trading platform earns reflects the revenues it receives from both products and the joint costs it incurs. Moreover, the operation of the exchange is characterized by high fixed costs and low marginal costs. This cost structure is common in content and content distribution industries such as software, where developing new software typically requires a large initial investment (and continuing large investments to upgrade the software), but once the software is developed, the incremental cost of providing that software to an additional user is typically small, or even zero (e.g., if the software can be downloaded over the internet after being purchased).\footnote{See William J. Baumol and Daniel G. Swanson, “The New Economy and Ubiquitous Competitive Price Discrimination: Identifying Defensible Criteria of Market Power,” Antitrust Law Journal, Vol. 70, No. 3 (2003).} In NASDAQ’s case, it is costly to build and maintain a trading platform, but the incremental cost of trading each additional share on an existing platform, or distributing an additional instance of data, is very low. Market information and executions are each produced jointly (in the sense that the activities of trading and placing orders are the source of the information that is distributed) and are each subject to significant scale economies. In such cases, marginal cost pricing is not feasible because if all sales were priced at the margin, NASDAQ would be unable to defray its platform costs of providing the joint products. Similarly, data products cannot make use of TRF trade reports without the raw material of the trade reports themselves, and therefore necessitate the costs of operating, regulating,\footnote{It should be noted that the costs of operating the FINRA/NASDAQ TRF borne by NASDAQ include regulatory charges paid by NASDAQ to FINRA.} and maintaining a trade reporting system, costs that must be covered through the fees charged for use of the facility and sales of associated data.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A)(ii) of the Act,\footnote{15 U.S.C. 78s(b)(3)(A)(ii).} the Exchange has designated this proposal as establishing or changing a due, fee, or other charge imposed on any person, whether or not the person is a member of the self-regulatory organization, which renders the proposed rule change effective upon filing.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Modify Chapter XV, Entitled “Options Pricing,” at Section 2 Governing Pricing for NASDAQ Members

November 6, 2015.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),\footnote{17 CFR 200.30–3(a)(12).} and Rule 19b–4 thereunder,\footnote{15 U.S.C. 78s(b)(1).} notice is hereby given that on October 27, 2015, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange’s transaction fees at Chapter XV, Section 2 entitled “NASDAQ Options Market—Fees and Rebates,” which governs pricing for NASDAQ members using the NASDAQ Options Market (“NOM”), NASDAQ’s facility for executing and routing standardized equity and index options.

While these amendments are effective upon filing, the Exchange has
designated the proposed amendments to be operative on November 2, 2015. The text of the proposed rule change is available on the Exchange’s Web site at http://nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes the following change to the NOM transaction fees set forth at Chapter XV, Section 2 for executing and routing standardized equity and index options under the Penny Pilot 3 options program.

The proposal for the proposed fee change is to increase the transaction fee for Customer to the same fee level that is assessed today by professionals.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange notes that it operates in a highly competitive market in which

7 The term ''Non-NOM Market Maker'' or (''O'') is any person or entity that (i) is not a broker or dealer in securities, (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s) pursuant to Chapter I, Section 1(a)(48). All Professional orders shall be appropriately marked by Participants.

8 The term ''Firm'' or ("F") applies to any transaction that is identified by a Participant for clearing in the Firm range at OCC.

9 The term ''NOM Market Maker'' or ("M") is a Participant that has registered as a Market Maker on NOM pursuant to Chapter VII, Section 2, and must also remain in good standing pursuant to Chapter VII, Section 4. In order to receive NOM Market Maker pricing in all securities, the Participant must be registered as a NOM Market Maker in at least one security.

10 The term "Non-NOM Market Maker" or ("O") is a registered market maker on another options exchange that is not a NOM Market Maker. A Non-NOM Market Maker must append the proper NON-Market Maker designation to orders routed to NOM.

11 The term "Broker-Dealer" or ("BD") applies to any transaction which is not subject to any of the other transaction fees applicable within a particular category.

12 The Exchange’s proposal to increase the Customer Fee for Removing Liquidity in Penny Pilot Options from $0.48 per contract to $0.50 per contract is reasonable because all other market participants are currently assessed a fee of $0.50 per contract today. The Exchange’s increase would result in all market participants being assessed the same fee for Removing Liquidity in Penny Pilot Options.

13 The Exchange’s proposal to increase the Customer Fee for Removing Liquidity in Penny Pilot Options from $0.48 per contract to $0.50 per contract is reasonable because all other market participants would be uniformly assessed the same rate of $0.50 per contract.

14 The Exchange notes that it operates in a highly competitive market in which

12 15 U.S.C. 78f(b)(4) and (5).
market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and to attract order flow. The Exchange believes that the proposal reflects this competitive environment.

G. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.15

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

• Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
• Send an email to rule-comments@ sec.gov. Please include File Number SR–NASDAQ–2015–128 on the subject line.

Paper Comments

• Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090. All submissions should refer to File Number SR–NASDAQ–2015–128; and

[Release No. 34–76382; File No. 4–657]

Order Granting Exemption From Compliance With the National Market System Plan To Implement a Tick Size Pilot Program

November 6, 2015.

I. Introduction

Pursuant to Rule 608(e) 1 under the Securities Exchange Act of 1934 (“Exchange Act”), the Securities and Exchange Commission (“Commission”) may exempt from compliance with the provisions of Rule 608, either unconditionally or on specified terms and conditions, any self-regulatory organization, member thereof, or specified security, if the Commission determines that such exemption is consistent with the public interest, the protection of investors, the maintenance of fair and orderly markets and the removal of impediments to, and perfection of the mechanisms of, a national market system. As discussed below, the Commission is exercising its authority under Rule 608(e) to exempt BATS Exchange, Inc., BATS Y-Exchange, Inc., Chicago Stock Exchange, Inc., EDGA Exchange, Inc., EDGEX Exchange, Inc., Financial Industry Regulatory Authority, Inc. (“FINRA”), NASDAQ OMX BX, Inc., NASDAQ OMX PHLX LLC, the Nasdaq Stock Market LLC, New York Stock Exchange LLC (“NYSE”), NYSE MKT LLC, and NYSE Arca, Inc., (collectively “SROs” or “Participants”), from implementing the Plan to Implement a Tick Size Pilot Program (“Tick Size Pilot”) until October 3, 2016.

II. Background

On May 6, 2015, the Commission approved the Tick Size Pilot and provided that the Tick Size Pilot be implemented within one year after the publication of the order. The Tick Size Pilot will have a two-year duration (“Pilot Period”).2 and will include exchange-listed common stocks that have the following characteristics: (1) A market capitalization of less than $3 billion; (2) a closing price of at least $2 per share on the last day of the measurement period (and a closing price of not less than $1.50 per share during the measurement period); (3) a consolidated average daily volume of one million shares or less; and (4) a volume-weighted average price of at least $2 per share (“Pilot Securities”).

The Pilot Securities will be divided into one control group and three test groups. There will be 400 Pilot Securities per test group and the remaining Pilot Securities will be assigned to the control group. Test Group One Pilot Securities will quote in $0.05 per share increments and will trade at any currently permitted increment. Test Group Two Pilot Securities will quote in $0.05 per share increments like those in Test Group One, but will only be permitted to trade in $0.05 per share increments, subject to certain exceptions.4 Finally, Test Group
