1. **Text of Proposed Rule Change**

   (a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change to permit The Nasdaq Options Market LLC (“NOM”) to accept inbound options orders routed by Nasdaq Execution Services LLC (“NES”) from the International Securities Exchange, LLC (“ISE”) ISE Gemini, LLC (“ISE Gemini”) and ISE Mercury, LLC (“ISE Mercury”) (collectively “ISE Exchanges”).

   A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1.

   (b) Not applicable.

   (c) Not applicable.

2. **Procedures of the Self-Regulatory Organization**

   The proposed rule change was approved by the Board of Directors of the Exchange on November 10, 2016. No other action is necessary for the filing of the rule change.

3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   In conjunction with the ISE Exchanges seeking approval to provide outbound routing services to all options markets using an affiliated routing broker, NES, NOM proposes that NES be permitted to route orders from the ISE Exchanges to NOM, subject to certain limitations and conditions, as described below.

   NES is a broker-dealer and member of Nasdaq Phlx LLC (“Phlx”), Nasdaq BX, Inc. and NOM (collectively “Nasdaq Exchanges”). NES provides all routing functions for the Nasdaq Exchanges. The Nasdaq Exchanges and NES are permitted affiliates. Accordingly, the affiliate relationship between NOM and NES, its member, raises the issue of an exchange’s affiliation with a member of such exchange. Specifically, in connection with prior filings, the Commission has expressed concern that the affiliation of an exchange with one of its members raises the potential for unfair competitive advantage and potential conflicts of interest between an exchange’s self-regulatory obligations and its commercial interests.

   Specifically, in connection with prior filings, the Commission has expressed concern that the affiliation of an exchange with one of its members raises the potential for

unfair competitive advantage and potential conflicts of interest between an exchange’s self-regulatory obligations and its commercial interests.\(^6\) The Nasdaq Exchanges received approval from the Commission to permit NES to become a member of these three markets subject to certain limitations and conditions in order to perform certain routing and other functions, respectively.\(^7\) Also recognizing that the Commission has expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange to which it is routing orders, the Nasdaq Exchanges previously proposed, and the Commission approved,\(^8\) NES’s affiliation with

the Nasdaq Exchanges to permit the Exchange to accept inbound orders that NES routes in its capacity as a facility from other Nasdaq Exchanges, subject to the certain limitations and conditions. Nasdaq now proposes to permit NOM to accept inbound options orders that NES routes in its capacity as a facility of the ISE Exchanges, subject to the following limitations and conditions:

- First, the Exchange and FINRA maintain a Regulatory Services Agreement ("RSA"), as well as an agreement pursuant to Rule 17d–2 under the Act ("17d–2 Agreement"). Pursuant to the RSA and the 17d–2 Agreement, FINRA is allocated regulatory responsibilities to review NES’s compliance with certain Exchange rules. Pursuant to the RSA, however, NOM retains ultimate responsibility for enforcing its rules with respect to NES.

- Second, FINRA monitors NES for compliance with the Exchange’s trading rules, and collects and maintains certain related information.

---

9 The Exchange notes that similar filings are proposed for the Phlx and BX markets. See SR-Phlx-2016-120 and SR-BX-2016-068 (not published).

10 17 CFR 240.17d-2. FINRA reviews NES’ compliance for certain common rules. The RSA with FINRA specifies the types of business activities that NES may undertake and it also indicates the obligations to which NES is subject under the RSA. Among other things, NES must maintain a certain amount of net capital pursuant to SEC Rule 15c3-1(a)(1)(ii) and operate pursuant to SEC Rule 15c3-3(k)(2)(ii). NES is permitted to route orders in options to the appropriate market center in execution in accordance with member order and requirements.

11 NES is also subject to independent oversight by FINRA, its designated examining authority, for compliance with financial responsibility requirements.

12 Pursuant to the RSA, both FINRA and NOM collect and maintain all alerts, complaints, investigations and enforcement actions in which NES (in its capacity as a facility of Phlx and BX routing orders to NOM) is identified as a participant that has potentially violated applicable Commission or Exchange rules. The
• Third, FINRA provides a report to the Exchange’s chief regulatory officer (‘‘CRO’’), on a quarterly basis, that: (i) quantifies all alerts (of which the Exchange or FINRA is aware) that identify NES as a participant that has potentially violated Commission or Exchange rules, and (ii) lists all investigations that identify NES as a participant that has potentially violated Commission or Exchange rules.

• Fourth, NOM has in place NOM Rule 2160(c), which requires Nasdaq, Inc., as the holding company owning both the Exchange and NES, to establish and maintain procedures and internal controls reasonably designed to ensure that NES does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to the Exchange’s systems as a result of its affiliation with the Exchange, until such information is available generally to similarly situated Exchange members, in connection with the provision of inbound order routing to the Exchange.\(^\text{13}\)

The Exchange has met all the above-listed conditions in connection with NES routing in its capacity as a facility of BX and Phlx. By meeting the above conditions, the Exchange and FINRA retain these records in an easily accessible manner in order to facilitate any potential review conducted by the Commission’s Office of Compliance Inspections and Examinations. Pursuant to the RSA, the Exchange and FINRA would be required to perform these activities with respect to NES acting in its capacity as a facility of each of the affiliated entities routing orders to NOM.

Exchange has set up mechanisms that protect the independence of the Exchange’s regulatory responsibility with respect to NES, as well as demonstrate that NES cannot use any information advantage it may have because of its affiliation with the Exchange. Because the Exchange has met all the above-listed conditions, it now seeks to permit an inbound routing relationship with the ISE Exchanges pursuant to the same conditions. The Exchange will continue to comply with the four conditions stated above.

b. **Statutory Basis**

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^{14}\) in general, and with Sections 6(b)(5) of the Act,\(^{15}\) in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, because the proposed rule change will allow the Exchange to continue to receive inbound orders from NES, acting in its capacity as a facility of Phlx and BX, in a manner consistent with prior approvals and established protections and will further be permitted to receive inbound orders from the ISE Exchanges, for which NES will also act in its capacity as a facility of those markets. The Exchange believes that the proposed conditions establish mechanisms that protect the independence of the Exchange's regulatory responsibility.

