**Partial Amendment No. 2 to SR-NASDAQ-2018-70**

On August 21, 2018, the Nasdaq Stock Market LLC (“Nasdaq” or the “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) a proposed rule change to list and trade on the Exchange non-convertible corporate bonds.<sup>1</sup> The Commission published the proposal in the Federal Register for notice and comment on August 30, 2018.<sup>2</sup> The public comment period expired on September 27, 2018. No comments were submitted. The Exchange subsequently filed Amendment No. 1 to the proposed rule change on October 12, 2018.

The Exchange is filing this Amendment No. 2 to SR-NASDAQ-2018-70 to render certain aspects of it more clear and accurate. Specifically, Nasdaq proposes the following amendments to the Exhibit 5, Form 19b-4, and Exhibit 1 to SR-NASDAQ-2018-70.

**Amendment to the Proposed Rule Text in Exhibit 5**

As described below, proposed additions to the new rule language contained in the original filing (as amended by Amendment No. 1), are double underlined and **bolded**. The full text of the proposed rule change, as amended by Amendment Nos. 1 and 2, is included in Exhibit 5.

1. The Exchange proposes to amend Rule 11890(b)(ii) to clarify that when a Senior Official, own its own motion, takes action with respect to a potentially erroneous execution on the Nasdaq Bond Exchange, such action shall occur, in extraordinary circumstances, at the start of the Bond Trading Session on the trading day following execution of the trade under review.

...

**(b) Procedures for Reviewing Transactions on Nasdaq's Own Motion**

...

(ii) Senior Official Acting on Own Motion. A Senior Official, acting on his or her own motion, may review potentially erroneous executions and declare trades null and void or shall decline to take any action in connection with the completed trade(s). In such events, the Senior Official will rely on the provisions of paragraph (a)(2)(C)(1)-([3]4) of this Rule. Absent extraordinary circumstances, any such action of the Senior Official shall be taken in a timely fashion, generally within thirty (30) minutes of the detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Senior Official must be taken by no later than the start of Regular Trading Hours **(or the start of the Bond Trading Session, in the case of a potentially erroneous execution on the Nasdaq Bond Exchange)** on the trading day following the date of execution(s) under review. When such action is taken independently, each party involved in the transaction shall be notified as soon as practicable by Nasdaq, and the party aggrieved by the action may appeal such action in accordance with the provisions of paragraph (c)(1) below.

...

Amendment to the Form 19b-4 and Exhibit 1

Amendment No. 2 makes the following changes to Form 19b-4 and to Exhibit 1, as they have been amended by Amendment No. 1. In the below, new text is underlined.

1. For all instances in which the Form 19b-4 and Exhibit 1 refer to the “Nasdaq Stock Exchange,” replace the word “Exchange” with the word “Market.”
2. On page 24 of the Form 19b-4, and on page 59 of Exhibit 1, in the paragraph below the heading “System Information,” the Exchange proposes to make the following change to specify that the backup data center for the Nasdaq Bond Exchange will be located in Chicago, IL:

The Nasdaq Bond Exchange will operate out of the same data center in Carteret, New Jersey as does the Nasdaq Stock Market and other exchanges owned by Nasdaq, Inc., but it will use equipment that is separate from the equipment used by those exchanges. In addition, the Nasdaq Bond Exchange will have a backup data center in Chicago, IL that will be geographically diverse from the Carteret data center and that will be designed to resume operations of the Nasdaq Bond Exchange, in the event of a system failure, in accordance with the requirements of Regulation Systems Compliance and Integrity. 48 The Nasdaq Bond Exchange will use Nasdaq’s flexible INET technology, which is easily scalable to higher volumes through the addition of more equipment in the data center. The Nasdaq Bond Exchange will be protected from unauthorized access through the same robust firewall protection already in use at Nasdaq, Inc.’s data centers.

\*\*\*\*\*

The proposed rule change, as amended, remains consistent with the Securities Exchange Act of 1934, and specifically with Section 6(b)(5), (6), and (7),<sup>3</sup> for the reasons outlined in the original proposal. Amendment No. 2 clarifies the fact that a Senior Official of the Exchange, on its own motion, may in extraordinary circumstances take action on a potentially erroneous execution on the Nasdaq Bond Exchange at the start of the “Bond Trading Session” that immediately follows the date of execution of the trade. Amendment No. 2 also corrects errors in several references to the name of the Exchange in Form 19b-4 and Exhibit 1. Finally, Amendment No. 2 clarifies the Exchange’s representation that the Nasdaq Bond Exchange will have a back-up facility that is geographically diverse from its primary facility in Carteret, NJ by specifying that the back-up facility will be located in Chicago, IL.

