2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of NASDAQ pursuant to authority delegated by the Board of Directors of the Exchange on July 17,

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

2013. NASDAQ staff will advise the Board of Directors of the Exchange of any action taken pursuant to delegated authority. No other action by NASDAQ is necessary for the filing of the rule change.

Questions regarding this rule filing may be directed to Jeffrey S. Davis, Deputy General Counsel, The NASDAQ OMX Group, Inc., at (301) 978-8484.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange proposes to modify the definition of "System Securities" set forth in NASDAQ Rule 4751(b) to clarify that while all securities covered by the Consolidated Tape Association Plan and Consolidated Quotation Plan ("CT/CQ Securities") are eligible to be traded on NASDAQ and NASDAQ intends to trade all CT/CQ Securities, NASDAQ will not trade certain securities within that class. By making both a "positive" and a "negative" designation, NASDAQ will clearly signal to its members and to investors that NASDAQ intends to trade certain CT/CQ Securities and not to trade others, and which securities fall into each category.

NASDAQ proposes to effectuate this designation by maintaining a list on the www.nasdaqtrader.com website of securities that are excluded from this designation and thus excluded from trading on NASDAQ. The NasdaqTrader website is the primary mechanism for NASDAQ to communicate with its members about trading on the exchange. NASDAQ members already receive daily information from the website including a daily list of active System Securities, as well as a list of corporate actions and other trading information. Adding a list of CT/CQ securities that are excluded from trading will be an effective complement to the daily information already provided. The

rules of other exchanges also provide a designation process that clearly contemplates the trading of less than all eligible securities (*see, e.g.*, BATS Rule 11.2).

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,³ in general, and with Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transaction in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

NASDAQ believes that the proposal is consistent with the Act in that it provides for greater clarity about the securities traded on the Exchange and, thereby, enhances the Exchange and the national market system. The proposal does not permit unfair discrimination; rather all designated securities may be traded by all members in a free and open market. The proposal does not unfairly discriminate against securities that will not trade on NASDAQ. NASDAQ is not obligated by the Exchange Act to extend unlisted trading privileges to all CT/CQ Securities. Additionally, all CT/CQ Securities will continue to trade on their listing market and on numerous other exchanges that have extended unlisted trading privileges to them.

³ 15 U.S.C. 78f.

⁴ 15 U.S.C. 78f(b)(5).

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The proposed change will simply clarify the manner by which NASDAQ extends unlisted trading privileges to CT/CQ Securities, a practice provided for under the Act and already exercised by NASDAQ. CT/CQ Securities will continue to be subject to meaningful competition because they will trade on their listing market and on numerous exchanges that have extended unlisted trading privileges to them.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and Rule 19b-4(f)(6) thereunder⁶ in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative

⁵ 15 U.S.C. 78s(b)(3)(A).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

The Exchange believes that this proposal is non-controversial and eligible to become effective immediately because it does not expand the set of securities eligible to be traded on the Exchange, or change the manner in which those securities are traded on the Exchange. The proposal will reduce very slightly the securities that trade on NASDAQ; however, those securities will continue to trade on their listing exchange and on numerous exchanges that have extended unlisted trading privileges to them. Therefore, the proposal should have little or no effect on members or investors.

The Exchange requests that the Commission waive the thirty day operative delay contained in Rule 19b-4(f)(6)(iii) of the Act.⁷ The Exchange requests the waiver because it will allow the proposal to be both effective and operative immediately. The proposal is designed to provide clarity about securities traded on the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

The proposed rule change is not based on the rules of another self-regulatory organization or of the Commission.

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

² 17 CFR 240.19b-4.

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to modify the definition of “System Securities” set forth in NASDAQ Rule 4751(b) to clarify that while all securities covered by the Consolidated Tape Association Plan and Consolidated Quotation Plan (“CT/CQ Securities”) are eligible to be traded on NASDAQ and NASDAQ intends to trade all CT/CQ Securities, NASDAQ will not trade certain securities within that class. By making both a “positive” and a “negative” designation, NASDAQ will clearly signal to its members and to investors that NASDAQ intends to trade certain CT/CQ Securities and not to trade others, and which securities fall into each category.

NASDAQ proposes to effectuate this designation by maintaining a list on the www.nasdaqtrader.com website of securities that are excluded from this designation and thus excluded from trading on NASDAQ. The NasdaqTrader website is the primary mechanism for NASDAQ to communicate with its members about trading on the exchange. NASDAQ members already receive daily information from the website including a daily list of active System Securities, as well as a list of corporate actions and other trading information. Adding a list of CT/CQ securities that are excluded from trading will be an effective complement to the daily information already provided. The rules of other exchanges also provide a designation process that clearly contemplates the trading of less than all eligible securities (*see, e.g.*, BATS Rule 11.2).

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,³ in general, and with Section 6(b)(5) of the Act,⁴ in particular, in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transaction in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

NASDAQ believes that the proposal is consistent with the Act in that it provides for greater clarity about the securities traded on the Exchange and, thereby, enhances the Exchange and the national market system. The proposal does not permit unfair discrimination; rather all designated securities may be traded by all members in a free and open market. The proposal does not unfairly discriminate against securities that will not trade on NASDAQ. NASDAQ is not obligated by the Exchange Act to extend unlisted trading privileges to all CT/CQ Securities. Additionally, all CT/CQ Securities will continue to trade on their listing market and on numerous other exchanges that have extended unlisted trading privileges to them.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any

³ 15 U.S.C. 78f.

⁴ 15 U.S.C. 78f(b)(5).

burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The proposed change will simply clarify the manner by which NASDAQ extends unlisted trading privileges to CT/CQ Securities, a practice provided for under the Act and already exercised by NASDAQ. CT/CQ Securities will continue to be subject to meaningful competition because they will trade on their listing market and on numerous exchanges that have extended unlisted trading privileges to them.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁵ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁶

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. The

⁵ 15 U.S.C. 78s(b)(3)(a).

⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Exchange has provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change.
