Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) Nasdaq ISE, LLC (“ISE” or “Exchange”) proposes to amend its rules to extend the pilot program that eliminated position and exercise limits for physically-settled options on the SPDR S&P ETF Trust (“SPY”) (“SPY Pilot Program”).

The Exchange requests that the Commission waive the 30-day operative delay period contained in Exchange Act Rule 19b-4(f)(6)(iii).¹

A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1, a SPY Pilot Program Report is attached as Exhibit 3, and the text of the proposed Rule is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors (the “Board”) on August 15, 2016. Exchange staff will advise the Board of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange proposes to amend Supplementary Material .01 to ISE Rule 412 and Supplementary Material .01 to ISE Rule 414 to extend the duration of the SPY Pilot Program through July 12, 2018. This filing does not propose any substantive changes to the SPY Pilot Program. In proposing to extend the SPY Pilot Program the Exchange reaffirms its consideration of several factors that supported the original proposal of the SPY Pilot Program, including (the liquidity of the option and the underlying security, (2) the market capitalization of the underlying security and the related index, (3) the reporting of large positions and requirements surrounding margin, and (4) financial requirements imposed by ISE and the Commission.

With this proposal, the Exchange submits the SPY report to the Commission, which report reflects, during the time period from May 2016 through May 2017, the trading of standardized SPY options with no position limits consistent with option exchange provisions.² The report was prepared in the manner specified in the Exchange's prior rule filing extending the SPY Pilot Program.³ The Exchange notes that it is unaware of any problems created by the SPY Pilot Program and does not foresee any as a result of the proposed extension. The proposed extension will allow the Exchange and the Commission to further evaluate the SPY Pilot Program and the effect it has on the market.

² The report is attached as Exhibit 3.

³ See Securities Exchange Act Release No. 78295 (July 18, 2016), 81 FR 46728 (July 12, 2016) (SR-ISE-2016-16).

The Exchange represents that, should the Exchange propose to extend the pilot program, adopt on a permanent basis the pilot program or terminate the pilot program, it will submit a new pilot report at least thirty (30) days before the end of the extended SPY Pilot Program, which will cover the extended pilot period. The Pilot Report will detail the size and different types of strategies employed with respect to positions established as a result of the elimination of position limits in SPY. In addition, the Pilot Report will note whether any problems resulted due to the no limit approach and any other information that may be useful in evaluating the effectiveness of the SPY Pilot Program. The Pilot Report will compare the impact of the SPY Pilot Program, if any, on the volumes of SPY options and the volatility in the price of the underlying SPY shares, particularly at expiration. In preparing the report the Exchange will utilize various data elements such as volume and open interest. In addition the Exchange will make available to Commission staff data elements relating to the effectiveness of the SPY Pilot Program.

Conditional on the findings in the SPY Pilot Report, the Exchange will file with the Commission a proposal to extend the pilot program, adopt the pilot program on a permanent basis or terminate the pilot. If the SPY Pilot Program is not extended or adopted on a permanent basis by the expiration of the Extended Pilot, the position limits for SPY options would revert to limits in effect prior to the commencement of the SPY Pilot Program.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁴

⁴ 15 U.S.C. 78f(b).

in general, and furthers the objectives of Section 6(b)(5) of the Act⁵ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would be beneficial to market participants, including market makers, institutional investors and retail investors, by permitting them to establish greater positions when pursuing their investment goals and needs. The Exchange also believes that economically equivalent products should be treated in an equivalent manner so as to avoid regulatory arbitrage, especially with respect to position limits. Treating SPY and SPX options differently by virtue of imposing different position limits is inconsistent with the notion of promoting just and equitable principles of trade and removing impediments to perfect the mechanisms of a free and open market. At the same time, the Exchange believes that the elimination of position limits for SPY options would not increase market volatility or facilitate the ability to manipulate the market.

4. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In this regard, the Exchange notes that the rule change is being proposed as a competitive response to similar filings that the Exchange expects to be filed by other options exchanges. The

⁵ 15 U.S.C. 78f(b)(5).

Exchange believes this proposed rule change is necessary to permit fair competition among the options exchanges and to establish uniform position limits for a multiply listed options class.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A) of the Act⁶ and Rule 19b-4(f)(6)⁷ thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The Exchange believes its proposed rule change will be substantially similar to extensions made by other options exchanges to extend the SPY Pilot Program. In addition, the Exchange believes that extending the SPY Pilot Program is non-controversial and will not significantly affect the protection of investors because it permits market participants to establish greater positions when pursuing their investment goals and needs. At the same time, the Exchange believes that the continued elimination of position limits for

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6).

SPY options would not increase market volatility or facilitate the ability to manipulate the market.

Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement. Furthermore, a proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act⁸ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)⁹ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay and designate the proposed rule change to become operative upon filing.

Waiver of the operative delay is consistent with the protection of investors and the public interest because the instant proposed rule change does not involve any substantive changes to the Exchange's Rules and only seeks to extend the previously approved SPY Pilot Program. Further, the extension will ensure fair competition among exchanges by allowing the Exchange to continue to eliminate the position and exercise limits for physically-settled SPY options on a pilot basis and operate the same type of SPY Pilot Program as currently exists on other options exchanges. The waiver is consistent with the protection of investors and the public interest because it will permit the SPY Pilot Program to continue without interruption.

