SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-99665; File No. SR-NASDAQ-2023-045]

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Order Instituting Proceedings To Determine Whether To Approve or Disapprove a Proposed Rule Change To List and Trade Shares of the iShares Ethereum Trust Under Nasdaq Rule 5711(d), Commodity-Based Trust Shares

March 4, 2024.

On November 21, 2023, The Nasdaq Stock Market LLC ("Nasdaq" or "Exchange") filed with the Securities and Exchange Commission

("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² a proposed rule change to list and trade shares ("Shares") of the iShares Ethereum Trust ("Trust") under Nasdaq Rule 5711(d), Commodity-Based Trust Shares. The proposed rule change was published for comment in the **Federal Register** on December 11, 2023.³

On January 24, 2024, pursuant to section 19(b)(2) of the Act,⁴ the Commission designated a longer period within which to approve the proposed rule change, disapprove the proposed rule change, or institute proceedings to determine whether to disapprove the proposed rule change.⁵ This order institutes proceedings under section 19(b)(2)(B) of the Act⁶ to determine whether to approve or disapprove the proposed rule change.

I. Summary of the Proposal

As described in more detail in the Notice,⁷ the Exchange proposes to list and trade the Shares of the Trust under Nasdaq Rule 5711(d), which governs the listing and trading of Commodity-Based Trust Shares on the Exchange.

According to the Exchange, the investment objective of the Trust is to reflect generally the performance of the price of ether, before payment of the Trust's expenses and liabilities.⁸ The assets of the Trust consist primarily of ether held by a custodian on behalf of the Trust.⁹ On each Business Day, as soon as practicable after 4:00 p.m. Eastern Time ("ET"), the administrator of the Trust will evaluate the ether held by the Trust as reflected by the CF Benchmarks Index and determine the net asset value of the Trust.¹⁰ The Trust will issue and redeem baskets of Shares on a continuous basis only in exchange for an amount of ether determined by the trustee of the Trust.¹¹

⁴ 15 U.S.C. 78s(b)(2).

⁵ See Securities Exchange Act Release No. 99419, 89 FR 5970 (Jan. 30, 2024). The Commission designated March 10, 2024, as the date by which the Commission shall approve or disapprove, or institute proceedings to determine whether to disapprove, the proposed rule change.

II. Proceedings To Determine Whether To Approve or Disapprove SR-NASDAQ-2023-045 and Grounds for Disapproval Under Consideration

The Commission is instituting proceedings pursuant to section 19(b)(2)(B) of the Act¹² to determine whether the proposed rule change should be approved or disapproved. Institution of proceedings is appropriate at this time in view of the legal and policy issues raised by the proposed rule change, as discussed below. Institution of proceedings does not indicate that the Commission has reached any conclusions with respect to any of the issues involved. Rather, as described below, the Commission seeks and encourages interested persons to provide comments on the proposed rule change.

Pursuant to section 19(b)(2)(B) of the Act,¹³ the Commission is providing notice of the grounds for disapproval under consideration. The Commission is instituting proceedings to allow for additional analysis of the proposed rule change's consistency with section 6(b)(5) of the Act, which requires, among other things, that the rules of a national securities exchange be "designed to prevent fraudulent and manipulative acts and practices" and "to protect investors and the public interest."¹⁴

The Commission asks that commenters address the sufficiency of the Exchange's statements in support of the proposal, which are set forth in the Notice, in addition to any other comments they may wish to submit about the proposed rule change. In particular, the Commission seeks comment on the following questions and asks commenters to submit data where appropriate to support their views:

1. Given the nature of the underlying assets held by the Trust, has the Exchange properly filed its proposal to list and trade the Shares under Nasdaq Rule 5711(d), Commodity-Based Trust Shares?¹⁵

¹² 15 U.S.C. 78s(b)(2)(B).

¹³ *Id.*

¹⁴ 15 U.S.C. 78f(b)(5).

¹⁵ Nasdaq Rule 5711(d)(iv)(A) defines the term "Commodity-Based Trust Shares" as a security (1) that is issued by a trust that holds (a) a specified commodity deposited with the trust, or (b) a specified commodity and, in addition to such specified commodity, cash; (2) that is issued by such trust in a specified aggregate minimum number in return for a deposit of a quantity of the underlying commodity and/or cash; and (3) that, when aggregated in the same specified minimum number, may be redeemed at a holder's request by such trust which will deliver to the redeeming holder the quantity of the underlying commodity and/or cash.

¹⁶ 17 CFR 200.30-3(a)(12).

2. The Exchange raises substantially similar arguments to support the listing and trading of the Shares as those made in proposals to list and trade spot bitcoin exchange-traded products (“Bitcoin ETPs”). Do commenters agree that arguments to support the listing of Bitcoin ETPs apply equally to the Shares? Are there particular features related to ether and its ecosystem, including its proof of stake consensus mechanism and concentration of control or influence by a few individuals or entities, that raise unique concerns about ether’s susceptibility to fraud and manipulation?

3. What are commenters’ views on whether the proposed Trust and Shares would be susceptible to manipulation? What are commenters’ views generally on whether the Exchange’s proposal is designed to prevent fraudulent and manipulative acts and practices? What are commenters’ views generally with respect to the liquidity and transparency of the ether markets and the ether markets’ susceptibility to manipulation?

