Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) ISE Gemini, LLC (the “Exchange” or “ISE Gemini”) proposes to amend the Schedule of Fees to expand low latency Ethernet fees to non-members. The text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The Exchange staff approved this proposed rule change pursuant to authority delegated to it by the Exchange’s Board of Directors on November 12, 2014. This action constitutes the requisite approval under the Exchange’s Certificate of Formation, Operating Agreement and Constitution.

3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose – The Exchange charges an Ethernet fee for its four different Ethernet connection options, which is \$1,000 per month for a 1 Gigabit (“Gb”) connection, \$4,500 per month for a 10 Gb connection, \$8,000 per month for a 10 Gb low latency connection, and \$15,000 per month for a 40 Gb low latency connection. These Ethernet connectivity options provide access to both ISE Gemini and ISE Gemini’s sister exchange, International Securities Exchange, LLC (“ISE”).¹ While the 1 Gb and 10 Gb Ethernet fees apply to both members and non-members, the 10 Gb low latency and 40 Gb low latency fees apply only to members. The Exchange now proposes to amend the Schedule of Fees to apply the low latency Ethernet fee to non-members as well. The Exchange designates this filing to become effective on March 16, 2015.

(b) Basis – The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,² in general, and Section 6(b)(4) of the Act,³ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. The Exchange believes that it is reasonable, equitable, and not unfairly discriminatory to extend the low latency Ethernet fees to non-members. Market participants that establish connectivity to the Exchange will continue to pay the same fee based on the Ethernet options that they choose, and there will be no discrimination between the fees charged for members and non-members. While these low latency connections will likely continue to be of primary interest to Exchange members, the Exchange believes that these options

should be available to interested non-members as well. Furthermore, the Exchange notes that the proposed rule change does not modify the fees applicable to these premium low latency Ethernet options, which will remain at their current levels. The low latency Ethernet fees described in this filing remain consistent with the Exchange's connectivity costs, including costs for software and hardware enhancements, and resources dedicated to development, quality assurance, and support.

4. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁴ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change amends the Schedule of Fees to apply low latency Ethernet fees to non-members in addition to members, and is not intended to have any competitive effect. The Exchange operates in a highly competitive market in which market participants can readily direct their order flow to competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed fee changes reflect this competitive environment.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A)(ii) of the Act,⁵ the Exchange has designated this proposal as establishing or changing a due, fee or other charge imposed on any person, whether or not the person is a member of a self-regulatory organization, which renders the proposed rule change effective upon filing.

8. Proposed Rule change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization or of the Commission.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on March 13, 2015 ISE Gemini, LLC (the "Exchange" or "ISE Gemini") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

ISE Gemini proposes to amend the Schedule of Fees to expand low latency Ethernet fees to non-members. The text of the proposed rule change is available on the Exchange's Internet website at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange charges an Ethernet fee for its four different Ethernet connection options, which is \$1,000 per month for a 1 Gigabit (“Gb”) connection, \$4,500 per month for a 10 Gb connection, \$8,000 per month for a 10 Gb low latency connection, and \$15,000 per month for a 40 Gb low latency connection. The Exchange now proposes to amend the Schedule of Fees to apply the low latency Ethernet fee to non-members as well. The Exchange designates this filing to become effective on March 16, 2015.

2. Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁴ in general, and Section 6(b)(4) of the Act,⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. Exchange believes that it is reasonable, equitable, and not unfairly discriminatory to extend the low latency Ethernet fees to non-members. Market participants that establish connectivity to the Exchange will continue to pay the same fee based on the Ethernet options that they choose, and there will be no discrimination between the fees charged for members and non-members. While these low latency connections will likely continue to be of primary interest to Exchange members, the Exchange believes that these options should be available to interested non-members as well. Furthermore, the Exchange notes that the proposed rule change does not modify the fees applicable to these premium low latency Ethernet options, which will remain at their current levels. The low latency Ethernet fees described in this filing remain consistent with the Exchange's connectivity costs, including costs for software and hardware enhancements, and resources dedicated to development, quality assurance, and support.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁶ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change amends the Schedule of Fees to apply low latency Ethernet fees to non-members in addition to members, and is not intended to have any competitive effect. The Exchange operates in a highly competitive market in which market participants can readily direct their order flow to competing venues. In such an environment, the Exchange must continually review, and consider adjusting, its fees to remain competitive with other exchanges. For the reasons described above, the Exchange believes that the proposed fee changes reflect this competitive environment.

⁶ 15 U.S.C. 78f(b)(8).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,⁷ and subparagraph (f)(2) of Rule 19b-4 thereunder,⁸ because it establishes a due, fee, or other charge imposed by ISE Gemini.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
