1. Text of the Proposed Rule Change

(a) Nasdaq ISE, LLC (“ISE” or “Exchange”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule to amend Add Liquidity Orders.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1.

The text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors (the “Board”). Exchange staff will advise the Board of any action taken pursuant to delegated authority. No other action is necessary for the filing of the rule change.

3. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange’s proposal amends Options 3, Section 7, Types of Order and Quote Protocols. Specifically, the Exchange proposes to amend Add Liquidity Orders at Options 3, Section 7(n) which currently states,

An Add Liquidity Order is a limit order that is to be executed in whole or in part on the Exchange (i) only after being displayed on the Exchange's limit order book; and (ii) without routing any portion of the order to another market center. Members may specify whether an Add Liquidity Order shall be cancelled or re-priced to the minimum price variation above the national best bid price (for sell orders) or below the national best offer price (for buy orders) if, at the time of entry, the order (i) is executable on the Exchange; or (ii) the order is not executable on the Exchange, but would lock or cross the national best bid or offer. If at the time of entry, an Add Liquidity Order would lock or cross one or more non-displayed orders or quotes on the Exchange, the Add Liquidity Order shall be cancelled or re-priced to the minimum price variation above the best non-displayed bid price (for sell orders) or below the best non-displayed offer price (for buy orders). Notwithstanding the aforementioned, if an Add Liquidity Order would not lock or cross an order or quote on the System but would lock or cross the NBBO, the order will be handled pursuant to Options 3, Section 5(d). An Add Liquidity Order will be ranked in the Exchange's limit order book in accordance with Options 3, Section 10. Add Liquidity Orders may only be submitted when an options series is open for trading.

The Exchange proposes to add the following sentence to the end of the order type description:

“Add Liquidity Orders may only have a time-in-force designation of Day.” The proposed text represents current System functionality.

Today, Add Liquidity Orders may only have a time-in-force designation of Day,<sup>3</sup> so they would rest on the order book in the event that the order could not execute. An Add Liquidity Order may not remove liquidity from the order book. The Add Liquidity Order is designed to

---

<sup>3</sup> A Time in Force designation of Day is described as an order to buy or sell entered with a TIF of “DAY,” which, if not executed, expires at the end of the day on which it was entered. All orders by their terms are Day orders unless otherwise specified. Day orders may be entered through FIX, OTTO, or Precise. See Supplementary Material .02(a) to Options 3, Section 7.

encourage displayed liquidity and offer Members greater flexibility to post liquidity on the Exchange, as a result, an Add Liquidity Order may not have a Time-in-Force of Immediate-or-Cancel.<sup>4</sup> Additionally, Options 3, Section 7(n) states that Add Liquidity Orders may only be submitted when an options series is open for trading.<sup>5</sup> Add Liquidity Orders may not have a Time-in-Force of Good-Till-Date<sup>6</sup> or Good-Till-Cancel<sup>7</sup> because these designations persist into the next trading day and participate in the Opening Process if the orders do not execute. The Exchange's proposal adds clarity and transparency to the Exchange's rules and is a non-substantive amendment.

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>8</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>9</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to

<sup>4</sup> A Time in Force designation of Immediate-or-Cancel is described as an order entered with a TIF of "IOC" that is to be executed in whole or in part upon receipt. Any portion not so executed is to be treated as cancelled. See Supplementary Material .02(d) to Options 3, Section 7.

<sup>5</sup> A Time-In-Force of "OPG" is not permissible. An Opening Only ("OPG") order is entered with a TIF of "OPG." This order can only be executed in the Opening Process pursuant to Options 3, Section 8. Any portion of the order that is not executed during the Opening Process is cancelled. OPG orders may not route. This order type is not subject to any protections listed in Options 3, Section 15, except Size Limitation and Market Wide Risk Protection. See Supplementary Material .02(e) to Options 3, Section 7.

<sup>6</sup> An order to buy or sell entered with a TIF of "GTD," which, if not executed, will be cancelled at the sooner of the end of the expiration date assigned to the order, or the expiration of the series; provided, however, that GTD orders will be canceled in the event of a corporate action that results in an adjustment to the terms of an option contract. GTD orders may be entered through FIX or Precise. See Supplementary Material .02(c) to Options 3, Section 7.

<sup>7</sup> An order to buy or sell entered with a TIF of "GTC" that remains in force until the order is filled, canceled or the option contract expires; provided, however, that GTC orders will be canceled in the event of a corporate action that results in an adjustment to the terms of an option contract. GTC orders may be entered through FIX or Precise. See Supplementary Material .02(b) to Options 3, Section 7.

<sup>9</sup> 15 U.S.C. 78f(b)(5).

and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange's proposal, which specifies that Add Liquidity Orders may only be entered as Day Orders, is consistent with the Act because the Exchange's proposal brings clarity, transparency, and readability to its rules without making any substantive changes.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange's proposal to restrict the Add Liquidity Order to a Time-in-Force of Day does not impose an intra-market burden on competition because no Member will be able to enter an Add Liquidity Order with a Time-in-Force other than Day.

The Exchange's proposal to restrict the Add Liquidity Order to a Time-in-Force of Day does not impose an inter-market burden on competition because the proposal is non-substantive.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)<sup>10</sup> of the Act and Rule 19b-4(f)(6) thereunder<sup>11</sup> in that it effects a change that: (i) does not

---

<sup>10</sup> 15 U.S.C. 78s(b)(3)(A)(iii).

