1. Text of the Proposed Rule Change

(a) ISE Gemini, LLC (the “Exchange” or “ISE Gemini”) proposes to change its billing cycle for FIX Session/API Session Fees to correspond to the calendar month.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The Exchange staff approved this proposed rule change pursuant to authority delegated to it by the Exchange’s Board of Directors. This action constitutes the requisite approval under the Exchange’s Certificate of Formation, Operating Agreement and Constitution.

3. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

(a) Purpose – On April 18, 2016, the Exchange’s affiliate, the International Securities Exchange, LLC (“ISE”), filed a proposed rule change to reduce application programming interface (“API”) fees charged to Market Makers that meet specified performance criteria.¹ In order to effect that change, the ISE is moving its billing cycle for these API fees, and certain other fees, to coincide with the calendar month instead of billing those fees mid-month. The Exchange notes that API fees for Electronic Access Members (“EAMs”) provide connectivity to both ISE and ISE Gemini. As such, the Exchange is also proposing to move its billing cycle for FIX Session/API Session Fees, as described in Section IV., E. of the Schedule of Fees, to correspond to the calendar month. The Exchange notes that the fees charged for FIX and API sessions on ISE Gemini will remain unchanged.² Each member’s next monthly bill for FIX Session/API Session Fees will cover the full month of May. Members will not be billed for the period of April 18, 2016 to April 30, 2016.

(b) Basis – The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,³ in general, and Section 6(b)(4) of the Act,⁴ in particular, in that it is designed to provide for the equitable allocation of reasonable dues,

¹ See ISE-2016-10.

² ISE Gemini only sessions are billed at a rate of 100 per month for each API session provided to a Market Maker or EAM, and \$50 per month for each FIX session provided to an EAM. For sessions that provide access to both ISE Gemini and ISE, EAMs are billed for API sessions at a rate of \$250 per month for the first five sessions and \$100 per month for each additional session, and for FIX sessions at a rate of \$250 per month for the first and second session and \$50 per month for each additional session.

fees, and other charges among its members and other persons using its facilities. In particular, the Exchange believes that the proposed fee change is reasonable, equitable, and not unfairly discriminatory as it merely moves the Exchange's billing cycle to coincide with the calendar month. As explained above, EAM FIX and API sessions provide connectivity to both ISE and ISE Gemini. The Exchange is making this change to its billing cycle so that the billing cycle for these fees on ISE Gemini will be the same as the billing cycle being implemented on ISE. The fees will remain at their current rates.

4. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁵ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed fee change merely changes the Exchange's billing cycle for FIX Session/API Session Fees to correspond to the billing cycle being implemented on ISE. The Exchange is not proposing any substantive changes to these fees.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A)(ii) of the Act,⁶ the Exchange has designated this proposal as establishing or changing a due, fee or other charge imposed on any person, whether or not the person is a member of a self-regulatory organization, which renders the proposed rule change effective upon filing.

8. Proposed Rule change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization or of the Commission.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 18, 2016 ISE Gemini, LLC (the "Exchange" or "ISE Gemini") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

ISE Gemini proposes to change its billing cycle for FIX Session/API Session Fees to correspond to the calendar month. The text of the proposed rule change is available on the Exchange's Internet website at <http://www.ise.com>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On April 18, 2016, the Exchange's affiliate, the International Securities Exchange, LLC ("ISE"), filed a proposed rule change to reduce application programming interface ("API") fees charged to Market Makers that meet specified performance criteria.³ In order to effect that change, the ISE is moving its billing cycle for these API fees, and certain other fees, to coincide with the calendar month instead of billing those fees mid-month. The Exchange notes that API fees for Electronic Access Members ("EAMs") provide connectivity to both ISE and ISE Gemini. As such, the Exchange is also proposing to move its billing cycle for FIX Session/API Session Fees, as described in Section IV., E. of the Schedule of Fees, to correspond to the calendar month. The Exchange notes that the fees charged for FIX and API sessions on ISE Gemini will remain unchanged.⁴ Each member's next monthly bill for FIX Session/API Session Fees will cover the full month of May. Members will not be billed for the period of April 18, 2016 to April 30, 2016.

² 17 CFR 240.19b-4.

³ See ISE-2016-10.

⁴ ISE Gemini only sessions are billed at a rate of 100 per month for each API session provided to a Market Maker or EAM, and \$50 per month for each FIX session provided to an EAM. For sessions that provide access to both ISE Gemini and ISE, EAMs are billed for API sessions at a rate of \$250 per month for the first five sessions and \$100 per month for each additional session, and for FIX sessions at a rate of \$250 per month for the first and second session and \$50 per month for each additional session.

2. Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁵ in general, and Section 6(b)(4) of the Act,⁶ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities. In particular, the Exchange believes that the proposed fee change is reasonable, equitable, and not unfairly discriminatory as it merely moves the Exchange's billing cycle to coincide with the calendar month. As explained above, EAM FIX and API sessions provide connectivity to both ISE and ISE Gemini. The Exchange is making this change to its billing cycle so that the billing cycle for these fees on ISE Gemini will be the same as the billing cycle being implemented on ISE. The fees will remain at their current rates.

B. Self-Regulatory Organization's Statement on Burden on Competition

In accordance with Section 6(b)(8) of the Act,⁷ the Exchange does not believe that the proposed rule change will impose any burden on intermarket or intramarket competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed fee change merely changes the Exchange's billing cycle for FIX Session/API Session Fees to correspond to the billing cycle being implemented on ISE. The Exchange is not proposing any substantive changes to these fees.

⁵ 15 U.S.C. 78f.

⁶ 15 U.S.C. 78f(b)(4).

⁷ 15 U.S.C. 78f(b)(8).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any unsolicited written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act,⁸ and subparagraph (f)(2) of Rule 19b-4 thereunder,⁹ because it establishes a due, fee, or other charge imposed by ISE Gemini.

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
