1. **Text of the Proposed Rule Change**

   (a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² The NASDAQ Stock Market LLC ("NASDAQ” or the “Exchange”) is filing with the Securities and Exchange Commission ("Commission") a proposal to amend Supplementary Material .08 to Chapter IV, Section 6 (Series of Options Contracts Open for Trading), entitled “Mini Options Contracts” on The NASDAQ Options Market (“NOM’’), NASDAQ’s facility for executing and routing standardized equity and index options. Specifically, the Exchange proposes to replace the reference to “GOOG” to “GOOGL.”

   A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1 and the text of the proposed Rule is attached hereto as Exhibit 5.

   (b) Not applicable.

   (c) Not applicable.

2. **Procedures of the Self-Regulatory Organization**

   The proposed rule change was approved by senior management of NASDAQ pursuant to authority delegated by the Board of Directors of NASDAQ on July 17, 2013. NASDAQ staff will advise the Board of Directors of NASDAQ of any action taken pursuant to delegated authority. No other action by NASDAQ is necessary for the filing of the rule change.

   Questions regarding this rule filing may be directed to Angela Saccomandi Dunn,

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange proposes to amend Supplementary Material .08 to Chapter IV, Section 6, regarding Mini Options traded on NASDAQ, to replace the reference to “GOOG” to “GOOGL.” This filing is similar to filings made by the International Securities Exchange, LLC (“ISE”), BOX Options Exchange LLC (“BOX”) and the Chicago Board Options Exchange, Incorporated (“CBOE”).

The Exchange is proposing to make a change to Supplementary Material .08 to enable the continued trading of Mini Options on Google's class A shares. The Exchange is proposing to make this change because, on April 2, 2014, Google issued a new class of shares (class C) to its shareholders in lieu of a cash dividend payment. The new Google Class C shares were given the old Google ticker symbol, “GOOG,” and the new class A shares have been given a new ticker symbol of “GOOGL.”. The Exchange is proposing to change the Google ticker referenced in Chapter IV, Section 6 from “GOOG” to “GOOGL.”

The purpose of this change is to ensure that Supplementary Material .08 to Chapter IV, Section 6 properly reflects the intention and practice of the Exchange to trade Mini Options on only an exhaustive list of underlying securities outlined in Supplementary Material .08 to Chapter IV, Section 6. This change is meant to continue the inclusion of class A shares of Google in the current list of underlying securities that

---

Mini Options can be traded on, while making it clear that class C shares of Google are not part of that list as that class of options has not been approved for Mini Options trading. As a result, the proposed change will also help avoid confusion.

b. **Statutory Basis**

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. In particular, the proposed rule change to change the Google class A ticker to its new designation is consistent with the Act because the proposed change is merely updating the corresponding ticker to allow for continued mini option trading on Google's class A

shares. The proposed change will allow for continued benefit to investors by providing them with additional investment alternatives.

4. **Self-Regulatory Organization’s Statement on Burden on Competition**

NASDAQ does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed change does not impose any burden on intramarket competition because it applies to all Participants. There is no burden on intermarket competition as the proposed change is merely attempting to update the new ticker for Google class A for Mini Options. As a result, there will be no substantive changes to the Exchange's operations or its rules.

5. **Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

No written comments were either solicited or received.

6. **Extension of Time Period for Commission Action**

Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

Pursuant to Section 19(b)(3)(A) of the Act\(^7\) and Rule 19b-4(f)(6)\(^8\) thereunder, the Exchange has designated this proposal as one that effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may

---

designate if consistent with the protection of investors and the public interest. The proposed rule change is substantially similar in all material respects to proposals submitted by BOX, CBOE and ISE.\(^9\) The Exchange believes that this proposed rule change will continue to promote a free and open market for the benefit of investors, does not raise any new, unique or substantive issues from those raised in the BOX, CBOE or ISE rule filings. The proposed change is merely based on the change of Google’s ticker for an underlying security upon which Mini Options may be traded. The Exchange currently lists Mini Options on the Google Class A shares, therefore the proposed change will allow the Exchange to continue to list Mini Options on the Google Class A shares without interruption. As such, the Exchange believes that the proposed rule change qualifies as a “non-controversial” rule change.

Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement. Furthermore, a proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act\(^10\) normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)\(^11\) permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange respectfully requests that the Commission waive the pre-filing period and the 30 day operative delay period. Waiver

\(^9\) See note 3.

\(^10\) Id.

\(^11\) Id.
of the pre-filing period and the operative delay is consistent with the protection of investors and the public interest because it will ensure fair competition among the exchanges by allowing the Exchange to continue to list Mini Options on the Google Class A shares. In addition, the waiver is consistent with the protection of investors and the public interest because it will allow the Exchange to continue listing Mini Options on classes originally approved by the Commission.

