NOTE: Clicking the button at right will digitally sign and lock this form. A digital signature is as legally binding as a physical signature, and once signed, this form cannot be changed.
The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3).

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission’s permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.
1. **Text of the Proposed Rule Change**

   (a) The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange"), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")\(^1\) and Rule 19b-4 thereunder,\(^2\) is filing with the Securities and Exchange Commission ("SEC" or "Commission") a proposal to amend Rule 4759 (Data Feeds Utilized) to (i) change the primary source of quotation data of certain market centers to reflect that the Exchange will receive a direct feed from NYSE National, Inc. ("NYSE National"), NYSE Chicago, Inc. ("NYSE Chicago"), and Investors Exchange LLC ("IEX") as its primary data source and CQS/UQDF will become its secondary data source for the handling, routing and execution of orders and for performing regulatory compliance processes related to each of those functions and (ii) add MIAx PEARL, LLC ("MIAx PEARL") and MEMX LLC ("MEMX") to the list of market centers under Rule 4759 and provide that the Exchange will utilize CQS/UQDF.

   A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1. The text of the proposed rule change is attached as Exhibit 5.

   (b) Not applicable.

   (c) Not applicable.

2. **Procedures of the Self-Regulatory Organization**

   The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange (the "Board") on September 25, 2019. Exchange staff will advise the Board of any action taken.

3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

a. **Purpose**

The Exchange proposes to update and amend the data feeds table in Rule 4759, which sets forth on a market-by-market basis the specific proprietary and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance processes related to each of those functions. Specifically, the table would be amended to reflect the Exchange will receive a direct feed from NYSE National, Inc. (“NYSE National”), NYSE Chicago, Inc. (“NYSE Chicago”), and Investors Exchange LLC (“IEX”) as its primary data source and CQS/UQDF will become its secondary data source for the handling, routing and execution of orders and for performing regulatory compliance processes related to each of those functions. The change to the primary sources reflects the Exchange’s effort to increase the amount of data it gathers and to have an additional source in the event the System Information Processor is unable to provide data. Additionally, in anticipation of their planned launches, the Exchange proposes to amend the table in Rule 4759 to

include MIAx PEARL, LLC (“MIAx Pearl”) and MEMX LLC (“MEMX”). The
Exchange will use securities information processor (“SIP”) data, i.e., CQS SIP data, for
securities reported under the Consolidated Quotation System and Consolidated Quotation
Plan and UQDF SIP data for securities reported under the Nasdaq Unlisted Trading
Privileges Plan to obtain MIAx Pearl and MEMX quotation information. At this stage,
no secondary source for MIAx Pearl and MEMX will be specified.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the
Act,\(^4\) in general, and furthers the objectives of Section 6(b)(5) of the Act,\(^5\) in particular,
in that it is designed to promote just and equitable principles of trade, to remove
impediments to and perfect the mechanism of a free and open market and a national
market system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed rule change removes impediments to
and perfects the mechanism of a free and open market because adding MIAx Pearl and
MEMX to its list of market centers for which the Exchange consumes quotation data, as
well as changing the primary source of quotation data for NYSE National, NYSE
Chicago and IEX, will provide clarity to market participants. Moreover, it is necessary
and consistent with the public interest and the protection of investors to update the
Exchange’s table of market centers in order to provide transparency with respect to all the

direct proprietary and network processor feeds from which the Exchange obtains market data.

4. **Self-Regulatory Organization’s Statement on Burden on Competition**

   The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issue; instead, its purpose is to enhance transparency with respect to the operation of the Exchange and its use of market data feeds.

5. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

   No written comments were either solicited or received.

