Self-Regulatory Organizations; NASDAQ BX, Inc.; The Nasdaq Stock Market LLC; NASDAQ PHLX LLC; Notice of Filing of Amendments No. 1 and Order Granting Accelerated Approval of Proposed Rule Changes, as Modified by Amendments No. 1, To Adopt Limit Order Protections

August 24, 2016.

I. Introduction

On June 24, 2016, NASDAQ BX, Inc. ("BX"), The Nasdaq Stock Market LLC ("Nasdaq"), and NASDAQ PHLX LLC ("Phlx," and together with BX and Nasdaq, "Exchanges") filed with the Securities and Exchange Commission ("Commission"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² proposed rule changes to

adopt Limit Order Protections ("LOP"). The proposed rule changes were published for comment in the **Federal Register** on July 13, 2016.³ On July 28, 2016, each of the Exchanges filed an Amendment No. 1 to its proposed rule change (collectively "Amendments No. 1").⁴ The Commission received no comment letters on the proposals. The Commission is publishing this notice to solicit comments on the Exchanges' proposals, as modified by Amendments No. 1, from interested persons and is approving the Exchanges' proposals, as modified by Amendments No. 1, on an accelerated basis.

II. Description of the Proposed Rule Changes, as Modified by Amendments No. 1

Each of the Exchanges proposes to adopt LOP, which is a new mandatory feature designed to prevent certain Limit Orders at prices outside of pre-set standard limits ("LOP Limit") from being accepted by the System.⁵

As proposed, LOP would apply to all Quotes and Orders, including any modified Orders,⁶ but would not apply to Market Orders, Market Maker Peg Orders, and Intermarket Sweep Orders ("ISOs").⁷ According to the Exchanges, Market Maker Peg Orders are designed to assist Market Makers with meeting their quoting obligations, and Market Makers have more sophisticated

infrastructures than other market participants and are able to manage their risk, particularly with respect to quoting, using tools that may not be available to other market participants.⁸ Moreover, according to the Exchanges, the ISO designation on an order presumes that the market participant has satisfied its obligation to route to all protected quotes with a price that is superior to the limit price of the ISO.⁹

As proposed, LOP would be operational each trading day but would not be operational during trading halts and pauses.¹⁰ On Nasdaq, LOP also would not be operational for orders designated for the opening, re-opening, and closing crosses and initial public offerings.¹¹ According to Nasdaq, the opening, re-opening, closing, and initial public offering processes already have their own price protections, and these processes involve certain price discovery features that are important in arriving at the best price.¹²

As proposed, LOP would reject incoming Limit Orders that exceed the LOP Reference Threshold.¹³ The LOP Reference Threshold for buy orders would be the LOP Reference Price (*i.e.*, the current National Best Offer) plus the applicable LOP Limit and the LOP Reference Threshold for sell orders would be the LOP Reference Price (*i.e.*, the current National Best Bid) minus the applicable LOP Limit.¹⁴ The LOP Limit would be the greater of 10% of the LOP Reference Price or \$0.50 for all securities across all trading sessions.¹⁵ LOP would not apply if there is no established LOP Reference Price (*e.g.*, there is a one-sided quote), or if the National Best Bid, when used as the

⁴ Each of the Exchanges specified in its Amendment No. 1 that LOP would not apply if there is no established LOP Reference Price, or if the National Best Bid, when used as the LOP Reference Price, is equal to or less than \$0.50. In addition, in its Amendment No. 1, Nasdaq clarified that it reserves the ability to temporarily disable LOP for certain securities in the event of extraordinary market conditions and explained the process for temporarily disabling LOP. Nasdaq also clarified that LOP would not be operational for orders designated for the re-opening cross, and further explained the existing protections for the Nasdaq opening, re-opening, and closing crosses and initial public offerings. ⁵ See proposed BX Rule 4757(d); proposed Nasdaq Rule 4757(c); and proposed NASDAQ OMX PSX ("PSX") Rule 3307(f).

⁶ The Exchanges state that if an order is modified, LOP would review the order anew and, if LOP is triggered, the modification would not take effect and the original order would be rejected. LOP Reference Price, is equal to or less than \$0.50.¹⁶

LOP would be applicable on all protocols available on each of the Exchanges.¹⁷ While each of the Exchanges intends to apply LOP system-wide, each reserves the ability to temporarily disable LOP for certain securities in the event of extraordinary market conditions in a certain symbol.¹⁸

Each of the Exchanges proposes to implement LOP within ninety days of the approval of its proposal and will issue an Equities Trader Alert in advance to inform market participants of the implementation date.¹⁹

III. Discussion and Commission Findings

The Commission finds that the proposed rule changes, as modified by Amendments No. 1, are consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities exchange.²⁰ Specifically, the Commission finds that the proposals are consistent with Section 6(b)(5) of the Act,²¹ which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system and, in general, to protect investors and the public interest.

