From: Securities and Exchange Commission, Office of FOIA Services, 100 F Street NE, Washington, DC 20549-2736

Notice is hereby given, that pursuant to the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*), the Securities and Exchange Commission (“Commission”) is soliciting comments on the collection of information summarized below. The Commission plans to submit this existing collection of information to the Office of Management and Budget for extension and approval.

Rule 425 (17 CFR 230.425) under the Securities Act of 1933 (15 U.S.C. 77a *et seq.*) requires the filing of certain prospectuses and communications under Rule 135 (17 CFR 230.135) and Rule 165 (17 CFR 230.165) in connection with business combination transactions. The purpose of the rule is to permit more oral and written communications with shareholders about tender offers, mergers and other business combination transactions on a more timely basis, so long as the written communications are filed on the date of first use. Approximately 5,370 issuers file communications under Rule 425 at an estimated 0.25 hours per response for a total 1,343 annual burden hours (0.25 hours per response × 5,370 responses).

Written comments are invited on: (a) whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency’s estimate of the burden imposed by the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication by December 4, 2023.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information

unless it displays a currently valid control number.

Please direct your written comment to David Bottom, Director/Chief Information Officer, Securities and Exchange Commission, c/o John Pezzullo, 100 F Street NE, Washington, DC 20549 or send an email to: PRA_Mailbox@sec.gov.

Dated: September 28, 2023.

[Release No. 34-98659; File No. SR-NASDAQ-2023-022]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To Create a New, Non-Trading Limited Underwriter Membership Class and Impose Related Requirements for Principal Underwriting Activity

September 29, 2023.

I. Introduction

On July 12, 2023, The Nasdaq Stock Market LLC (“Nasdaq” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² a proposed rule change to create a new, non-trading limited underwriter membership class and impose related requirements for principal underwriting activity in connection with a company applying for initial listing on the exchange with a transaction involving an underwriter. The proposed rule change was published for comment in the **Federal Register** on July 31, 2023.³ On September 12, 2023, pursuant to Section 19(b)(2) of the Exchange Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the

proposed rule change.⁵ The Commission has received no comment letters on the proposed rule change. The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

II. Description of the Proposed Rule Change

Nasdaq states in its proposal that it recently issued an Equity Regulatory Alert⁷ that highlighted the important role of underwriters as gatekeepers in the initial public offerings (“IPO”) process and the applicability of market rules and the federal securities laws.⁸ Nasdaq states that notwithstanding the important role of underwriters, the Exchange does not currently require underwriters of companies that are going public on the Exchange to be Exchange members.⁹

Nasdaq therefore is proposing to amend its rules to create a new, limited membership class for those underwriters seeking only to perform underwriting activity as the principal underwriter on the Exchange¹⁰ (and not seeking access to trade via the Nasdaq Market Center) and to require a company applying for initial listing in connection with a transaction involving an underwriter to have a principal

⁵ See Securities Exchange Act Release No. 99366, 88 FR 63999 (September 18, 2023). The Commission designated October 29, 2023, as the date by which the Commission shall approve or disapprove, or institute proceedings to determine whether to approve or disapprove, the proposed rule change.

⁶ 15 U.S.C. 78s(b)(2)(B).

⁷ <https://www.nasdaqtrader.com/MicroNews.aspx?id=ERA2022-9>.

⁸ Nasdaq also described that it had observed instances in the Fall of 2022 of unusually high price spikes immediately following the pricing of certain IPOs on the Exchange, mostly with respect to small-cap companies whose offerings were less than \$25 million. The IPOs that were the subject of these extreme price spikes then experienced equally dramatic price declines to a level at or below the offering price. See Notice, *supra* note 3, 88 FR at 49509.

⁹ See Nasdaq General Rules, General 1, Section 1(b)(11) for the definition of “member” or “Nasdaq Member”.

