A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1. There is no rule text for this proposed rule change.

(b) Not applicable.

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors (the “Board”) on November 5, 2020. 3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

Nasdaq is filing this proposal to extend the implementation date of its enhancements to the EOD summary message on NLS Plus to May 17, 2021.

Nasdaq proposed to enhance the EOD summary message on NLS Plus by replacing the current high, low and closing price of a security based on its trading on the Nasdaq, Nasdaq BX and Nasdaq PSX exchanges with the consolidated high, low and closing price as published by the SIPs, and adding the opening price of a security published by the SIPs to that message. These changes were filed by Nasdaq on February 17, 2021, and published in the Federal Register on March 8, 2021.³

Nasdaq initially proposed that this change become operative on April 12, 2021. Due to a customer request to allow more weekend testing in advance of the date of launch, Nasdaq has decided to delay the implementation of this new functionality to May 17, 2021. Nasdaq announced the new implementation date on a Data Technical News Announcement disseminated on March 11, 2021.⁴

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular,

³ See Securities Exchange Act Release No. 91241 (March 2, 2021), 86 FR 13427 (March 8, 2021) (SR-Nasdaq-2021-010).

in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The purpose of this proposal is to inform the SEC and market participants of the new implementation date for the enhancements to the EOD summary message on NLS Plus. This functionality was previously proposed in a rule filing that was submitted to the SEC, and this proposal does not change the substance of that filing. Nasdaq is delaying the implementation date to allow for additional weekend testing prior to implementation.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As explained above, the purpose of this proposal is to inform the SEC and market participants of the new implementation date for the enhancements to the EOD summary message on NLS Plus, and the Exchange does not expect the date change to place any burden on competition.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section

19(b)(3)(A)(iii)⁷ of the Act and Rule 19b-4(f)(6) thereunder⁸ in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

Nasdaq does not believe that this proposal significantly affects the protection of investors or the public interest, or imposes any significant burden on competition. As explained above, the purpose of this proposal is to inform the SEC and market participants of the new implementation date for enhancements to the NLS Plus EOD summary message of May 17, 2021. This functionality had previously been proposed in a rule filing that was submitted to the SEC, and this proposal does not change the substance of that filing. Nasdaq is delaying the implementation date to allow for additional weekend testing prior to implementation.

Furthermore, Rule 19b-4(f)(6)(iii)⁹ requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the

Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that market participants will have the opportunity to engage in additional weekend testing prior to implementation, as requested by an Exchange customer. As noted previously, this functionality was previously proposed in a rule filing that was submitted to the SEC, and this proposal does not change the substance of that filing.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Nasdaq is filing this proposal to extend the implementation date of its enhancements to the EOD summary message on NLS Plus to May 17, 2021.

Nasdaq proposed to enhance the EOD summary message on NLS Plus by replacing the current high, low and closing price of a security based on its trading on the Nasdaq, Nasdaq BX and Nasdaq PSX exchanges with the consolidated high, low and closing price as published by the SIPs, and adding the opening price of a security published by the SIPs to that message. These changes were filed by Nasdaq on February 17, 2021, and published in the Federal Register on March 8, 2021.³

Nasdaq initially proposed that this change become operative on April 12, 2021. Due to a customer request to allow more weekend testing in advance of the date of launch, Nasdaq has decided to delay the implementation of this new functionality to May

17, 2021. Nasdaq announced the new implementation date on a Data Technical News Announcement disseminated on March 11, 2021.⁴

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest.

The purpose of this proposal is to inform the SEC and market participants of the new implementation date for the enhancements to the EOD summary message on NLS Plus. This functionality was previously proposed in a rule filing that was submitted to the SEC, and this proposal does not change the substance of that filing. Nasdaq is delaying the implementation date to allow for additional weekend testing prior to implementation.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. As explained above, the purpose of this proposal is to inform the SEC and market participants of the new implementation date for the enhancements to the EOD summary message on NLS Plus, and the Exchange does not expect the date change to place any burden on competition.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:
