### Form 19b-4 Information *

The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

### Exhibit 1 - Notice of Proposed Rule Change *

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3).

### Exhibit 1A - Notice of Proposed Rule Change, Security-Based Swap Submission, or Advance Notice by Clearing Agencies *

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change, security-based swap submission, or advance notice being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3).

### Exhibit 2 - Notices, Written Comments, Transcripts, Other Communications

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

### Exhibit 3 - Form, Report, or Questionnaire

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

### Exhibit 4 - Marked Copies

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

### Exhibit 5 - Proposed Rule Text

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

### Partial Amendment

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.
1. **Text of Proposed Rule Change**

   (a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change to, among other things, require that an issuer of securities listed under the Rule 5700 Series notify Nasdaq about changes to the index, portfolio, or reference asset underlying the security and pay a fee in connection with the change.

   A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1. The text of the proposed rule change is attached as Exhibit 5.

   (b) Not applicable.

   (c) Not applicable.

2. **Procedures of the Self-Regulatory Organization**

   The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of Nasdaq (the “Board”) on July 1, 2015. No other action is necessary for the filing of the proposed rule change.

   Questions and comments on the proposed rule change may be directed to:

   Arnold Golub  
   Vice President and Deputy General Counsel  
   Nasdaq, Inc.  
   (301) 978-8075.

3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   Nasdaq rules require issuers to notify Nasdaq about substitution listing events and impose fees associated with those notifications. Specifically, Rule 5005(a)(40) defines a “Substitution Listing Event” as certain changes in the equity or legal structure of a company\(^3\) and Rule 5250(e)(4) requires a listed company to provide notification to Nasdaq about these events no later than 15 days before implementation of the event. These events generally require Nasdaq to review the entity for compliance with the applicable listing requirements.

   Nasdaq proposes to expand the definition of a Substitution Listing Event to include cases where an issuer of securities listed under the Rule 5700 Series replaces, or significantly modifies, the index, portfolio, or reference asset underlying its security (including, but not limited to, a significant modification to the index methodology, a change in the index provider, or a change in control of the index provider). This type of change requires that Nasdaq review the changes to the index, portfolio, or reference asset for compliance with the applicable listing requirements and may require Nasdaq to make

---

\(^3\) A “Substitution Listing Event” means: a reverse stock split, re-incorporation or a change in the Company’s place of organization, the formation of a holding company that replaces a listed Company, reclassification or exchange of a Company’s listed shares for another security, the listing of a new class of securities in substitution for a previously-listed class of securities, a business combination described in IM-5101-2 (unless the transaction was publicly announced in a press release or Form 8-K prior to October 15, 2013), or any technical change whereby the Shareholders of the original Company receive a share-for-share interest in the new Company without any change in their equity position or rights. See Rule 5005(a)(40).
a rule filing with the Commission to continue listing the product with the revised index, portfolio, or reference asset.\footnote{Other types of changes may also require Nasdaq to make a rule filing with the Commission to continue listing the changed product.}

Nasdaq believes it is appropriate to require notification of these changes in the same manner as other Substitution Listing Events,\footnote{Listed companies provide notification of a Substitution Listing Event via Nasdaq’s Listing Center on the Company Event Notification Form.} which will increase to 15 days the time available to Nasdaq to conduct its initial review of the revised index, portfolio, or reference asset underlying the security, evaluate compliance with the listing requirements, and determine if a rule filing is required.\footnote{Currently, at a minimum, Nasdaq believes that an issuer must disclose such changes under Rule 5250(b)(1), which requires public disclosure of any material information that would reasonably be expected to affect the value of its securities or influence investors’ decisions, and must notify Nasdaq’s MarketWatch department 10 minutes prior to such announcement.}

