The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3).

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   The Exchange is proposing to expand the regulatory responsibilities of the Exchange Review Council (the “Review Council”), a committee of the Exchange Board of Directors (the “Board”) not composed solely of Directors, to include responsibilities of other Board committees not composed solely of Directors and consequently sunset those committees. The Exchange’s committee structure and related Exchange By-Laws are largely based on those of its sister exchange NASDAQ,⁴ which are largely based on those of NASD (now known as FINRA) and were adopted pursuant to NASDAQ’s approval as a national securities exchange.⁵ The Exchange is proposing to make its committee structure more efficient and effective by vesting the Review Council, which is a committee of the Board with both adjudicatory and policy responsibilities, with the adjudicatory responsibilities of the Market Operations Review Committee (“MORC”) and with the advisory role of the Market Regulation Committee.

   **Review Council**

   The Review Council is a Board committee charged with considering and making recommendations to the Board on policy and rule changes relating to business and sales practices of members and associated persons and enforcement policies, including policies with respect to fines and other sanctions. The Review Council is also an adjudicatory body, responsible for the review of appeals of disciplinary proceedings, statutory

---

disqualification proceedings, or membership proceedings. In addition, the Review Council may review offers of settlement, letters of acceptance, waiver and consent, and minor rule violation plan letters, exercises of exemptive authority, and such proceedings or actions as may be authorized by the Exchange’s rules. The Review Council is comprised of no fewer than eight and no more than twelve members, whereby at least twenty percent of the members must be nominated by the Board’s Member Nominating Committee. Moreover, the Review Council must have at least three Public members, as defined in the By-Laws, and the number of Non-Industry members shall equal or exceed

6 Decisions issued by the Review Council may be reviewed by the Board. See, e.g., Rule 9351. If the Board does not call the proceeding for review, the proposed written decision of the Review Council shall constitute the final disciplinary action of BX for purposes of Exchange Act Rule 19d-1(c)(1), unless the Review Council remands the proceeding. See, e.g., Rule 9349(c).

7 Pursuant to the By-Laws, the Board’s Member Nominating Committee is responsible for the nomination of candidates for each Member Representative Director position on the Board in accordance with Section 4.4 of the By-Laws, and shall nominate candidates for appointment by the Board for each vacant or new position on the Exchange Listing and Hearing Review Council, the Exchange Review Council, or other committee that is to be filled with a Member Representative member under the terms of the By-Laws. See Exchange By-Law, Article IV, Section 4.14(b). Further provided by the By-Laws, the Member Nominating Committee shall consist of no fewer than three and no more than six members, and all members of the Member Nominating Committee shall be a current associated person of a current Exchange Member. See Exchange By-Law, Article IV, Section 4.14(b)(iii).

8 “Public member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who has no material business relationship with a broker or dealer, the Corporation or its affiliates, or FINRA. See Exchange By-Law, Article I (hh).

9 “Non-Industry member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who is (i) a Public member; (ii) an officer or employee of an issuer of securities listed on the Exchange; or (iii) any other individual who would not be an Industry member. See Exchange By-Law, Article I (cc).
the sum of the number of Industry members\textsuperscript{10} and Member Representative members.\textsuperscript{11}

The By-Laws provide that a quorum for the transaction of business consists of a majority of the Review Council, including not less than 50 percent of the Non-Industry members of the Review Council and at least one Member Representative member.

\textit{Market Operations Review Committee}

The MORC is responsible for considering Exchange member appeals of determinations made pursuant to Exchange Rules 4612, 4619, 4620, 11890, and

\textsuperscript{10} “Industry member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who (i) is or has served in the prior three years as an officer, director, or employee of a broker or dealer, excluding an outside director or a director not engaged in the day-to-day management of a broker or dealer; (ii) is an officer, director (excluding an outside director), or employee of an entity that owns more than ten percent of the equity of a broker or dealer, and the broker or dealer accounts for more than five percent of the gross revenues received by the consolidated entity; (iii) owns more than five percent of the equity securities of any broker or dealer, whose investments in brokers or dealers exceed ten percent of his or her net worth, or whose ownership interest otherwise permits him or her to be engaged in the day-to-day management of a broker or dealer; (iv) provides professional services to brokers or dealers, and such services constitute twenty percent or more of the professional revenues received by the person or twenty percent or more of the gross revenues received by the person’s firm or partnership; (v) provides professional services to a director, officer, or employee of a broker, dealer, or corporation that owns fifty percent or more of the voting stock of a broker or dealer, and such services relate to the director's, officer's, or employee's professional capacity and constitute twenty percent or more of the professional revenues received by the person or twenty percent or more of the gross revenues received by the person’s firm or partnership; or (vi) has a consulting or employment relationship with or provides professional services to the Corporation or any affiliate thereof or to FINRA or has had any such relationship or provided any such services at any time within the prior three years. See Exchange By-Law, Article I (u).

