Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) NASDAQ BX, Inc. (“BX” or “Exchange”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposal to extend the implementation date of its functionality relating to Post-Only Orders and Orders with Midpoint Pegging, and its Trade-Now functionality.

The Exchange requests that the Commission waive the 30-day operative delay period contained in Exchange Act Rule 19b-4(f)(6)(iii).³

A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1. There is no rule text for this proposed rule change.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange (the “Board”) on August 15, 2016. Exchange staff will advise the Board of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

BX is filing this proposal to extend the implementation date of its functionality relating to Post-Only Orders and Orders with Midpoint Pegging, and its Trade-Now functionality. The functionality relating to Post-Only Orders and Orders with Midpoint Pegging was approved by the SEC on November 10, 2016,⁴ and the Trade-Now functionality was submitted on an immediately effective basis on November 8, 2016.⁵

Under the new Post-Only functionality, the behavior of Post-Only orders would be altered when the adjusted price of such orders lock or cross a non-displayed price on the Exchange's Book. Specifically, if the adjusted price of the Post-Only Order would lock or cross a non-displayed price on the Exchange's Book, the Post-Only order would be posted in the same manner as a Price to Comply Order. However, the Post-Only Order would execute if (i) it is priced at \$1.00 or more, or (ii) it is priced below \$1.00 and the value of price improvement associated with executing against an Order on the Exchange Book (as measured against the original limit price of the Order) equals or exceeds the sum of fees charged for such execution and the value of any rebate that would be provided if the Order posted to the Exchange Book and subsequently provided liquidity.⁶

⁴ See Securities Exchange Act Release No. 79290 (November 10, 2016), 81 FR 81184 (November 17, 2016) (SR-BX-2016-046) ("Post-Only Approval Order").

⁵ See Securities Exchange Act Release No. 79281 (November 10, 2016), 81 FR 81203 (November 17, 2016) (SR-BX-2016-059).

⁶ See Post-Only Approval Order, supra note 4.

Additionally, if the Post-Only Order would not lock or cross a Protected Quotation but would lock or cross a Non-Displayed Order on the Exchange's Book, the Post-Only Order would be posted, ranked, and displayed at its limit price. The Post-Only Order would execute if (i) it is priced at \$1.00 or more, or (ii) it is priced below \$1.00 and the value of price improvement associated with executing against an Order on the Exchange Book equals or exceeds the sum of fees charged for such execution and the value of any rebate that would be provided if the Order posted to the Exchange Book and subsequently provided liquidity.⁷

BX also proposed to change its Midpoint Peg Post-Only Order, so that, if the Inside Bid and Inside Offer are crossed, any existing Order with Midpoint Pegging would be rejected and any new Order with Midpoint Pegging would be cancelled.⁸

Under BX's Trade-Now functionality, participants could enter an instruction to have a locked resting buy (sell) order execute against the locking sell (buy) order. BX proposed to offer the functionality on its OUCH, RASH, FLITE and FIX protocols. Depending on the protocol used by the participant to access the BX system, the participant could either specify that the order execute against locking interest automatically, or the participant would be required to send a Trade Now instruction to the Exchange once the order has become locked. BX proposed to offer the Trade Now instruction for all orders that may be sent to the BX book and that are not subject to other BX rules regarding the display and execution of those orders.⁹

⁹ See Securities Exchange Act Release No. 79281 (November 10, 2016), 81 FR 81203 (November 17, 2016) (SR-BX-2016-059).

BX initially proposed to implement the new Post-Only, Midpoint Pegging and Trade-Now functionality on November 21, 2016.¹⁰ However, following testing, BX has decided to delay the implementation of these new functionalities to provide additional time for systems testing. The new functionality shall be implemented no later than March 31, 2017. BX will announce the new implementation date by an Equity Trader Alert, which shall be issued prior to the implementation date.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹¹ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹² in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The purpose of this proposal is to inform the SEC and market participants of the new implementation date for the Post-Only, Midpoint Pegging, and Trade Now functionalities. The functionalities themselves were previously proposed in rule filings that were submitted to the SEC, and this proposal does not change the substance of those functionalities.¹³ BX is delaying the implementation date of these functionalities to provide for further systems testing prior to implementing these functionalities.

¹⁰ See Equity Trader Alert #2016-291.

¹² 15 U.S.C. 78f(b)(5).

¹³ BX notes that the Trade-Now functionality was submitted to the SEC as an immediately effective filing, while the Post-Only and Midpoint Pegging functionalities were the subject of an SEC approval order. See supra notes 4 and 5.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the purpose of this proposal is to extend the implementation date for Post-Only, Midpoint Pegging and Trade-Now functionalities so that BX may perform additional systems testing prior to implementing these functionalities.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)¹⁴ of the Act and Rule 19b-4(f)(6) thereunder¹⁵ in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

BX does not believe that this proposal significantly affects the protection of investors or the public interest, or impose any significant burden on competition. As noted above, the purpose of this proposal is to inform the SEC and market participants of

¹⁴ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁵ 17 CFR 240.19b-4(f)(6).

the new implementation date of no later than March 31, 2017 for the Post-Only, Midpoint Pegging, and Trade Now functionalities. The functionalities themselves were previously proposed in rule filings that were submitted to the SEC, and this proposal does not change the substance of those functionalities. BX is delaying the implementation date of these functionalities to no later than March 31, 2017 to provide for further systems testing prior to implementing these functionalities.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange previously announced that it would implement these functionalities on November 21, 2016. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that the new implementation date of no later than March 31, 2017 will be effective and

operative upon filing, which will clarify the status of the Post-Only, Midpoint Pegging, and Trade-Now functionalities to market participants.