Nasdaq also proposes to modify Rule 5701 to highlight that a change to the index, portfolio, or reference asset underlying a security is a Substitution Listing Event that requires 15 calendar days’ notice. The new language also emphasizes that such a change may affect the company’s compliance with the listing requirements and may require Nasdaq to file a new rule filing pursuant to Section 19(b)(1) of the Act\footnote{15 U.S.C. 78s(b)(1).} and for such rule filing to be approved by the SEC or otherwise take effect (as applicable), before the product can be listed or traded. The new rule language also indicates that Nasdaq will halt trading if a company effectuates a change that requires such a filing before it is approved by the SEC or otherwise takes effect (as applicable). The new rule language...
would also indicate that Nasdaq will commence delisting proceedings if a company
effectuates a change in the case where Nasdaq determines not to submit a rule filing or
withdraws a rule filing, or where the SEC disapproves a rule filing.\(^8\)

Nasdaq also believes that it is appropriate in these instances to charge the $5,000
fee assessed for Substitution Listing Events,\(^9\) which will offset the costs associated with
Nasdaq’s listing review and, if necessary, rule filing, as well as the costs to maintain and
revise Nasdaq’s records, and distribute information to market participants about the
change. Therefore, Nasdaq is adding language to Rules 5730 and 5740 to clarify that the
existing Substitution Listing Event fee also applies to situations where a company
changes the index, portfolio, or reference asset underlying its security.

Finally, Nasdaq proposes to remove transitional language within Rule
5005(a)(40), which excluded a business combination that was publicly announced prior
to October 15, 2013, from being considered a Substitution Listing Event. Nasdaq does
not believe that any company listed on Nasdaq has an uncompleted business combination
announced prior to that date, which would be considered a Substitution Listing Event. As
such, Nasdaq believes this is a technical change to remove an expired transition.

---

\(^8\) The proposed rule change would also add language to Rule 5701 to encourage
companies to consult with Nasdaq staff sufficiently in advance of such changes to
allow review and preparation of a rule filing and SEC approval, if necessary, and
to clarify that Nasdaq has sole discretion as to whether it chooses to submit a rule
filing and, if submitted, whether to withdraw such rule filing.

76605 (December 9, 2015) (SR-NASDAQ-2015-146, adopting a Substitution
Listing Event fee for securities listed under the Rule 5700 Series).
b. **Statutory Basis**

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^{10}\) in general, and with Sections 6(b)(4) and (5) of the Act,\(^{11}\) in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities, and is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

Nasdaq believes that the proposed requirement that the issuer of securities listed under the Rule 5700 Series notify Nasdaq 15 calendar days in advance of changes to the index, portfolio, or reference asset underlying the security is consistent with the investor protection objectives of Section 6(b)(5) of the Act in that it is designed to promote just and equitable principles of trade, to remove impediments to a free and open market and national market system, and in general to protect investors and the public interest.

Specifically, the proposed change will help ensure that Nasdaq has sufficient time to review the revised index, portfolio, or reference asset and determine whether the product complies with Nasdaq’s listing requirements and whether a rule filing must be

\(^{11}\) 15 U.S.C. 78f(b)(4) and (5).
filed by Nasdaq pursuant to Section 19(b)(1) of the Act and approved by the Commission or otherwise take effect (as applicable), which will help protect investors.

Moreover, by including this category of changes in the definition of a Substitution Listing Event, Nasdaq will charge a $5,000 fee in connection with the changes, which will help ensure that adequate resources are available for Nasdaq to conduct this review. In addition, the proposed change will clarify that Nasdaq will halt a security if the issuer implements a change that requires a rule filing before that rule filing is approved or effective (as applicable), and delist the security if Nasdaq determines not to file or withdraws the rule filing, or the SEC disapproves the rule filing, thereby protecting investors.

Including changes to the index, portfolio, or reference asset underlying a security in the list of Substitution Listing Events subject to a $5,000 fee is reasonable and equitably allocated in that it is designed to compensate Nasdaq for the work required in connection with effecting changes that the issuer has initiated. As noted above, changes made to a security’s underlying index, portfolio or reference assets require Nasdaq to review the issuer’s listing compliance and may require Nasdaq to submit a rule filing to the Commission. It is reasonable and equitable to allocate the costs of these actions to the issuer that implements the change or event, just as Nasdaq does in connection with other Substitution Listing Events.

