⁵ The term “Professional” means any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s) pursuant to Chapter I, Section 1(a)(48). All Professional orders shall be appropriately marked by Participants.

⁶ The term “NOM Market Maker” means a Participant that has registered as a Market Maker on NOM pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4. In order to receive NOM Market Maker pricing in all securities, the Participant must be registered as a NOM Market Maker in at least one security.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of the proposed rule change is to conform rule text in Chapter XV, entitled "Options Pricing," at Section 2(1) governing the rebates and fees assessed for options orders entered into NOM. Specifically, the Exchange proposes to amend rule text describing the volume required to qualify for certain Customer and Professional Penny Pilot Options Rebate to Add Liquidity tiers and also certain NOM Market Maker Penny Pilot Options Rebate to Add Liquidity tiers.

With respect to the Customer and Professional Tier 8 Penny Pilot Options Rebate to Add Liquidity, the NOM Market Maker Tier 6 Penny Pilot Options Rebate to Add Liquidity and the \$0.02 per contract Tier 8 incentive for the Customer and Professional Penny Pilot Options Rebate to Add Liquidity,⁷ the Exchange proposes to amend the language which describes the required national customer volume in multiply-listed equity and ETF options classes in a month in these sections. The Exchange is proposing to

⁷ Participants that add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non- Penny Pilot Options of 1.25% or more of national customer volume in multiply-listed equity and ETF options classes in a month will receive an additional \$0.02 per contract Penny Pilot Options Customer Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month.

conform this language with current rule text which describes total industry customer equity and ETF option average daily volume (“ADV”) contracts per day in a month. This proposed amendment is non-substantive as the two concepts are not different. The Exchange is proposing to conform the language to avoid confusion. This amendment will not amend the manner in which those rebates are paid today.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the amendments will provide greater clarity to the pricing of these options.

The Exchange believes that the amendments provide greater specificity and conform word usage with respect to rebates and incentives offered by NOM. The Exchange is not proposing to amend the pricing, rather the Exchange believes the amendments make clear that the terms national customer volume and total industry volume are equivalent.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The amendments to the options pricing are non-substantive and merely seek

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

to conform rule text to make clear that the same standard of measure is being applied to determine the qualifications for the volume tiers and incentives.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(6)¹¹ thereunder, in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The Exchange is proposing to conform the rule text in Chapter XV, Section 2. This amendment is non-substantive.

Furthermore, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

The proposed this rule change is non-controversial.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to conform rule text in Chapter XV, entitled "Options Pricing," at Section 2(1) governing the rebates and fees assessed for options orders entered into NOM. Specifically, the Exchange proposes to amend rule text describing the volume required to qualify for certain Customer and Professional Penny Pilot Options Rebate to Add Liquidity tiers and also certain NOM Market Maker Penny Pilot Options Rebate to Add Liquidity tiers.

With respect to the Customer and Professional Tier 8 Penny Pilot Options Rebate to Add Liquidity, the NOM Market Maker Tier 6 Penny Pilot Options Rebate to Add Liquidity and the \$0.02 per contract Tier 8 incentive for the Customer and Professional

Market Maker pricing in all securities, the Participant must be registered as a NOM Market Maker in at least one security.

Penny Pilot Options Rebate to Add Liquidity,⁷ the Exchange proposes to amend the language which describes the required national customer volume in multiply-listed equity and ETF options classes in a month in these sections. The Exchange is proposing to conform this language with current rule text which describes total industry customer equity and ETF option average daily volume (“ADV”) contracts per day in a month. This proposed amendment is non-substantive as the two concepts are not different. The Exchange is proposing to conform the language to avoid confusion. This amendment will not amend the manner in which those rebates are paid today.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the amendments will provide greater clarity to the pricing of these options.

The Exchange believes that the amendments provide greater specificity and conform word usage with respect to rebates and incentives offered by NOM. The Exchange is not proposing to amend the pricing, rather the Exchange believes the

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

amendments make clear that the terms national customer volume and total industry volume are equivalent.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The amendments to the options pricing are non-substantive and merely seek to conform rule text to make clear that the same standard of measure is being applied to determine the qualifications for the volume tiers and incentives.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹⁰ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for

¹⁰ 15 U.S.C. 78s(b)(3)(a)(ii).

¹¹ 17 CFR 240.19b-4(f)(6).

the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved. The Exchange has provided the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change