\textsuperscript{11} “Member Representative member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who has been elected or appointed after having been nominated by the Member Nominating Committee pursuant to these By-Laws. See Exchange By-Law, Article I (y).
Exchange Options Rules Chapter V Section 6. Decisions of the MORC in these matters are not appealable, however, determinations of the MORC with respect to Rule 11890 may be arbitrated.\textsuperscript{12} The By-Laws require that the MORC be comprised of a number of Member Representative members that is equal to at least 20 percent of the total number of members of the MORC. Moreover, the By-Laws require that no more than 50 percent of the members of the MORC be engaged in market making activity or employed by a BX member firm whose revenues from market making exceed 10 percent of its total revenues. The By-Laws do not provide a description of what is a quorum for purposes of holding a meeting of the MORC, however, the committee has adopted a three member quorum requirement.\textsuperscript{13}

\textit{Market Regulation Committee}

The Market Regulation Committee (the “Regulation Committee”) is a committee of the Board, which is responsible for providing advice and guidance to the Board on regulatory proposals and industry initiatives relating to quotations, execution, trade reporting, and trading practices; advising the Board in its administration of programs and systems for the surveillance and enforcement of rules governing Exchange Member’s conduct and trading activities in the Exchange; providing a pool of attorney panelists for

\textsuperscript{12} See Rule 11890(c)(3). Unlike disciplinary proceedings under the Rule 9000 Series, speedy resolution of matters under the MORC’s jurisdiction is important to ensuring fair and equitable treatment of market makers, and, with regard to clearly erroneous determinations, benefits market participants and helps ensure the accuracy of transactional information disseminated to investors.

\textsuperscript{13} Rule 11890(c)(2) expressly requires a panel to consist of three or more members of the MORC, provided that no more than 50 percent of the members of any panel are directly engaged in market making activity or employed by a member firm whose revenues from market making activity exceed ten percent of its total revenues. The rule also states that in no case shall a MORC Panel include a person affiliated with a party to the trade in question.
hearing panels under the Exchange rules; participating in the training of hearing panelists on issues relating to quotations, executions, trade reporting, and trading practices; and reviewing and recommending to the Review Council changes to the Exchange’s guidelines for sanctions to be imposed on members for violations of Exchange rules. The Regulation Committee must have at least 50 percent Non-Industry committee members and must include a broad representation of participants in the Exchange, including investors, market makers, integrated retail firms and order entry firms. The By-Laws provide that a quorum for the transaction of business consists of a majority of the Regulation Committee, including not less than 50 percent of the Non-Industry committee members. The requirement that not less than 50 percent of Non-Industry members be present will be waived if at least 50 percent of the Non-Industry members are present at or have filed a waiver of attendance for a meeting after receiving an agenda prior to such meeting.

The New Review Council

The Exchange is proposing to expand the responsibilities of the Review Council by merging the adjudicatory role of the MORC and the advisory role of the Regulation Committee, both as described above, into the Review Council. The Exchange is proposing to amend the By-Laws and Exchange Rules by eliminating references to the Regulation Committee and MORC, and adding the description of these roles to the Review Council’s responsibilities under the By-Laws and Exchange Rules. The Exchange is also proposing to define a new type of Panelist under the rules, which will replace the Regulation Committee Panelist. The new “Special Panelist” will take on the role provided currently by Regulation Committee Panelists, which is discussed in more
detail below. All of these changes taken together will ensure each function of the MORC and Regulation Committee will continue, unaltered.

The current composition requirements of the Review Council are as prescriptive, if not more so, than the composition requirements of the MORC and Regulation Committee. As noted above, the Review Council must have between eight and twelve members, whereas the MORC and Regulation Committee have no such minimum and maximum composition requirements. In practice, both the MORC and Regulation Committee have fewer members than eight members each. In addition, the Review Council must have at least twenty percent of its members nominated by the Member Nominating Committee. The MORC has an identical requirement, but the Regulation Committee does not. The Review Council is also required to have at least three Public Members, which helps ensure that there is representation on the Review Council by individuals with no material relationship with a broker or dealer, the Exchange, its affiliates, or FINRA, whereas neither the MORC nor Regulation Committee has such a representation requirement. Similarly, the Review Council is required to have a number of Non-Industry Members that is greater than or equal to the total number of Industry and Member Nominating Committee Members, which is another means of ensuring independent members of the Review Council. The Regulation Committee has a similar requirement that Non-Industry Members must be greater than or equal to at least 50 percent of the total number of members, however, the MORC has no such requirement.

