[Release No. 34–68502; File No. SR–
NASDAQ–2012–139]

Self-Regulatory Organizations; The
NASDAQ Stock Market LLC; Notice of
Filing and Immediate Effectiveness of
Proposed Rule Change Relating to
Port Fees and a Participant Fee

December 20, 2012.

Pursuant to Section 19(b)(1) of the
Securities Exchange Act of 1934
(“Act”), 1 and Rule 19b–4
hereunder, notice is hereby given that on December
12, 2012, The NASDAQ Stock Market
LLC (“NASDAQ” or “Exchange”) filed with the Securities and Exchange
Commission (“SEC” or “Commission”) the proposed rule change as described in
Items I, II, and III, below, which Items have been prepared by the NASDAQ.

The Commission is publishing this
notice to solicit comments on the
proposed rule change from interested
persons.

I. Self-Regulatory Organization’s
Statement of the Terms of the Substance
of the Proposed Rule Change

NASDAQ proposes to modify Chapter
XV, entitled “Options Pricing,”
governing pricing for NASDAQ
members using the NASDAQ Options
Market (“NOM”), NASDAQ’s facility for
executing and routing standardized
equity and index options. Specifically,
NOM proposes to amend Section 3 entitled “NASDAQ Options Market—
Access Services” to increase all port
fees. The Exchange also proposes to
adopt a Participant Fee.

While the changes proposed herein are effective upon filing, the Exchange
has designated that the amendments
related to fee increases will be operative
on January 2, 2013.

The text of the proposed rule change
is available on the Exchange’s Web site
at http:NASDAQ.cchwallstreet.com, at
the principal office of the Exchange, and
at the Commission’s Public Reference
Room.

II. Self-Regulatory Organization’s
Statement of the Purpose of, and
Statutory Basis for, the Proposed Rule
Change

In its filing with the Commission, the
Exchange included statements concerning the purpose of and basis for the
proposed rule change. The text of these statements may be examined at
the places specified in Item IV below.

The Exchange has prepared summaries,
set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

NASDAQ proposes to modify Chapter XV, entitled “Options Pricing,” at Section 3 entitled “NASDAQ Options Market—Access Services” to increase all port fees. The Exchange believes that these increases are necessary to keep pace with escalating technology costs. The Exchange also proposes adopting a Participant Fee to recoup costs associated with the administration of the Exchange’s members.

Port Fees

The Exchange currently assesses certain port fees in Section 3(b) of Chapter XV. Specifically, the Exchange assesses a $500 per port, per month fee on Order Entry Ports, CTI Ports, OTTO Ports, ITTO Ports, BONO Ports, Order Entry DROP Port and OTTO Drop Port fees from $500 to $550 per port, per month. The Exchange also proposes to increase the SQF Port Fee from $250 to $550 per port, per month. The Exchange believes that these increases are necessary to keep pace with escalating technology costs.

Participant Fee

The Exchange is proposing to adopt a Participant Fee of $500 per month, per participant applicable to NOM Participants. The Exchange is proposing to create a new Sec. 10 in Chapter XV entitled “Participant Fee—Options.” The Exchange believes that the Participant Fee would recoup costs associated with the administration of the Exchange’s members.

2. Statutory Basis

NASDAQ believes that the proposed rule changes are consistent with the provisions of Section 6 of the Act, in general, and with Section 6(b)(4) of the Act, in particular, that they provide for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls.

The Exchange believes that the adoption of a Participant Fee for NOM Participants is reasonable because the Exchange is seeking to recoup costs related to information for trades executed on NOM. The NOM NBBO and last sale information are identical to the information that NOM sends the Options Price Regulatory Authority ("OPRA") and which OPRA disseminates via the consolidated data feed for options. BONO is the equivalent of the NASDAQ Basic data feed offered for equities under NASDAQ Rule 7047. See Chapter VI, Section 1 at subsection (a)(3)(B).

The DROP interface provides real-time information regarding orders sent to NOM and executions that occurred on NOM. The DROP interface is not a trading interface and does not accept order messages.

The OTTO DROP data feed will provide real-time information regarding orders entered through OTTO and the execution of those orders. The OTTO DROP data feed is not a trading interface and does not accept order messages.

SQF ports are ports that receive inbound quotes at any time within the month. The SQF Port allows a NOM Participant to access information such as execution reports and other relevant data through a single feed. For example, this data would show which symbols are trading on NOM and the current state of an options symbol (i.e., open for trading, trading, halted or closed). Auction notifications and execution reports are also available.

B. Self-Regulatory Organization’s Statement on Burden on Competition

NASDAQ does not believe that the proposed rule changes will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The Exchange believes that its fees are competitive with fees at other options exchanges.

C. Self-Regulatory Organization’s Statement on Written Notice of Proposed Rule Change

The Exchange believes that the increase to the Port Fees is reasonable because it would allow the Exchange to keep pace with increasing technology costs. The Exchange believes that the increase to the Participant Fee is equitable and not unfairly discriminatory because the Exchange is seeking to assess the same fees for all of its ports, including the SQF Port Fee. The SQF Port Fee will increase from $250 to $550, which is the greatest increase. The Exchange believes that this increase is equitable and not unfairly discriminatory, as mentioned, because the Exchange would assess the same rate for all ports to all NOM Participants.

See the Chicago Board Options Exchange, Incorporated’s Fees Schedule. Per month a Market Maker Trading Permit is $5,500, an SPX Tier Appointment is $3,000, a VIX Tier Appointment is $2,000, a Floor Broker Trading Permit is $9,000, an Electronic Access Permit is $1,600 and there is no access fee for a CBBSX Trading Permit. See also the International Securities Exchange LLC’s Schedule of Fees. As of January 2, 2012, NASDAQ OMX PHLX LLC ("Phlx") will assess members transacting business on Phlx a $2,100 fee per month and members not transacting business on Phlx a $7,500 fee per month. See Phlx’s Pricing Schedule and SR-Phlx-2012-140 (not yet published).
G. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