The proposed change to eliminate transitional language from Rule 5005(a)(40) will simplify Nasdaq’s rules, thereby removing a potential impediment to a free and open market and national market system.
4. **Self-Regulatory Organization’s Statement on Burden on Competition**

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. This rule proposal is not primarily based on competition, but rather is designed to ensure that Nasdaq staff has adequate time and resources to review a change to an index, portfolio, or reference asset for compliance with the listing requirements and to file and obtain approval or effectiveness of a rule change, if necessary. As such, Nasdaq believes the proposed change will have no impact on competition.

5. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

Written comments were neither solicited nor received.

6. **Extension of Time Period for Commission Action**

Nasdaq does not consent at this time to an extension of the time period for Commission action specified in Section 19(b)(2) of the Act.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)\(^\text{12}\) of the Act and Rule 19b-4(f)(6) thereunder\(^\text{13}\) in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

\(^{13}\) 17 CFR 240.19b-4(f)(6).
The proposed change will provide Nasdaq with advance notice of changes to the index, portfolio or reference asset underlying a security listed on the Exchange. Nasdaq believes that this notification is not burdensome to the company and does not significantly affect the protection of investors or the public interest. While Nasdaq believes companies are already required to provide notification about such changes, the proposed change could provide investor protection benefits by clarifying that requirement and potentially allowing Nasdaq additional time to review the impact of the changes to the index, portfolio or reference asset on the security’s listing. Nasdaq also notes that the proposed change is substantially similar to an existing requirement of NYSE Arca.\textsuperscript{14} Nasdaq believes that the proposed change will have no impact on competition, as other markets are free to set their own notification requirements.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If

\textsuperscript{14} See NYSE Arca Equities Rule 5.3(i)(1)(i)(P), which requires 10 business days prior notice about changes to the index or portfolio of securities underlying certain listed products. Nasdaq notes that the proposed rule change would require companies to notify Nasdaq 15 calendar days before effecting a change.
the Commission takes such action, the Commission shall institute proceedings to
determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become
operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits
the Commission to designate a shorter time if such action is consistent with the protection
of investors and the public interest. The Exchange requests that the Commission waive
the 30-day pre-operative waiting period contained in Rule 19b-4(f)(6)(iii) so that Nasdaq,
and investors, can immediately receive the benefit of additional time to review changes to
indices, portfolios and underlying assets for compliance with the listing requirements and
federal securities law requirements surrounding rule filings. This additional time helps to
prevent potential disruptions to a company’s listing, thereby helping to protect investors
and the public interest.

NYSE Arca Equities Rule 5.3(i)(1)(i)(P) requires notification about changes to
the index or portfolio of securities underlying certain listed products. This rule differs
from Nasdaq’s proposal in that NYSE Arca requires a minimum of 10 business days’
notice, whereas Nasdaq has proposed to require 15 calendar days’ notice. The NYSE
Arca rule is, in addition, limited to changes to an index or portfolio, whereas the proposed
Nasdaq rule would also apply to changes to the Reference Asset underlying a product
listed under the Rule 5700 Series.15

SECURITIES AND EXCHANGE COMMISSION
(Release No. ; File No. SR-NASDAQ-2016-059)

April __, 2016

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Require an Issuer of Securities Listed under the Rule 5700 Series to Notify Nasdaq about the Replacement of the Index, Portfolio, or Reference Asset Underlying the Security and Pay a Fee in Connection with the Change

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹, and Rule 19b-4 thereunder,² notice is hereby given that on April 20, 2016, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to require that an issuer of securities listed under the Rule 5700 Series notify Nasdaq about the replacement of the index, portfolio, or reference asset underlying the security and pay a fee in connection with the change.