Under the Exchange’s By-Laws, the MORC has a unique composition requirement that limits its membership to no more than 50 percent of members that are engaged in market making activity or employed by a BX member firm whose revenues
from market making exceed 10 percent of its total revenues. This requirement ensures that the composition of the MORC is never overrepresented by market making members. The Exchange is proposing to adopt this requirement for the new Review Council under the By-Laws.

The By-Laws limit the members of the Review Council to a maximum of two consecutive three-year terms. The By-Laws further require that membership of the Review Council is divided into three classes of members, whose terms expire in different years, thus ensuring that the Review Council is not completely reconstituted in any given year. Neither the MORC nor the Regulation Committee has such requirements. Last, although the By-Laws are silent on what constitutes a quorum for the conduct of business of the MORC, the committee has adopted a three member quorum requirement. Accordingly, BX is proposing to adopt a three Review Council member quorum requirement, solely applicable to the conduct of business formerly within the scope of the MORC.

In terms of the functions of the MORC, the Review Council will now be responsible for determinations pursuant to Exchange Rules 4612, 4619, 4620, 11890, and Exchange Options Rules Chapter V Section 6.\textsuperscript{14} As noted above, the current Review Council is an adjudicatory body charged with the review of disciplinary, statutory disqualification and membership proceedings. In this regard, members of the Review Council are called upon to preside over matters, apply Exchange rules and render

\textsuperscript{14} Unlike decisions of the Review Council issued pursuant to proceedings concerning disciplinary, statutory disqualification and membership proceedings, decisions made by the new Review Council with regard to Exchange Rules 4612, 4619, 4620, 11890, and Exchange Options Rules Chapter V Section 6 are not eligible for Board review or appeal to the SEC, but rather will represent the final resolution of such matters.
decisions that represent disposition of the matter for the parties. As such, it is well-positioned to take on the additional adjudicatory responsibilities of the MORC, which likewise requires its members to preside over matters, apply Exchange rules and render decisions. Moreover, the Exchange believes that given the diverse composition of the Review Council, which includes both Member Representative Members, and Industry and Non-Industry members, it has an adequately broad representation of Exchange constituents and independent members that are well suited to make determinations concerning the rules within the current jurisdiction of the MORC. In this regard, the Exchange notes that the Review Council is currently constituted with members who are compliance officers at member firms, associated persons of member firms, academics, and attorneys. The MORC is constituted with a similar mix of members.15

In terms of the policy role of the Regulation Committee, under the proposed changes the Board will continue to be able to solicit advice and guidance on regulatory proposals and industry initiatives relating to quotations, execution, trade reporting, and trading practices from the Review Council, when the Board determines to do so, much as it can under the current By-Law provisions on policies concerning member sales practices, enforcement policies, fines and sanctions.

The Exchange notes that it is only transferring the advisory role of the Regulation Committee to the Review Council. The Exchange is not proposing to draw upon the Review Council as a source of attorney panelists for hearing panels or the training thereof on issues relating to quotations, executions, trade reporting, and trading practices. Rather, the Exchange is proposing to draw upon members of FINRA’s pool of Hearing

15 In fact, one individual serves on both the Review Council and MORC.
Panelists provided by their Market Regulation Committee and from other sources the Board deems appropriate given the responsibilities of Hearing Panelists. Accordingly, the Exchange proposes to delete the definition of Market Regulation Committee under Rule 9120(u) and hold the rule in reserve.

*Changes to Rule 9231(b)*

The Exchange is proposing minor technical changes to Rule 9231(b), which concerns the composition of Hearing Panels. BX is eliminating an erroneous reference to a paragraph (2) under Rule 9231(b)(1), which was included when the Exchange adopted the rule.\(^{16}\)

BX is also replacing references to the Regulation Committee in Rule 9231(b)(1)(D) with references to FINRA Panelists, including members of FINRA’s Member Regulation Committee. BX may currently draw upon a person who: previously served on the Exchange Review Council; previously served on a disciplinary subcommittee of the Exchange Review Council, including a Subcommittee, an Extended Proceeding Committee, or their predecessor subcommittees; previously served as a Director, or as a Governor of the Exchange prior to its acquisition by The NASDAQ OMX Group, Inc., but does not serve currently in that position; or currently serves on the Regulation Committee or who previously served on the Regulation Committee not earlier than four years before the date the complaint was served upon the Respondent who was the first served Respondent in the disciplinary proceeding for which the Hearing Panel or the Extended Hearing Panel is being appointed.\(^{17}\) BX is also making clear that it may

\(^{16}\) Supra note 4.