¹⁰ Under the proposal “Principal underwriter” is defined as having the same definition used in Rule 405 promulgated under the Securities Act of 1933 (“Securities Act”). Rule 405 under the Securities Act states that the term principal underwriter means an underwriter in privity of contract with the issuer of the securities as to which he is underwriter. Such definition provides that the term “issuer” in the definition of “principal underwriter” has the meaning given in Sections 2(4) and 2(11) of the Securities Act. 17 CFR 230.405.

underwriter¹¹ that is a member or limited member of Nasdaq.¹²

The Exchange proposes to amend its General Rules to add a definition of “Limited Underwriting Member” to General 1, Section 1, add rules concerning a new, limited underwriting membership to General 3, Section 1031;¹³ and provide an exemption from registration for certain investment banking representatives associated solely with Limited Underwriting Members in General 4, Section 1230.¹⁴ The Exchange is also proposing to amend Equity 7, Section 10 to exempt Limited Underwriting Members from being assessed a trading rights fee. In addition, the Exchange proposes to amend Rule 5210 of the Listing Rules to impose a requirement that each Company applying for initial listing in connection with a transaction involving an underwriter have a principal underwriter that is a Member or Limited Underwriting Member.¹⁵

As part of the proposal, as stated above, Nasdaq would impose a new requirement in its Listing Rules at 5210(l), requiring each Company applying for initial listing in connection with a transaction involving an underwriter to have a principal underwriter that is a Member or Limited Underwriting Member of Nasdaq.¹⁶ In proposed Nasdaq Rule 5210(l), the Exchange would also specify that “principal underwriter” shall have the same definition used in Rule 405 promulgated under the Securities Act.¹⁷

Within its General Rules, as described in more detail below, the Exchange is proposing to amend General 1 (General Provisions), General 3 (Membership and Access), and General 4 (Registration Requirements).

The Exchange proposes to add the definition of Limited Underwriting Member to General 1, Section 1 (Definitions) and defines Limited Underwriting Member to mean a broker or dealer admitted to limited underwriting membership in Nasdaq.¹⁸

The Exchange proposes to add the new category of membership to General 3, Section 1031, within which the Exchange proposes to include information about persons eligible to become Limited Underwriting Members, Limited Underwriting Member access to the Exchange, and rules applicable to Limited Underwriting Members.¹⁹

The Exchange would specify in General 3, Section 1031(a), that (i) any registered broker or dealer shall be eligible for limited underwriting membership in the Exchange, except such registered brokers or dealers as are excluded under paragraph (b) of Rule 1002;²⁰ and (ii) any person shall be eligible to become an Associated Person of a Limited Underwriting Member, except such persons as are excluded under paragraph (b) of Rule 1002.²¹ The Exchange states in its proposal that Proposed Rule 1031(a) is consistent with the existing rules for persons eligible to become Members and

Associated Persons in General 3, Rule 1002(a).²²

Further, proposed General 3, Section 1031(b) states that (i) a limited underwriting membership provides no rights to transact on the Exchange and (ii) a limited underwriting membership is solely to allow a firm that is not otherwise a Member to serve as a principal underwriter, pursuant to the requirement in Rule 5210(l), for a Company applying to list on the Exchange.²³

The Exchange states that it is proposing to apply a limited ruleset to its newly proposed limited membership class.²⁴ Specifically, in proposed Nasdaq Rule General 3, Section 1031(c)(1) the Exchange is proposing to apply only the following rules to Limited Underwriting Members with certain exceptions: General 1 (General Provisions); General 2 (Organization and Administration), with the exception of Sections 6(a) and 22; General 3 (Membership and Access); General 4 (Registration Requirements); General 5 (Discipline), with the exception of Rules 8211 and 9557; General 9 (Regulation), Sections 1 and 20; and Equity 7, Section 10 (Pricing Schedule, Membership Fees).²⁵ The Exchange would specify the aforementioned rules applicable to this new membership class in General 3, Section 1031(c)(1).²⁶ The Exchange states that with the proposal, it “aims to apply only those rules it deems appropriate to a firm serving as a principal underwriter, including those rules it deems critical to such firms.”²⁷