Self-Regulatory Organizations; Nasdaq ISE, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the SPY Pilot Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on July 5, 2017, Nasdaq ISE, LLC (“ISE” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to mend its rules to extend the pilot program that eliminated position and exercise limits for physically-settled options on the SPDR S&P ETF Trust (“SPY”) (“SPY Pilot Program”).

The text of the proposed rule change is available on the Exchange’s Website at www.ise.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Supplementary Material .01 to ISE Rule 412 and Supplementary Material .01 to ISE Rule 414 to extend the duration of the SPY Pilot Program through July 12, 2018. This filing does not propose any substantive changes to the SPY Pilot Program. In proposing to extend the SPY Pilot Program the Exchange reaffirms its consideration of several factors that supported the original proposal of the SPY Pilot Program, including (the liquidity of the option and the underlying security, (2) the market capitalization of the underlying security and the related index, (3) the reporting of large positions and requirements surrounding margin, and (4) financial requirements imposed by ISE and the Commission.

With this proposal, the Exchange submits the SPY report to the Commission, which report reflects, during the time period from May 2016 through May 2017, the trading of standardized SPY options with no position limits consistent with option exchange provisions.³ The report was prepared in the manner specified in the

³ The report is attached as Exhibit 3.

Exchange's prior rule filing extending the SPY Pilot Program.⁴ The Exchange notes that it is unaware of any problems created by the SPY Pilot Program and does not foresee any as a result of the proposed extension. The proposed extension will allow the Exchange and the Commission to further evaluate the SPY Pilot Program and the effect it has on the market.

The Exchange represents that, should the Exchange propose to extend the pilot program, adopt on a permanent basis the pilot program or terminate the pilot program, it will submit a new pilot report at least thirty (30) days before the end of the extended SPY Pilot Program, which will cover the extended pilot period. The Pilot Report will detail the size and different types of strategies employed with respect to positions established as a result of the elimination of position limits in SPY. In addition, the Pilot Report will note whether any problems resulted due to the no limit approach and any other information that may be useful in evaluating the effectiveness of the SPY Pilot Program. The Pilot Report will compare the impact of the SPY Pilot Program, if any, on the volumes of SPY options and the volatility in the price of the underlying SPY shares, particularly at expiration. In preparing the report the Exchange will utilize various data elements such as volume and open interest. In addition the Exchange will make available to Commission staff data elements relating to the effectiveness of the SPY Pilot Program.

Conditional on the findings in the SPY Pilot Report, the Exchange will file with the Commission a proposal to extend the pilot program, adopt the pilot program on a permanent basis or terminate the pilot. If the SPY Pilot Program is not extended or adopted on a permanent basis by the expiration of the Extended Pilot, the position limits

for SPY options would revert to limits in effect prior to the commencement of the SPY Pilot Program.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change would be beneficial to market participants, including market makers, institutional investors and retail investors, by permitting them to establish greater positions when pursuing their investment goals and needs. The Exchange also believes that economically equivalent products should be treated in an equivalent manner so as to avoid regulatory arbitrage, especially with respect to position limits. Treating SPY and SPX options differently by virtue of imposing different position limits is inconsistent with the notion of promoting just and equitable principles of trade and removing impediments to perfect the mechanisms of a free and open market. At the same time, the Exchange believes that the elimination of position limits for SPY options would not increase market volatility or facilitate the ability to manipulate the market.

⁵ 15 U.S.C. 78f(b).

⁶ 15 U.S.C. 78f(b)(5).

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. In this regard, the Exchange notes that the rule change is being proposed as a competitive response to similar filings that the Exchange expects to be filed by other options exchanges. The Exchange believes this proposed rule change is necessary to permit fair competition among the options exchanges and to establish uniform position limits for a multiply listed options class.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the

⁷ 15 U.S.C. 78s(b)(3)(A)(iii).

⁸ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

SPY Position Limit Pilot Report
Reporting period: May 2016 to May 2017
Reported On: June 19, 2017**

Summary

Nasdaq ISE, LLC, Nasdaq GEMX, LLC and Nasdaq MRX, LLC (the “Exchanges”) have eliminated position and exercise limits for physically-settled options on SPY pursuant to a pilot set to end on July 12, 2017 (the “SPY Pilot Program”). The Exchanges are submitting this Pilot Report which covers the period from May 1, 2016 to May 1, 2017 (“Current Time Period”). In analyzing the data within the report for the Current Time Period, the Exchanges compare this data with data from a prior period, May 1, 2015 to May 1, 2016 (“Prior Time Period”). The average Open Interest during the first 3 trading days of each month compared to the average from the last 3 days prior to monthly expiration after the beginning of the Pilot Program increased at a higher rate. The Current Time Period had a higher increase in contracts traded between the first three trading days of each month as compared to the last three trading days leading up to expiration.

General

This report provides statistics on SPY contracts traded, Open Interest, Volatility (Standard Deviation), and average position per account for two comparing time periods:

- Prior Time Period– May 1, 2015 to May 1, 2016.
- Current Time Period – May 1, 2016 to May 1, 2017.
