line 8b that would require large multiemployer plans (500 or more total participants as of the valuation date) to provide in an attachment a projection of expected benefit payments to be paid for the entire plan (not including expected expenses) for each of the next ten plan years starting with the plan year to which the filing relates. For this purpose plans would assume no additional accruals, experience (e.g., termination, mortality, and retirement) is consistent with the plan’s valuation assumptions, and no new entrants would be covered by the plan.

PBGC is modifying Schedule MB instructions to simplify the alternative age/service scatters that cash balance plans with 1,000 or more active participants have an option to report on an attachment to line 26.

On December 16, 2014, the Multiemployer Pension Reform Act of 2014, Division O of the Consolidated and Further Continuing Appropriations Act, 2015, Public Law 113–235 (MPRA) was signed into law. As a result of the statutory changes, PBGC is modifying the Schedule MB and instructions to extend the reporting requirements in line 4 for multiemployer plans in critical status to plans in critical and declining status, and to require that additional information be reported by plans that have been partitioned or had benefits suspended. Specifically, plan administrators of multiemployer plans in critical and declining status would be required to provide the following information:

- Enter in line 4b a new code for critical and declining status and attach a copy of the actuarial certification of such status and also attach an illustration showing the details (including year-by-year cash flow projections demonstrating the solvency of the plan over the relevant period) providing support for the actuarial certification.
- Report in line 4d whether any plan benefits have been reduced and if so, enter the reduction in liability resulting from the reduction in benefits in line 4e. For a plan that has been partitioned or had benefits suspended, a full description of the transaction must be attached.
- Provide information in line 4f about the plan year in which the plan is projected to emerge from critical and declining status or, if the rehabilitation plan is based on forestalling possible insolvency, the plan year in which insolvency is expected.
- The collection of information has been approved by OMB under control number 1212–0057 through June 30, 2017. PBGC is requesting that OMB extend its approval for another three years, with modifications. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

PBGC estimates that it will receive approximately 24,000 Form 5500 and Form 5500–SF filings per year under this collection of information. PBGC further estimates that the total annual burden of this collection of information will be 1,200 hours and $1,407,000.

PBGC is soliciting public comments to—
- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodologies and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submission of responses.

Issued in Washington, DC, this 25th day of February 2015.

Judith Starr,
General Counsel, Pension Benefit Guaranty Corporation.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing of Proposed Rule Change Relating to the Listing and Trading of the Shares of the AlphaMark Actively Managed Small Cap ETF of ETF Series Solutions

February 25, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”), 1 and Rule 19b–4 thereunder, 2 notice is hereby given that on February 17, 2015, The NASDAQ Stock Market LLC ("Nasdaq" or the “Exchange”) filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by Nasdaq. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

Nasdaq proposes to list and trade the shares of the AlphaMark Actively Managed Small Cap ETF of ETF Series Solutions under the symbol “ALPSC.”

15 U.S.C. 552b(c)(3), (5), (7), (9(B) and (10) and 17 CFR 200.402(a)(3), (5), (7), (9)(ii) and (10), permit consideration of the scheduled matter at the Closed Meeting. Commissioner Aguilar, as duty officer, voted to consider the items listed for the Closed Meeting in closed session, and determined that no earlier notice thereof was possible.

The subject matter of the Closed Meeting will be: Institution and settlement of injunctive actions; Institution and settlement of administrative proceedings; Consideration of amicus participation; and Other matters relating to enforcement proceedings.

At times, changes in Commission priorities require alterations in the scheduling of meeting items.

For further information and to ascertain what, if any, matters have been added, deleted or postponed, please contact the Office of the Secretary at (202) 551–5400.

Dated: February 26, 2015.

Jill M. Peterson,
Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given, pursuant to the provisions of the Government in the Sunshine Act, Public Law 94–409, that the Securities and Exchange Commission will hold a Closed Meeting on Thursday, March 5, 2015 at 2 p.m.

Commissioners, Counsel to the Commissioners, the Secretary to the Commission, and recording secretaries will attend the Closed Meeting. Certain staff members who have an interest in the matters also may be present.

The General Counsel of the Commission, or her designee, has certified that, in her opinion, one or more of the exemptions set forth in 5
Managed Small Cap ETF (the “Fund”) of ETF Series Solutions (the “Trust”) under Nasdaq Rule 5735 (“Managed Fund Shares”). The shares of the Fund are collectively referred to herein as the “Shares.”

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. Nasdaq has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade the Shares of the Fund under Nasdaq Rule 5735, which governs the listing and trading of Managed Fund Shares on the Exchange. The Fund will be an actively-managed exchange-traded fund (“ETF”). The Shares will be offered by the Trust, which was established as a Delaware statutory trust on February 9, 2012. The Trust is registered with the Commission as an investment company and has filed a registration statement on Form N–1A (“Registration Statement”) with the Commission. The Fund is a series of the Trust.

AlphaMark Advisors, LLC will be the investment adviser (“Adviser”) to the Fund. Quasar Distributors, LLC (the “Distributor”) will be the principal underwriter and distributor of the Fund’s Shares. U.S. Bancorp Fund Services, LLC (“USBFS”) will act as the administrator, accounting agent, and transfer agent to the Fund. U.S. Bank National Association will act as the custodian to the Fund.

Paragraph (g) of Rule 5735 provides that if the investment adviser to the investment company issuing Managed Fund Shares is affiliated with a broker-dealer, such investment adviser shall erect a “fire wall” between the investment adviser and the broker-dealer with respect to access to information concerning the composition and/or changes to such investment company portfolio. In addition, paragraph (g) further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material, nonpublic information regarding the open-end fund’s portfolio. Rule 5735(g) is similar to Nasdaq Rule 5705(b)(5)(A)(i); however, paragraph (g) in connection with the establishment of a “fire wall” between the investment adviser and the broker-dealer reflects the applicable open-end fund’s portfolio, not an underlying benchmark index, as is the case with index-based funds. The Adviser is not a broker-dealer, and is not affiliated with any broker-dealer. In the event (a) the Adviser becomes affiliated with a broker-dealer or registers as a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the portfolio and will be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding such portfolio. The Adviser has no present intent or arrangement to become affiliated with any broker-dealer, and the Fund does not currently intend to use a sub-adviser.

AlphaMark Actively Managed Small Cap ETF

Principal Investments

The Fund is a non-diversified, actively-managed ETF that intends to qualify each year as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended.

The Fund’s primary investment objective is to seek long-term growth of capital. The Fund will pursue its objectives by investing primarily, i.e. at least 80% of its assets under normal market conditions, in a portfolio of equity securities of small cap companies listed on a U.S. exchange. The Fund defines “small cap” companies as companies with a total market capitalization of less than $5 billion at the time of purchase, although the Adviser expects to generally focus on companies with market capitalizations of between $150 million and $2 billion at the time of purchase.

The Fund defines “equity securities” to include common and preferred stock.

3 See Post-Effective Amendment No. 43 to the Registration Statement on Form N–1A for the Trust, dated February 4, 2015 (File Nos. 333–179962 and 811–22668). The descriptions of the Fund and the Shares contained herein are based, in part, on information in the Registration Statement.

4 An investment adviser to an open-end fund is required to be registered under the Investment Advisers Act of 1940 (the “Advisers Act”). As a result, the Adviser and its related personnel are subject to the provisions of Rule 204A–1 under the Advisers Act relating to codes of ethics. This Rule requires investment advisers to adopt a code of ethics that reflects the fiduciary nature of the relationship to clients as well as compliance with applicable federal securities laws as defined in Rule 204A–1(e)(4). Accordingly, procedures designed to prevent the communication and misuse of nonpublic information by an investment adviser must be consistent with Rule 204A–1 under the Advisers Act. In addition, Rule 206(4)–7 under the Advisers Act makes it unlawful for an investment adviser to provide investment advice to clients unless such investment adviser has (i) adopted and implemented written policies and procedures reasonably designed to prevent violation, by the investment adviser and its supervised persons, of the Advisers Act and the Commission rules adopted thereunder; (ii) implemented, at a minimum, an annual review regarding the adequacy of the policies and procedures established pursuant to subparagraph (i) above; and (iii) designated an individual (who is a supervised person) responsible for administering the policies and procedures adopted under subparagraph (i) above.

---

5 The term “under normal market conditions” as used herein includes, but is not limited to, the absence of adverse market, economic, political or other conditions, including extreme volatility or trading halts in the securities markets or the financial markets generally; operational issues causing dissemination of inaccurate market information; or force majeure events such as systems failure, natural or man-made disaster, act of God, armed conflict, act of terrorism, riot or labor disruption or any similar intervening circumstance. In periods of extreme market disturbance, the Fund may take temporary defensive positions, by overweighting its portfolio in cash/cash-like instruments; however, to the extent possible, the Adviser would continue to seek to achieve the Fund’s investment objectives.

---

6 The term “policies and procedures” as used herein includes formal, written guidelines or standards that reasonably ensure the confidentiality of clients’ nonpublic information, including written policies addressing material, nonpublic information and procedures reasonably designed to prevent violation of or access to such nonpublic information.
American Depository Receipts\(^9\) ("ADRs"), real estate investment trusts ("REITs"), and ETFs. Investments in ETFs that, under normal circumstances, invest at least 80% of their net assets (plus any borrowings for investment purposes) in equity securities of small cap companies ("Small Cap ETFs") will count toward the Fund’s 80% investment policy. The Fund may invest up to 30% of its net assets in foreign equity securities of small cap companies traded on a U.S. exchange as ADRs, which may include companies in emerging markets.

The Adviser seeks to invest in companies with a proven history of consistent growth, sustainable earnings momentum and the ability to produce a reliable stream of cash flow during all economic cycles. The Adviser uses a “bottom-up” internal stock screening process designed to identify companies that produce reliable cash flow streams and are priced at a level that provides for growth opportunity. An assessment of secular trends in the markets and the economy will exert some influence on the economic sector weightings of the Fund’s portfolio.

The Adviser’s screening process narrows the small cap growth universe to approximately 150 stocks. These companies are then subjected to further fundamental analysis, including the following:

- Market return on equity
- Sufficiency of cash flow to cover capital spending
- Operating margin relative to price/sales
- Financial statement review, focusing on true equity value
- Enterprise value review and management review, including factors such as insider trading, stock option distribution and share buy backs.

The Adviser expects that there will generally be between 25 and 40 stocks in the Fund’s portfolio. The Fund is non-diversified and therefore may invest a larger percentage of its assets in the securities of a single company than diversified funds. The portion of the Fund’s net assets invested at any given time in securities of issuers engaged in industries within a particular sector is affected by valuation considerations and other investment characteristics of that sector. As a result, the Fund’s investment in various sectors may change significantly over time.

The Fund may invest in Small Cap ETFs to gain market exposure while the Fund builds a position in one or more specific stocks. Additionally, the Fund may invest a significant portion or all of its assets in Small Cap ETFs during periods when the Adviser believes that the stocks identified by the Adviser’s analysis are likely to underperform the broader small cap market. The Adviser will sell a security from the Fund’s portfolio under one or more of the following circumstances:

- A material change in the company’s structure or management;
- A material change in the industry or economic factors affecting that industry;
- A position has grown to an unacceptable weight;
- Earnings momentum has decreased from previous estimates; or
- The security’s price has become overstated by more than 20% or more based on the Adviser’s proprietary cash flow models.

The Fund’s investment in foreign equity securities will be in the form of ADRs and may include ADRs representing companies in emerging markets. With respect to its investments as part of its principal investment strategies in exchange-listed securities, the Fund will invest in such securities that trade in markets that are members of the Intermarket Surveillance Group ("ISG").

**Other Investments**

The Fund will invest in sponsored ADRs that are listed on ISG member exchanges and that the Adviser deems as liquid at time of purchase. In certain limited circumstances, the Fund may invest in ADRs that the Adviser deems illiquid at the time of purchase or for which pricing information is not readily available.

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities or other illiquid assets (calculated at the time of investment). The Fund will monitor its portfolio liquidity on an ongoing basis to determine whether, in light of current circumstances, an adequate level of liquidity is being maintained, and will consider taking appropriate steps in order to maintain adequate liquidity if, through a change in values, net assets, other circumstances, more than 15% of the Fund’s net assets are held in illiquid assets. Illiquid assets include securities subject to contractual or other restrictions on resale and other instruments that lack readily available markets as determined in accordance with Commission staff guidance.\(^10\)

The Fund may not invest more than 25% of the value of its total assets in securities of issuers in any one industry or group of industries. This restriction does not apply to obligations issued or guaranteed by the U.S. government, its agencies or instrumentalities, or securities of other registered investment companies.\(^11\)

While the Fund under normal circumstances will invest at least 80% of its assets in U.S. exchange-listed equity securities, the Fund may invest the remaining assets in equity securities traded over-the-counter,\(^12\) money market instruments\(^13\) and equity securities of open-end mutual funds, money market mutual funds and ETFs other than Small Cap ETFs.

**The Shares**

The Fund will issue and redeem Shares only in Creation Units at the net asset value ("NAV")\(^14\) next determined after the close of regular trading on the New York Stock Exchange ("NYSE").

---

\(^9\) ADRs are receipts, typically issued by a bank or trust issuer, which evidence ownership of underlying securities issued by a non-U.S. issuer. For ADRs, the depository is typically a U.S. financial institution and the underlying securities are issued by a non-U.S. issuer. ADRs are not necessarily denominated in the same currency as their underlying securities.

\(^11\) See Form N-1A, Item 9. The Commission has taken the position that a fund is concentrated if it invests more than 25% of the value of its total assets in any one industry. See, e.g., Investment Company Act Release No. 9011 (October 30, 1975), 40 FR 54241 (November 21, 1975).

\(^12\) Not more than 10% of the net assets of the Fund, in the aggregate, will be invested in unlisted equity securities or equity securities not listed on an exchange that is a member of the ISG or a party to a comprehensive surveillance sharing agreement with the Exchange.

\(^13\) The term “money market instruments,” as used herein, means (i) short-term obligations issued by the U.S. Government; (ii) short term negotiable obligations of commercial banks, time deposits and bankers’ acceptances of U.S. and foreign banks and similar institutions; (iii) commercial paper rated at the date of purchase “Prime-1” by Moody’s Investors Service, Inc. or “A-1+” or “A-1” by Standard & Poor’s or, if unrated, of comparable quality, as the Adviser of the Fund determines; and (iv) money market mutual funds.

\(^14\) The NAV of the Fund’s Shares generally will be calculated once daily Monday through Friday as of the close of regular trading on the New York Stock Exchange ("NYSE"), generally 4:00 p.m. Eastern time (the “NAV Calculation Time”). NAV
after receipt of an order on a continuous basis every day except weekends and specified holidays. The NAV of the Fund will be determined once each business day, normally as of the close of trading of the NYSE, generally, 4:00 p.m. Eastern time. Creation Unit sizes will be at least 25,000 Shares per Creation Unit. The Trust will issue and sell Shares of the Fund only in Creation Units on a continuous basis through the Distributor, without a sales load (but subject to transaction fees), at their NAV per Share next determined after receipt of an order on a business day, in proper form pursuant to the terms of the agreement executed with each Authorized Participant (as defined below).

The consideration for purchase of a Creation Unit will consist of either (i) the in-kind deposit of a designated portfolio of securities (the “Deposit Securities”) per each Creation Unit and the Cash Component (as defined below), computed as described below or (ii) the cash value of all or a portion of the Deposit Securities (“Deposit Cash”) and the “Cash Component,” computed as described below. The Fund may, under certain circumstances, effect a portion of creations and redemptions for cash, rather than in-kind securities, in accordance with the Exemptive Order. The Trust expects that the consideration for purchase of a Creation Unit will primarily consist of the in-kind deposit of the Deposit Securities.

When accepting purchases of Creation Units for cash, the Fund may incur additional costs associated with the acquisition of Deposit Securities that would otherwise be provided by an in-kind purchaser. Together, the Deposit Securities or Deposit Cash, as applicable, and the Cash Component will constitute the “Fund Deposit,” which represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund. The “Cash Component” will be an amount equal to the difference between the NAV of the Shares (per Creation Unit) and the market value of the Deposit Securities or Deposit Cash, as applicable. If the Cash Component is a positive number (i.e., the NAV per Creation Unit exceeds the market value of the Deposit Securities or Deposit Cash, as applicable), the Cash Component will be such positive amount and the creator will be entitled to receive cash in an amount equal to the Cash Component. The Cash Component will serve the function of compensating for any difference between the NAV per Creation Unit and the market value of the Deposit Securities or Deposit Cash, as applicable.

To be eligible to place orders with respect to creations and redemptions of Creation Units, an entity must be (i) a “Participating Party,” i.e., a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the National Securities Clearing Corporation (“NSCC”) or (ii) a Depository Trust Company (“DTC”) Participant (a “DTC Participant”). In addition, each Participating Party or DTC Participant (each, an “Authorized Participant”) must execute an agreement that has been agreed to by the Distributor and USBFS with respect to purchases and redemptions of Creation Units.

USBFS, through the NSCC, will make available on each business day, immediately prior to the opening of business on the Exchange’s Regular Market Session (currently 9:30 a.m. Eastern time), the list of the names and the required number of shares of each Deposit Security and/or the required amount of Deposit Cash, as applicable, to be included in the current Fund Deposit (based on information at the end of the previous business day) for the Fund. Such Fund Deposit, subject to any relevant adjustments, will be available in order to effect purchases of Creation Units of the Fund until such time as the next announced composition of the Deposit Securities and/or the required amount of Deposit Cash, as applicable, is made available.

Shares may be redeemed only in Creation Units at their NAV next determined after receipt of a redemption request in proper form by the Fund through USBFS and only on a business day.

With respect to the Fund, USBFS, through the NSCC, will make available immediately prior to the opening of business on the Exchange (9:30 a.m. Eastern time) on each business day, the list of the names and share quantities of the Fund’s portfolio securities (“Fund Securities”) and/or, if relevant, the required cash value thereof that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form on that day. Fund Securities received on redemption may not be identical to Deposit Securities.

Redemption proceeds for a Creation Unit will be paid either in kind or in cash or a combination thereof, as determined by the Trust. With respect to in kind redemptions of the Fund, redemption proceeds for a Creation Unit will consist of Fund Securities as announced by USBFS on the business day of the request for redemption received in proper form plus cash in an amount equal to the difference between the NAV of the Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities (the “Cash Redemption Amount”), less a fixed redemption transaction fee and any applicable additional variable charge as set forth in the Registration Statement.

In the event that the Fund Securities have a value greater than the NAV of the Shares, a compensating cash payment equal to the differential will be required to be made by or through an Authorized Participant by the redeeming shareholder. Notwithstanding the foregoing, at the Trust’s discretion, an Authorized Participant may receive the corresponding cash value of the securities in lieu of one or more Fund Securities.

The creation/redemption order cut off time for the Fund is expected to be 4:00 p.m. Eastern time for purchases of Shares. On days when the Exchange closes earlier than normal and in the case of custom orders, the Fund may require orders for Creation Units to be placed earlier in the day.

Net Asset Value

The NAV per Share for the Fund will be computed by dividing the value of the net assets of the Fund (i.e., the value of its total assets less total liabilities) by the total number of Shares outstanding, rounded to the nearest cent. Expenses and fees, including the management fees, will be accrued daily and taken into account for purposes of determining NAV. The NAV of the Fund will be calculated by USBFS and determined at the close of the regular trading session on the NYSE (ordinarily 4:00 p.m. Eastern time) on each day that such exchange is open. In calculating the Fund’s NAV per Share, investments will generally be valued by using market valuations. A market valuation generally means a valuation (i) obtained from an exchange, a pricing service, or a major market maker (or dealer) or (ii) based on a price quotation or other equivalent indication of value supplied by an exchange, a pricing service, or a major

per Share will be calculated by dividing the Fund’s net assets by the number of Fund Shares outstanding. For more information regarding the valuation of Fund investments in calculating the Fund’s NAV, see Registration Statement.
market maker (or dealer).15 Exchange-traded equities; exchange-traded ADRs and other exchange-traded securities will be valued at the official closing price on their principal exchange or board of trade, or lacking any current reported sale at the time of valuation, at the mean between the most recent bid and ask quotations on its principal exchange or board of trade. Portfolio securities traded on more than one securities exchange will be valued at the last sale price or official closing price, as applicable, on the business day as of which such value is being determined at the close of the exchange representing the principal market for such securities. Equity securities traded over-the-counter will be valued at the mean between the most recent bid and ask quotations received from pricing services; if recent bid and ask quotations are not available, these securities will be valued in accordance with the Fund’s fair valuation procedures. Money market instruments with maturities of less than 60 days will be valued at amortized cost; money market instruments with longer maturities will be valued at the mid-point of the bid-ask prices. Investment company shares will be valued at NAV, unless the shares are exchange-traded, in which case they will be valued at the last sale or official closing price on the market on which they primarily trade.

Notwithstanding the foregoing, in determining the value of any security or asset, the Fund may use a valuation provided by a pricing vendor employed by the Trust and approved by the Board of Trustees of the Trust (the “Trust Board”). The pricing vendor may base such valuations upon dealer quotes, by analyzing the listed market, by utilizing matrix pricing, by analyzing market correlations and pricing and/or employing sensitivity analysis. The Adviser may use various pricing services, or discontinue the use of any pricing service, as approved by the Trust Board from time to time. A price obtained from a pricing service based on such pricing service’s valuation matrix may be considered a market valuation. Any assets or liabilities denominated in currencies other than the U.S. dollar will be converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources.

In the event that current market valuations are not readily available or such valuations do not reflect current market value, the Trust’s procedures require the Trust’s Valuation Committee to determine a security’s fair value if a market price is not readily available in accordance with the 1940 Act.16 In determining such value the Trust’s Valuation Committee may consider, among other things, (i) price comparisons among multiple sources, (ii) a review of corporate actions and news events, and (iii) a review of relevant financial indicators. In these cases, the Fund’s NAV may reflect certain portfolio securities’ fair values rather than their market prices. Fair value pricing may involve subjective judgments and it is possible that the fair value determination for a security is materially different than the value that could be realized upon the sale of the security.

Availability of Information

The Fund’s Web site (www.alphamarkadvisors.com), which will be publicly available prior to the public offering of Shares, will include a form of the prospectus for the Fund that may be downloaded. The Web site will include additional quantitative information updated on a daily basis, including, for the Fund: (1) The prior business day’s reported NAV, mid-point of the bid/ask spread at the time of calculation of such NAV (the “Bid/Ask Price”),17 and a calculation of the premium and discount of the Bid/Ask Price against the NAV; and (2) data in chart format displaying the frequency distribution of discounts and premiums of the daily Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. On each business day, before commencement of trading in Shares in the Regular Market Session18 on the Exchange, the Fund will disclose on its Web site the identities and quantities of the portfolio of securities and other assets (the “Disclosed Portfolio”) held by the Fund that will form the basis for the Fund’s calculation of NAV at the end of the business day.19 On a daily basis, the Disclosed Portfolio will include each portfolio security and other financial instruments of the Fund with the following information on the Fund’s Web site: Ticker symbol, CUSIP number or other identifier, if any; a description of the holding (including the type of holding); the identity of the security, index, or other asset or instrument underlying the holding, if any; quantity held (as measured by, for example, number of shares); maturity date, if any; coupon rate, if any; effective date, if any; market value of the holding; and the percentage weighting of the holdings in the Fund’s portfolio. The Web site information will be publicly available at no charge.

In addition, for the Fund, an estimated value, defined in Rule 5735(c)(3) as the “Intraday Indicative Value,” that reflects an estimated intraday value of the Fund’s portfolio, will be disseminated. Moreover, the Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service,20 will be based upon the current value for the components of the Disclosed Portfolio and will be updated and widely disseminated and broadly displayed at least every 15 seconds during the Regular Market Session. The Intraday Indicative Value will be based on quotes and closing prices from the securities’ local market and may not reflect events that occur subsequent to the local market’s close. Intra-day, executable price quotations on the securities and other assets held by the Fund, other than investment company securities that are not exchange-listed, will be available from major broker-dealer firms. Intra-day price information on the securities and other assets held by the Fund, other than investment company securities that are not exchange-listed, will also be available through subscription or free services that can be accessed by Authorized Participants and

---

15 Under normal market conditions, the Fund will obtain pricing information on all of its assets from these sources.

16 The Valuation Committee of the Trust Board will be responsible for the oversight of the pricing procedures of the Fund and the valuation of the Fund’s portfolio. The Fund has implemented procedures designed to prevent the use and dissemination of material, nonpublic information regarding valuation and revaluation of any portfolio investments.

17 The Bid/Ask Price of the Fund will be determined using the midpoint of the highest bid and the lowest offer on the Exchange as of the time of calculation of such Fund’s NAV. The records relating to Bid/Ask Price will be retained by the Fund and its service providers.

18 See Nasdaq Rule 4120(b)(4) (describing the three trading sessions on the Exchange: (1) Pre-Market Session from 4 a.m. to 9:30 a.m. Eastern time; (2) Regular Market Session from 9:30 a.m. to 4 p.m. or 4:15 p.m. Eastern time; and (3) Post-Market Session from 4 p.m. to 8 p.m. Eastern time).

19 Under accounting procedures to be followed by the Fund, trades made on the prior business day (“T-1”) will be booked and reflected in NAV on the current business day (“T”). Notwithstanding the foregoing, portfolio trades that are executed prior to the opening of the Exchange on any business day may be booked and reflected in NAV on such business day. Accordingly, the Fund will be able to disclose at the beginning of the business day the portfolio that will form the basis for the NAV calculation at the end of the business day.

20 Currently, the NASDAQ OMX Global Index Data Service (“GIDS”) is the NASDAQ OMX global index data feed service, offering real-time updates, daily summary messages, and access to widely followed indexes and Intraday Indicative Values for EFTs. GIDS provides investment professionals with the daily information needed to track or trade NASDAQ OMX indexes, listed ETFs, or third-party partner indexes and ETFs.
other investors. Intra-day price information for exchange-traded equity securities; exchange-listed investment company securities; exchange-traded ADRs; or other exchange-traded securities will be publicly available from the Web sites of the exchanges on which they trade, on public financial Web sites, and through subscription services such as Bloomberg and Thompson Reuters. Intra-day price information regarding over-the-counter equities (including certain investment company securities) and money market instruments, will be available through subscription services such as Markit, Bloomberg and Thompson Reuters.

Premiums and discounts between the Intraday Indicative Value and the market price of the Fund’s shares may occur. This should not be viewed as a “real time” update of the NAV per Share of the Fund, which is calculated only once a day.

The dissemination of the Intraday Indicative Value, together with the Disclosed Portfolio, will allow investors to determine the value of the underlying portfolio of the Fund on a daily basis and will provide a close estimate of that value throughout the trading day.

In addition, a basket composition file, which includes the security names, amounts and share quantities, as applicable, required to be delivered in exchange for the Fund’s Shares, together with estimates and actual cash components, will be publicly disseminated daily prior to the opening of Nasdaq via NSCC. The basket will represent one Creation Unit of the Fund.

Investors will also be able to obtain the Fund’s Statement of Additional Information (“SAI”), the Fund’s annual and semi-annual reports (together, “Shareholder Reports”), and its Form N–CSR and Form N–SAR. The Fund’s SAI and Shareholder Reports will be available free upon request from the Fund, and those documents and the Form N–CSR and Form N–SAR may be viewed on-screen or downloaded from the Commission’s Web site at www.sec.gov. Information regarding market price and volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. Information regarding the previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers. Quotation and last sale information for the Shares will be available via Nasdaq proprietary quote and trade services and via the Consolidated Tape Association plans for the Shares. Similarly, quotation and last sale information for any underlying exchange-traded products will also be available via the quote and trade services of their respective primary exchanges, as well as in accordance with the Unlisted Trading Privileges and the Consolidated Tape Association plans, as applicable.

Additional information regarding the Fund and the Shares, including investment strategies, risks, creation and redemption procedures, fees, Fund holdings disclosure policies, distributions and taxes is included in the Registration Statement.

Initial and Continued Listing

The Shares will be subject to Rule 5735, which sets forth the initial and continued listing criteria applicable to Managed Fund Shares. The Exchange represents that, for initial and/or continued listing, the Fund must be in compliance with Rule 10A–3, under the Act. A minimum of 100,000 Shares will be outstanding at the commencement of trading on the Exchange. The Exchange will obtain a representation from the issuer of the Shares that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time.

Trading Halts and Trading Pauses

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares of the Fund. Nasdaq will halt or pause trading in the Shares under the conditions specified in Nasdaq Rules 4120 and 4121, including the trading pauses under Nasdaq Rules 4120(a)(11) and (12). Trading may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which trading is not occurring in the securities and/or the financial instruments constituting the Disclosed Portfolio of the Fund; or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. Trading in the Shares also will subject to Rule 5735(d)(2)(D), which sets forth circumstances under which Shares of the Fund may be halted.

Trading Rules

Nasdaq deems the Shares to be equity securities, thus rendering trading in the Shares subject to Nasdaq’s existing rules governing the trading of equity securities. Nasdaq will allow trading in the Shares from 4:00 a.m. until 8:00 p.m. Eastern time. The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in Nasdaq Rule 5735(b)(3), the minimum price variation for quoting and entry of orders in Managed Fund Shares traded on the Exchange is $0.01.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillance, administered by both Nasdaq and also the Financial Industry Regulatory Authority (“FINRA”) on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws. The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

FINRA, on behalf of the Exchange, will communicate as needed regarding trading in the Shares; exchange-traded equities, including ADRs; exchange-listed investment companies; or other exchange-traded securities with other markets and other entities that are ISG members, and FINRA, on behalf of the Exchange, may obtain trading information regarding trading in the Shares, exchange-traded equities, including ADRs, exchange-listed investment companies, or other exchange-traded securities from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares; exchange-traded equities, including ADRs; exchange-listed investment companies; or other exchange-traded securities from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.

22 FINRA surveils trading on the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA’s performance under this regulatory services agreement.

23 For a list of the current members of ISG, see www.isgportal.org.
Not more than 10% of the net assets of the Fund, in the aggregate, will be invested in unlisted common stocks or common stocks not listed on an exchange that is a member of the ISG or a party to a comprehensive surveillance sharing agreement with the Exchange.

In addition, the Exchange also has a general policy prohibiting the distribution of material, nonpublic information by its employees.

Information Circular

Prior to the commencement of trading, the Exchange will inform its members in an Information Circular of the special characteristics and risks associated with trading the Shares. Specifically, the Information Circular will discuss the following: (1) The procedures for purchases and redemptions of Shares in Creation Units (and that Shares are not individually redeemable); (2) Nasdaq Rule 2111A, which imposes suitability obligations on Nasdaq members with respect to recommending transactions in the Shares to customers; (3) the dissemination of information regarding the Intraday Indicative Value through major index service providers such as NASDAQ OMX proprietary index data services or other major market proprietary index services; (4) the risks involved in trading the Shares during the Pre-Market and Post-Market Sessions when an updated Intraday Indicative Value will not be calculated or publicly disseminated; (5) the requirement that members deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; (6) trading information; and (7) the dissemination of the Disclosed Portfolio through the Fund’s Web site.

In addition, the Information Circular will advise members, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Fund. Members purchasing Shares from the Fund for resale to investors will deliver a prospectus to such investors. The Information Circular will also discuss any exemptive, no-action and interpretive relief granted by the Commission from any rules under the Act.

Additionally, the Information Circular will reference that the Fund is subject to various fees and expenses described in the Registration Statement. The Information Circular will also disclose the trading hours of the Shares of the Fund and the applicable NAV Calculation Time for the Shares. The Information Circular will disclose that information about the Shares of the Fund will be publicly available on the Fund’s Web site.

2. Statutory Basis

Nasdaq believes that the proposal is consistent with Section 6(b) of the Act in general and Section 6(b)(6) of the Act in particular in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanism of a free and open market and a national market system.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in Nasdaq Rule 5735. The Exchange believes that its surveillance procedures are adequate to properly monitor the trading of the Shares on Nasdaq during all trading sessions and to deter and detect violations of Exchange rules and the applicable federal securities laws.

The exchange-traded equities; exchange-listed investment companies; or other exchange-traded securities in which the Fund may invest will be limited to U.S. exchanges that are members of the ISG or are parties to a comprehensive surveillance sharing agreement with the Exchange. The Exchange may obtain information via ISG from other exchanges that are members of ISG with which the Exchange has entered into a comprehensive surveillance sharing agreement.

The Fund will pursue its objectives by investing primarily, i.e., at least 80% of its assets under normal market conditions, in a portfolio of equity securities of small cap companies listed on a U.S. exchange. The equity securities held by the Fund may also include publicly-traded exchange-listed common stocks of non-U.S. issuers in the form of ADRs.

The Fund may hold up to an aggregate amount of 15% of its net assets in illiquid securities or other illiquid assets (calculated at the time of investment). The Fund may not invest 25% or more of the value of its total assets in securities of issuers in any one industry or group of industries.

Not more than 10% of the net assets of the Fund, in the aggregate, will be invested in unlisted common stocks or common stocks not listed on an exchange that is a member of the ISG or a party to a comprehensive surveillance sharing agreement with the Exchange. The Adviser is not a broker-dealer, and is not affiliated with any broker-dealer. In the event (a) the Adviser becomes affiliated with a broker-dealer or registers as a broker-dealer, or (b) any new adviser or sub-adviser is a registered broker-dealer or becomes affiliated with a broker-dealer, it will implement a fire wall with respect to its relevant personnel and/or such broker-dealer affiliate, as applicable, regarding access to information concerning the composition and/or changes to the Fund’s portfolio. In addition, paragraph (g) of Nasdaq Rule 5735 further requires that personnel who make decisions on the open-end fund’s portfolio composition must be subject to procedures designed to prevent the use and dissemination of material nonpublic information regarding the open-end fund’s portfolio.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that the Exchange will obtain a representation from the Fund that the NAV per Share will be calculated daily and that the NAV and the Disclosed Portfolio will be made available to all market participants at the same time. In addition, a large amount of information will be publicly available regarding the Fund and the Shares, thereby promoting market transparency. The Intraday Indicative Value, available on the NASDAQ OMX Information LLC proprietary index data service, will be widely disseminated by one or more major market data vendors and broadly displayed at least every 15 seconds during the Regular Market Session. On each business day, before commencement of trading in Shares in the Regular Market Session on the Exchange, the Fund will disclose on its Web site the Disclosed Portfolio that will form the basis for the Fund’s calculation of NAV at the end of the business day. Information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services, and quotation and last sale information for the Shares will also be available via Nasdaq proprietary quote and trade services and via the Consolidated Tape Association plans for the Shares. Similarly, quotation and last sale information for any underlying exchange-traded products will also be available via the quote and trade services of their respective primary

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of actively-managed exchange-traded fund that will enhance competition among market participants, to the benefit of investors and the marketplace.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the Exchange consents, the Commission shall: (a) By order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