These clarifications and corrections do not change Nasdaq’s analysis for why the proposed rule change will not result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, and why the proposed rule change is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. Amendment No. 2 does not make any changes that are unique or novel. For the same reasons, the Exchange respectfully requests that the Commission find good cause to accelerate effectiveness of this Amendment No. 2 pursuant to Section 19(b)(2) of the Act.

(B) A class of equity issued by the same issuer as the non-convertible bond has been halted or suspended by, or de-listed from, the Exchange or by or from its primary listing exchange (NYSE or NYSE American), or

(C) News reports have a material impact on the non-convertible bond, its issuer, or related stock of the issuer, or

(D) If the non-convertible bond is to be called for redemption or will mature or become subject to retirement, and thereafter will be subject to de-listing, then the Exchange shall cease trading the non-convertible bond, effective not less than 10 days before the date when such de-listing becomes effective, pursuant to a de-listing application that the Exchange submits to the Commission on Form 25 and consistent with Rule 12d2-2 and the Act.

(2) Procedures for Bond Halts and Suspensions.

(A) In the event of a trading halt or suspension on the Nasdaq Bond Exchange, a halt or suspension message shall be disseminated by the Exchange to subscribers to the Nasdaq Corporates Totalview Data Feed to signal both the commencement and the end of the halt or suspension.

(B) Upon commencement of a bond halt or suspension, existing orders that are pending in the Nasdaq Bond Exchange shall be cancelled and new orders entered into the Nasdaq Bond Exchange during a bond halt or suspension will not be accepted.

(C) The Nasdaq Bond Exchange will begin accepting new orders and will resume trading upon the conclusion of a bond halt or suspension.

#### **5800. Failure to Meet Listing Standards**

\* \* \* \* \*

**5810. Notification of Deficiency by the Listing Qualifications Department**

When the Listing Qualifications Department determines that a Company does not meet a listing standard set forth in the Rule 5000 Series, it will immediately notify the Company of the deficiency. As explained in more detail below, deficiency notifications are of four types:

(1) – (4) No change.

(a) – (b) No change.

**IM-5810-1. Disclosure of Written Notice of Staff Determination**

No change.

**(c) Types of Deficiencies and Notifications**

The type of deficiency at issue determines whether the Company will be immediately suspended and delisted, or whether it may submit a compliance plan for review or is entitled to an automatic cure or compliance period before a Staff Delisting Determination is issued. In the case of a deficiency not specified below, Staff will issue the Company a Staff Delisting Determination or a Public Reprimand Letter.

**(1) Deficiencies that Immediately Result in a Staff Delisting Determination**

Staff's notice will inform the Company that its securities are immediately subject to suspension and delisting when:

- a Company fails to timely solicit proxies;
- an Equity Investment Tracking Stock fails to comply with the additional continued listing requirements in Rule 5222(c) or a Staff Delisting Determination has been issued with respect to the security such Equity Investment Tracking Stock tracks;
- the common stock of the REIT in a Paired Share Unit listed under Rule 5226 becomes separately tradable from the common stock of the Parent; [or]
- An issuer of non-convertible bonds listed on Nasdaq fails to meet its obligations on the non-convertible bonds, as set forth in Rule 5702(b)(2); or
- Staff has determined, under its discretionary authority in the Rule 5100 Series, that the Company's continued listing raises a public interest concern.

**(2) Deficiencies for which a Company may Submit a Plan of Compliance for Staff Review**

No change.

**(3) Deficiencies for which the Rules Provide a Specified Cure or Compliance Period**

With respect to deficiencies related to the standards listed in (A) - ([E]F) below, Staff's notification will inform the Company of the applicable cure or compliance period provided by these Rules and discussed below. If the Company does not regain compliance within the specified cure or compliance period, the Listing Qualifications Department will immediately issue a Staff Delisting Determination letter.

**(A) Bid Price**

A failure to meet the continued listing requirement for minimum bid price shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved during any compliance period by meeting the applicable standard for a minimum of 10 consecutive business days during the applicable compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)([F]G).

**(i) – (ii) No change.**

**(B) No change.**

**(C) Market Value of Listed Securities**

A failure to meet the continued listing requirements for Market Value of Listed Securities shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved by meeting the applicable standard for a minimum of 10 consecutive business days during the 180 day compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)([F]G).

**(D) Market Value of Publicly Held Shares**

A failure to meet the continued listing requirement for Market Value of Publicly Held Shares shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved by meeting the applicable standard for a minimum of 10 consecutive business days during the 180 day compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)([F]G).

**(E) No change.**

**(F) Market Value/Principal Amount Outstanding of Non-Convertible Bonds**

A failure to meet the continued listing requirement for non-convertible bonds, as set forth in Rule 5702(b)(1) (requiring non-convertible bonds to have at least \$400,000 in market value or principal amount outstanding) shall be determined to exist only if the deficiency continues for a period of 30 consecutive business days. Upon such failure, the Company shall be notified promptly and shall have a period of 180 calendar days from such notification to achieve compliance. Compliance can be achieved during this 180 calendar day compliance period by meeting the applicable standard for a minimum of 10 consecutive business days during the applicable compliance period, unless Staff exercises its discretion to extend this 10 day period as discussed in Rule 5810(c)(3)(G).

**(F)G) Staff Discretion Relating to the Price-based Requirements**

If a Company fails to meet the Market Value of Listed Securities, Market Value of Publicly Held Shares, [or ]Bid Price, or Market Value/Principal Amount Outstanding requirements, each of which is related to the Company's security price and collectively called the "Price-based Requirements," compliance is generally achieved by meeting the requirement for a minimum of ten consecutive business days. However, Staff may, in its discretion, require a Company to satisfy the applicable Price-based Requirement for a period in excess of ten consecutive business days, but generally no more than 20 consecutive business days, before determining that the Company has demonstrated an ability to maintain long-term compliance. In determining whether to require a Company to meet the applicable Price-based-requirement beyond ten business days, Staff may consider all relevant facts and circumstances, including without limitation:

- (i) the margin of compliance (the amount by which a Company exceeds the applicable Price-based Requirement);
- (ii) the trading volume (a lack of trading volume may indicate a lack of bona fide market interest in the security at the posted bid price);
- (iii) the Market Maker montage (the number of Market Makers quoting at or above \$1.00 or the minimum price necessary to satisfy another Price-based Requirement; and the size of their quotes); and
- (iv) the trend of the [stock]security price (is it up or down).

**(4) Public Reprimand Letter**

No change.

**(d) Additional Deficiencies**

No change.

(3) – (11) No change.

(b) – (e) No change.

\* \* \* \* \*

**(b) Annual Fee**

The issuer of each class of non-convertible bonds listed pursuant to Rule 5702 shall pay to Nasdaq an annual fee of \$5,000, except that a Company that switches its listing market for its non-convertible bonds from the New York Stock Exchange or NYSE American to Nasdaq shall not be liable for an annual fee until January 1 of the calendar year following the effective date of the non-convertible bonds listing on Nasdaq.

#### **11890. Clearly Erroneous Transactions**

The provisions of paragraphs (a)(2)(C), (c)(1), (b)(i), and (b)(ii) of this Rule, as amended on September 10, 2010, and the provisions of paragraphs (g) through (i), shall be in effect during a pilot period to coincide with the pilot period for the Limit Up-Limit Down Plan, including any extensions to the pilot period for the Plan. If the Plan is not either extended

or approved as permanent, the prior versions of paragraphs (a)(2)(C), (c)(1), and (b) shall be in effect, and the provisions of paragraphs (g) through (i) shall be null and void.

**(a) Authority to Review Transactions Pursuant to Complaint of Market Participant**

**(1) Definition.**

For purposes of this rule, the terms of a transaction executed on Nasdaq are "clearly erroneous" when there is an obvious error in any term, such as price, number of shares or other unit of trading, or identification of the security. A transaction made in clearly erroneous error and cancelled by both parties or determined by Nasdaq to be clearly erroneous will be removed from the consolidated tape. Executions as a result of a Halt Auction under Rule 4120(c)(10) are not eligible for a request for review as clearly erroneous under this Rule.