The text of the proposed rule change is available on the Exchange’s Website at http://nasdaq.cchwallstreet.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq rules require issuers to notify Nasdaq about substitution listing events and impose fees associated with those notifications. Specifically, Rule 5005(a)(40) defines a “Substitution Listing Event” as certain changes in the equity or legal structure of a company\(^3\) and Rule 5250(e)(4) requires a listed company to provide notification to Nasdaq about these events no later than 15 days before implementation of the event. These events generally require Nasdaq to review the entity for compliance with the applicable listing requirements.

---

\(^3\) A “Substitution Listing Event” means: a reverse stock split, re-incorporation or a change in the Company’s place of organization, the formation of a holding company that replaces a listed Company, reclassification or exchange of a Company’s listed shares for another security, the listing of a new class of securities in substitution for a previously-listed class of securities, a business combination described in IM-5101-2 (unless the transaction was publicly announced in a press release or Form 8-K prior to October 15, 2013), or any technical change whereby the Shareholders of the original Company receive a share-for-share interest in the new Company without any change in their equity position or rights. See Rule 5005(a)(40).
Nasdaq proposes to expand the definition of a Substitution Listing Event to include cases where an issuer of securities listed under the Rule 5700 Series replaces, or significantly modifies, the index, portfolio, or reference asset underlying its security (including, but not limited to, a significant modification to the index methodology, a change in the index provider, or a change in control of the index provider). This type of change requires that Nasdaq review the changes to the index, portfolio, or reference asset for compliance with the applicable listing requirements and may require Nasdaq to make a rule filing with the Commission to continue listing the product with the revised index, portfolio, or reference asset.4

Nasdaq believes it is appropriate to require notification of these changes in the same manner as other Substitution Listing Events,5 which will increase to 15 days the time available to Nasdaq to conduct its initial review of the revised index, portfolio, or reference asset underlying the security, evaluate compliance with the listing requirements, and determine if a rule filing is required.6

Nasdaq also proposes to modify Rule 5701 to highlight that a change to the index, portfolio, or reference asset underlying a security is a Substitution Listing Event that requires 15 calendar days’ notice. The new language also emphasizes that such a change requires Nasdaq to make a rule filing with the Commission to continue listing the changed product.

---

4 Other types of changes may also require Nasdaq to make a rule filing with the Commission to continue listing the changed product.

5 Listed companies provide notification of a Substitution Listing Event via Nasdaq’s Listing Center on the Company Event Notification Form.

6 Currently, at a minimum, Nasdaq believes that an issuer must disclose such changes under Rule 5250(b)(1), which requires public disclosure of any material information that would reasonably be expected to affect the value of its securities or influence investors’ decisions, and must notify Nasdaq’s MarketWatch department 10 minutes prior to such announcement.
may affect the company’s compliance with the listing requirements and may require
Nasdaq to file a new rule filing pursuant to Section 19(b)(1) of the Act7 and for such rule
filing to be approved by the SEC or otherwise take effect (as applicable), before the
product can be listed or traded. The new rule language also indicates that Nasdaq will
halt trading if a company effectuates a change that requires such a filing before it is
approved by the SEC or otherwise takes effect (as applicable). The new rule language
would also indicate that Nasdaq will commence delisting proceedings if a company
effectuates a change in the case where Nasdaq determines not to submit a rule filing or
withdraws a rule filing, or where the SEC disapproves a rule filing.8

Nasdaq also believes that it is appropriate in these instances to charge the $5,000
fee assessed for Substitution Listing Events,9 which will offset the costs associated with
Nasdaq’s listing review and, if necessary, rule filing, as well as the costs to maintain and
revise Nasdaq’s records, and distribute information to market participants about the
change. Therefore, Nasdaq is adding language to Rules 5730 and 5740 to clarify that the
existing Substitution Listing Event fee also applies to situations where a company
changes the index, portfolio, or reference asset underlying its security.

---

8  The proposed rule change would also add language to Rule 5701 to encourage
companies to consult with Nasdaq staff sufficiently in advance of such changes to
allow review and preparation of a rule filing and SEC approval, if necessary, and
to clarify that Nasdaq has sole discretion as to whether it chooses to submit a rule
filing and, if submitted, whether to withdraw such rule filing.

76605 (December 9, 2015) (SR-NASDAQ-2015-146, adopting a Substitution
Listing Event fee for securities listed under the Rule 5700 Series).
Finally, Nasdaq proposes to remove transitional language within Rule 5005(a)(40), which excluded a business combination that was publicly announced prior to October 15, 2013, from being considered a Substitution Listing Event. Nasdaq does not believe that any company listed on Nasdaq has an uncompleted business combination announced prior to that date, which would be considered a Substitution Listing Event. As such, Nasdaq believes this is a technical change to remove an expired transition.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^\text{10}\) in general, and with Sections 6(b)(4) and (5) of the Act,\(^\text{11}\) in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other persons using its facilities, and is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

Nasdaq believes that the proposed requirement that the issuer of securities listed under the Rule 5700 Series notify Nasdaq 15 calendar days in advance of changes to the index, portfolio, or reference asset underlying the security is consistent with the investor

\(^{11}\) 15 U.S.C. 78f(b)(4) and (5).
protection objectives of Section 6(b)(5) of the Act in that it is designed to promote just and equitable principles of trade, to remove impediments to a free and open market and national market system, and in general to protect investors and the public interest.

Specifically, the proposed change will help ensure that Nasdaq has sufficient time to review the revised index, portfolio, or reference asset and determine whether the product complies with Nasdaq’s listing requirements and whether a rule filing must be filed by Nasdaq pursuant to Section 19(b)(1) of the Act and approved by the Commission or otherwise take effect (as applicable), which will help protect investors.

Moreover, by including this category of changes in the definition of a Substitution Listing Event, Nasdaq will charge a $5,000 fee in connection with the changes, which will help ensure that adequate resources are available for Nasdaq to conduct this review. In addition, the proposed change will clarify that Nasdaq will halt a security if the issuer implements a change that requires a rule filing before that rule filing is approved or effective (as applicable), and delist the security if Nasdaq determines not to file or withdraws the rule filing, or the SEC disapproves the rule filing, thereby protecting investors.

Including changes to the index, portfolio, or reference asset underlying a security in the list of Substitution Listing Events subject to a $5,000 fee is reasonable and equitably allocated in that it is designed to compensate Nasdaq for the work required in connection with effecting changes that the issuer has initiated. As noted above, changes made to a security’s underlying index, portfolio or reference assets require Nasdaq to review the issuer’s listing compliance and may require Nasdaq to submit a rule filing to the Commission. It is reasonable and equitable to allocate the costs of these actions to
the issuer that implements the change or event, just as Nasdaq does in connection with other Substitution Listing Events.

The proposed change to eliminate transitional language from Rule 5005(a)(40) will simplify Nasdaq’s rules, thereby removing a potential impediment to a free and open market and national market system.

B. Self-Regulatory Organization's Statement on Burden on Competition

Nasdaq does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. This rule proposal is not primarily based on competition, but rather is designed to ensure that Nasdaq staff has adequate time and resources to review a change to an index, portfolio, or reference asset for compliance with the listing requirements and to file and obtain approval or effectiveness of a rule change, if necessary. As such, Nasdaq believes the proposed change will have no impact on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or
such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act and subparagraph (f)(6) of Rule 19b-4 thereunder.\footnote{12}{15 U.S.C. 78s(b)(3)(a)(iii).} 

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission’s Internet comment form \(\text{(http://www.sec.gov/rules/sro.shtml);}\) or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2016-059 on the subject line.

\footnote{13}{17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.}
Paper comments:

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2016-059. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml).