---

with respect to NES, as well as ensure that NES cannot use any information it may have because of its affiliation with the Exchange, or affiliation with other Nasdaq Exchanges or ISE Exchanges, to its advantage.

4. **Self-Regulatory Organization’s Statement on Burden on Competition**

   The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Permitting NOM to receive inbound orders from the ISE Exchanges does not create any issues of intra-market competition because it involves inbound routing from affiliated markets. Nor does it result in a burden on competition among exchanges, because there are many competing options exchanges that provide routing services, including through an affiliate.

5. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

   Written comments were neither solicited nor received.

6. **Extension of Time Period for Commission Action**

   Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

   No applicable.

8. **Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission**

   The proposal is similar to other proposals for permanent approval of inbound routing from affiliates.\(^\text{16}\)

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing of Proposed Rule Change to Permit The Nasdaq Options Market LLC to Accept Inbound Options Orders Routed by Nasdaq Execution Services LLC

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)\(^1\), and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on December 20, 2016, The NASDAQ Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to permit The Nasdaq Options Market LLC (“NOM”) to accept inbound options orders routed by Nasdaq Execution Services LLC (“NES”) from the International Securities Exchange, LLC (“ISE”) ISE Gemini, LLC (“ISE Gemini”) and ISE Mercury, LLC (“ISE Mercury”) (collectively “ISE Exchanges”).

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

received on the proposed rule change. The text of these statements may be examined at
the places specified in Item IV below. The Exchange has prepared summaries, set forth
in sections A, B, and C below, of the most significant aspects of such statements.

A.  **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory
     Basis for, the Proposed Rule Change**

1.  **Purpose**

   In conjunction with the ISE Exchanges seeking approval to provide outbound
routing services to all options markets using an affiliated routing broker, NES,\(^3\) NOM
proposes that NES be permitted to route orders from the ISE Exchanges to NOM, subject
to certain limitations and conditions, as described below.

NES is a broker-dealer and member of Nasdaq Phlx LLC (“Phlx”), Nasdaq BX, Inc. and
NOM (collectively “Nasdaq Exchanges”). NES provides all routing functions for the
Nasdaq Exchanges. The Nasdaq Exchanges and NES are permitted affiliates.\(^4\)

Accordingly, the affiliate relationship between NOM and NES, its member, raises the
issue of an exchange’s affiliation with a member of such exchange. Specifically, in
connection with prior filings, the Commission has expressed concern that the affiliation
of an exchange with one of its members raises the potential for unfair competitive
advantage and potential conflicts of interest between an exchange’s self-regulatory
obligations and its commercial interests.\(^5\)

\(^3\) See SR-ISE-2016-27, SR-ISEGemini-2016-16 and SR-ISE-Mercury-2016-22 (not
yet published).

\(^4\) See Phlx Rule 985, Nasdaq Rule 2160 and BX Rule 2140.

11 NES is also subject to independent oversight by FINRA, its designated examining authority, for compliance with financial responsibility requirements.
• Second, FINRA monitors NES for compliance with the Exchange’s trading rules, and collects and maintains certain related information.\textsuperscript{12}

• Fourth, NOM has in place NOM Rule 2160(c), which requires Nasdaq, Inc., as the holding company owning both the Exchange and NES, to establish and maintain procedures and internal controls reasonably designed to ensure that NES does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to the Exchange’s systems as a result of its affiliation with the Exchange, until such information is available generally to similarly

Pursuant to the RSA, the Exchange and FINRA would be required to perform these activities with respect to NES acting in its capacity as a facility of each of the affiliated entities routing orders to NOM.

The Exchange has met all the above-listed conditions in connection with NES routing in its capacity as a facility of BX and Phlx. By meeting the above conditions, the Exchange has set up mechanisms that protect the independence of the Exchange’s regulatory responsibility with respect to NES, as well as demonstrate that NES cannot use any information advantage it may have because of its affiliation with the Exchange.

Because the Exchange has met all the above-listed conditions, it now seeks to permit an inbound routing relationship with the ISE Exchanges pursuant to the same conditions.

The Exchange will continue to comply with the four conditions stated above.

2. **Statutory Basis**

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\footnote{15 U.S.C. 78f.} in general, and with Sections 6(b)(5) of the Act,\footnote{15 U.S.C. 78f(b)(5).} in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, because the
proposed rule change will allow the Exchange to continue to receive inbound orders from NES, acting in its capacity as a facility of Phlx and BX, in a manner consistent with prior approvals and established protections and will further be permitted to receive inbound orders from the ISE Exchanges, for which NES will also act in its capacity as a facility of those markets. The Exchange believes that the proposed conditions establish mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to NES, as well as ensure that NES cannot use any information it may have because of its affiliation with the Exchange, or affiliation with other Nasdaq Exchanges or ISE Exchanges, to its advantage.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Permitting NOM to receive inbound orders from the ISE Exchanges does not create any issues of intra-market competition because it involves inbound routing from affiliated markets. Nor does it result in a burden on competition among exchanges, because there are many competing options exchanges that provide routing services, including through an affiliate.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or
(ii) as to which the Exchange consents, the Commission shall: (a) by order approve or disapprove such proposed rule change, or (b) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission’s Internet comment form
  (http://www.sec.gov/rules/sro.shtml); or

- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2016-169 on the subject line.
