SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-96410; File No. SR-MRX-2022-25]

Self-Regulatory Organizations; Nasdaq MRX, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Definition of Short Term Option Series

November 30, 2022.

Pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on November 18, 2022, Nasdaq MRX, LLC ("MRX" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Options 1, General Provisions. The Exchange also proposes amendments within Options 7, Pricing Schedule and General 2, Organization and Administration.

The text of the proposed rule change is available on the Exchange's website at <https://listingcenter.nasdaq.com/rulebook/mrx/rules>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the description of the term "Short Term Option Series" within Options 1, Section 1, Definitions, to conform the term to Nasdaq ISE, LLC's ("ISE") term of Short Term Option Series which was recently amended.³ The Exchange also proposes certain non-substantive amendments. Each change is described below.

Short Term Option Series

Options 1, Section 1(a)(48) describes the term "Short Term Option Series" as follows:

The term "Short Term Option Series" means a series in an option class that is approved for listing and trading on the Exchange in which the series is opened for trading on any Monday, Tuesday, Wednesday, Thursday, or Friday that is a business day and that expires on the Monday, Wednesday or Friday of the following business week that is a business day, or, in the case of a series that is listed on a Friday and expires on a Monday, is

listed one business week and one business day prior to that expiration. If a Tuesday, Wednesday, Thursday or Friday is not a business day, the series may be opened (or shall expire) on the first business day immediately prior to that Tuesday, Wednesday, Thursday or Friday. For a series listed pursuant to this section for Monday expiration, if a Monday is not a business day, the series shall expire on the first business day immediately following that Monday.

ISE's Options 4 rules were recently amended to expand the Short Term Option Series program to permit the listing and trading of options series with Tuesday and Thursday expirations for options on SPY and QQQ listed pursuant to the Short Term Option Series Program.⁴ In conjunction with that change, ISE amended its definition of Short Term Option Series, within Options 1, Section 1(a)(49), to accommodate the listing of options series that expire on Tuesdays and Thursdays. Specifically, the Exchange added Tuesday and Thursday to the permitted expiration days, which currently include Monday, Wednesday, and Friday, that it may open for trading.

At this time, the Exchange proposes to amend the term "Short Term Option Series" at Options 1, Section 1(a)(48) to provide,

The term "Short Term Option Series" means a series in an option class that is approved for listing and trading on the Exchange in which the series is opened for trading on any Monday, Tuesday, Wednesday, Thursday, or Friday that is a business day and that expires on the Monday, Tuesday, Wednesday, Thursday, or Friday of the following business week that is a business day, or, in the case of a series that is listed on a Friday and expires on a Monday, is listed one business week and one business day prior to that expiration. If a Tuesday, Wednesday, Thursday or Friday is not a business day, the series may be opened (or shall expire) on the first business day immediately prior to that Tuesday, Wednesday, Thursday or Friday. For a series listed pursuant to this section for Monday expiration, if a Monday is not a business day, the series shall expire on the first business day immediately following that Monday.

Today, MRX's listing rules permit the listing and trading of options series with Tuesday and Thursday expirations for options on SPY and QQQ listed pursuant to the Short Term Option Series Program.⁵

⁴ See note 3 above. MRX's Options 4 Rules are incorporated by reference to ISE's Options 4 Rules.

⁵ MRX's Options 4 Rules are incorporated by reference to ISE's Options 4 Rules and therefore the approval of ISE's Options 4 rules permit the listing and trading of options series with Tuesday and Thursday expirations for options on SPY and QQQ on MRX.

Other Non-Substantive Amendments

The Exchange proposes to make other amendments to reserve certain sections of the Rulebook. These sections contain content in other Nasdaq affiliated rulebooks. To harmonize the section numbers across the Nasdaq affiliated markets, the Exchange proposes to reserve General 2, Sections 23 and 24. These amendments are non-substantive.

The Exchange also proposes to update the name of various market data feeds to mirror the amendments that were recently made within Options 3, Section 28.⁶ Amending the names of the market data feeds within Options 7, Section 7 to align with the names within the Exchange's rules will make clear which products are being described within Options 7. These amendments are non-substantive.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁷ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁸ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

Short Term Option Series

The Exchange's proposal to amend the term "Short Term Option Series" at Options 1, Section 1(a)(48) to reflect the recent change⁹ to MRX's listing rules to permit the listing and trading of options series with Tuesday and Thursday expirations for options on SPY and QQQ listed pursuant to the Short Term Option Series Program is consistent with the Exchange Act. This proposal will align the description of Short Term Option Series within Options 1, Section 1(a)(48) to the expirations permitted within the Short Term Option Series Program within Supplementary .03 to Options 4, Section 5.

Other Non-Substantive Amendments

The Exchange's proposal to reserve certain sections of the Rulebook, namely General 2, Sections 23 and 24, to harmonize section numbers across the Nasdaq affiliated markets is non-

substantive. The Exchange's proposal to update the name of various market data feeds within Options 7, Section 7 to mirror the amendments that were recently made within Options 3, Section 28¹⁰ are non-substantive.