The Exchange states that it proposes to apply General 1 to Limited Underwriting Members because General 1 provides defined terms that would be applicable to Limited Underwriting Members and, as explained above, the proposed rule change would also add a definition (Limited Underwriting Member) to General 1.²⁸

The Exchange proposes to apply General 2 (with the exception of Sections 6(a) and 22) to Limited Underwriting Members because General 2 relates to organization and administration including requirements surrounding fees, limitations on affiliations, and a requirement for an executive representative, among other

¹¹ The Exchange proposes to apply the requirements herein to a principal underwriter (defined as an underwriter in privity of contract with the issuer of the securities as to which he is underwriter) because the definition of principal underwriter points to the lead underwriter, who is generally responsible for organizing the offering, including tasks such as determining allocation of shares and the offering price, in conjunction with the issuer. Although offerings may require more than one underwriter, or a group of underwriters known as an underwriting syndicate, the Exchange proposes to focus on the lead underwriters given the substantial role they typically play in the offering process.

¹² See Notice, *supra* note 3, 88 FR at 49508.

¹³ Proposed General 3, Section 1031, among other things, sets forth the only rules, with certain exceptions, that Limited Underwriting Members and their associated persons would be subject to under the Exchange’s rules. In addition, Proposed General 3, Section 1031(c), among other things, requires Limited Underwriting Members and their Associated Persons to be members of FINRA. See note 48, *infra*, and accompanying text.

¹⁴ See Notice, *supra* note 3, 88 FR at 49508–09.

obligations.²⁹ The Exchange proposes to specifically exclude General 2, Sections 6(a)³⁰ and Section 22.³¹

The Exchange also states that it is proposing to subject Limited Underwriting Members to General 3 because General 3 contains membership rules, including an obligation to follow specified procedures for applying to be a member, making changes to membership, or terminating membership.³² The proposed rule change would also add additional details regarding the limited underwriting membership to Proposed General 3, Rule 1031.³³

The Exchange proposes to apply General 4 to Limited Underwriting Members, which includes registration requirements that are applicable to Limited Underwriting Members.³⁴ However, the Exchange is also proposing, in proposed General 4, Section 1230(4), to exempt from the requirement to register, with the Exchange, those persons associated solely with a Limited Underwriting Member whose functions are related solely and exclusively to underwriting if such persons are registered with FINRA as an Investment Banking Representative.³⁵

Under the proposal, the rules in General 5 will apply to Limited Underwriter Members with two exceptions. The Exchange stated its belief that it is critical to subject Limited Underwriting Members to General 5 (with the exception of Rules 8211 and 9557), which contains the Exchange's disciplinary rules.³⁶ In particular,

Nasdaq states that General 5, Rule 8210 provides the Exchange with authority to require information from Exchange Members.³⁷ The Exchange proposes to specifically exclude General 5, Rule 8211 and Rule 9557.³⁸ Rule 8211 relates to members submission of trade data and Rule 9557 relates to procedures for regulating activities under General 9, Sections 40 and 41, which incorporate FINRA Rules 4110 and 4120, which relate to FINRA carrying or clearing members.³⁹ The Exchange stated that it does not believe that Rule 8211 and Rule 9557 are relevant to underwriting activity.⁴⁰

The Exchange proposes to require Limited Underwriting Members to comply with only two sections of General 9: Sections 1 and 20. The Exchange stated that it believes it is important to subject Limited Underwriting Members to General 9, Section 1 which includes general standards by which Members must abide.⁴¹ In particular, General 9, Section 1(a) requires Members to observe just and equitable principles of trade.⁴² Additionally, the proposal would require Limited Underwriting Members to comply with General 9, Section 20 which requires Members to establish and maintain a system to supervise the activities of each registered representative and associated person that is reasonably designed to achieve compliance with applicable securities laws and regulations and with applicable Nasdaq rules.⁴³