\(^{17}\) See Rule 9231(b).
draw upon a FINRA Panelist approved by the Exchange Board, including a member of FINRA’s Market Regulation Committee if the Panelist is approved by the Board at least annually. BX is also memorializing that a Panelist may be drawn from other sources the Board deems appropriate given the responsibilities of Panelists.

The Exchange notes that FINRA’s rule concerning the selection criteria for its Panelists is substantially similar to that of the Exchange. Specifically, FINRA Rule 9231(b)(1) provides that a Panelist be a person who: currently serves or previously served on a District Committee; previously served on the National Adjudicatory Council; previously served on a disciplinary subcommittee of the National Adjudicatory Council or the National Business Conduct Committee, including a Subcommittee, an Extended Proceeding Committee, or their predecessor subcommittees; or, previously served as a Director or a Governor, but does not serve currently in any of these positions. BX believes that drawing from FINRA’s pool of Panelists will provide the Exchange with individuals that have adequate experience and expertise to be BX Panelists, and will provide a larger pool from which to draw Panelists. BX notes that, by requiring the Board to approve a FINRA Panelist as a precondition to participating in a BX matter, BX is ensuring that the Panelists that review BX matters are adequately qualified to adjudicate such matters.

**Other Technical Changes**

Lastly, BX is making two minor technical corrections to its rules. BX is deleting an extraneous “and” from the definition of “Hearing Officer” under Rule 9120(r). BX is also adding the word “to” to Rule 11890(c)(1), which was erroneously omitted.
b. **Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act\(^{18}\) in general, and furthers the objectives of Section 6(b)(5) of the Act\(^{19}\) in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, and is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. The Exchange also believes that the proposed rule is consistent with Section 6(b)(6) of the Act\(^{20}\), which requires the rules of an exchange provide that its members be appropriately disciplined for violations of the Act as well as the rules and regulations thereunder, or the rules of the Exchange, by expulsion, suspension, limitation of activities, functions, and operations, fine, censure, being suspended or barred from being associated with a member, or any other fitting sanction.

The Exchange believes that the proposed changes are consistent with these requirements because they bring efficiency to the committee process, by vesting a single Board committee with responsibilities currently spread across multiple committees, while ensuring that such responsibilities are performed to a high regulatory standard. In this regard, the new Review Council is, by every measure, a more diverse body than the committees that it replaces. The broad membership of the new Review Council will ensure that decisions made with respect to the MORC’s former responsibilities are made

\(^{19}\) 15 U.S.C. 78f(b)(5).

fairly. In this regard, the Exchange notes that the Review Council will adopt the MORC requirement that not more than 50 percent of the committee’s members be engaged in market making activity or employed by a BX member firm whose revenues from market making exceed 10 percent of its total revenues.

As discussed above, the By-Laws limit Review Council members to a maximum of two consecutive three-year terms, unlike the MORC and Regulation Committee. This requirement ensures that there is a consistent influx of new members to the Review Council. The By-Laws further require that membership of the Review Council is divided into three classes of members, whose terms expire in different years, thus ensuring that the Review Council is not completely reconstituted in any given year. The Exchange notes that the expansion of the Review Council’s responsibilities is an extension of the functions that it already performs. As discussed above, the Review Council is currently an adjudicatory body under BX’s rules, as well as an advisory committee to the Board. Accordingly, the Exchange believes that the proposed changes will serve to protect the public interest and promote appropriate discipline of members for violations of securities laws and rules of the Exchange.

4. **Self-Regulatory Organization’s Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, the Exchange believes that this change will bring efficiency and consistency in application of the investigative and adjudicatory processes by consolidating Board committee functions. Consequently, the changes will not impact competition among brokers or dealers, nor will they impact competition among the Exchange and its peers.
5. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

Written comments were neither solicited nor received.

6. **Extension of Time Period for Commission Action**

Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

The proposed rule change is effective upon filing pursuant to Section 19(b)(3)(A) of the Act\(^{21}\) and paragraph (f)(6) of Rule 19b-4 thereunder,\(^{22}\) in that the proposed rule change: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest; provided the self-regulatory organization has given the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission.

The Exchange proposes to implement the proposed rule change on a date that is on, or shortly after, the date of expiration of the operative delay provided for in Rule 19b-4(f)(6)(iii).\(^{23}\)

(“BX” or “Exchange”), filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

BX proposes a rule change to consolidate responsibilities of certain committees of the Board of Directors and to make related changes to the Exchange By-Laws and Rules.

The text of the proposed rule change is available from BX’s website at http://nasdaqomxbx.chwallstreet.com, at BX’s principal office, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at

the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

1. **Purpose**

The Exchange is proposing to expand the regulatory responsibilities of the Exchange Review Council (the “Review Council”), a committee of the Exchange Board of Directors (the “Board”) not composed solely of Directors, to include responsibilities of other Board committees not composed solely of Directors and consequently sunset those committees. The Exchange’s committee structure and related Exchange By-Laws are largely based on those of its sister exchange NASDAQ, which are largely based on those of NASD (now known as FINRA) and were adopted pursuant to NASDAQ’s approval as a national securities exchange. The By-Laws provide that a quorum for the transaction of business consists of a majority of the Review Council, including not less than 50 percent of the Non-Industry members of the Review Council and at least one Member Representative member.

\textsuperscript{8} “Non-Industry member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who is (i) a Public member; (ii) an officer or employee of an issuer of securities listed on the Exchange; or (iii) any other individual who would not be an Industry member. \textit{See} Exchange By-Law, Article I (cc).

\textsuperscript{9} “Industry member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who (i) is or has served in the prior three years as an officer, director, or employee of a broker or dealer, excluding an outside director or a director not engaged in the day-to-day management of a broker or dealer; (ii) is an officer, director (excluding an outside director), or employee of an entity that owns more than ten percent of the equity of a broker or dealer, and the broker or dealer accounts for more than five percent of the gross revenues received by the consolidated entity; (iii) owns more than five percent of the equity securities of any broker or dealer, whose investments in brokers or dealers exceed ten percent of his or her net worth, or whose ownership interest otherwise permits him or her to be engaged in the day-to-day management of a broker or dealer; (iv) provides professional services to brokers or dealers, and such services constitute twenty percent or more of the professional revenues received by the person or twenty percent or more of the gross revenues received by the person’s firm or partnership; (v) provides professional services to a director, officer, or employee of a broker, dealer, or corporation that owns fifty percent or more of the voting stock of a broker or dealer, and such services relate to the director's, officer's, or employee's professional capacity and constitute twenty percent or more of the professional revenues received by the person or twenty percent or more of the gross revenues received by the person’s firm or partnership; or (vi) has a consulting or employment relationship with or provides professional services to the Corporation or any affiliate thereof or to FINRA or has had any such relationship or provided any such services at any time within the prior three years. \textit{See} Exchange By-Law, Article I (u).

\textsuperscript{10} “Member Representative member” means an Exchange Listing and Hearing Review Council member, Exchange Review Council member, or member of any other committee appointed by the Board who has been elected or appointed after having been nominated by the Member Nominating Committee pursuant to these By-Laws. \textit{See} Exchange By-Law, Article I (y).
Market Operations Review Committee

The MORC is responsible for considering Exchange member appeals of determinations made pursuant to Exchange Rules 4612, 4619, 4620, 11890, and Exchange Options Rules Chapter V Section 6. Decisions of the MORC in these matters are not appealable, however, determinations of the MORC with respect to Rule 11890 may be arbitrated.11 The By-Laws require that the MORC be comprised of a number of Member Representative members that is equal to at least 20 percent of the total number of members of the MORC. Moreover, the By-Laws require that no more than 50 percent of the members of the MORC be engaged in market making activity or employed by a BX member firm whose revenues from market making exceed 10 percent of its total revenues. The By-Laws do not provide a description of what is a quorum for purposes of holding a meeting of the MORC, however, the committee has adopted a three member quorum requirement.12

Market Regulation Committee

The Market Regulation Committee (the “Regulation Committee”) is a committee of the Board, which is responsible for providing advice and guidance to the Board on regulatory proposals and industry initiatives relating to quotations, execution, trade

---

11 See Rule 11890(c)(3). Unlike disciplinary proceedings under the Rule 9000 Series, speedy resolution of matters under the MORC’s jurisdiction is important to ensuring fair and equitable treatment of market makers, and, with regard to clearly erroneous determinations, benefits market participants and helps ensure the accuracy of transactional information disseminated to investors.

12 Rule 11890(c)(2) expressly requires a panel to consist of three or more members of the MORC, provided that no more than 50 percent of the members of any panel are directly engaged in market making activity or employed by a member firm whose revenues from market making activity exceed ten percent of its total revenues. The rule also states that in no case shall a MORC Panel include a person affiliated with a party to the trade in question.
reporting, and trading practices; advising the Board in its administration of programs and systems for the surveillance and enforcement of rules governing Exchange Member’s conduct and trading activities in the Exchange; providing a pool of attorney panelists for hearing panels under the Exchange rules; participating in the training of hearing panelists on issues relating to quotations, executions, trade reporting, and trading practices; and reviewing and recommending to the Review Council changes to the Exchange’s guidelines for sanctions to be imposed on members for violations of Exchange rules. The Regulation Committee must have at least 50 percent Non-Industry committee members and must include a broad representation of participants in the Exchange, including investors, market makers, integrated retail firms and order entry firms. The By-Laws provide that a quorum for the transaction of business consists of a majority of the Regulation Committee, including not less than 50 percent of the Non-Industry committee members. The requirement that not less than 50 percent of Non-Industry members be present will be waived if at least 50 percent of the Non-Industry members are present at or have filed a waiver of attendance for a meeting after receiving an agenda prior to such meeting.

The New Review Council

The Exchange is proposing to expand the responsibilities of the Review Council by merging the adjudicatory role of the MORC and the advisory role of the Regulation Committee, both as described above, into the Review Council. The Exchange is proposing to amend the By-Laws and Exchange Rules by eliminating references to the Regulation Committee and MORC, and adding the description of these roles to the Review Council’s responsibilities under the By-Laws and Exchange Rules. The
Exchange is also proposing to define a new type of Panelist under the rules, which will replace the Regulation Committee Panelist. The new “Special Panelist” will take on the role provided currently by Regulation Committee Panelists, which is discussed in more detail below. All of these changes taken together will ensure each function of the MORC and Regulation Committee will continue, unaltered.

The current composition requirements of the Review Council are as prescriptive, if not more so, than the composition requirements of the MORC and Regulation Committee. As noted above, the Review Council must have between eight and twelve members, whereas the MORC and Regulation Committee have no such minimum and maximum composition requirements. In practice, both the MORC and Regulation Committee have fewer members than eight members each. In addition, the Review Council must have at least twenty percent of its members nominated by the Member Nominating Committee. The MORC has an identical requirement, but the Regulation Committee does not. The Review Council is also required to have at least three Public Members, which helps ensure that there is representation on the Review Council by individuals with no material relationship with a broker or dealer, the Exchange, its affiliates, or FINRA, whereas neither the MORC nor Regulation Committee has such a representation requirement. Similarly, the Review Council is required to have a number of Non-Industry Members that is greater than or equal to the total number of Industry and Member Nominating Committee Members, which is another means of ensuring independent members of the Review Council. The Regulation Committee has a similar requirement that Non-Industry Members must be greater than or equal to at least 50 percent of the total number of members, however, the MORC has no such requirement.
Under the Exchange’s By-Laws, the MORC has a unique composition requirement that limits its membership to no more than 50 percent of members that are engaged in market making activity or employed by a BX member firm whose revenues from market making exceed 10 percent of its total revenues. This requirement ensures that the composition of the MORC is never overrepresented by market making members. The Exchange is proposing to adopt this requirement for the new Review Council under the By-Laws.

The By-Laws limit the members of the Review Council to a maximum of two consecutive three-year terms. The By-Laws further require that membership of the Review Council is divided into three classes of members, whose terms expire in different years, thus ensuring that the Review Council is not completely reconstituted in any given year. Neither the MORC nor the Regulation Committee has such requirements. Last, although the By-Laws are silent on what constitutes a quorum for the conduct of business of the MORC, the committee has adopted a three member quorum requirement. Accordingly, BX is proposing to adopt a three Review Council member quorum requirement, solely applicable to the conduct of business formerly within the scope of the MORC.