SECURITIES AND EXCHANGE COMMISSION
(Release No. _____ ; File No. SR-BX-2017-008)

February __, 2017

Self-Regulatory Organizations; NASDAQ BX, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Implementation Date of its Functionality Relating to Post-Only Orders and Orders with Midpoint Pegging, and its Trade-Now Functionality

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on February 3, 2017, NASDAQ BX, Inc. (“BX” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the implementation date of its functionality relating to Post-Only Orders and Orders with Midpoint Pegging, and its Trade-Now functionality.

There is no rule text for this proposed rule change.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

² 17 CFR 240.19b-4.

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

BX is filing this proposal to extend the implementation date of its functionality relating to Post-Only Orders and Orders with Midpoint Pegging, and its Trade-Now functionality. The functionality relating to Post-Only Orders and Orders with Midpoint Pegging was approved by the SEC on November 10, 2016,³ and the Trade-Now functionality was submitted on an immediately effective basis on November 8, 2016.⁴

Under the new Post-Only functionality, the behavior of Post-Only orders would be altered when the adjusted price of such orders lock or cross a non-displayed price on the Exchange's Book. Specifically, if the adjusted price of the Post-Only Order would lock or cross a non-displayed price on the Exchange's Book, the Post-Only order would be posted in the same manner as a Price to Comply Order. However, the Post-Only Order would execute if (i) it is priced at \$1.00 or more, or (ii) it is priced below \$1.00 and the value of price improvement associated with executing against an Order on the Exchange Book (as measured against the original limit price of the Order) equals or exceeds the sum of fees charged for such execution and the value of any rebate that

³ See Securities Exchange Act Release No. 79290 (November 10, 2016), 81 FR 81184 (November 17, 2016) (SR-BX-2016-046) ("Post-Only Approval Order").

⁴ See Securities Exchange Act Release No. 79281 (November 10, 2016), 81 FR 81203 (November 17, 2016) (SR-BX-2016-059).

would be provided if the Order posted to the Exchange Book and subsequently provided liquidity.⁵

Additionally, if the Post-Only Order would not lock or cross a Protected Quotation but would lock or cross a Non-Displayed Order on the Exchange's Book, the Post-Only Order would be posted, ranked, and displayed at its limit price. The Post-Only Order would execute if (i) it is priced at \$1.00 or more, or (ii) it is priced below \$1.00 and the value of price improvement associated with executing against an Order on the Exchange Book equals or exceeds the sum of fees charged for such execution and the value of any rebate that would be provided if the Order posted to the Exchange Book and subsequently provided liquidity.⁶

BX also proposed to change its Midpoint Peg Post-Only Order, so that, if the Inside Bid and Inside Offer are crossed, any existing Order with Midpoint Pegging would be rejected and any new Order with Midpoint Pegging would be cancelled.⁷

Under BX's Trade-Now functionality, participants could enter an instruction to have a locked resting buy (sell) order execute against the locking sell (buy) order. BX proposed to offer the functionality on its OUCH, RASH, FLITE and FIX protocols. Depending on the protocol used by the participant to access the BX system, the participant could either specify that the order execute against locking interest automatically, or the participant would be required to send a Trade Now instruction to the Exchange once the order has become locked. BX proposed to offer the Trade Now

instruction for all orders that may be sent to the BX book and that are not subject to other BX rules regarding the display and execution of those orders.⁸

BX initially proposed to implement the new Post-Only, Midpoint Pegging and Trade-Now functionality on November 21, 2016.⁹ However, following testing, BX has decided to delay the implementation of these new functionalities to provide additional time for systems testing. The new functionality shall be implemented no later than March 31, 2017. BX will announce the new implementation date by an Equity Trader Alert, which shall be issued prior to the implementation date.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act,¹¹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The purpose of this proposal is to inform the SEC and market participants of the new implementation date for the Post-Only, Midpoint Pegging, and Trade Now functionalities. The functionalities themselves were previously proposed in rule filings that were submitted to the SEC, and this proposal does not change the substance of those functionalities.¹² BX

⁸ See Securities Exchange Act Release No. 79281 (November 10, 2016), 81 FR 81203 (November 17, 2016) (SR-BX-2016-059).

⁹ See Equity Trader Alert #2016-291.

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

¹² BX notes that the Trade-Now functionality was submitted to the SEC as an immediately effective filing, while the Post-Only and Midpoint Pegging

is delaying the implementation date of these functionalities to provide for further systems testing prior to implementing these functionalities.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As noted above, the purpose of this proposal is to extend the implementation date for Post-Only, Midpoint Pegging and Trade-Now functionalities so that BX may perform additional systems testing prior to implementing these functionalities.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹³ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁴

functionalities were the subject of an SEC approval order. See supra notes 3 and 4.

¹³ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁴ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-BX-2017-008 on the subject line.

Paper comments:

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-BX-2017-008. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>).

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-BX-2017-008 and should be submitted on or before [insert date 21 days from publication in the Federal Register].