**(2) Requests and Timing of Review.**

A member that receives an execution on an order that was submitted erroneously to Nasdaq for its own or customer account may request that Nasdaq review the transaction under this rule. An official of Nasdaq shall review the transaction under dispute and determine whether it is clearly erroneous, with a view toward maintaining a fair and orderly market and the protection of investors and the public interest. Such requests for review shall be made in writing via electronic complaint or other means specified from time to time by Nasdaq as announced in a Notice to Members or Head Trader Alert. A request for review shall include information concerning the time of the transaction(s), security symbol(s), number of shares or other unit of trading, price(s), side (bought or sold), and factual basis for believing that the trade is clearly erroneous. Upon receipt of a timely filed request that satisfies the [Numerical G]guidelines set forth in paragraph (a)(2)(C) the counterparty to the trade shall be notified by Nasdaq as soon as practicable, but generally within 30 minutes. A Nasdaq official may request additional supporting written information to aid in the resolution of the matter. If requested, each party to the transaction shall provide, within 30 minutes of the request, any supporting written information. Either party to the disputed trade may request the supporting written information provided by the other party on the matter.

**(A) Filing Time Periods**

No change.

**(B)** Once a party has applied to Nasdaq for review and the transaction has been determined to be eligible for review, the transaction shall be reviewed and a determination rendered, unless (i) both parties (or the party in the case of a cross order entered into one of Nasdaq's crossing networks) to the transaction agree to withdraw the application for review prior to the time a decision is rendered by the Nasdaq official, or (ii) the complainant withdraws its application for review prior to the notification of counterparties. In the event that the Nasdaq official determines that the transaction in

dispute is clearly erroneous, the official shall declare the transaction null and void. A determination shall be made generally within 30 minutes of receipt of the complaint, but in no case later than the start of Regular Trading Hours (9:30:00 to 4:00:00) or, for the Nasdaq Bond Exchange, no later than the start of the Bond Trading Session (8:30:00 to 4:00:00), on the following trading day. The parties shall be promptly notified of the determination.

(C) Determinations of a clearly erroneous execution will be made as follows:

(1) - (3) No change.

(4) Erroneous Trades on the Nasdaq Bond Exchange. In lieu of paragraphs (C)(1)-(C)(3) above, when determining whether a trade in non-convertible bonds listed on the Nasdaq Bond Exchange is clearly erroneous, a Nasdaq official may consider any and all relevant factors of an execution on a case by case basis including, but not limited to, the following: (i) execution price; (ii) volume and volatility of a non-convertible bond; (iii) news released for the issuer or the non-convertible bond and/or the related equity security; (iv) trading halts; (v) corporate actions; (vi) general market conditions; (vii) the rating of the non-convertible bond; (viii) interest and/or coupon rate; (ix) maturity date; (x) yield curves; (xi) prior print, if available within a reasonable time frame; (xii) executions inconsistent with the trading pattern of a non-convertible bond; (xiii) current day's trading high/low; (xiv) recent day's and week's trading high/low; (xv) executions outside the 52 week high/low; (xvi) effect of a single large order creating several prints at various prices; and (xvii) quotes and executions of other market centers.

**(b) Procedures for Reviewing Transactions on Nasdaq's Own Motion**

(i) *System Disruption or Malfunctions.* In the event of any disruption or a malfunction in the operation of any electronic communications and trading facilities of Nasdaq in which the nullification of transactions may be necessary for the maintenance of a fair and orderly market or the protection of investors and the public interest exist, the President of Nasdaq or any designated officer or senior level employee ("Senior Official") of Nasdaq, on his or her own motion, may review such transactions and declare such transactions arising out of the operation of such facilities during such period null and void. In such events, the Senior Official will rely on the provisions of paragraph (a)(2)(C)(1)-([3]4) of this Rule, but in extraordinary circumstances may also use a lower Numerical Guideline if necessary to maintain a fair and orderly market, protect investors and the public interest. Absent extraordinary circumstances, any such action of the Senior Official pursuant to this paragraph (i) shall be taken within thirty (30) minutes of detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Senior Official must be taken by no later than the start of Regular Trading Hours (or the start of the Bond Trading Session, in the case of a potentially erroneous execution on the Nasdaq Bond Exchange) on the trading day following the date of execution(s) under review. Each Member involved in the transaction shall be notified as soon as practicable by

Nasdaq, and the party aggrieved by the action may appeal such action in accordance with the provisions of paragraph (c)(1) below.

(ii) *Senior Official Acting on Own Motion.* A Senior Official, acting on his or her own motion, may review potentially erroneous executions and declare trades null and void or shall decline to take any action in connection with the completed trade(s). In such events, the Senior Official will rely on the provisions of paragraph (a)(2)(C)(1)-([3]4) of this Rule. Absent extraordinary circumstances, any such action of the Senior Official shall be taken in a timely fashion, generally within thirty (30) minutes of the detection of the erroneous transaction. When extraordinary circumstances exist, any such action of the Senior Official must be taken by no later than the start of Regular Trading Hours on the trading day following the date of execution(s) under review. When such action is taken independently, each party involved in the transaction shall be notified as soon as practicable by Nasdaq, and the party aggrieved by the action may appeal such action in accordance with the provisions of paragraph (c)(1) below.

**(c) Review by the Nasdaq Review Council**

(1) A member or person associated with any such member may appeal a determination made under paragraph (a) to the Nasdaq Review Council. A member or person associated with a member may appeal a determination made under paragraph (b) to the Nasdaq Review Council unless the Senior Official making the determination also determines that the number of the affected transactions is such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest, and further provided that with respect to rulings made by Nasdaq in conjunction with one or more additional market centers, the number of affected transactions is similarly such that immediate finality is necessary to maintain a fair and orderly market and to protect investors and the public interest and, hence, are also non-appealable. An appeal must be made in writing, and must be received by Nasdaq within thirty (30) minutes after the person making the appeal is given the notification of the determination being appealed. Once a written appeal has been received, the counterparty to the trade that is the subject of the appeal will be notified of the appeal and both parties shall be able to submit any additional supporting written information up until the time the appeal is considered by the Nasdaq Review Council. Either party to a disputed trade may request the written information provided by the other party during the appeal process. An appeal to the Nasdaq Review Council shall not operate as a stay of the determination being appealed, and the scope of the appeal shall be limited to trades to which the person making the appeal is a party.

Once a party has appealed a determination to the Nasdaq Review Council, the determination shall be reviewed and a decision rendered, unless (i) both parties to the transaction agree to withdraw the appeal prior to the time a decision is rendered by the Nasdaq Review Council, or (ii) the party filing the appeal withdraws its appeal prior to the notification of counterparties. The Nasdaq Review Council panel shall review the facts and render a decision as soon as practicable, but generally on the same trading day

as the execution(s) under review. On requests for appeal received between 3:00 ET and the close of trading in the Late Trading Session or the Bond Trading Session, as applicable, a decision will be rendered as soon as practicable, but in no case later than the trading day following the date of the execution under review. Upon consideration of the record, and after such hearings as it may in its discretion order, the Nasdaq Review Council, pursuant to the standards set forth in this rule, shall affirm, modify, reverse, or remand the determination.

(2) – (3) No change.

(d) – (h) No change.

**(i) Trading Halts.** In the event of any disruption or malfunction in the operation of the electronic communications and trading facilities of the Exchange, another market center or responsible single plan processor in connection with the transmittal or receipt of a regulatory trading halt, suspension or pause, an Officer of the Exchange or senior level employee designee, acting on his or her own motion, shall nullify any transaction in a security that occurs after the primary listing market for such security declares a regulatory trading halt, suspension or pause with respect to such security and before such regulatory trading halt, suspension or pause with respect to such security has officially ended according to the primary listing market. In addition, in the event a regulatory trading halt, suspension or pause is declared, then prematurely lifted in error and is then re-instituted, an Officer of the Exchange or senior level employee designee shall nullify transactions that occur before the official, final end of the halt, suspension or pause according to the primary listing market. Any action taken in connection with this paragraph shall be taken in a timely fashion, generally within thirty (30) minutes of the detection of the erroneous transaction and in no circumstances later than the start of the Regular Market Session (or the Bond Trading Session, as applicable) on the trading day following the date of execution(s) under review. Any action taken in connection with this paragraph will be taken without regard to the Numerical Guidelines set forth in this Rule. Each Member involved in a transaction subject to this paragraph shall be notified as soon as practicable by the Exchange, and the party aggrieved by the action may appeal such action in accordance with the provisions of paragraph (c) above.