The Commission believes that the LOP mechanism will help the Exchanges to identify and reject mispriced Limit Orders, which will help prevent the execution of Limit Orders at

unintended and potentially erroneous prices. The Commission also believes that the LOP mechanism will be specifically tailored to address the Limit Orders are not already subject to price protection mechanisms or other risk mitigation mechanisms.²²

For the foregoing reasons, the Commission finds that the proposed rule changes, as modified by Amendments No. 1, are consistent with Section 6(b)(5) of the Act²³ and the rules and regulations thereunder applicable to national securities exchanges.

V. Accelerated Approval of Proposed Rule Changes, as Modified by Amendments No. 1

The Commission finds good cause to approve the proposed rule changes, as modified by Amendments No. 1, prior to the thirtieth day after the date of publication of Amendments No. 1 in the **Federal Register**. As described above,²⁴ the amendments provided more clarity to the proposals by stating that LOP would not apply if the National Best Bid, when used as the LOP Reference Price, is equal to or less than \$0.50.²⁵ In addition, Nasdaq specified that its LOP would not be operational for orders designated for the re-opening cross,²⁶ and provided additional information regarding the existing protections for the Nasdaq opening, re-opening, and closing crosses and initial public offerings. Finally, Nasdaq clarified that, same as BX and Phlx, it would have the ability to temporarily disable LOP under certain circumstances.²⁷ The Commission believes that the amendments provided additional specificity and clarity, and provided consistency between the three proposals. Accordingly, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act,²⁸ to approve the

²⁴ See *supra* note 4.

²⁵ The Commission notes that, in the original filings, each of the Exchanges stated that LOP would not apply "if the LOP Reference Price is less than the greater of 10% or \$0.50." ¹⁸ Each of the Exchanges states that if LOP is temporarily disabled for a particular symbol, it would immediately notify market participants by sending an Equities Trader Alert. It would re-enable LOP as soon as is reasonably practicable and send an updated alert to notify participants that LOP was enabled. See BX Notice, *supra* note 3, at 45321; Nasdaq Amendment No. 1, *supra* note 4; and Phlx Notice, *supra* note 3, at 45338.

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Proposed Rule Change Amending and Restating the Second Amended and Restated Certificate of Incorporation of the Exchange's Ultimate Parent Company, Intercontinental Exchange, Inc.

August 24, 2016.

Pursuant to section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the "Act")² and Rule 19b-4 thereunder,³ notice is hereby given that, on August 17, 2016, NYSE Arca, Inc. (the "Exchange" or "NYSE Arca") filed with the Securities and Exchange Commission (the "Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend and restate the Second Amended and Restated Certificate of Incorporation (the "ICE Certificate") of the Exchange's ultimate parent company, Intercontinental Exchange, Inc. ("ICE"), to increase ICE's authorized share capital, and to make other, non-substantive changes. The proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The proposed amendments would revise the ICE Certificate⁴ to increase the total number of authorized shares of ICE common stock, par value \$0.01 per share ("Common Stock"), and make other, non-substantive changes. More specifically, the Exchange proposes to make the following amendments to the ICE Certificate:

- In Article IV, section A, the total number of shares of stock that ICE is authorized to issue would be changed from 600,000,000 to 1,600,000,000 shares, and the portion of that total constituting Common Stock would be changed from 500,000,000 to 1,500,000,000 shares.
- In Article V, section A.5, the reference to "this Section A of ARTICLE VI" would be corrected to refer to "this Section A of ARTICLE V".

References to the "Second Amended and Restated Certificate of Incorporation" would be changed throughout to refer to the "Third Amended and Restated Certificate of Incorporation", and related technical and conforming changes would be made to the recitals and signature page of the ICE Certificate.

The proposed amendments to the ICE Certificate were approved by the board of directors of ICE ("ICE Board") on August 1, 2016. The Exchange proposes that the above amendments to the ICE Certificate would be effective when filed with the Department of State of Delaware, which would not occur until approval of the amendments by the stockholders of ICE is obtained at a Special Meeting of Stockholders on October 12, 2016.

The trading price of ICE's Common Stock has risen significantly since ICE's initial public offering in 2005,⁵ and the ICE Board believes that such price

⁴ ICE owns 100% of the equity interest in Intercontinental Exchange Holdings, Inc., which in turn owns 100% of the equity interest in NYSE Holdings LLC. NYSE Holdings LLC owns 100% of the equity interest of NYSE Group, Inc., which in turn directly owns 100% of the equity interest of the Exchange and its affiliates New York Stock Exchange LLC and NYSE MKT LLC. ICE is a publicly traded company listed on the Exchange's affiliate New York Stock Exchange LLC. The Exchange's affiliates, New York Stock Exchange LLC and NYSE MKT LLC, have each submitted substantially the same proposed rule change to propose the changes described herein. See SR-NYSE-2016-57 and SR-NYSEMKT-2016-80.

⁵ The closing price of ICE's Common Stock on July 29, 2016, the trading date prior to the ICE Board vote to approve the proposal, was \$264.20. The price of ICE's Common Stock at its initial public offering on November 16, 2005, was \$26.00.