4. Based on data and analysis provided by the Exchange,¹⁶ do commenters agree with the Exchange that the Chicago Mercantile Exchange (“CME”), on which CME ether futures trade, represents a regulated market of significant size related to spot ether?¹⁷ What are commenters’ views on whether there is a reasonable likelihood that a person attempting to manipulate the Shares would also have to trade on the CME to manipulate the Shares?¹⁸ Do commenters agree with the Exchange that trading in the Shares would not be the predominant influence on prices in the CME ether futures market?¹⁹

5. The Exchange states that it will execute a surveillance-sharing agreement with Coinbase, Inc. (“Coinbase”) that is intended to supplement the Exchange’s market surveillance program.²⁰ According to the Exchange, the agreement is “expected to have the hallmarks of a surveillance-sharing agreement between two members of the [Intermarket Surveillance Group], which would give the Exchange supplemental access to data regarding spot ether trades on Coinbase where the Exchange determines it is necessary as part of its surveillance program for the Commodity-Based Trust Shares.”²¹

Based on the description of the surveillance-sharing agreement as provided by the Exchange, what are commenters’ views of such an agreement if finalized and executed? Do commenters agree with the Exchange that such an agreement with Coinbase would be “helpful in detecting, investigating, and deterring fraud and market manipulation in the Commodity-Based Trust Shares”?²²

6. The Exchange states that the “daily correlation between the spot [ether] and the CME [ether] [f]utures is 0.9993.”²³ The Exchange further states that this “high correlation” indicates that there is a reasonable likelihood that a person attempting to manipulate the Trust would also have to trade on the CME ether futures market.²⁴ What are commenters’ views on the correlation between the ether spot market and the CME ether futures market? What are commenters’ views on the extent to which a surveillance-sharing agreement with the CME would assist in detecting and deterring fraud and manipulation that impacts an exchange-traded product (“ETP”) that holds spot ether, and on whether the Exchange’s daily price correlation analysis provides any evidence to this effect? What are commenters’ views generally on whether an ETP that holds CME ether futures and an ETP that holds spot ether are similar products?

III. Procedure: Request for Written Comments

The Commission requests that interested persons provide written submissions of their views, data, and arguments with respect to the issues identified above, as well as any other concerns they may have with the proposal. In particular, the Commission invites the written views of interested persons concerning whether the proposal is consistent with section 6(b)(5) or any other provision of the Act, and the rules and regulations thereunder. Although there do not appear to be any issues relevant to approval or disapproval that would be facilitated by an oral presentation of views, data, and arguments, the Commission will consider, pursuant to Rule 19b-4, any request for an opportunity to make an oral presentation.²⁵

Federal Aviation Administration

[Docket No. FAA–2024–0640]

Agency Information Collection Activities: Requests for Comments; Clearance of Renewed Approval of Information Collection: NAS Data Release Request

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice and request for comments.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995, FAA invites public comments about our intention to request the Office of Management and Budget (OMB) approval to renew an information collection. The collection is an application form, and collection frequency is on occasion, depending on how often requests for NAS data are submitted to the FAA. The information to be collected will be used to evaluate the validity of a user's request for National Airspace (NAS) data from FAA systems and equipment.

DATES: Written comments should be submitted by May 7, 2024.

ADDRESSES: Please send written comments:

By Electronic Docket:

FOR FURTHER INFORMATION CONTACT:
Thomas Shields by email at: thomas.s-ctr.shields@faa.gov; phone: 703–946–2415.

SUPPLEMENTARY INFORMATION:

Public Comments Invited: You are asked to comment on any aspect of this information collection, including (a) Whether the proposed collection of information is necessary for FAA's performance; (b) the accuracy of the

estimated burden; (c) ways for FAA to enhance the quality, utility and clarity of the information collection; and (d) ways that the burden could be minimized without reducing the quality of the collected information. The agency will summarize and/or include your comments in the request for OMB's clearance of this information collection.

OMB Control Number: 2120–0668.

Title: NAS Data Release Request.

Form Numbers: FAA Form 1200–5.

Type of Review: Renewal of an information collection.

Background: This information collection is required to obtain or retain a benefit, which is to obtain NAS data from the FAA. This submission includes information about the entity requesting the NAS data to determine their “need to know” for the NAS data, the sensitivity of NAS data requested, the intended purpose and rationale for requiring the NAS data, and who within the requesting organization will have access to the data, including the scope and nature of work the employee will perform.

This information must be collected to enable the FAA to evaluate the “need to know” of a request for NAS data from FAA systems and equipment. The information provided by the requestor is used by the FAA NAS Data Release Board (NDRB) to approve or disapprove individual requests for NAS data, consistent with FAA Order 1200.22E External Requests for National Airspace System (NAS) Data.

Respondents: Approximately 9 requests submitted annually to the FAA by requestors of NAS data.

Frequency: On occasion.

Estimated Average Burden per Response: 1 hour.

Estimated Total Annual Burden: 9 hours total.

Issued in Washington, DC, on February 29, 2024.