In terms of the functions of the MORC, the Review Council will now be responsible for determinations pursuant to Exchange Rules 4612, 4619, 4620, 11890, and Exchange Options Rules Chapter V Section 6.\footnote{Unlike decisions of the Review Council issued pursuant to proceedings concerning disciplinary, statutory disqualification and membership proceedings, decisions made by the new Review Council with regard to Exchange Rules 4612, 4619, 4620, 11890, and Exchange Options Rules Chapter V Section 6 are not} As noted above, the current Review
Council is an adjudicatory body charged with the review of disciplinary, statutory
disqualification and membership proceedings. In this regard, members of the Review
Council are called upon to preside over matters, apply Exchange rules and render
decisions that represent disposition of the matter for the parties. As such, it is well-
positioned to take on the additional adjudicatory responsibilities of the MORC, which
likewise requires its members to preside over matters, apply Exchange rules and render
decisions. Moreover, the Exchange believes that given the diverse composition of the
Review Council, which includes both Member Representative Members, and Industry
and Non-Industry members, it has an adequately broad representation of Exchange
constituents and independent members that are well suited to make determinations
concerning the rules within the current jurisdiction of the MORC. In this regard, the
Exchange notes that the Review Council is currently constituted with members who are
compliance officers at member firms, associated persons of member firms, academics,
and attorneys. The MORC is constituted with a similar mix of members.\textsuperscript{14}

In terms of the policy role of the Regulation Committee, under the proposed
changes the Board will continue to be able to solicit advice and guidance on regulatory
proposals and industry initiatives relating to quotations, execution, trade reporting, and
trading practices from the Review Council, when the Board determines to do so, much as
it can under the current By-Law provisions on policies concerning member sales
practices, enforcement policies, fines and sanctions.

\textsuperscript{14} In fact, one individual serves on both the Review Council and MORC.
The Exchange notes that it is only transferring the advisory role of the Regulation Committee to the Review Council. The Exchange is not proposing to draw upon the Review Council as a source of attorney panelists for hearing panels or the training thereof on issues relating to quotations, executions, trade reporting, and trading practices. Rather, the Exchange is proposing to draw upon members of FINRA’s pool of Hearing Panelists provided by their Market Regulation Committee and from other sources the Board deems appropriate given the responsibilities of Hearing Panelists. Accordingly, the Exchange proposes to delete the definition of Market Regulation Committee under Rule 9120(u) and hold the rule in reserve.

Changes to Rule 9231(b)

The Exchange is proposing minor technical changes to Rule 9231(b), which concerns the composition of Hearing Panels. BX is eliminating an erroneous reference to a paragraph (2) under Rule 9231(b)(1), which was included when the Exchange adopted the rule.15

BX is also replacing references to the Regulation Committee in Rule 9231(b)(1)(D) with references to FINRA Panelists, including members of FINRA’s Member Regulation Committee. BX may currently draw upon a person who: previously served on the Exchange Review Council; previously served on a disciplinary subcommittee of the Exchange Review Council, including a Subcommittee, an Extended Proceeding Committee, or their predecessor subcommittees; previously served as a Director, or as a Governor of the Exchange prior to its acquisition by The NASDAQ OMX Group, Inc., but does not serve currently in that position; or currently serves on the

15 Supra note 3.
Regulation Committee or who previously served on the Regulation Committee not earlier than four years before the date the complaint was served upon the Respondent who was the first served Respondent in the disciplinary proceeding for which the Hearing Panel or the Extended Hearing Panel is being appointed.\textsuperscript{16} BX is also making clear that it may draw upon a FINRA Panelist approved by the Exchange Board, including a member of FINRA’s Market Regulation Committee if the Panelist is approved by the Board at least annually. BX is also memorializing that a Panelist may be drawn from other sources the Board deems appropriate given the responsibilities of Panelists.

The Exchange notes that FINRA’s rule concerning the selection criteria for its Panelists is substantially similar to that of the Exchange. Specifically, FINRA Rule 9231(b)(1) provides that a Panelist be a person who: currently serves or previously served on a District Committee; previously served on the National Adjudicatory Council; previously served on a disciplinary subcommittee of the National Adjudicatory Council or the National Business Conduct Committee, including a Subcommittee, an Extended Proceeding Committee, or their predecessor subcommittees; or, previously served as a Director or a Governor, but does not serve currently in any of these positions. BX believes that drawing from FINRA’s pool of Panelists will provide the Exchange with individuals that have adequate experience and expertise to be BX Panelists, and will provide a larger pool from which to draw Panelists. BX notes that, by requiring the Board to approve a FINRA Panelist as a precondition to participating in a BX matter, BX is ensuring that the Panelists that review BX matters are adequately qualified to adjudicate such matters.