The Exchange also proposes to include Equity 7, Section 10 to Limited Underwriting Members because this section includes the membership and application fees applicable to Limited Underwriting Members.⁴⁴ However, because Limited Underwriting Members would not be able to trade on the Exchange, the Exchange is proposing to add language to Equity 7, Section 10(a) to specify that Limited Underwriting

Members would not be charged the monthly trading rights fee.⁴⁵ Limited Underwriting Members would be subject to a \$2,000 application fee under Equity 7, Section 10(b) and a \$3,000 yearly membership fee under Equity 7, Section 10(a).⁴⁶

The Exchange states that it proposes to avoid applying all those Exchange rules not specified in proposed General 3, Section 1031(c)(1) to Limited Underwriting Members in an effort to impose minimal burden on Limited Underwriting Members, while still allowing the Exchange to have regulatory authority over such members.⁴⁷

The Exchange also proposes to include a requirement, in General 3, Section 1031(c)(2), that Limited Underwriting Members and their Associated Persons shall at all times be members of FINRA.⁴⁸ The Exchange also has proposed to add to General 3, Section 1031(c)(1) language stating that for purposes of interpreting and applying the rules set forth in the proposal and described above that apply to Limited Underwriting Members references to "Member," "Members," or "membership" shall be functionally equivalent to "Limited Underwriting Member," "Limited Underwriting Members," or "limited underwriting membership" respectively.⁴⁹

Lastly, the Exchange would designate the proposed changes to be operative 60 days after publication of the Commission's approval order of SR-NASDAQ-2023-022 in the **Federal Register**.⁵⁰ The Exchange stated that it believes this delay will allow time for firms involved with upcoming IPOs to become Limited Underwriting Members, if they choose, and for companies planning IPOs to select alternative underwriters if their current firm is not, and does not intend to become, a

III. Proceedings to Determine Whether to Approve or Disapprove SR–NASDAQ–2023–022 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to Section 19(b)(2)(B) of the Act⁵² to determine whether the proposed rule change should be approved or disapproved. Institution of such proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide additional comment on the proposed rule change to inform the Commission's analysis of whether to approve or disapprove the proposed rule change.

Pursuant to Section 19(b)(2)(B) of the Act,⁵³ the Commission is providing notice of the grounds for disapproval under consideration. As described above, the Exchange has proposed to create a new, non-trading, limited underwriter membership class and impose related requirements for principal underwriting activity in connection with a company applying for initial listing on the Exchange with a transaction involving an underwriter. The Commission is instituting proceedings to allow for additional analysis of, and input from commenters with respect to, the proposed rule change's consistency with the Act, and in particular, Section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and are not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.⁵⁴

Specifically, the Commission believes there are questions as to whether there is sufficient information and justification in the proposal as to those rules that are being excluded from applying to Limited Underwriter

Members as well as those rules that the Exchange proposes to make applicable to Limited Underwriter Members. The Commission therefore believes that there are questions as to whether the Exchange has provided sufficient information to demonstrate that the proposal is consistent with Section 6(b)(5) of the Act.⁵⁵

Under the Commission's Rules of Practice, the "burden to demonstrate that a proposed rule change is consistent with the Exchange Act and the rules and regulations issued thereunder . . . is on the self-regulatory organization ['SRO'] that proposed the rule change."⁵⁶ The description of a proposed rule change, its purpose and operation, its effect, and a legal analysis of its consistency with applicable requirements must all be sufficiently detailed and specific to support an affirmative Commission finding,⁵⁷ and any failure of an SRO to provide this information may result in the Commission not having a sufficient basis to make an affirmative finding that a proposed rule change is consistent with the Exchange Act and the applicable rules and regulations.⁵⁸

For these reasons, the Commission believes it is appropriate to institute proceedings pursuant to Section 19(b)(2)(B) of the Exchange Act⁵⁹ to determine whether the proposal should be approved or disapproved.