<sup>11</sup> 17 CFR 240.19b-4(f)(6).

significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

Requiring Add Liquidity Orders to be entered only as Day Orders does not significantly affect the protection of investors or the public interest, rather it brings clarity, transparency, and readability to its rules without making any substantive changes. The proposed text represents current System functionality. The proposal does not impose any significant burden on competition as no Member will be able to enter an Add Liquidity Order with a Time-in-Force other than Day.

Furthermore, Rule 19b-4(f)(6)(iii)<sup>12</sup> requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange’s proposal amends Options 3, Section 7, Types of Order and Quote Protocols. Specifically, the Exchange proposes to amend Add Liquidity Orders at Options 3, Section 7(n) which currently states,

An Add Liquidity Order is a limit order that is to be executed in whole or in part on the Exchange (i) only after being displayed on the Exchange's limit order book; and (ii) without routing any portion of the order to another market center. Members may specify whether an Add Liquidity Order shall be cancelled or re-priced to the minimum price variation above the national best bid price (for sell orders) or below the national best offer price (for buy orders) if, at the time of entry, the order (i) is executable on the Exchange; or (ii) the order is not executable on the Exchange, but would lock or cross the national best bid or offer. If at the time of entry, an Add Liquidity Order would lock or cross one or more non-displayed orders or quotes on the Exchange, the Add Liquidity Order shall be cancelled or re-priced to the minimum price variation above the best non-displayed bid price (for sell orders) or below the best non-displayed offer price (for buy orders). Notwithstanding the aforementioned, if an Add Liquidity Order would not lock or cross an order or quote on the System but would lock or cross the NBBO, the order will be handled pursuant to Options 3, Section 5(d). An Add Liquidity Order will be ranked in the Exchange's limit order book in accordance with Options 3, Section 10. Add Liquidity Orders may only be submitted when an options series is open for trading.

The Exchange proposes to add the following sentence to the end of the order type description:

“Add Liquidity Orders may only have a time-in-force designation of Day.” The proposed text represents current System functionality.

Today, Add Liquidity Orders may only have a time-in-force designation of Day,<sup>3</sup> so they would rest on the order book in the event that the order could not execute. An Add Liquidity

Order may not remove liquidity from the order book. The Add Liquidity Order is designed to encourage displayed liquidity and offer Members greater flexibility to post liquidity on the Exchange, as a result, an Add Liquidity Order may not have a Time-in-Force of Immediate-or-Cancel.<sup>4</sup> Additionally, Options 3, Section 7(n) states that Add Liquidity Orders may only be submitted when an options series is open for trading.<sup>5</sup> Add Liquidity Orders may not have a Time-in-Force of Good-Till-Date<sup>6</sup> or Good-Till-Cancel<sup>7</sup> because these designations persist into the next trading day and participate in the Opening Process if the orders do not execute. The Exchange’s proposal adds clarity and transparency to the Exchange’s rules and is a non-substantive amendment.

## 2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with Section 6(b) of the Act,<sup>8</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>9</sup> in particular, in

Day orders unless otherwise specified. Day orders may be entered through FIX, OTTO, or Precise. See Supplementary Material .02(a) to Options 3, Section 7.

<sup>4</sup> A Time in Force designation of Immediate-or-Cancel is described as an order entered with a TIF of “IOC” that is to be executed in whole or in part upon receipt. Any portion not so executed is to be treated as cancelled. See Supplementary Material .02(d) to Options 3, Section 7.

<sup>5</sup> A Time-In-Force of “OPG” is not permissible. An Opening Only (“OPG”) order is entered with a TIF of “OPG.” This order can only be executed in the Opening Process pursuant to Options 3, Section 8. Any portion of the order that is not executed during the Opening Process is cancelled. OPG orders may not route. This order type is not subject to any protections listed in Options 3, Section 15, except Size Limitation and Market Wide Risk Protection. See Supplementary Material .02(e) to Options 3, Section 7.

<sup>6</sup> An order to buy or sell entered with a TIF of “GTD,” which, if not executed, will be cancelled at the sooner of the end of the expiration date assigned to the order, or the expiration of the series; provided, however, that GTD orders will be canceled in the event of a corporate action that results in an adjustment to the terms of an option contract. GTD orders may be entered through FIX or Precise. See Supplementary Material .02(c) to Options 3, Section 7.

<sup>7</sup> An order to buy or sell entered with a TIF of “GTC” that remains in force until the order is filled, canceled or the option contract expires; provided, however, that GTC orders will be canceled in the event of a corporate action that results in an adjustment to the terms of an option contract. GTC orders may be entered through FIX or Precise. See Supplementary Material .02(b) to Options 3, Section 7.

<sup>8</sup> 15 U.S.C. 78f(b).

that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange's proposal, which specifies that Add Liquidity Orders may only be entered as Day Orders, is consistent with the Act because the Exchange's proposal brings clarity, transparency, and readability to its rules without making any substantive changes.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

The Exchange's proposal to restrict the Add Liquidity Order to a Time-in-Force of Day does not impose an intra-market burden on competition because no Member will be able to enter an Add Liquidity Order with a Time-in-Force other than Day.

The Exchange's proposal to restrict the Add Liquidity Order to a Time-in-Force of Day does not impose an inter-market burden on competition because the proposal is non-substantive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time

as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>10</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>11</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

#### IV. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