B. Self-Regulatory Organization's Statement on Burden on Competition

The proposed rule change does not impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

Short Term Option Series

The Exchange's proposal to amend the term "Short Term Option Series" at Options 1, Section 1(a)(48) to reflect the recent change¹¹ to MRX's listing rules to permit the listing and trading of options series with Tuesday and Thursday expirations for options on SPY and QQQ listed pursuant to the Short Term Option Series Program does not impose an undue burden on competition, rather this proposal will align the description of Short Term Option Series within Options 1, Section 1(a)(48) to the expirations permitted within the Short Term Option Series Program within Supplementary .03 to Options 4, Section 5.

Other Non-Substantive Amendments

The Exchange's proposal to make other amendments to reserve certain sections of the Rulebook, namely General 2, Sections 23 and 24, to harmonize section numbers across the Nasdaq affiliated markets is non-substantive. The Exchange's proposal to update the name of various market data feeds within Options 7, Section 7 to mirror the amendments that were recently made within Options 3, Section 28¹² are non-substantive.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The Exchange has filed the proposed rule change pursuant to section 19(b)(3)(A)(iii) of the Act¹³ and Rule 19b-4(f)(6) thereunder.¹⁴ Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii)

impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act¹⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹⁶ The Exchange has stated that the Options 4 listing rules were recently amended to expand the Short Term Option Series program to permit the listing and trading of options series with Tuesday and Thursday expirations for options on SPY and QQQ listed pursuant to the Short Term Option Series Program,¹⁷ and that waiver of the 30-day operative delay will allow the Exchange to conform the definition of a Short Term Option Series to the Options 4 listing rules. The Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest because the proposed rule change does not raise any new or novel issues. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.¹⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

¹⁵ 15 U.S.C. 78s(b)(3)(A)(iii).

¹⁶ 17 CFR 240.19b-4(f)(6). The Exchange has satisfied this requirement.

¹⁷ See *supra* note 4.

¹⁸ For purposes only of waiving the 30-day operative delay, the Commission has also considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).

SECURITIES AND EXCHANGE COMMISSION

[SEC File No. 270-019, OMB Control No. 3235-0012]

Proposed Collection; Comment Request; Extension: Rule 15b1-1/Form BD

Upon Written Request, Copies Available From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given that, pursuant to the Paperwork Reduction Act of 1995 ("PRA") (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission ("Commission") is soliciting comments on the collection of information provided for in Rule 15b1-1 (17 CFR 240.15b1-1) and Form BD (17 CFR 249.501) under the Securities Exchange Act of 1934 (17 U.S.C. 78a *et seq.*). The Commission plans to submit this existing collection of information to the Office of Management and Budget ("OMB") for extension and approval.

Form BD is the application form used by firms to apply to the Commission for registration as a broker-dealer, as required by Rule 15b1-1. Form BD also is used by firms other than banks and registered broker-dealers to apply to the Commission for registration as a municipal securities dealer or a government securities broker-dealer. In addition, Form BD is used to change information contained in a previous Form BD filing that becomes inaccurate.

The total industry-wide annual time burden imposed by Form BD is approximately 3,703 hours, based on approximately 9,842 responses (175 initial filings + 9,667 amendments). Each application filed on Form BD requires approximately 2.75 hours to complete and each amended Form BD requires approximately 20 minutes to complete. (175 × 2.75 hours = 481 hours; 9,667 × 0.33333333 hours = 3,222 hours; 481 hours + 3,222 hours = 3,703 hours.) The staff believes that a broker-dealer would have a Compliance Manager complete and file both applications and amendments on Form BD at a cost of approximately \$344/hour. Consequently, the staff estimates that the total internal cost of compliance associated with the annual time burden is approximately \$1,273,832 per year (\$344 × 3,703).

The Commission uses the information disclosed by applicants in Form BD: (1) to determine whether the applicant meets the standards for registration set forth in the provisions of the Exchange Act; (2) to develop a central information

resource where members of the public may obtain relevant, up-to-date information about broker-dealers, municipal securities dealers, and government securities broker-dealers, and where the Commission, other regulators, and SROs may obtain information for investigatory purposes in connection with securities litigation; and (3) to develop statistical information about broker-dealers, municipal securities dealers, and government securities broker-dealers. Without the information disclosed in Form BD, the Commission could not effectively implement policy objectives of the Exchange Act with respect to its investor protection function.

Completing and filing Form BD is mandatory in order to engage in broker-dealer activity. Compliance with Rule 15b1-1 does not involve the collection of confidential information.

Written comments are invited on: (a) whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; (b) the accuracy of the Commission's estimates of the burden of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted by February 6, 2023.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information under the PRA unless it displays a currently valid OMB control number.

Please direct your written comments to: David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549, or send an email to: PRA_Mailbox@sec.gov.

Dated: November 30, 2022.

Assistant Secretary.