At any time within 60 days of the filing of the proposed rule change, the Commission may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

8. **Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission**

   The proposed rule change is based on BOX, CBOE and ISE rule changes.\(^\text{12}\)

   Not applicable.

10. **Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act**

    Not applicable.

(Release No.   ; File No. SR-NASDAQ-2014-043)

April ____, 2014

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Mini Options

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”), and Rule 19b-4 thereunder, notice is hereby given that on April 24, 2014, The NASDAQ Stock Market LLC (“NASDAQ” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by NASDAQ. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

NASDAQ proposes to amend Supplementary Material .08 to Chapter IV, Section 6 (Series of Options Contracts Open for Trading), entitled “Mini Options Contracts” on The NASDAQ Options Market (“NOM”), NASDAQ’s facility for executing and routing standardized equity and index options. Specifically, the Exchange proposes to replace the reference to “GOOG” to “GOOGL.”

---

The text of the proposed rule change is available on the Exchange’s Website at http://www.nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend Supplementary Material .08 to Chapter IV, Section 6, regarding Mini Options traded on NASDAQ, to replace the reference to “GOOG” to “GOOGL.” This filing is similar to filings made by the International Securities Exchange, LLC (“ISE”), BOX Options Exchange LLC (“BOX”) and the Chicago Board Options Exchange, Incorporated (“CBOE”).

The Exchange is proposing to make a change to Supplementary Material .08 to enable the continued trading of Mini Options on Google's class A shares. The Exchange is proposing to make this change because, on April 2, 2014, Google issued a new class of shares (class C) to its shareholders in lieu of a cash dividend payment. The new Google

---

Class C shares were given the old Google ticker symbol, “GOOG,” and the new class A shares have been given a new ticker symbol of “GOOGL.”. The Exchange is proposing to change the Google ticker referenced in Chapter IV, Section 6 from “GOOG” to “GOOGL.”

The purpose of this change is to ensure that Supplementary Material .08 to Chapter IV, Section 6 properly reflects the intention and practice of the Exchange to trade Mini Options on only an exhaustive list of underlying securities outlined in Supplementary Material .08 to Chapter IV, Section 6. This change is meant to continue the inclusion of class A shares of Google in the current list of underlying securities that Mini Options can be traded on, while making it clear that class C shares of Google are not part of that list as that class of options has not been approved for Mini Options trading. As a result, the proposed change will also help avoid confusion.

2. **Statutory Basis**

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act. Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5) requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in

---

securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)\(^6\) requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers. In particular, the proposed rule change to change the Google class A ticker to its new designation is consistent with the Act because the proposed change is merely updating the corresponding ticker to allow for continued mini option trading on Google's class A shares. The proposed change will allow for continued benefit to investors by providing them with additional investment alternatives.

C. **Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

No written comments were either solicited or received.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act\(^7\) and subparagraph (f)(6) of Rule 19b-4 thereunder.\(^8\)

\(^6\) Id.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved. The Exchange has provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change.

IV. Solicitation of Comments

Chapter IV Securities Traded on NOM

********

Sec. 6 Series of Options Contracts Open for Trading

(a) – (g) No change.

Supplementary Material to Section 6

.01 - .07 No Change

.08 Mini Options Contracts

(a) After an option class on a stock, Exchange-Traded Fund Share, Trust Issued Receipt, Exchange Traded Note, and other Index Linked Security with a 100 share deliverable has been approved for listing and trading on the Exchange, series of option contracts with a 10 share deliverable on that stock, Exchange-Traded Fund Share, Trust Issued Receipt, Exchange Traded Note, and other Index Linked Security may be listed for all expirations opened for trading on the Exchange. Mini Option contracts may currently be listed on SPDR S&P 500 (“SPY”), Apple Inc. (“AAPL”), SPDR Gold Trust (“GLD”), Google Inc. (“GOOGL”) and Amazon.com Inc. (“AMZN”).

(b) Strike prices for Mini Options shall be set at the same level as for regular options. For example, a call series strike price to deliver 10 shares of stock at $125 per share has a total deliverable value of $1250, and the strike price will be set at 125.

(c) No additional series of Mini Options may be added if the underlying security is trading at $90 or less. The underlying security must trade above $90 for five consecutive days prior to listing Mini Options contracts in an additional expiration month.

(d) The minimum price variation for bids and offers for Mini Options shall be the same as permitted for standard options on the same security. For example, if a security participates in the Penny Pilot Program, Mini Options on the same underlying security may be quoted in the same minimum increments, e.g., $0.01 for all quotations in series that are quoted at less than $3 per contract and $0.05 for all quotations in series that are quoted at $3 per contract or greater, $0.01 for all SPY option series, and Mini Options do not separately need to qualify for the Penny Pilot Program.
