SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67027; File No. SR-NASDAQ-2012-061]

Self-Regulatory Organizations; the NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change for the NASDAQ Options Market To Accept Inbound Orders From NASDAQ OMX BX's New Options Market

May 18, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 15,

2012, The NASDAQ Stock Market LLC ("Exchange" or "NASDAQ") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ is filing with the Commission a proposal for the NASDAQ Options Market ("NOM") to accept inbound orders routed by NASDAQ Options Services LLC ("NOS") from NASDAQ OMX BX's new options market (with the attendant obligations and conditions), as described further below, on a one year pilot basis.

The text of the proposed rule change is available at <http://nasdaq.cchwallstreet.com>, at NASDAQ's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

In conjunction with a proposal by NASDAQ OMX BX ("BX") to establish a new options market and provide outbound routing services to all markets using its affiliated routing broker, NOS,³ NASDAQ proposes that NOS be permitted to route orders from BX to NASDAQ on a one year pilot basis.

NOS is a broker-dealer and member of NASDAQ, BX and NASDAQ OMX PHLX ("PHLX"). NOS provides all routing functions for NASDAQ⁴ and

PHLX,⁵ and BX has proposed that NOS do so for BX as well.⁶ NASDAQ, PHLX, BX and NOS are affiliates. Accordingly, the affiliate relationship between NASDAQ and NOS, its member, raises the issue of an exchange's affiliation with a member of such exchange.⁷ Specifically, in connection with prior filings, the Commission has expressed concern that the affiliation of an exchange with one of its members raises the potential for unfair competitive advantage and potential conflicts of interest between an exchange's self-regulatory obligations and its commercial interests.⁸

Recognizing that the Commission has previously expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange of which it is a member, NASDAQ previously proposed, and the Commission approved, limitations and conditions on NOS's affiliation with NASDAQ.⁹ In addition, NASDAQ is permitted to accept inbound orders that NOS routes in its capacity as a facility of PHLX, subject to certain limitations and conditions.¹⁰

Also recognizing that the Commission has expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange to which it is routing orders, many exchanges have filed with the Commission the conditions and limitations under which they can accept inbound orders from an affiliated exchange using an affiliated router.¹¹ At this time, NASDAQ proposes to accept inbound options orders that NOS will route in its capacity as a facility of BX, subject to the following limitations and conditions:

⁶ See SR-BX-2012-030.

⁷ Absent an effective filing, Exchange Rule 2160(b) would prohibit NOS from being a member of the Exchange.

- First, NASDAQ and the Financial Industry Regulatory Authority ("FINRA") will maintain a Regulatory Contract, as well as an agreement pursuant to Rule 17d-2 under the Act ("17d-2 Agreement").¹² Pursuant to the Regulatory Contract and the 17d-2 Agreement, FINRA will be allocated regulatory responsibilities to review NOS's compliance with certain NASDAQ rules.¹³ Pursuant to the Regulatory Contract, however, NASDAQ retains ultimate responsibility for enforcing its rules with respect to NOS.

- Second, FINRA will monitor NOS for compliance with NASDAQ's trading rules, and will collect and maintain certain related information.¹⁴

- Third, FINRA will provide a report to NASDAQ's chief regulatory officer ("CRO"), on a quarterly basis, that: (i) Quantifies all alerts (of which the Exchange or FINRA is aware) that identify NOS as a participant that have potentially violated Commission or Exchange rules, and (ii) lists all investigations that identify NOS as a participant that has potentially violated Commission or Exchange rules.

- Fourth, NASDAQ is amending NASDAQ Rule 2160¹⁵ to require NASDAQ OMX, as the holding company owning both NASDAQ and NOS, to establish and maintain procedures and internal controls reasonably designed to ensure that NOS does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to NASDAQ's systems as a result of its affiliation with NASDAQ, until such information is available generally to similarly situated Exchange

¹² 17 CFR 240.17d-2.

¹³ NOS is also subject to independent oversight by FINRA, its designated examining authority, for compliance with financial responsibility requirements.

¹⁴ Pursuant to the Regulatory Contract, both FINRA and NASDAQ will collect and maintain all alerts, complaints, investigations and enforcement actions in which NOS (in its capacity as a facility of BX routing orders to NASDAQ) is identified as a participant that has potentially violated applicable Commission or Exchange rules. NASDAQ and FINRA will retain these records in an easily accessible manner in order to facilitate any potential review conducted by the Commission's Office of Compliance Inspections and Examinations.

¹⁵ Currently, NASDAQ Rule 2160 requires NASDAQ OMX, as the holding company owning both NASDAQ and NASDAQ Execution Services, LLC ("NES"), to establish and maintain procedures and internal controls reasonably designed to ensure that NES does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to NASDAQ's systems as a result of its affiliation with NASDAQ, until such information is available generally to similarly situated Exchange members, in connection with the provision of inbound order routing to NASDAQ.

members, in connection with the provision of inbound order routing to NASDAQ. Currently, Rule 2160 applies to NES; NASDAQ proposes to add NOS to this rule.

- Fifth, NASDAQ proposes that the routing of orders from NOS to NASDAQ, in NOS's capacity as a facility of BX be authorized for a pilot period of one year.

NASDAQ believes that the above-listed conditions protect the independence of NASDAQ's regulatory responsibility with respect to NOS, and that these mitigate the aforementioned concerns about potential conflicts of interest and unfair competitive advantage.

2. Statutory Basis

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹⁶ in general, and with Section 6(b)(5) of the Act,¹⁷ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, because the proposed rule change will allow NASDAQ to receive inbound routes of orders from NOS, acting in its capacity as a facility of BX, in a manner consistent with prior approvals and established protections. NASDAQ believes that the proposed conditions establish mechanisms that protect the independence of NASDAQ's regulatory responsibility with respect to NOS, as well as ensure that NOS cannot use any information it may have because of its affiliation with NASDAQ to its advantage.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

¹⁶ 15 U.S.C. 78f.

¹⁷ 15 U.S.C. 78f(b)(5).

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

A. By order approve or disapprove such proposed rule change; or

B. Institute proceedings to determine whether the proposed rule change should be disapproved.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-67017; File No. SR-BATS-2012-017]

Self-Regulatory Organizations; BATS Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Related to Fees for Use of BATS Exchange, Inc.

May 18, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 11, 2012, BATS Exchange, Inc. (the "Exchange" or "BATS") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the fee schedule applicable to Members³ and non-members of the Exchange pursuant to BATS Rules 15.1(a) and (c). While changes to the fee schedule pursuant to this proposal will be effective upon filing, the changes will become operative on May 14, 2012.

The text of the proposed rule change is available at the Exchange's Web site

at <http://www.batstrading.com>, at the principal office of the Exchange, on the Commission's Web site at www.sec.gov, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify the "Equities Pricing" section of its fee schedule to update the number of ports provided in connection with the Exchange's Multicast PITCH data feed. As described in further detail below, there is no change to the fee structure for logical ports used to receive Multicast PITCH data from the Exchange, but rather, simply an update necessary due to an increase to the number of matching engines used to operate the Exchange's platform for cash equities ("BATS Equities"). This increase, in turn, requires an update to the number of logical ports necessary to receive Multicast PITCH data from the Exchange, which is reflected on the Exchange's fee schedule.

Specifically, the Exchange currently operates BATS Equities with 12 matching engines, which in turn requires the use of 12 Multicast PITCH logical ports in order to receive Multicast PITCH data. The Exchange provides all Exchange constituents that receive the Exchange's Multicast PITCH Feed with 12 free pairs⁴ of Multicast PITCH Spin Server Ports free of charge and, if such ports are used, one free pair of GRP Ports. The Exchange also charges such customers \$400.00 per month per additional pair of GRP Ports or additional set of 12 pairs of Multicast PITCH Spin Server Ports.

As of May 14, 2012, BATS Equities will operate with 32 matching engines.

³ A Member is any registered broker or dealer that has been admitted to membership in the Exchange.

⁴ A pair includes one port at the Exchange's primary data center and another port at the Exchange's secondary data center.