IV. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their data, views, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposed rule change is consistent with Sections 6(b)(5) or any other provision of the Act, or the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of data, views, and arguments, the Commission will consider, pursuant to Rule 19b–4 under the Act,⁶⁰ any request for an opportunity to make an oral presentation.⁶¹

Any person who wishes to file a rebuttal to any other person's submission must file that rebuttal by November 8, 2023. The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, in addition to any other comments they may wish to submit about the proposed rule change.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–98591; File No. SR–
CboeEDGX–2023–060]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Automated Price Improvement Auction Rules

September 28, 2023.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on September 27, 2023, Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Exchange filed the proposal as a “non-controversial” proposed rule change pursuant to Section 19(b)(3)(A)(iii) of the Act³ and Rule 19b–4(f)(6) thereunder.⁴ The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend its automated price improvement auction rules. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Exchange’s website (http://markets.cboe.com/us/options/regulation/rule_filings/edgx/), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend provisions in Rule 21.19 (Automated Price Improvement Mechanism (“AIM” or “AIM Auction”)) and Rule 21.22 (Complex Automated Improvement Mechanism (“C–AIM” or “C–AIM Auction”)) regarding concurrent AIM and C–AIM Auctions, respectively. The Exchange also proposes to update the provisions in those Rules regarding the minimum increment.

By way of background, Rules 21.19 and 21.22 contain the requirements applicable to the execution of orders using AIM and C–AIM, respectively. The AIM and C–AIM auctions are electronic auctions intended to provide orders that Members represent as agent (“Agency Orders”) with opportunities to receive price improvement (over the National Best Bid or Offer (“NBBO”) in AIM, or the synthetic best bid or offer (“SBBO”) on the Exchange in C–AIM). Upon submitting an Agency Order into an AIM or C–AIM auction, the initiating Member (“Initiating Member”) must also submit a contra-side second order (“Initiating Order”) for the same size as the Agency Order. The Initiating Order guarantees that the Agency Order will receive an execution at no worse than the auction price (*i.e.*, acts as a stop). During an AIM or C–AIM Auction, market participants may submit responses to trade against the Agency Order. At the end of an auction, depending on the contra-side interest available, the Initiating Order may be

allocated a certain percentage of the Agency Order.⁵

An Initiating Member may initiate an AIM or C–AIM auction provided that the Agency Order is in a class and of sufficient size as determined by the Exchange.⁶ Upon receipt of an Agency Order, the AIM or C–AIM auction process commences. Currently, under Rule 21.19(c)(1), for Agency Orders for less than 50 standard option contracts (or 500 mini-option contracts), only one AIM Auction may be ongoing at any given time in a series, and AIM Auctions in the same series may not queue or overlap in any manner. One or more AIM Auctions in the same series for Agency Orders of 50 standard option contracts (or 500 mini-option contracts) or more may occur at the same time. The Exchange proposes amending Rule 21.19(c)(1) to allow one or more AIM Auctions in the same series to occur at the same time for Agency Orders for less than 50 standard option contracts (or 500 mini-option contracts). This would effectively allow for one or more AIM Auctions in the same series to occur at the same time for orders of all sizes. Concurrent AIM Auctions for these smaller-sized orders will occur in the same manner as concurrent AIM Auctions for orders of 50 or more contracts occur today.⁷

Similarly, under current Rule 21.22(c)(1)(A), with respect to Agency Orders for which the smallest leg is less than 50 standard option contracts (or 500 mini-option contracts), only one C–AIM Auction may be ongoing at any given time in a complex strategy, and C–AIM Auctions in the same complex strategy may not queue or overlap in any manner. One or more C–AIM Auctions in the same complex strategy for Agency Orders for which the smallest leg is 50 standard option contracts (or 500 mini-option contracts) or more may occur at the same time. The Exchange proposes amending Rule 21.22(c)(1)(A) to allow one or more C–AIM Auctions in a complex strategy to occur at the same time for Agency Orders for which the smallest leg is less than 50 standard option contracts (or 500 mini-option contracts). This would
