consecutive business days during the 30 day compliance period.

(C) Market Value of Listed Securities

A failure to meet the continued listing requirements for Market Value of Listed Securities shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved by meeting the applicable standard for a minimum of 10 consecutive business days during the 180 day compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)(G).

(D) Market Value of Publicly Held Shares

A failure to meet the continued listing requirement for Market Value of Publicly Held Shares shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved by meeting the applicable standard for a minimum of 10 consecutive business days during the 180 day compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)(G).

(E) Independent Director and Audit Committee Rules

If a Company fails to meet the majority board independence requirement in Rule 5605(b)(1) due to one vacancy, or because one director ceases to be independent for reasons beyond his/her reasonable control, the Listing Qualifications Department will promptly notify the Company and inform it has until the earlier of its next annual shareholders meeting or one year from the event that caused the deficiency to cure the deficiency. However, if the Company's next annual shareholders' meeting is held sooner than 180 days after the event that caused the deficiency, then the Company has 180 days from the event that caused the deficiency to cure it.

If a Company fails to meet the audit committee composition requirements in Rule 5605(c)(2) because an audit committee member ceases to be independent for reasons outside his/her control, the Listing Qualifications Department will promptly notify the Company and inform it that has until
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

the earlier of its next annual shareholders meeting or one year from the occurrence of the event that caused the failure, to cure the deficiency. If the Company fails to meet the audit committee composition requirement due to one vacancy on the audit committee, and the Company is not relying upon a cure period for another member, the Listing Qualifications Department will promptly notify the Company and inform it that it has until the earlier of its next annual shareholders meeting or one year from the event that caused the failure to cure the deficiency. However, if the Company's next annual shareholders' meeting is held sooner than 180 days after the event that caused the deficiency, then the Company has 180 days from the event that caused the deficiency to cure it.

(F) Market Value/Principal Amount Outstanding of Non-Convertible Bonds

A failure to meet the continued listing requirement for non-convertible bonds, as set forth in Rule 5702(b)(1) (requiring non-convertible bonds to have at least $400,000 in market value or principal amount outstanding) shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved during this 180 calendar day compliance period by meeting the applicable standard for a minimum of 10 consecutive business days during the applicable compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)(G).

(G) Staff Discretion Relating to the Price-based Requirements

If a Company fails to meet the Market Value of Listed Securities, Market Value of Publicly Held Shares, Bid Price, or Market Value/Principal Amount Outstanding requirements, each of which is related to the Company's security price and collectively called the "Price-based Requirements," compliance is generally achieved by meeting the requirement for a minimum of ten consecutive business days. However, Staff may, in its discretion, require a Company to satisfy the applicable Price-based Requirement for a period in excess of ten consecutive business days, but generally no more than 20 consecutive business days, before determining that the Company has demonstrated an ability to maintain long-term compliance. In determining whether to require a Company to meet the applicable Price-based-requirement beyond ten business days, Staff may consider all relevant facts and circumstances, including without limitation:

(i) the margin of compliance (the amount by which a Company exceeds the applicable Price-based Requirement);

(ii) the trading volume (a lack of trading volume may indicate a lack of bona fide market interest in the security at the posted bid price);

(iii) the Market Maker montage (the number of Market Makers quoting at or above $1.00 or the minimum price necessary to satisfy another Price-based Requirement; and the size of their quotes); and

(iv) the trend of the security price (is it up or down).

(4) Public Reprimand Letter
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

Staff's notification may be in the form of a Public Reprimand Letter in cases where the Company has violated a Nasdaq corporate governance or notification listing standard (other than one required by Rule 10A-3 of the Act) and Staff determines that delisting is an inappropriate sanction. In determining whether to issue a public reprimand letter, the Listing Qualifications Department will consider whether the violation was inadvertent, whether the violation materially adversely affected shareholders’ interests, whether the violation has been cured, whether the Company reasonably relied on an independent advisor and whether the Company has demonstrated a pattern of violations.

(d) Additional Deficiencies

The Listing Qualifications Department continues to evaluate the compliance of Companies while they are under review by Adjudicatory Bodies and may identify additional deficiencies. Upon identification of an additional deficiency, Staff will issue an additional notification of deficiency to the Company and send a copy to the appropriate Adjudicatory Body.

(1) Staff's notification of the additional deficiency will conform to the requirements set forth in Rule 5810(a) if:

(A) the matter under review by an Adjudicatory Body is a Public Reprimand Letter; or

(B) the additional deficiency identified is one that has an automatic cure or compliance period.

(2) If the additional deficiency is one that would in the normal course result in immediate suspension and delisting, or one for which the Company may submit a compliance plan to Staff for review, Staff's notification will instruct the Company to address the issue to the Hearings Panel at its hearing, unless the hearing for the original deficiency has already taken place. If the hearing has already taken place, Staff's notification will instruct the Company to provide in writing, within a specified time period, a submission that addresses the deficiency to the Adjudicatory Body before which its matter is pending.

Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

5815. Review of Staff Determinations by Hearings Panel

The rule text below reflects changes made to Nasdaq Rules 5815(a)(5) and (6), which are effective for companies that have requested a written or oral hearing after October 15, 2020. Companies that requested a hearing on or before October 15 are subject to the rule as in effect before those changes (see attached).

When a Company receives a Staff Delisting Determination or a Public Reprimand Letter issued by the Listing Qualifications Department, or when its application for initial listing is denied, it may request in writing that the Hearings Panel review the matter in a written or an oral hearing. This section sets forth the procedures for requesting a hearing before a Hearings Panel, describes the Hearings Panel and the possible outcomes of a hearing, and sets forth Hearings Panel procedures.

(a) Procedures for Requesting and Preparing for a Hearing

(1) Timely Request Stays Delisting

(A) A Company may, within seven calendar days of the date of the Staff Delisting Determination notification, Public Reprimand Letter, or written denial of a listing application, request a written or oral hearing before a Hearings Panel to review the Staff Delisting Determination, Public Reprimand Letter, or written denial of a listing application. Requests for hearings should be submitted in writing to the Hearings Department.

(B) Subject to the following limitations, a timely request for a hearing shall ordinarily stay the suspension and delisting action pending the issuance of a written Panel Decision.

(i) If the Staff Delisting Determination relates to deficiencies from the standards of Rule 5250(c)(1) or (2), which require a Company to timely file its periodic reports with the Commission, the delisting action will only be stayed for 15 calendar days from the deadline to request a hearing unless the Company specifically requests and the Hearings Panel grants a further stay. A request for a further stay must include an explanation of why such a stay would be appropriate and should be included in the Company's request for a hearing. Based on that submission and any recommendation provided by Staff, the Hearings Panel will determine whether to grant the Company a further stay. In determining whether to grant the stay, the Hearings Panel will consider the Company's specific circumstances, including the likelihood that the filing can be made within any exception period that could subsequently be granted, the Company's past compliance history, the reasons for the late filing, corporate events that may occur within the exception period, the Company's general financial status, and the Company's disclosures to the market. The Hearings Panel will notify the Company of its conclusion as soon as is practicable, but in no event more than 15 calendar days following the deadline to request the hearing. In the event the Hearings Panel determines not to grant the Company a stay, the Company's securities will be immediately suspended and will remain suspended unless the Panel Decision issued after the hearing determines to reinstate the securities.
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

(ii) A timely request for a hearing will not stay the suspension of the securities from trading pending the issuance of a written Panel Decision when the Staff Delisting Determination is related to one of the following deficiencies:

a. A Company whose application for initial listing has not been approved prior to consummation of a transaction whereby the Company combines with a non-Nasdaq entity, resulting in a change of control of the Company and potentially allowing the non-Nasdaq entity to obtain a Nasdaq Listing, as described in Nasdaq Rule 5110(a); or

b. A Company that has filed for protection under any provision of the federal bankruptcy laws, or comparable foreign laws, or that has announced that liquidation has been authorized by its board of directors and that it is committed to proceed, as described in Nasdaq Rule 5110(b).

In each case, the Company's securities will be immediately suspended and will remain suspended unless the Panel Decision issued after the hearing determines to reinstate the securities.

(2) Failure to Request Results in Immediate Delisting

If a Company fails to request in writing a hearing within seven calendar days, it waives its right to request review of a Delisting Determination, Public Reprimand Letter, or written denial of an initial listing application. In the case of a Company's failure to timely request a hearing to review a Delisting Determination, the Hearings Department will take action to suspend trading of the securities and follow procedures to delist the securities.

(3) Fees

Within 15 calendar days of the date of the Staff Delisting Determination, Public Reprimand Letter, or written denial of an initial listing application, the Company must submit a hearing fee of $10,000.

(4) Scheduling of Hearings

The Hearings Department will schedule hearings to take place, to the extent practicable, within 45 days of the request for a hearing, at a location determined by the Hearings Department. The Hearings Department will send written acknowledgment of the Company’s hearing request and inform the Company of the date, time, and location of the hearing, and deadlines for written submissions to the Hearings Panel. The Company will be provided at least ten calendar days notice of the hearing unless the Company waives such notice.

(5) Submissions from Company

The Company must provide a written submission to the Hearings Department, to which Staff may respond in writing, stating with specificity the grounds on which the Company is seeking review of the Staff Delisting Determination notification, Public Reprimand Letter, or written denial of a listing application in accordance with subsection (a)(1) of this Rule (“Written Submission”). The Company
must include in the Written Submission all legal arguments on which it intends to rely. As appropriate, the Company's Written Submission may include a written plan of compliance and request that the Hearings Panel grant an exception to the listing standards for a limited time period, as permitted by Rule 5815(c)(1)(A) or may set forth specific grounds for the Company's contention that the issuance of a Staff Delisting Determination, Public Reprimand Letter, or denial of a listing application, was in error, and may also submit public documents or other written material in support of its position, including any information not available at the time of the Staff Determination. The Company may supplement the Written Submission by providing a written update to the Hearings Department ("Written Update") no later than two business days in advance of the hearing. The Written Update may not include any legal argument not raised by the Company with specificity in the Written Submission. The Hearings Panel will review the written record, as described in Rule 5840(a), before the hearing.

(6) Presentation at Hearing

At an oral hearing, the Company may make such presentation as it deems appropriate, including the appearance by its officers, directors, accountants, counsel, investment bankers, or other persons, and the Hearings Panel may question any representative appearing at the hearing. The Company will not be permitted to introduce any legal argument not raised by the Company with specificity in the Written Submission required by subsection (a)(5) of this Rule. Absent solicitation from the Hearings Panel, the Company will not be permitted to introduce any material information that was not raised by the Company with specificity in the Written Submission or Written Update provided for by subsection (a)(5) of this Rule, unless the Company shows either that the material information did not exist at the time the Company was permitted to submit a Written Update or the Company shows that exceptional or unusual circumstances exist that warrant consideration of the newly raised material information. Exceptional or unusual circumstances would include, but are not necessarily limited to, material information that was not earlier discoverable by the Company despite all reasonable measures having been taken. If the Hearings Panel determines either that the Company has shown that the material information did not exist at the time the Company was permitted to submit a Written Update or that the Company has shown exceptional or unusual circumstances exist that warrant consideration of the newly raised material information, then the Company will be permitted to introduce such information at the oral hearing. Staff shall have up to three business days, or such shorter time as the Hearings Panel requests, following the oral hearing to respond in writing to the Company's newly raised material information. The Company may respond to the Staff's submission only if the Hearings Panel requests it do so. Hearings are generally scheduled to last one hour, but the Hearings Panel may extend the time. The Hearings Department will arrange for and keep on file a transcript of oral hearings.

(b) Composition of the Hearings Panel

Each Hearing is presided over by at least two Hearings Panel members, except as provided in Rule 5815(d)(3).

(c) Scope of the Hearings Panel's Discretion

(1) When the Hearings Panel review is of a deficiency related to continued listing standards, the Hearings Panel may, where it deems appropriate:
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

(A) grant an exception to the continued listing standards for a period not to exceed 180 days from the date of the Staff Delisting Determination with respect to the deficiency for which the exception is granted;

(B) Reserved;

(C) suspend and delist the Company's securities;

(D) issue a Decision that serves as a Public Reprimand Letter in cases where the Company has violated a Nasdaq corporate governance or notification listing standard (other than one required by Rule 10A-3 of the Act) and the Hearings Panel determines that delisting is an inappropriate sanction. In determining whether to issue a Public Reprimand Letter, the Hearings Panel will consider whether the violation was inadvertent, whether the violation materially adversely affected shareholders' interests, whether the violation has been cured, whether the Company reasonably relied on an independent advisor and whether the Company has demonstrated a pattern of violations;

(E) find the Company in compliance with all applicable listing standards; or

(F) In the case of a Company that fails to file a periodic report (e.g., Form 10-K, 10-Q, 20-F, 40-F, or N-CSFR), the Hearings Panel may grant an exception for a period not to exceed 360 days from the due date of the first such late periodic report. The Company can regain compliance with the requirement by filing that periodic report and any other delinquent reports with due dates falling before the end of the exception period. In determining whether to grant an exception, and the length of any such exception, the Hearings Panel will consider the Company's specific circumstances, including the likelihood that the filing can be made within the exception period, the Company's past compliance history, the reasons for the late filing, corporate events that may occur within the exception period, the Company's general financial status, and the Company's disclosures to the market. This review will be based on information provided by a variety of sources, which may include the Company, its audit committee, its outside auditors, the staff of the SEC and any other regulatory body.

(G) In the case of a Company that fails to hold an annual meeting, the Hearings Panel may grant an exception for a period not to exceed 360 days from the deadline to hold the annual meeting (one year after the end of the Company's fiscal year).

(2) When the Hearings Panel's review is of a Staff denial of an initial listing application, the Hearings Panel may, where it deems appropriate:

(A) affirm Staff's denial of the application;

(B) conditionally approve initial listing subject to an exception to the listing standards not to exceed 180 calendar days from the date of the Staff Delisting Determination with respect to the deficiency for which the exception is granted; or

(C) approve initial listing on a finding that the Company meets all initial listing requirements
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

(3) A Hearings Panel may consider any failure to meet any quantitative or qualitative standard for initial or continued listing, including failures previously not considered by Staff. The Company will be given written notice of such consideration and an opportunity to respond.

(4) Under the authority described in the Rule 5100 Series, the Hearings Panel may subject the Company to additional or more stringent criteria for the initial or continued listing of particular securities based on any event, condition, or circumstance that exists or occurs that makes initial or continued listing of the securities inadvisable or unwarranted in its opinion, even though the securities meet all enumerated criteria for initial or continued listing on Nasdaq.

(d) Hearings Panel Procedures

(1) Panel Decision

After the hearing, the Hearings Department, on behalf of the Hearings Panel, will issue a Panel Decision that meets the requirements of Rule 5840(c) and has been approved by each member of the Hearings Panel. The Panel Decision shall be promptly provided to the Company, and is effective immediately upon issuance, unless it specifies to the contrary. The Panel Decision will provide notice that the Company may appeal the Panel Decision to the Listing Council within 15 calendar days of the date of the Decision and that the Decision may be called for review by the Listing Council within 45 calendar days from the date of the Decision.

(2) Form 25 Notification of Delisting

If the Panel issues a Decision to delist the Company's securities, the Hearings Department will immediately take action to suspend trading of the securities, unless the Decision specifies to the contrary. If the Company does not appeal a Decision to delist and the Listing Council does not call the matter for review, or withdraws its call for review, Nasdaq will follow the procedures described in Rule 5830 to submit an application on Form 25 to the SEC to strike the security from listing.