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-NASDAQ-2016-059 and should be submitted on or before [insert date 21 days from publication in the Federal Register].
For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.\textsuperscript{14}

The NASDAQ Stock Market Rules

5005. Definitions

(a) The following is a list of definitions used throughout the Nasdaq Listing Rules. This section also lists various terms together with references to other rules where they are specifically defined. Unless otherwise specified by the Rules, these terms shall have the meanings set forth below. Defined terms are capitalized throughout the Listing Rules.

(1) – (39) No change.

(40) "Substitution Listing Event" means: a reverse stock split, re-incorporation or a change in the Company's place of organization, the formation of a holding company that replaces a listed Company, reclassification or exchange of a Company's listed shares for another security, the listing of a new class of securities in substitution for a previously-listed class of securities, a business combination described in IM-5101-2[ (unless the transaction was publicly announced in a press release or Form 8-K prior to October 15, 2013)], or any technical change whereby the Shareholders of the original Company receive a share-for-share interest in the new Company without any change in their equity position or rights. A Substitution Listing Event also includes the replacement of, or any significant modification to, the index, portfolio or Reference Asset underlying a security listed under the Rule 5700 Series (including, but not limited to, a significant modification to the index methodology, a change in the index provider, or a change in control of the index provider).

(41) No change.

5700. Other Securities

5701. Preamble to the Listing Requirements for Other Securities

(a) This section contains the requirements for listing other securities on The Nasdaq Global Market. In the event that a Company's Primary Security is listed on the Nasdaq Global Select Market, the other securities may be listed on the Nasdaq Global Select Market.

(b) The replacement of, or any significant modification to, the index, portfolio, or Reference Asset underlying a security listed under this Rule 5700 Series (including, but
not limited to, a significant modification to the index methodology, a change in the index provider, or a change in control of the index provider) is considered a Substitution Listing Event. The Company must notify Nasdaq at least fifteen calendar days in advance of the effective date of any Substitution Listing Event. Companies should note that these types of changes may affect the Company’s compliance with the listing requirements and may require Nasdaq to file a new rule filing pursuant to Section 19(b)(1) of the Act and for such rule filing to be approved by the SEC or otherwise take effect (as applicable), before the product subject to the Substitution Listing Event can be listed or traded. Nasdaq has sole discretion as to whether it chooses to submit a rule filing designed to permit the continued listing of the security and, if submitted, whether to withdraw such rule filing. As such, Companies are encouraged to consult with Nasdaq staff sufficiently in advance of such changes to allow review and preparation of a rule filing and SEC approval, if necessary.

(c) If a Company effectuates any change, including a Substitution Listing Event, which requires the filing of a proposed rule change pursuant to Section 19(b)(1) of the Act and such rule filing has not yet been approved by the SEC or has not yet taken effect (as applicable), then Nasdaq will immediately halt trading in the applicable security until such rule filing is approved or takes effect. If a rule filing is required but Nasdaq determines not to submit one or withdraws the rule filing after it is submitted, or the SEC disapproves the rule filing, Nasdaq will immediately commence delisting procedures with respect to such security.

5930. Linked Securities, SEEDS, and Other Securities

(a) – (c) No change.

(d) Substitution Listing Fee

A Company that implements a Substitution Listing Event, including the replacement of, or any significant modification to, the index, portfolio, or Reference Asset underlying a security, shall pay a fee of $5,000 to Nasdaq for each event or change and submit the appropriate form as designated by Nasdaq.

5940. Exchange Traded Products

The fees in this Rule 5940 shall apply to securities listed under the Rule 5700 Series where no other fee schedule is specifically applicable. These securities include, but are not limited to, Portfolio Depository Receipts, Index Fund Shares, Managed Fund Shares, and NextShares.

(a) – (c) No change.
(d) Substitution Listing Fee

A Company that implements a Substitution Listing Event, including the replacement of, or any significant modification to, the index, portfolio, or Reference Asset underlying a security, shall pay a fee of $5,000 to Nasdaq for each event or change and submit the appropriate form as designated by Nasdaq.
