1. <u>Text of the Proposed Rule Change</u>

(a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² The NASDAQ Stock Market LLC ("NASDAQ" or "Exchange") is filing with the Securities and Exchange Commission ("Commission") a proposed rule change to amend the Exchange's transaction fees at Chapter XV, Section 2 entitled "NASDAQ Options Market – Fees and Rebates," which governs pricing for NASDAQ members using the NASDAQ Options Market ("NOM"), NASDAQ's facility for executing and routing standardized equity and index options.

While the changes proposed herein are effective upon filing, the Exchange has designated such changes to become operative on August 3, 3015.

A notice of the proposed rule change for publication in the <u>Federal Register</u> is attached hereto as <u>Exhibit 1</u> and a copy of the applicable rule text is attached hereto as <u>Exhibit 5</u>.

- (b) Not applicable.
- (c) Not applicable.

2. <u>Procedures of the Self-Regulatory Organization</u>

The proposed rule change was approved by senior management of NASDAQ pursuant to authority delegated by the Board of Directors of NASDAQ on July 1, 2015. NASDAQ staff will advise the Board of Directors of NASDAQ of any action taken pursuant to delegated authority. No other action by NASDAQ is necessary for the filing of the rule change.

The term "Firm" refers to a firm participating in a transaction marked by a Participant in the Firm range for clearing purposes at OCC.

Maker⁷ and/or Broker-Dealer⁸ liquidity in Penny Pilot Options and/or Non-Penny Pilot Options above 0.75% of total industry customer equity and ETF option ADV of contracts traded in a month. This rebate also applies if (1) the Participant adds Customer and/or Professional liquidity in Penny Pilot Options and/or Non-Penny Pilot Options of 30,000 or more contracts per day in a month, (2) the Participant has certified for the Investor Support Program⁹ set forth in Rule 7014, and (3) the Participant qualifies for rebates under the Qualified Market Maker ("QMM") Program¹⁰ set forth in Rule 7014.

⁷ The term "NOM Market Maker" is a Participant that has registered as a Market Maker on NOM pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4. In order to receive NOM Market Maker pricing in all securities, the Participant must be registered as a NOM Market Maker in at least one security.

⁸ The term "Broker-Dealer" refers to a broker or dealer participating in a transaction when such transaction is not subject to transaction fees applicable to specific categories of transaction participants (other than brokers and dealers).

 ⁹ For a detailed description of the ISP, see Securities Exchange Act Release No. 63270 (November 8, 2010), 75 FR 69489 (November 12, 2010) (NASDAQ-2010-141) (notice of filing and immediate effectiveness) (the "ISP Filing"). See also Securities Exchange Act Release Nos. 63414 (December 2, 2010), 75 FR 76505 (December 8, 2010) (NASDAQ-2010-153) (notice of filing and immediate effectiveness); and 63628 (January 3, 2011), 76 FR 1201 (January 7, 2011) (NASDAQ-2010-154) (notice of filing and immediate effectiveness).

¹⁰ A QMM is a NASDAQ member that makes a significant contribution to market quality by providing liquidity at the national best bid and offer ("NBBO") in a large number of stocks for a significant portion of the day. In addition, the NASDAQ equity member must avoid imposing the burdens on NASDAQ and its market participants that may be associated with excessive rates of entry of orders away from the inside and/or order cancellation. The designation "QMM" reflects the QMM's commitment to provide meaningful and consistent support to market quality and price discovery by extensive quoting at the NBBO in a large number of securities. In return for its contributions, certain financial benefits are provided to a QMM with respect to a particular MPID (a "QMM MPID"), as described under Rule 7014(e).

Participants that qualify for the Tier 8 rebate <u>and</u> add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non- Penny Pilot Options of 1.25% or more of total industry customer equity and ETF option ADV of contracts traded in a month today also receive an additional \$0.02 per contract Penny Pilot Options Customer¹¹ Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month.¹²

The Exchange is proposing to expand eligibility for this additional incentive under the Tier 8 Customer rebate by amending the qualification as follows: "Participants that add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non- Penny Pilot Options of *1.15*% or more of total industry customer equity and ETF option ADV contracts per day in a month will receive an additional \$0.02 per contract Penny Pilot Options Customer Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month." By lowering the percentage of total industry customer equity and ETF option ADV of contracts in a month required to be reached in order to qualify for the additional \$0.02 per contract rebate, the Exchange expects that a greater number of Participants qualifying for the Tier 8 rebate will also receive the added incentive.

The Exchange expects that expanded eligibility for this incentive will encourage Participants to add greater liquidity to NOM. While the changes proposed herein are effective upon filing, the Exchange has designated such changes to become operative on August 3, 3015.

¹¹ This \$0.02 per contract incentive applies only to the Tier 8 Customer rebate, and not the Professional rebate.

b. <u>Statutory Basis</u>

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹³ in general, and with Section 6(b)(4) and 6(b)(5) of the Act,¹⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange's proposal to expand incentive eligibility is reasonable because it will incentivize Participants to add liquidity in Penny Pilot Options and/or Non-Penny Pilot Options. Participants that qualify for the Tier 8 rebate may choose to add greater liquidity to NOM because of the lower percentage qualifier (1.25% to 1.15%) to obtain the additional \$0.02 per contract Customer rebate.