(3) Hearings Panel Deadlock

If, following the hearing, the Hearings Panel cannot reach a unanimous decision, the Hearings Department will notify the Company of this circumstance. The Company will be provided an additional hearing before a Hearings Panel composed of three members who did not participate in the previous hearing. The Company may decide whether the hearing will be written or oral, in person or by telephone. The Company may submit any documents or other written material in support of its request for review, including information not available at the time of the initial hearing. There will be no fee for the new hearing. After review by a Hearings Panel convened pursuant to this paragraph, the Hearings Department on behalf of the Hearings Panel will issue a Decision that meets the requirements of Rule 5840(c) and that has been approved by at least a majority of the Hearings Panel.

(4) Procedures Applicable for Recurring Deficiencies

(A) Hearings Panel Monitor
Rules 5810 and 5815 were recently amended to modify the bid price compliance periods for certain companies with low priced stocks or that have effected excessive reverse stock splits.

The rules below are the prior version of the rules, which are applicable to companies that first received notification of noncompliance with the bid price requirement before September 1, 2020. The revised rules are available in the rulebook and are operative for companies that first receive notification of noncompliance with the bid price requirement on or after September 1, 2020.

A Hearings Panel may, after a Company regains compliance with all applicable listing standards, monitor the Company's continued compliance for up to one year after the compliance date, if the Hearings Panel concludes that there is a likelihood that the issuer will fail to maintain compliance with one or more listing standards during that period. If the Hearings Panel or the Listing Qualifications Department determines that a Company under Hearings Panel monitor fails any listing standard during the monitor period, the Staff will issue a Staff Delisting Determination and the Hearings Department will promptly schedule a new hearing, with the initial Hearings Panel or a newly convened Hearings Panel if the initial Hearings Panel is unavailable. The hearing may be oral or written, at the Company's election. Notwithstanding Rule 5810(c)(2), the Company will not be permitted to provide the Listing Qualifications Department with a plan of compliance with respect to any deficiency that arises during the monitor period, and the Listing Qualifications Department will not be permitted to grant additional time for the Company to regain compliance with respect to any deficiency. The Hearings Panel will consider the Company's compliance history when rendering its Decision.

(B) No Hearings Panel Monitor

If a Hearings Panel has not opted to monitor a Company that has regained compliance with the listing standards requiring the Company to maintain certain levels of stockholders' equity, to timely file periodic reports, and within one year of the date the Company regained compliance with such listing standard, the Listing Qualifications Department finds the Company again out of compliance with the requirement that was the subject of the exception, then, notwithstanding Rule 5810(c)(2), the Listing Qualifications Department will not allow the Company to provide it with a plan of compliance or grant additional time for the Company to regain compliance. Rather, the Listing Qualifications Department will promptly issue a Staff Delisting Determination, and the Company may request review by a Hearings Panel. The Hearings Panel will consider the Company's compliance history when rendering its Decision.

(5) Request for Hearings Panel Reconsideration

A Company may request, in writing, that the Hearings Panel reconsider a Panel Decision only upon the basis that a mistake of material fact existed at the time of the Panel Decision. The Company's request for reconsideration shall be made within seven calendar days of the date of issuance of the Panel Decision. A Company's request for reconsideration will not stay a delisting determination or suspension of trading of the Company's securities, unless the Hearings Panel, before the scheduled date for suspension, issues a written determination staying the suspension and/or reversing the determination to delist. A Company's request for reconsideration will not extend the time for the Company to initiate the Listing Council's review of the Panel Decision.

If the Hearings Panel grants a Company's reconsideration request, it will issue a modified Decision meeting the requirements of Rule 5840(c) within 15 calendar days of the date of the original Panel Decision, or lose jurisdiction over the matter. If the Listing Council calls a Panel Decision for review on the same issue that the Company has requested reconsideration by the Hearings Panel, the Listing Council may assert jurisdiction over the initial Panel Decision or permit the Hearings Panel to proceed with the reconsideration and issue a new Decision.