\textsuperscript{16} See Rule 9231(b).
Other Technical Changes

Lastly, BX is making two minor technical corrections to its rules. BX is deleting an extraneous “and” from the definition of “Hearing Officer” under Rule 9120(r). BX is also adding the word “to” to Rule 11890(c)(1), which was erroneously omitted.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act\textsuperscript{17} in general, and furthers the objectives of Section 6(b)(5) of the Act\textsuperscript{18} in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, and is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. The Exchange also believes that the proposed rule is consistent with Section 6(b)(6) of the Act\textsuperscript{19}, which requires the rules of an exchange provide that its members be appropriately disciplined for violations of the Act as well as the rules and regulations thereunder, or the rules of the Exchange, by expulsion, suspension, limitation of activities, functions, and operations, fine, censure, being suspended or barred from being associated with a member, or any other fitting sanction.

The Exchange believes that the proposed changes are consistent with these requirements because they bring efficiency to the committee process, by vesting a single Board committee with responsibilities currently spread across multiple committees, while

\textsuperscript{18} 15 U.S.C. 78f(b)(5).
\textsuperscript{19} 15 U.S.C. 78f(b)(6).
ensuring that such responsibilities are performed to a high regulatory standard. In this regard, the new Review Council is, by every measure, a more diverse body than the committees that it replaces. The broad membership of the new Review Council will ensure that decisions made with respect to the MORC’s former responsibilities are made fairly. In this regard, the Exchange notes that the Review Council will adopt the MORC requirement that not more than 50 percent of the committee’s members be engaged in market making activity or employed by a BX member firm whose revenues from market making exceed 10 percent of its total revenues.

As discussed above, the By-Laws limit Review Council members to a maximum of two consecutive three-year terms, unlike the MORC and Regulation Committee. This requirement ensures that there is a consistent influx of new members to the Review Council. The By-Laws further require that membership of the Review Council is divided into three classes of members, whose terms expire in different years, thus ensuring that the Review Council is not completely reconstituted in any given year. The Exchange notes that the expansion of the Review Council’s responsibilities is an extension of the functions that it already performs. As discussed above, the Review Council is currently an adjudicatory body under BX’s rules, as well as an advisory committee to the Board. Accordingly, the Exchange believes that the proposed changes will serve to protect the public interest and promote appropriate discipline of members for violations of securities laws and rules of the Exchange.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Specifically, the Exchange believes that this change will bring
efficiency and consistency in application of the investigative and adjudicatory processes by consolidating Board committee functions. Consequently, the changes will not impact competition among brokers or dealers, nor will they impact competition among the Exchange and its peers.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange has not solicited, and does not intend to solicit, comments on this proposed rule change. The Exchange has not received any written comments from members or other interested parties.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the

---

Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

(c) Review by the Exchange Review Council[Market Operations Review Committee (“MORC”)]

(1) A member or person associated with a member may appeal a determination made under paragraph (a) to the Exchange Review Council[MORC]. A member or person associated with a member may appeal a determination made under paragraph (b) to the Exchange Review Council[MORC] unless the Senior Official making the determination also determines that the number of the affected transactions is such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest, and further provided that with respect to rulings made by the Exchange in conjunction with one or more additional market centers, the number of affected transactions is similarly such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest and, hence, are also non-appealable. An appeal must be made in writing, and must be received by the Exchange within thirty (30) minutes after the person making the appeal is given the notification of the determination being appealed. Once a written appeal has been received, the counterparty to the trade that is the subject of the appeal will be notified of the appeal and both parties shall be able to submit any additional supporting written information up until the time the appeal is considered by the Exchange Review Council[MORC]. Either party to a disputed trade may request the written information provided by the other party during the appeal process. An appeal to the Exchange Review Council[MORC] shall not operate as a stay of the determination being appealed, and the scope of the appeal shall be limited to trades to which the person making the appeal is a party.

Once a party has appealed a determination to the Exchange Review Council[MORC], the determination shall be reviewed and a decision rendered, unless (i) both parties to the transaction agree to withdraw the appeal prior to the time a decision is rendered by the Exchange Review Council[MORC], or (ii) the party filing the appeal withdraws its appeal prior to the notification of counterparties. The Exchange Review Council[MORC] panel shall review the facts and render a decision as soon as practicable, but generally on the same trading day as the execution(s) under review. On requests for appeal received between 3:00 ET and the close of trading in the Late Trading Session, a decision will be rendered as soon as practicable, but in no case later than the trading day following the date of the execution under review. Upon consideration of the record, and after such hearings as it may in its discretion order, the Exchange Review Council[MORC], pursuant to the standards set forth in this rule, shall affirm, modify, reverse, or remand the determination.

(2) The panel shall consist of three or more members of the Exchange Review
Council[MORC], provided that no more than 50 percent of the members of any panel are directly engaged in market making activity or employed by a member firm whose revenues from market making activity exceed ten percent of its total revenues.
