1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² NASDAQ OMX BX, Inc. (“BX” or “Exchange”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to not charge the extranet access fee (“Extranet Access Fee”) set forth in BX Rule 7025.

The text of the proposed rule change is below. Proposed new language is underlined; proposed deletions are bracketed.

7025. Extranet Access Fee

Extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds shall not be assessed a monthly access fee [of \$1,000] per client organization Customer Premises Equipment (“CPE”) Configuration. [If an extranet provider uses multiple CPE Configurations to provide market data feeds to any client organization, the monthly fee shall apply to each such CPE Configuration.] For purposes of this Rule 7025, the term “Customer Premises Equipment Configuration” shall mean any line, circuit, router package, or other technical configuration used by an extranet provider to provide a direct access connection to the Exchange market data feeds to a recipient’s site. No extranet access fee will be charged for connectivity to market data feeds containing only consolidated data. For purposes of this rule, consolidated data includes data disseminated by the UTP SIP.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on July 17, 2013. Exchange staff will advise the Board of Directors of the Exchange of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the rule change.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange is proposing to change the Extranet Access Fee as set forth in BX Rule 7025 so that there is no charge. BX Rule 7025 currently provides that for extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds to be assessed a monthly access fee of \$1,000 per recipient Customer Premises Equipment (“CPE”) Configuration.³

Specifically, the Exchange proposes to reduce the Extranet Access Fee from \$1,000 per recipient CPE Configuration per month to free. An Extranet Access Fee has been in place since its introduction in 2009⁴ and provided for free during the first year of

³ See Securities Exchange Act Release No. 71197 (December 30, 2013), 79 FR 679 (January 6, 2014) (SR-BX-2013-063). As defined in BX Rule 7025, a “Customer Premises Equipment Configuration” means any line, circuit, router package, or other technical configuration used by an extranet provider to provide a direct access connection to the Exchange market data feeds to a recipient’s site.

operation. At the end of this period, the initial fee of \$750 per recipient CPE Configuration per month remained in place although it was never billed. Since extranet providers have never yet been billed for this fee, the Exchange now proposes to change BX Rule 7025 to reflect that there will be no charge for extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds.

Additionally, because the Exchange has thus far never collected an Extranet Access Fee, it does not intend to charge the \$1,000 Extranet Access Fee for January 2014.⁵

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁶ in general, and with Section 6(b)(4) of the Act,⁷ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. All similarly situated extranet providers that establish an extranet connection with the Exchange to access market data feeds from the Exchange will not be subject to an Extranet Access Fee.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. No fee is being charged and this applies across all extranet

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to change the Extranet Access Fee as set forth in BX Rule 7025 so that there is no charge. BX Rule 7025 currently provides that for extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds to be assessed a monthly access fee of \$1,000 per recipient Customer Premises Equipment (“CPE”) Configuration.⁴

⁴ See Securities Exchange Act Release No. 71197 (December 30, 2013), 79 FR 679 (January 6, 2014) (SR-BX-2013-063). As defined in BX Rule 7025, a “Customer Premises Equipment Configuration” means any line, circuit, router package, or other technical configuration used by an extranet provider to provide a direct access connection to the Exchange market data feeds to a recipient’s site.

Specifically, the Exchange proposes to reduce the Extranet Access Fee from \$1,000 per recipient CPE Configuration per month to free. An Extranet Access Fee has been in place since its introduction in 2009⁵ and provided for free during the first year of operation. At the end of this period, the initial fee of \$750 per recipient CPE Configuration per month remained in place although it was never billed. Since extranet providers have never yet been billed for this fee, the Exchange now proposes to change BX Rule 7025 to reflect that there will be no charge for extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds.

Additionally, because the Exchange has thus far never collected an Extranet Access Fee, it does not intend to charge the \$1,000 Extranet Access Fee for January 2014.⁶

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,⁷ in general, and with Section 6(b)(4) of the Act,⁸ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls. All similarly situated extranet providers that establish an extranet connection with the Exchange to access market data feeds from the Exchange will not be subject to an Extranet Access Fee.

⁵ See Securities Exchange Act Release No. 59615 (March 20, 2009), 74 FR 14604 (March 31, 2009) (SR-BX-2009-005).

⁶ The Exchange will not back-bill any extranet providers for extranet connections with the Exchange to offer direct access connectivity to market data feeds.

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(4).

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. No fee is being charged and this applies across all extranet providers and none are compelled to establish a connection with the Exchange to offer access connectivity to market data feeds.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.⁹ At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