6. **Extension of Time Period for Commission Action**

   Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

   The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)\(^6\) of the Act and Rule 19b-4(f)(6) thereunder\(^7\) in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

\(^7\) [17 CFR 240.19b-4(f)(6).]
The Exchange believes that the proposed rule change meets the criteria of subparagraph (f)(6) of Rule 19b-4 because it neither significantly affects the protection of investors or the public interest in that the rule change is merely to amend Rule 4759 to reflect the fact that the Exchange will consume data directly from the NYSE National, NYSE Chicago, and IEX feeds and will add MIAX Pearl and MEMX to its list of market centers for which the Exchange consumes quotation data. For the same reason, the Exchange does not believe that the proposal will impose any burden on competition. Accordingly, the Exchange believes that the proposed rule change is noncontroversial and satisfies the requirements of Rule 19b-4(f)(6).

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 4759 (Data Feeds Utilized) to (i) change the primary source of quotation data of certain market centers to reflect that the Exchange will receive a direct feed from NYSE National, Inc. ("NYSE National"), NYSE Chicago, Inc. ("NYSE Chicago"), and Investors Exchange LLC ("IEX") as its primary data source and CQS/UQDF will become its secondary data source for the handling, routing and execution of orders and for performing regulatory compliance processes related to each of those functions and (ii) add MIAx PEARL, LLC ("MIAx PEARL") and MEMX LLC

(“MEMX”) to the list of market centers under Rule 4759 and provide that the Exchange will utilize CQS/UQDF.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to update and amend the data feeds table in Rule 4759, which sets forth on a market-by-market basis the specific proprietary and network processor feeds that the Exchange utilizes for the handling, routing, and execution of orders, and for performing the regulatory compliance processes related to each of those functions. Specifically, the table would be amended to reflect the Exchange will receive a direct feed from NYSE National, NYSE Chicago, and IEX as its primary data source and CQS/UQDF will become its secondary data source for the handling, routing and execution of orders and for performing regulatory compliance processes related to each of those functions. The change to the primary sources reflects the Exchange’s effort to increase the amount of data it gathers and to have an additional source in the event the
System Information Processor is unable to provide data. Additionally, in anticipation of their planned launches,\(^3\) the Exchange proposes to amend the table in Rule 4759 to include MIA\(X\) PEARL, LLC (“MIA\(X\) Pearl”) and MEMX LLC (“MEMX”). The Exchange will use securities information processor (“SIP”) data, i.e., CQS SIP data, for securities reported under the Consolidated Quotation System and Consolidated Quotation Plan and UQDF SIP data for securities reported under the Nasdaq Unlisted Trading Privileges Plan to obtain MIA\(X\) Pearl and MEMX quotation information. At this stage, no secondary source for MIA\(X\) Pearl and MEMX will be specified.

2. **Statutory Basis**

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,\(^4\) in general, and furthers the objectives of Section 6(b)(5) of the Act,\(^5\) in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The Exchange believes that the proposed rule change removes impediments to and perfects the mechanism of a free and open market because adding MIA\(X\) Pearl and MEMX to its list of market centers for which the Exchange consumes quotation data, as well as changing the primary source of quotation data for NYSE National, NYSE

Chicago and IEX, will provide clarity to market participants. Moreover, it is necessary and consistent with the public interest and the protection of investors to update the Exchange’s table of market centers in order to provide transparency with respect to all the direct proprietary and network processor feeds from which the Exchange obtains market data.

B. **Self-Regulatory Organization’s Statement on Burden on Competition**

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule change is not designed to address any competitive issue; instead, its purpose is to enhance transparency with respect to the operation of the Exchange and its use of market data feeds.

C. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

No written comments were either solicited or received.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act\(^6\) and subparagraph (f)(6) of Rule 19b-4 thereunder.\(^7\)

---

\(^7\) 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the
At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or

- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-NASDAQ-2020-043 on the subject line.

Paper comments:

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-NASDAQ-2020-043. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-NASDAQ-2020-043 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority. 8

4759. Data Feeds Utilized

(a) The Nasdaq System consumes quotation data from the below proprietary and network processor feeds for the handling, routing, and execution of orders, as well as for the regulatory compliance processes related to those functions. The Primary Source of data is used unless it is delayed by a configurable amount compared to the Secondary Source of data. The Exchange will revert to the Primary Source of data once the delay has been resolved. The configurable amount described in this rule will be made available to members via Equity Trader Alert.
