IV. Solicitation of Comments on Amendment No. 1

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether Amendment No. 1 to the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments
• Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
• Send an email to rule-comments@sec.gov. Please include File Number SR–NYSEArca–2016–14 on the subject line.

Paper Comments
• Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090. All submissions should refer to File Number SR–NYSEArca–2016–14. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–NYSEArca–2016–14 and should be submitted on or before May 4, 2016.

V. Accelerated Approval of the Proposed Rule Change, as Modified by Amendment No. 1

The Commission finds good cause to approve the proposed rule change, as modified by Amendment No. 1, prior to the thirtieth day after the date of publication of Amendment No. 1 in the Federal Register. The additional information in Amendment No. 1, among other things, helped the Commission to evaluate the Shares’ susceptibility to manipulation and the Exchange’s ability to investigate possible manipulative activity. Accordingly, the Commission finds good cause for approving the proposed rule change, as modified by Amendment No. 1, on an accelerated basis, pursuant to Section 19(b)(2) of the Act.

VI. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Exchange Act, that the proposed rule change [SR–NYSEArca–2016–14], as modified by Amendment No. 1 thereto, be, and it hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.

Robert W. Errett,
Deputy Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Rules 7015(g)(1) and 7034

April 7, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given that on April 6, 2016, The NASDAQ Stock Market LLC (“Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of the Substance of the Proposed Rule Change

The Exchange proposes to amend Access Services fees at Rule 7015(g)(1) to reduce the fee assessed for MITCH Wave Ports located at Mahwah, NJ. The Exchange is also proposing to amend Rule 7034 to: (i) Reduce monthly fees assessed for NYSE Equities market data connectivity; and (ii) make technical changes to the description of market data connectivity options under the rule. While these amendments are effective upon filing, the Exchange has designated the proposed amendments to be operative on April 1, 2016.3

The text of the proposed rule change is available on the Exchange’s Web site at http://nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to reduce certain fees under Rules 7015 and 7034, and to make technical changes to the description of market data connectivity options under Rule 7034.

[1] The Commission notes that the substance of this filing is identical to the substance of SR–NASDAQ–2016–047, which was filed March 29, 2016, and withdrawn on April 6, 2016. This filing replaced SR–NASDAQ–2016–047, thus, the fee changes were effective upon filing but have been operative since April 1, 2016.

2. Proposal

The Exchange proposes to amend Access Services fees at Rule 7015(g)(1) to reduce the fee assessed for MITCH Wave Ports located at Mahwah, NJ. The Exchange is also proposing to amend Rule 7034 to: (i) Reduce monthly fees assessed for NYSE Equities market data connectivity; and (ii) make technical changes to the description of market data connectivity options under the rule. While these amendments are effective upon filing, the Exchange has designated the proposed amendments to be operative on April 1, 2016.
Rule 7015 Changes

The Exchange is proposing to reduce the fee assessed for MITCH Wave Port at Mahwah, NJ monthly subscriptions. The Exchange provides Multi-cast ITCH ("MITCH") Wave Ports to clients co-located at other third-party data centers, including the New York Stock Exchange's ("NYSE") data center located in Mahwah, NJ, through which the Exchange’s TotalView ITCH market data is distributed after delivery to those data centers via a wireless network.

The wirelessly-delivered TotalView ITCH market data arrives at Exchange-owned cabinets located at these third-party data centers, to which the co-location clients may cross-connect to the MITCH Wave Ports in those data centers to receive TotalView ITCH. The wireless network that the Exchange uses to connect its data center with third-party data centers is provided and maintained by third-party vendors.

The Exchange incurs costs in leasing towers and equipment to connect to third-party data centers, such as Mahwah, NJ, through its third party vendors and the Exchange recoups these costs through the fees it assesses. The Exchange has recently reduced such vendor cost for connectivity to Mahwah, NJ by switching to an alternative vendor that assesses the Exchange a lower fee for such connectivity and is accordingly proposing to reduce the monthly charge assessed to subscribers for a MITCH Wave Port at Mahwah, NJ from $12,500 per month to $10,000 per month.

Rule 7034 Changes

The Exchange is proposing to amend Rule 7034 to: (i) Reduce monthly fees assessed for NYSE Equities market data connectivity; and (ii) make technical changes to the description of market data connectivity options under the rule. Rule 7034 provides the charges assessed by the Exchange for co-location services. Rule 7034(b) provides the various connectivity options for co-location services. The Exchange offers multiscast Market Data feeds that are delivered to the Exchange’s data center located in Carteret, NJ via a wireless network. The Exchange offers connectivity to data feeds provided by NYSE, BATs (including Direct Edge), and CME, which are delivered wirelessly by third party vendors from those market’s [sic] data centers to the Exchange’s Carteret, NJ data center.

Specifically, the NYSE Equities data feeds under Rule 7034(b) are wirelessly delivered to Carteret, NJ from NYSE’s Mahwah, NJ data center, the BATs and Direct Edge data feeds are wirelessly delivered to Carteret, NJ from BATs’s Secaucus, NJ data center, and the CME data feeds are wirelessly delivered to Carteret, NJ from CME’s Aurora, IL data center.

The first change the Exchange proposes is to reduce the recurring monthly fee assessed for connectivity to NYSE Equities data feeds, which are transmitted from the Mahwah, NJ data center to the Exchange’s data center in Carteret, NJ. As discussed above, the Exchange recently reduced its vendor costs by switching to an alternative vendor that assesses the Exchange a lower fee for such connectivity. Because of the reduced vendor costs realized for connectivity to Mahwah, NJ, the Exchange is able to reduce the charges assessed for services that require wireless connectivity to Mahwah, NJ.

Currently, the Exchange assesses a recurring monthly fee of $12,500 for connectivity to NYSE Equities Arca Integrated feed and the for the NYSE Equities Open Book feed. As a consequence of the reduced vendor costs, the Exchange is proposing to reduce the charge it assesses as a recurring monthly fee for each of these services from $12,500 to $10,000.

The second change the Exchange proposes is to make technical corrections to the rule text under Rule 7034(b) concerning NYSE Equities Open Book connectivity and BATs Multicast Pitch connectivity. NYSE recently combined Open Book data with NYSE BBO, NYSE Trades, and NYSE Order Imbalances data to form the “NYSE Integrated” data feed, which the Exchange began to offer on November 16, 2015. Accordingly, the Exchange is [sic] updated the rule text under Rule 7034(b) to accurately reflect this change.

The Exchange is also correcting rule text concerning BATs Multicast Pitch connectivity that was inadvertently introduced when the rule text was adopted. Specifically, the Exchange is correcting the spelling of “Multicast” in the rule and is correcting the name of the BATs BZX exchange, which is currently spelled “BZY.”

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act, in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act, in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among members and issuers and other persons using any facility or system which the Exchange operates or controls, and is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission and the courts have repeatedly expressed their preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, while adopting a series of steps to improve the current market model, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system “has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.” Likewise, in NetCoalition v. Securities and Exchange Commission ("NetCoalition") the DC Circuit upheld the Commission’s use of a market-based approach in evaluating the fairness of market data fees against a challenge claiming that Congress mandated a cost-based approach. As the court emphasized, the Commission "intended in Regulation NMS that ‘market forces, rather than regulatory requirements’ play a role in determining the market prices." 12

2 For a description of Bats Global Markets, Inc.’s exchanges, see http://www.batstrading.com/about/.
12 NetCoalition v. SEC, 615 F.3d 525 (D.C. Cir. 2010).
data . . . to be made available to 
investors and at what cost.” 14

Further, “[n]o one disputes that 
competition for order flow is ‘fierce.’ 
. . . As the SEC explained, ‘[i]n the U.S. 
national market system, buyers and 
sellers of securities, and the broker-
dealers that act as their order-routing 
agents, have a wide range of choices of 
where to route orders for execution’; 
[and] ‘no exchange can afford to take its 
market share percentages for granted’ 
because ‘no exchange possesses a 
monopoly, regulatory or otherwise, in 
the execution of order flow from broker 
dealers’ . . . .” 15

Fee Reductions

The Exchange believes that proposed 
reduction in the monthly recurring fees 
assessed under Rules 7015 and 7034(b) 
are [sic] reasonable because they [sic] 
will allow the Exchange to align the fees 
assessed for the connectivity more 
closely with the costs incurred by the 
Exchange in offering the connectivity. 
As discussed above, the Exchange 
realized a reduction in its vendor costs.

Vendors supply wireless connectivity 
from the Exchange’s data center to 
the data centers of other markets. 
Vendor costs are not the only costs to 
the Exchange in offering such connectivity; 
however, the reduced vendor cost for 
wirelessly connecting to Mahwah, NJ 
has allowed the Exchange to reduce the 
monthly fee assessed for connectivity to 
Mahwah, NJ by $2,500.

The Exchange notes that the proposed 
reduced monthly recurring fees are also 
reasonable because they are in-line with 
other fees assessed for similar 
connectivity, with differences in cost 
being reflective of the differences in the 
relative cost of offering the services. 
For example, the proposed reduced fees 
assessed under Rule 7034(b) for 
connectivity to the NYSE Equities feeds, 
although higher as reflection of the 
increased costs the Exchange incurs in 
offering the connectivity, are consistent 
with BATS Multicast PITCH BZX and 
BYX data feed connectivity under Rule 
7034(b), which has a monthly recurring 
fee of $7,500. With respect to the costs 
incurred, the Exchange notes that the 
distance, and hence the wireless 
network equipment required, is greater 
between Mahwah, NJ and Carteret, NJ in 
contrast to the distance between 
Secaucus, NJ and Carteret, NJ, which is 
reflected in the fees that vendors charge 
the Exchange for such connectivity.

The Exchange believes that the 
proposed reduced fees are an equitable

allocation and are not unfairly 
discriminatory because the Exchange 
will apply the same fee to all similarly 
situated co-location clients that 
voluntarily select these service options. 
The Exchange also notes that co-
location clients will continue to have 
other connectivity options to receive the 
underlying data feeds, including fiber 
optic connectivity.

Fees Clarifications

The Exchange believes that the 
proposed clarifying changes to Rule 
7034(b) serve to protect investors and 
the public interest because they remove 
misspelled and inaccurate rule text, 
which will serve to avoid investor 
confusion, and will not alter what is 
currently provided under the rule.

B. Self-Regulatory Organization’s 
Statement on Burden on Competition

The Exchange does not believe that 
the proposed rule change will impose 
any burden on competition not 
necessary or appropriate in furtherance 
of the purposes of the Act. In terms of 
inter-market competition, the Exchange 
notes that it operates in a highly 
competitive market in which market 
participants can readily favor competing 
venues if they deem fee levels at a 
particular venue to be excessive, or 
rebate opportunities available at other 
venues to be more favorable. In such an 
environment, the Exchange must 
continually adjust its fees to remain 
competitive with other exchanges and 
with alternative trading systems that 
have been exempted from compliance 
with the statutory standards applicable 
to exchanges. Because competitors are 
free to modify their own fees in 
response, and because market 
participants may readily adjust their 
order routing practices, the Exchange 
believes that the degree to which fee 
changes in this market may impose any 
burden on competition is extremely 
limited.

In this instance, the proposed changes 
to the charges assessed co-location 
clients for wireless connectivity do 
not impose a burden on competition 
because the Exchange is reducing the 
monthly fees assessed for such 
connectivity as a reflection of the 
Exchange’s reduced vendor costs. 
Such a proposal is reflective of healthy 
competition among markets and may 
promote other exchanges to likewise 
reduce their costs and/or reduce the fees 
that they assess for similar connectivity.

Although the Exchange does not 
believe that the proposed changes will 
be unattractive to market participants, if 
they were it is likely that the Exchange 
will lose subscribers as a result.

Accordingly, the Exchange does not 
believe that the proposed changes will 
impair the ability of members or 
competing order execution venues to 
maintain their competitive standing in 
the financial markets.

C. Self-Regulatory Organization’s 
Statement on Comments on the 
Proposed Rule Change Received From 
Members, Participants, or Others

No written comments were either 
solicited or received.

III. Date of Effectiveness of the 
Proposed Rule Change and Timing for 
Commission Action

The foregoing rule change has become 
effective pursuant to Section 
19(b)[3](A)(ii) of the Act. 16

At any time within 60 days of the 
filings of the proposed rule change, the 
Commission summarily may 
temporarily suspend such rule change if 
it appears to the Commission that such 
action is: (i) Necessary or appropriate in 
the public interest; (ii) for the protection 
of investors; or (iii) otherwise in 
furtherance of the purposes of the Act. 
If the Commission takes such action, 
the Commission shall institute proceedings 
to determine whether the proposed rule 
should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to 
submit written data, views, and 
arguments concerning the foregoing, 
including whether the proposed rule 
change is consistent with the Act. 
Comments may be submitted by any of 
the following methods:

Electronic comments

• Use the Commission’s Internet 
comment form (http://www.sec.gov/
rules/sro.shtml); or

• Send an email to rule-comments@
sec.gov. Please include File Number SR– 
NASDAQ–2016–053 on the subject line.

Paper comments

• Send paper comments in triplicate 
to Secretary, Securities and Exchange 
Commission, 100 F Street NE., 
Washington, DC 20549–1090.

All submissions should refer to File 
Number SR–NASDAQ–2016–053. This 
file number should be included on the 
subject line if email is used. To help the 
Commission process and review your 
comments more efficiently, please use 
only one method. The Commission will 
publish all comments on the Commission’s 
Internet Web site (http://www.sec.gov/
rules/sro.shtml). Copies of the 
submission, all subsequent

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Order Approving Proposed Rule Change To Adopt FINRA Rule 3210 (Accounts at Other Broker-Dealers and Financial Institutions), as Modified by Partial Amendment No. 1 and Partial Amendment No. 2, in the Consolidated FINRA Rulebook

April 7, 2016

I. Introduction

On July 31, 2015, Financial Industry Regulatory Authority, Inc. (“FINRA”) filed with the Securities and Exchange Commission (“Commission”), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 (“Exchange Act”)1 and Rule 19b–4 thereunder,2 a proposed rule change to adopt a new, consolidated rule addressing accounts opened or established by associated persons of members at firms other than the firm with which they are associated.

The proposed rule change was published for comment in the Federal Register on August 14, 2015.3 The comment period closed on September 4, 2015. On September 22, 2015, FINRA extended the time period in which the Commission must approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to approve or disapprove the proposed rule change to November 13, 2015. The Commission received four comment letters in response to the Notice.4 On November 10, 2015, FINRA responded to the comments and filed Partial Amendment No. 1 to the current proposal.5 On November 12, 2015, the Commission issued an order instituting proceedings pursuant to Exchange Act section 19(b)(2)(B)6 to determine whether to approve or disapprove the proposed rule change, as modified by Partial Amendment No. 1.7 The Commission received one document letter in response to the Order Instituting Proceedings.8 On February 10, 2016, the Commission published a notice extending the time period in which the Commission must determine whether to approve or disapprove the proposed rule change to April 8, 2016.9 On March 2, 2016, FINRA responded to the comment letter received in response to the Order Instituting Proceedings and filed Partial Amendment No. 2.10 This order approves the proposed rule change, as modified by Partial Amendment No. 1 and Partial Amendment No. 2 (collectively, the “Amendments”).11

II. Description of the Proposed Rule Change

As part of the process of developing a new consolidated rulebook (“Consolidated FINRA Rulebook”),13 FINRA is proposing to adopt new FINRA Rule 3210 (Accounts at Other Broker-Dealers and Financial Institutions) in the Consolidated FINRA Rulebook, and to delete NASD Rule 3050, Incorporated New York Stock Exchange (“NYSE”) Rules 407 and 407A, and Incorporated NYSE Rule Interpretations 407/01 and 407/02.14

A. Current NASD Rule 3050

Current NASD Rule 3050 provides a means to inform member firms about transactions effected by their associated persons in accounts established outside the firm. This information gives members an opportunity to weigh the effect these accounts may have on the firm and its customers.15 The rule imposes specified obligations on
