SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-75130; File No. SR-ISE-2015-19]

Self-Regulatory Organizations; International Securities Exchange, LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Schedule of Fees

June 9, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),¹ and Rule 19b-4 thereunder,² notice is hereby given that on June 1, 2015, the International Securities Exchange, LLC (the "Exchange" or the "ISE") filed with the Securities and Exchange Commission the proposed rule change, as described in Items I, II, and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The ISE proposes to amend the Schedule of Fees to increase certain complex order fees in Select Symbols, and to introduce tiered fees for certain Market Maker complex orders based on affiliated Priority Customer complex order volume. The text of the proposed rule change is available on the Exchange's Web site (<http://www.ise.com>), at the principal office of

the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to increase certain complex order fees in Select Symbols,³ and to introduce tiered fees for certain Market Maker⁴ complex orders based on affiliated Priority Customer⁵ complex order volume. Currently, the Exchange charges complex order taker fees in Select Symbols that are \$0.43 per contract for Market Maker orders,⁶ and \$0.44 per contract for Non-ISE Market Maker,⁷ Firm Proprietary⁸/Broker-Dealer,⁹ and

³ "Select Symbols" are options overlying all symbols listed on the ISE that are in the Penny Pilot Program.

⁴ The term "Market Makers" refers to "Competitive Market Makers" and "Primary Market Makers" collectively. See Rule 100(a)(25).

⁵ A "Priority Customer" is a person or entity that is not a broker/dealer in securities, and does not place more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s), as defined in ISE Rule 100(a)(37A).

⁶ ISE Market Makers making or taking liquidity receive a discount of \$0.02 when trading against Priority Customer orders preferred to them in the Complex Order Book in equity options that are able to be listed and traded on more than one options exchange. This discount does not apply to FX Options Symbols or to option classes designated by the Exchange to receive a guaranteed allocation pursuant to ISE Rule 722(b)(3)(i)(B).

⁷ A "Non-ISE Market Maker" is a market maker as defined in Section 3(a)(38) of the Securities Exchange Act of 1934, as amended, registered in the same options class on another options exchange.

⁸ A "Firm Proprietary" order is an order submitted by a member for its own proprietary account.

⁹ A "Broker-Dealer" order is an order submitted by a member for a broker-dealer account that is not its own proprietary account.

Professional Customer¹⁰ orders.¹¹ The Exchange also charges an equivalent maker fee in Select Symbols that applies specifically when trading against Priority Customer orders. The Exchange now proposes to increase the above fees for Non-ISE Market Maker, Firm Proprietary/Broker-Dealer, and Professional Customer orders to \$0.47 per contract. For Market Maker orders, the Exchange proposes to charge a tiered fee based on total affiliated Priority Customer complex order average daily volume ("ADV").¹² As proposed, Market Makers with a total affiliated Priority Customer ADV of up to 149,999 contracts will pay a fee of \$0.46 per contract, while Market Makers with a total affiliated Priority Customer Complex ADV of 150,000 or more contracts will pay fees at the current rate of \$0.43 per contract.¹³

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹⁴ in general, and Section 6(b)(4) of the Act,¹⁵ in particular, in that it is designed to provide for the equitable allocation of reasonable dues, fees, and other charges among its members and other persons using its facilities.

The Exchange believes that the proposed fee increase is reasonable and equitable as the proposed fees are set at levels that the Exchange believes will continue to be attractive to market participants that trade on ISE, and offset rebates provided to Priority Customer complex orders, which were recently

¹⁰ A "Professional Customer" is a person or entity that is not a broker/dealer and is not a Priority Customer.

¹¹ Priority Customer Complex Orders are not charged maker/taker fees and are instead provided a volume based rebate that ranges from \$0.30 per contract to \$0.46 per contract in Select Symbols.

¹² As is the case for other fees based on affiliated member volume, the Exchange will continue to aggregate eligible volume from affiliated members in determining total affiliated Priority Customer Complex ADV, provided there is at least 75% common ownership between the Members as reflected on each Member's Form BD, Schedule A.

For purposes of determining Priority Customer Complex ADV, any day that the complex order book is not open for the entire trading day may be excluded from such calculation; provided that the Exchange will only remove the day for members that would have a lower ADV with the day included.

¹³ The fee for the highest volume tier achieved will be applied retroactively to all eligible volume once the threshold has been reached.

Preferred Market Makers will continue to be eligible for a \$0.02 per contract discount as described in footnote 6 above.