The Exchange's proposal to expand incentive eligibility is equitable and not unfairly discriminatory because all eligible Participants may qualify for the Tier 8 Customer Penny Pilot Options Rebate to Add Liquidity, provided they have the requisite volume. The added \$0.0.2 per contract incentive will be uniformly paid in addition to the Tier 8 rebate. Customer liquidity is critically important to the market and all market participants. Greater customer liquidity benefits all market participants by providing more trading opportunities, which attracts market makers. An increase in the activity by market makers in turn facilitates tighter spreads and further order flow.

¹³ 15 U.S.C. 78f.

¹⁴ 15 U.S.C. 78f(b)(4) and (5).

4. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The proposed rule change will not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed expanded incentive will incentivize market participants to add greater liquidity on NOM to obtain the added \$0.02 per contract Customer rebate. Customer liquidity is critically important to the market and benefits all market participants. Greater customer liquidity benefits all market participants by providing more trading opportunities and attracting greater participation by specialists and market makers. An increase in the activity of these market participants in turn facilitates tighter spreads. All Participants are eligible for the rebates if they transact the requisite volume.

The Exchange operates in a highly competitive market in which many sophisticated and knowledgeable market participants can readily and do send order flow to competing exchanges if they deem fee levels or rebate incentives at a particular exchange to be excessive or inadequate. These market forces ensure that the Exchange's fees and rebates remain competitive with the fee structures at other trading platforms.

5. <u>Self-Regulatory Organization's Statement on Comments on the Proposed Rule</u> <u>Change Received from Members, Participants, or Others</u>

No written comments were either solicited or received.

 <u>Extension of Time Period for Commission Action</u> Not applicable.

7. <u>Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated</u> <u>Effectiveness Pursuant to Section 19(b)(2)</u>

Pursuant to Section 19(b)(3)(A)(ii) of the Act,¹⁵ NASDAQ has designated this proposal as establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization, which renders the proposed rule change effective upon filing.

8. <u>Proposed Rule Change Based on Rules of Another Self-Regulatory Organization</u> <u>or of the Commission</u>

The proposed rule change is not based on the rules of another self-regulatory

organization or of the Commission.

SECURITIES AND EXCHANGE COMMISSION (Release No. ; File No. SR-NASDAQ-2015-090)

August ____, 2015

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Amend Chapter XV, Section 2 entitled "NASDAQ Options Market – Fees and Rebates"

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4 thereunder,² notice is hereby given that on July 31, 2015, The NASDAQ Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. <u>Self-Regulatory Organization's Statement of the Terms of Substance of the</u> <u>Proposed Rule Change</u>

The Exchange proposes to amend the Exchange's transaction fees at Chapter XV, Section 2 entitled "NASDAQ Options Market – Fees and Rebates," which governs pricing for NASDAQ members using the NASDAQ Options Market ("NOM"), NASDAQ's facility for executing and routing standardized equity and index options.

While the changes proposed herein are effective upon filing, the Exchange has designated such changes to become operative on August 3, 3015.

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

The text of the proposed rule change is available on the Exchange's Website at http://nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis</u> for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. <u>Self-Regulatory Organization's Statement of the Purpose of, and Statutory</u> <u>Basis for, the Proposed Rule Change</u>

1. <u>Purpose</u>

The Exchange proposes to expand eligibility for one of the incentives under the Penny Pilot Options Rebates to Add Liquidity. The Penny Pilot was established in March 2008 and has since been expanded and extended through June 30, 2016.³ Today,

The Exchange is proposing to expand eligibility for one of the incentives applicable to Tier 8 Customer Penny Pilot Options Rebate to Add Liquidity. The Tier 8 Customer and Professional Penny Pilot Options Rebate to Add Liquidity is currently \$0.48 per contract if Participants add Customer, Professional, Firm,⁶ Non-NOM Market Maker⁷ and/or Broker-Dealer⁸ liquidity in Penny Pilot Options and/or Non-Penny Pilot Options above 0.75% of total industry customer equity and ETF option ADV of contracts traded in a month. This rebate also applies if (1) the Participant adds Customer and/or Professional liquidity in Penny Pilot Options and/or Non-Penny Pilot Options of 30,000 or more contracts per day in a month, (2) the Participant has certified for the Investor Support Program⁹ set forth in Rule 7014, and (3) the Participant qualifies for rebates under the Qualified Market Maker ("QMM") Program¹⁰ set forth in Rule 7014.

⁸ The term "Broker-Dealer" refers to a broker or dealer participating in a transaction when such transaction is not subject to transaction fees applicable to specific categories of transaction participants (other than brokers and dealers).

⁹ For a detailed description of the ISP, see Securities Exchange Act Release No. 63270 (November 8, 2010), <u>75 FR 69489</u> (November 12, 2010) (NASDAQ-2010-141) (notice of filing and immediate effectiveness) (the "ISP Filing"). See also Securities Exchange Act Release Nos. 63414 (December 2, 2010), <u>75 FR 76505</u> (December 8, 2010) (NASDAQ-2010-153) (notice of filing and immediate effectiveness); and 63628 (January 3, 2011), <u>76 FR 1201</u> (January 7, 2011) (NASDAQ-2010-154) (notice of filing and immediate effectiveness).

¹⁰ A QMM is a NASDAQ member that makes a significant contribution to market quality by providing liquidity at the national best bid and offer ("NBBO") in a large number of stocks for a significant portion of the day. In addition, the

⁶ The term "Firm" refers to a firm participating in a transaction marked by a Participant in the Firm range for clearing purposes at OCC.

⁷ The term "NOM Market Maker" is a Participant that has registered as a Market Maker on NOM pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4. In order to receive NOM Market Maker pricing in all securities, the Participant must be registered as a NOM Market Maker in at least one security.

Participants that qualify for the Tier 8 rebate <u>and</u> add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non- Penny Pilot Options of 1.25% or more of total industry customer equity and ETF option ADV of contracts traded in a month today also receive an additional \$0.02 per contract Penny Pilot Options Customer¹¹ Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month.¹²

The Exchange is proposing to expand eligibility for this additional incentive under the Tier 8 Customer rebate by amending the qualification as follows: "Participants that add Customer, Professional, Firm, Non-NOM Market Maker and/or Broker-Dealer liquidity in Penny Pilot Options and/or Non- Penny Pilot Options of *1.15*% or more of total industry customer equity and ETF option ADV contracts per day in a month will receive an additional \$0.02 per contract Penny Pilot Options Customer Rebate to Add Liquidity for each transaction which adds liquidity in Penny Pilot Options in that month." By lowering the percentage of total industry customer equity and ETF options ADV of contracts in a month required to be reached in order to qualify for the additional \$0.02 per

 $\frac{12}{2}$ See note "e" in Chapter XV, Section 2(1).

NASDAQ equity member must avoid imposing the burdens on NASDAQ and its market participants that may be associated with excessive rates of entry of orders away from the inside and/or order cancellation. The designation "QMM" reflects the QMM's commitment to provide meaningful and consistent support to market quality and price discovery by extensive quoting at the NBBO in a large number of securities. In return for its contributions, certain financial benefits are provided to a QMM with respect to a particular MPID (a "QMM MPID"), as described under Rule 7014(e).

¹¹ This \$0.02 per contract incentive applies only to the Tier 8 Customer rebate, and not the Professional rebate.

contract rebate, the Exchange expects that a greater number of Participants qualifying for the Tier 8 rebate will also receive the added incentive.

The Exchange expects that expanded eligibility for this incentive will encourage Participants to add greater liquidity to NOM. While the changes proposed herein are effective upon filing, the Exchange has designated such changes to become operative on August 3, 3015.

2. <u>Statutory Basis</u>

NASDAQ believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹³ in general, and with Section 6(b)(4) and 6(b)(5) of the Act,¹⁴ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which NASDAQ operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Exchange's proposal to expand incentive eligibility is reasonable because it will incentivize Participants to add liquidity in Penny Pilot Options and/or Non-Penny Pilot Options. Participants that qualify for the Tier 8 rebate may choose to add greater liquidity to NOM because of the lower percentage qualifier (1.25% to 1.15%) to obtain the additional \$0.02 per contract Customer rebate.

The Exchange's proposal to expand incentive eligibility is equitable and not unfairly discriminatory because all eligible Participants may qualify for the Tier 8 Customer Penny Pilot Options Rebate to Add Liquidity, provided they have the requisite

¹⁴ 15 U.S.C. 78f(b)(4) and (5).

volume. The added \$0.0.2 per contract incentive will be uniformly paid in addition to the Tier 8 rebate. Customer liquidity is critically important to the market and all market participants. Greater customer liquidity benefits all market participants by providing more trading opportunities, which attracts market makers. An increase in the activity by market makers in turn facilitates tighter spreads and further order flow.

B. <u>Self-Regulatory Organization's Statement on Burden on Competition</u>

The proposed rule change will not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed expanded incentive will incentivize market participants to add greater liquidity on NOM to obtain the added \$0.02 per contract Customer rebate. Customer liquidity is critically important to the market and benefits all market participants. Greater customer liquidity benefits all market participants by providing more trading opportunities and attracting greater participation by specialists and market makers. An increase in the activity of these market participants in turn facilitates tighter spreads. All Participants are eligible for the rebates if they transact the requisite volume.

The Exchange operates in a highly competitive market in which many sophisticated and knowledgeable market participants can readily and do send order flow to competing exchanges if they deem fee levels or rebate incentives at a particular exchange to be excessive or inadequate. These market forces ensure that the Exchange's fees and rebates remain competitive with the fee structures at other trading platforms.

C. <u>Self-Regulatory Organization's Statement on Comments on the Proposed</u> <u>Rule Change Received from Members, Participants, or Others</u>

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹⁵

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments
