3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

      Given current and ongoing market conditions, the Exchange proposes to provide its members with continued temporary relief from filing certain supervision-related reports pursuant to Options 10, Section 7 (Supervision of Accounts).³

      In December 2019, COVID-19 began to spread and disrupt company operations and supply chains and impact consumers and investors, resulting in a dramatic slowdown in production and spending.⁴ By March 11, 2020, the World Health Organization characterized COVID-19 as a pandemic.⁵ To slow the spread of the disease, federal and state officials implemented social-distancing measures, placed significant limitations on large gatherings, limited travel, and closed non-essential businesses. These measures

⁴ See, e.g., Chairman Jay Clayton, Proposed Amendments to Modernize and Enhance Financial Disclosures; Other Ongoing Disclosure Modernization Initiatives; Impact of the Coronavirus; Environmental and Climate-Related Disclosure (Jan. 30, 2020), available at [https://www.sec.gov/news/public-statement/clayton-mda-2020-01-30](https://www.sec.gov/news/public-statement/clayton-mda-2020-01-30). (“Yesterday, I asked the staff to monitor and, to the extent necessary or appropriate, provide guidance and other assistance to issuers and other market participants regarding disclosures related to the current and potential effects of the coronavirus. We recognize that such effects may be difficult to assess or predict with meaningful precision both generally and as an industry- or issuer-specific basis. This is an uncertain issue where actual effects will depend on many factors beyond the control and knowledge of issuers.”).

have affected the U.S. markets.6 In the United States, Level 1 market wide circuit breaker halts were triggered on March 9, March 12, March 16, and March 18, 2020. While markets have seen significant declines, governments around the world are undertaking efforts to stabilize the economy and assist affected companies and their employees.7 While many state governments recently relaxed some social distancing measures and permitted the limited reopening of non-essential businesses, many state governments have now paused the reopening of non-essential businesses due to increased infection rates. Significant uncertainty remains.

Amidst this continued and unprecedented market uncertainty, the Exchange sought to address potential challenges that members may face in timely meeting their obligations to submit to the Exchange annual supervision-related reports under Options 10, Sections 7(g) and (h) (“Supervision Reporting Requirements”), especially in light of unforeseen and uncertain demands on resources required to respond to COVID-19. Options 10, Section 7(g) requires each Exchange member that conducts a non-member customer business to submit to the Exchange a written report on the member’s supervision and compliance effort during the preceding year and on the adequacy of the member’s ongoing compliance processes and procedures. Each member that conducts a public customer options business is also required to specifically include its options

compliance program in the report. The Section 7(g) report is due on April 1 of each year. Options 10, Section 7(h) requires that each member submit, by April 1 of each year, a copy of the Section 7(g) report to one or more control persons or, if the member has no control person, to the audit committee of its board of directors or its equivalent committee or group.

On each of March 31, 2020 and June 2, 2020, the Exchange filed a proposal to temporarily extend the filing requirements for these annual supervision-related reports from April 1, 2020 to June 1, 2020, and from June 1, 2020 to June 30, 2020, respectively. In light of the continued market uncertainty, the Exchange is again seeking to address potential challenges that certain members continue to face in timely meeting their obligations to submit to the Exchange annual supervision-related reports. Accordingly, the Exchange proposes to provide additional, temporary relief for members from the Supervision Reporting Requirements by further extending the June 30, 2020 filing deadlines described above to July 31, 2020. The Exchange believes that this additional, temporary relief will permit those members who have been unable to submit their annual supervision-related reports to continue to focus on running their businesses

and the health crisis caused by the COVID-19 pandemic, including its impact on their employees, customers, and communities.

The Exchange notes that in response to COVID-19, the Financial Industry Reporting Authority (“FINRA”) recently reissued temporary relief for member firms by, among other things, extending the deadline for submitting its supervision-related reports (FINRA Rule 3120 Report and FINRA Rule 3130 certification) from its second extension deadlines of June 30, 2020\(^{11}\) to July 31, 2020.\(^{12}\) The Exchange notes, too, that at least one other options exchange that had twice previously extended the supervisory report deadlines from April 1 to June 1 and then from June 1 to June 30 for its members,\(^{13}\) also plans to submit a similar filing to, again, extend its deadlines through July 31, 2020. In light of these deadline extensions, the Exchange believes that a consistent regulatory approach is important and therefore that extending its deadline would avoid unnecessary confusion and added burden among entities that are members of both the Exchange and FINRA because the deadline to submit supervisory reports would remain uniform.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,\(^ {14}\) in general, and furthers the objectives of Section 6(b)(5) of the Act,\(^ {15}\) in particular,

in that it is designed to promote just and equitable principles of trade; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general to protect investors and the public interest. As a result of continued uncertainty related to the ongoing spread of the COVID-19 virus, the U.S. exchanges are experiencing unprecedented market volatility. The proposed rule change would allow the Exchange to continue to provide temporary relief to those members who continue to be unable to comply with the Supervision Reporting Requirements, which were amended twice already – most recently to require members to provide written reports to the Exchange by June 30, 2020, and further extend that deadline to July 31, 2020. The Exchange believes that this additional, temporary relief is necessary and appropriate in the public interest, and consistent with the protection of investors, given the unforeseen and uncertain challenges, including business continuity implementation and market volatility, posed by COVID-19 to members that must comply with the Supervision Reporting Requirements. The Exchange also believes that it is necessary and appropriate in the public interest, and consistent with the protection of investors, because FINRA has also re-extended twice the time for its members to file supervision-related reports, most recently from June 30, 2020 to July 31, 2020. Additionally, as indicated above, at least one other options exchange that had previously extended the supervisory report deadlines twice, from April 1 to June 1 and again from June 1 to June 30 for its members, plans to submit a similar filing to re-extend its deadlines through July 31, 2020. Extending the deadline, therefore, will ensure that those entities that are

16 See supra note 11.
17 See supra note 12.
members of both FINRA and the Exchange have a uniform deadline to submit their supervisory reports.

4. **Self-Regulatory Organization’s Statement on Burden on Competition**

   The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues but rather to provide temporary relief for all members that are required to comply with the Supervision Reporting Requirements.

5. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

   No written comments were either solicited or received.

6. **Extension of Time Period for Commission Action**

   Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

   The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)\(^{18}\) of the Act and Rule 19b-4(f)(6) thereunder,\(^{19}\) in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

---

The Exchange believes that the proposed rule change will not significantly affect the protection of investors or the public interest or impose any significant burden on competition because it is designed to provide temporary relief for members from the Supervision Reporting Requirements, which were amended twice already – most recently to require members to provide written reports to the Exchange by June 30, 2020, and further extend the deadlines to July 31, 2020. The proposed change is designed to respond to the continued unprecedented uncertainty and resulting market declines related to the global spread of the COVID-19 virus, to provide relief in light of the challenges that certain members continue to face in timely meeting their obligations to submit to the Exchange annual supervision-related reports, and to maintain a uniform deadline for the submission of supervisory reports for entities that are members of both the Exchange and FINRA.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days before the date of filing, or such shorter time as designated by the Commission. In light of the immediate nature of the relief requested, the Exchange respectfully requests that the Commission waive the five business day notice of the Exchange’s intent to file this proposed rule change.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the

Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative before 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange respectfully requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that this temporary relief can take effect immediately, removing any uncertainty for members that would benefit from the relief. The Exchange believes that waiver of the operative delay would be consistent with the protection of investors and the public interest because the markets have already triggered four Level 1 market wide circuit breaker halts in a two-week period, which is unprecedented, and given the ongoing uncertainty relating to the global spread of the COVID-19 virus.

confusion and added burden among entities that are members of both the Exchange and FINRA because the deadline to submit supervisory reports would remain uniform.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in general, and furthers the objectives of Section 6(b)(5) of the Act, in particular, in that it is designed to promote just and equitable principles of trade; to remove impediments to and perfect the mechanism of a free and open market and a national market system; and, in general to protect investors and the public interest. As a result of continued uncertainty related to the ongoing spread of the COVID-19 virus, the U.S. exchanges are experiencing unprecedented market volatility. The Exchange believes that this additional, temporary relief is necessary and appropriate in the public interest, and consistent with the protection of investors, given the unforeseen and uncertain challenges, including business continuity implementation and market volatility, posed by COVID-19 to members that must comply with the Supervision Reporting Requirements. The Exchange also believes that it is necessary and appropriate in the public interest, and consistent with the protection of investors, because FINRA has also re-extended twice the time for its members to file supervision-

Extending the deadline, therefore, will ensure that those entities that are members of both FINRA and the Exchange have a uniform deadline to submit their supervisory reports.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issues but rather to provide temporary relief for all members that are required to comply with the Supervision Reporting Requirements.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant
