3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of the proposed rule change is to modify the Exchange's all-inclusive annual listing fees for certain domestic and foreign companies listing equity securities on the Nasdaq Global Select, Global and Capital Markets. While these changes are effective upon filing, Nasdaq has designated the proposed amendments to be operative on January 1, 2025.

Currently, for companies listed on the Capital Market, other than Acquisition Companies (i.e., companies whose business plan is to complete an initial public offering and engage in a merger or acquisition with one or more unidentified companies within a specific period of time, as described in IM-5101-2), ADRs, Closed-end Funds and Limited Partnerships, the all-inclusive annual fee described in Listing Rule 5920 ranges from \$49,500 to \$85,000; for Acquisition Companies listing on the Capital Market the all-inclusive annual fee is \$81,000; for ADRs listed on the Capital Market the all-inclusive annual fee ranges from \$49,500 to \$59,500; and for Limited Partnerships listed on the Capital Market the all-inclusive annual fee ranges from \$34,500 to \$42,000. On the Global and Global Select Markets, the all-inclusive annual fee described in Listing Rule 5910 for companies other than Acquisition Companies, ADRs, Closed-end Funds and Limited Partnerships ranges from \$52,500 to \$182,500; for Acquisition Companies on the Global and Global Select Markets the all-inclusive annual fee is \$81,000; for ADRs the all-inclusive annual fee ranges from \$52,500 to \$94,000; and for Limited Partnerships the all-inclusive annual fee ranges from \$42,000 to \$87,000. On the Global Market, the all-inclusive annual fee described in Listing Rule 5930 for SEEDS and Other

Securities ranges from \$15,000 to \$30,000.³ The all-inclusive annual fee for Closed-end Funds listed on any market tier ranges from \$34,500 to \$112,000. In each case, except for Acquisition Companies, a company's all-inclusive annual fee is based on its total shares outstanding.⁴

Nasdaq proposes to amend the all-inclusive annual fee for certain domestic and foreign companies listing equity securities on the Nasdaq Global Select, Global and Capital Markets to the following amounts,⁵ effective January 1, 2025:

Global/Global Select Markets

	Total Shares Outstanding	Annual fee before the proposed change	Annual Fee effective January 1, 2025
Equity securities other than, in part, Acquisition Companies, ADRs, Closed-end Funds and Limited Partnerships	Up to 10 million shares	\$52,500	\$56,000
	10+ to 50 million shares	\$65,500	\$70,000
	50+ to 75 million shares	\$85,000	\$86,000

³ Rule 5940 sets forth the all-inclusive annual listing fees applicable to Exchange Traded Products that are listed on the Nasdaq Global Market. Nasdaq is not proposing to amend this rule.

⁴ REITs are subject to the same fee schedule as other equity securities; however for the purpose of determining the total shares outstanding, shares outstanding of all members in a REIT Family listed on the same Nasdaq market tier may be aggregated. Similarly, for the purpose of determining the total shares outstanding, fund sponsors may aggregate shares outstanding of all Closed-End Funds in the same fund family listed on the Nasdaq Global Market or the Nasdaq Capital Market. See Listing Rules 5910(b)(2) and 5920(b)(2).

⁵ In establishing the fee changes described in this rule filing, Nasdaq considered various factors that distinguish companies, including market tier, shares outstanding, and security type, as well as pricing for similar securities on other national securities exchanges. The proposed changes reflect, in part, Nasdaq's intent to transition to a fee structure whereby the all-inclusive annual fee is calculated on a per-share basis (subject to a minimum and maximum fee), without a disproportional increase of the fee for issuers in all current tiers. Nasdaq believes that the ever-shifting market share among the exchanges with respect to new listings and the transfer of existing listings between competitor exchanges demonstrates that issuers can choose different listing markets in response to fee changes.

Nasdaq also proposes to amend the all-inclusive annual fee for Acquisition companies. Nasdaq currently charges a flat all-inclusive annual listing fee of \$81,000 for Acquisition Companies listed on the Nasdaq Capital, Global and Global Select Markets.⁷ Nasdaq is proposing to increase the all-inclusive annual listing fee for these companies from \$81,000 to \$85,000 to better align its fees with the value of the listing to Acquisition Companies.

Finally, Nasdaq proposes to update amounts in examples in Listing Rules 5910(b)(3)(D) and 5920(b)(3)(D), clarifying the application of the rules for companies transferring between Nasdaq tiers, to align the fee amounts with the fees applicable in year 2025.

Nasdaq proposes to make the aforementioned fee increases to better reflect the Exchange's costs related to listing equity securities, such as from the remodeling of a portion of the New York Headquarters used for company events, including market opening and closing bells, conducting the required associated regulatory oversight, and Nasdaq's advocacy efforts on behalf of listed companies, and the corresponding value of such listing to companies. In establishing these fee changes Nasdaq also considered the competitive atmosphere in which the Exchange operates.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁹ in particular, in that it provides for the equitable allocation of reasonable dues, fees and

other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

As a preliminary matter, Nasdaq notes that the Exchange operates in a highly competitive marketplace for the listing of companies.¹⁰ The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. The Exchange believes that the ever-shifting market share among exchanges with respect to new listings and the transfer of existing listings between competitor exchanges demonstrates that issuers can choose different listing markets in response to fee changes. Moreover, new competitors can enter the space, including existing exchanges without listing programs.¹¹ Accordingly, competitive forces constrain the Exchange's listing fees and changes to the listing fees can have a direct effect on the ability of Nasdaq to compete for new listings and retain existing listings.

Nasdaq believes that the proposed amendments to Listing Rules 5910(b)(2), 5920(b)(2), and 5930 to increase the all-inclusive annual listing fees as set forth above are reasonable because of the increased costs incurred by Nasdaq, including due to price inflation. In that regard, the Exchange notes that its general costs to support listed

Abandon Their Proposed Acquisition Of NYSE Euronext After Justice Department Threatens Lawsuit" (May 16, 2011), available at http://www.justice.gov/atr/public/press_releases/2011/271214.htm.

¹¹ In that regard, Nasdaq notes that CBOE BZX has announced a new listing offering. See "Cboe Launches New Global Listing Offering for Companies and ETFs of the Purpose-Driven Innovation Economy" (June 2, 2023), available at <https://ir.cboe.com/news/news-details/2023/Cboe-Launches-New-Global-Listing-Offering-for-Companies-and-ETFs-of-the-Purpose-Driven-Innovation-Economy-06-02-2023/default.aspx>. Similarly, the Texas Stock Exchange announced its plans to be a fully electronic national securities exchange providing a venue to list and trade public companies and the exchange-traded products, available at <https://www.txse.com/about-us>.

companies and conduct the required associated regulatory oversight have increased. The Exchange also continues to expand and improve the services it provides to listed companies, the technology to deliver those services and the customer experience at the Nasdaq MarketSite. These improvements include the remodeling and expansion of a portion of Nasdaq's New York Headquarters used for company events, including market opening and closing bells, and the investment in technology to support ongoing trading. Nasdaq also continued its advocacy efforts on behalf of listed companies.

The Exchange also believes that the proposed amendments to the annual fees for equity securities are equitable because they do not change the existing framework for such fees, but simply increase the amount of certain of the fees to reflect increases in operating costs and the perceived value of a listing, including as a result of Nasdaq's advocacy efforts on behalf of listed companies. Similarly, as the fee structure remains effectively unchanged apart from increases in the rates paid by certain issuers, as described above, the changes to annual fees for equity securities neither target nor will they have a disparate impact on any particular category of issuer of equity securities.

The Exchange believes that the proposal to increase annual fees is not unfairly discriminatory because Nasdaq will maintain the current fee structure, based on shares outstanding, except for fees applicable to Acquisition Companies as described above, and the same fee schedule will apply to all such issuers. While the Exchange does not propose to increase the minimum annual fees charged for securities covered by Rule 5935 (that sets forth the all-inclusive annual listing fees applicable to Non-Convertible Bonds) and Rule 5940 (that sets forth the all-inclusive annual listing fees applicable to Exchange Traded Products), the Exchange believes that this is not unfairly discriminatory

because the benefits the issuers of those other types of securities receive in connection with their listings are consistent with the current fee levels paid by those issuers. Pricing for similar securities on other national securities exchanges was also considered, and Nasdaq believes that a proposed all-inclusive annual listing fee is reasonable given the competitive landscape.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The market for listing services is extremely competitive and listed companies may freely choose alternative venues, both within the U.S. and internationally. For this reason, Nasdaq does not believe that the proposed rule change will result in any burden on competition for listings. The Exchange also does not believe that the proposed rule change will have any meaningful impact on competition among listed companies because all similarly situated companies will be charged the same fee.

Self-Regulatory Organizations; The Nasdaq Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Modify All-inclusive Annual Fees for Certain Companies

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to modify the Exchange's all-inclusive annual listing fees for certain domestic and foreign companies listing equity securities on the Nasdaq Global Select, Global and Capital Markets. While these changes are effective upon filing, Nasdaq has designated the proposed amendments to be operative on January 1, 2025.

Currently, for companies listed on the Capital Market, other than Acquisition Companies (i.e., companies whose business plan is to complete an initial public offering and engage in a merger or acquisition with one or more unidentified companies within a specific period of time, as described in IM-5101-2), ADRs, Closed-end Funds and Limited Partnerships, the all-inclusive annual fee described in Listing Rule 5920 ranges from \$49,500 to \$85,000; for Acquisition Companies listing on the Capital Market the all-inclusive annual fee is \$81,000; for ADRs listed on the Capital Market the all-inclusive annual fee ranges from \$49,500 to \$59,500; and for Limited Partnerships listed on the Capital Market the all-inclusive annual fee ranges from \$34,500 to \$42,000. On the Global and Global Select Markets, the all-inclusive annual fee described in Listing

Rule 5910 for companies other than Acquisition Companies, ADRs, Closed-end Funds and Limited Partnerships ranges from \$52,500 to \$182,500; for Acquisition Companies on the Global and Global Select Markets the all-inclusive annual fee is \$81,000; for ADRs the all-inclusive annual fee ranges from \$52,500 to \$94,000; and for Limited Partnerships the all-inclusive annual fee ranges from \$42,000 to \$87,000. On the Global Market, the all-inclusive annual fee described in Listing Rule 5930 for SEEDS and Other Securities ranges from \$15,000 to \$30,000.³ The all-inclusive annual fee for Closed-end Funds listed on any market tier ranges from \$34,500 to \$112,000. In each case, except for Acquisition Companies, a company's all-inclusive annual fee is based on its total shares outstanding.⁴

Nasdaq proposes to amend the all-inclusive annual fee for certain domestic and foreign companies listing equity securities on the Nasdaq Global Select, Global and Capital Markets to the following amounts,⁵ effective January 1, 2025:

³ Rule 5940 sets forth the all-inclusive annual listing fees applicable to Exchange Traded Products that are listed on the Nasdaq Global Market. Nasdaq is not proposing to amend this rule.

⁴ REITs are subject to the same fee schedule as other equity securities; however for the purpose of determining the total shares outstanding, shares outstanding of all members in a REIT Family listed on the same Nasdaq market tier may be aggregated. Similarly, for the purpose of determining the total shares outstanding, fund sponsors may aggregate shares outstanding of all Closed-End Funds in the same fund family listed on the Nasdaq Global Market or the Nasdaq Capital Market. See Listing Rules 5910(b)(2) and 5920(b)(2).

⁵ In establishing the fee changes described in this rule filing, Nasdaq considered various factors that distinguish companies, including market tier, shares outstanding, and security type, as well as pricing for similar securities on other national securities exchanges. The proposed changes reflect, in part, Nasdaq's intent to transition to a fee structure whereby the all-inclusive annual fee is calculated on a per-share basis (subject to a minimum and maximum fee), without a disproportional increase of the fee for issuers in all current tiers. Nasdaq believes that the ever-shifting market share among the exchanges with respect to new listings and the transfer of existing listings between competitor exchanges demonstrates that issuers can choose different listing markets in response to fee changes.

Nasdaq also proposes to amend the all-inclusive annual fee for Acquisition companies. Nasdaq currently charges a flat all-inclusive annual listing fee of \$81,000 for Acquisition Companies listed on the Nasdaq Capital, Global and Global Select Markets.⁷ Nasdaq is proposing to increase the all-inclusive annual listing fee for these companies from \$81,000 to \$85,000 to better align its fees with the value of the listing to Acquisition Companies.

Finally, Nasdaq proposes to update amounts in examples in Listing Rules 5910(b)(3)(D) and 5920(b)(3)(D), clarifying the application of the rules for companies transferring between Nasdaq tiers, to align the fee amounts with the fees applicable in year 2025.

Nasdaq proposes to make the aforementioned fee increases to better reflect the Exchange's costs related to listing equity securities, such as from the remodeling of a portion of the New York Headquarters used for company events, including market opening and closing bells, conducting the required associated regulatory oversight, and Nasdaq's advocacy efforts on behalf of listed companies, and the corresponding value of

⁷ See Listing Rules 5910(b)(2)(F) and 5920(b)(2)(G).

such listing to companies. In establishing these fee changes Nasdaq also considered the competitive atmosphere in which the Exchange operates.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁸ in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,⁹ in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

As a preliminary matter, Nasdaq notes that the Exchange operates in a highly competitive marketplace for the listing of companies.¹⁰ The Commission has repeatedly expressed its preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. The Exchange believes that the ever-shifting market share among exchanges with respect to new listings and the transfer of existing listings between competitor exchanges demonstrates that issuers can choose different listing markets in response to fee changes. Moreover, new competitors can enter the space, including existing exchanges without listing programs.¹¹ Accordingly,

⁹ 15 U.S.C. 78f(b)(4) and (5).

¹⁰ The Justice Department has noted the intense competitive environment for exchange listings. See “NASDAQ OMX Group Inc. and Intercontinental Exchange Inc. Abandon Their Proposed Acquisition Of NYSE Euronext After Justice Department Threatens Lawsuit” (May 16, 2011), available at http://www.justice.gov/atr/public/press_releases/2011/271214.htm.

¹¹ In that regard, Nasdaq notes that CBOE BZX has announced a new listing offering. See “Cboe Launches New Global Listing Offering for Companies and ETFs of the Purpose-Driven Innovation Economy” (June 2, 2023), available at <https://ir.cboe.com/news/news-details/2023/Cboe-Launches-New-Global-Listing-Offering-for-Companies-and-ETFs-of-the-Purpose-Driven-Innovation-Economy-06-02-2023/default.aspx>. Similarly, the Texas Stock Exchange announced its plans to be a fully electronic national securities exchange providing a venue to list and trade public companies and the exchange-traded products, available at <https://www.txse.com/about-us>.

competitive forces constrain the Exchange's listing fees and changes to the listing fees can have a direct effect on the ability of Nasdaq to compete for new listings and retain existing listings.

Nasdaq believes that the proposed amendments to Listing Rules 5910(b)(2), 5920(b)(2), and 5930 to increase the all-inclusive annual listing fees as set forth above are reasonable because of the increased costs incurred by Nasdaq, including due to price inflation. In that regard, the Exchange notes that its general costs to support listed companies and conduct the required associated regulatory oversight have increased. The Exchange also continues to expand and improve the services it provides to listed companies, the technology to deliver those services and the customer experience at the Nasdaq MarketSite. These improvements include the remodeling and expansion of a portion of Nasdaq's New York Headquarters used for company events, including market opening and closing bells, and the investment in technology to support ongoing trading. Nasdaq also continued its advocacy efforts on behalf of listed companies.

The Exchange also believes that the proposed amendments to the annual fees for equity securities are equitable because they do not change the existing framework for such fees, but simply increase the amount of certain of the fees to reflect increases in operating costs and the perceived value of a listing, including as a result of Nasdaq's advocacy efforts on behalf of listed companies. Similarly, as the fee structure remains effectively unchanged apart from increases in the rates paid by certain issuers, as described above, the changes to annual fees for equity securities neither target nor will they have a disparate impact on any particular category of issuer of equity securities.

The Exchange believes that the proposal to increase annual fees is not unfairly discriminatory because Nasdaq will maintain the current fee structure, based on shares outstanding, except for fees applicable to Acquisition Companies as described above, and the same fee schedule will apply to all such issuers. While the Exchange does not propose to increase the minimum annual fees charged for securities covered by Rule 5935 (that sets forth the all-inclusive annual listing fees applicable to Non-Convertible Bonds) and Rule 5940 (that sets forth the all-inclusive annual listing fees applicable to Exchange Traded Products), the Exchange believes that this is not unfairly discriminatory because the benefits the issuers of those other types of securities receive in connection with their listings are consistent with the current fee levels paid by those issuers. Pricing for similar securities on other national securities exchanges was also considered, and Nasdaq believes that a proposed all-inclusive annual listing fee is reasonable given the competitive landscape.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The market for listing services is extremely competitive and listed companies may freely choose alternative venues, both within the U.S. and internationally. For this reason, Nasdaq does not believe that the proposed rule change will result in any burden on competition for listings. The Exchange also does not believe that the proposed rule change will have any meaningful impact on competition among listed companies because all similarly situated companies will be charged the same fee.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.¹²

Real Estate Investment Trusts (REITs) are subject to the same fee schedule as other equity securities. For the purpose of determining the total shares outstanding, shares outstanding of all members in a REIT Family listed on the Nasdaq Global Market may be aggregated. The maximum annual fee applicable to such a REIT Family shall not exceed [~~\$182,500~~ (~~\$173,500 until December 31, 2023~~)]\$193,000 (~~\$182,500 until~~

December 31, 2024). For purposes of this rule, a "REIT Family" means three or more REITs that are provided management services by the same entity or by entities under common control.

(B) Companies listing American Depositary Receipts (ADRs):

Up to 10 million ADRs and other listed equity securities [~~\$52,500~~ (~~\$50,000~~ until December 31, 2023)]\$56,000 (\$52,500 until December 31, 2024)

(C) Closed-end Funds:

Up to 50 million shares [~~\$34,500~~]\$36,500 (\$34,500 until December 31, 2024)

50+ to 100 million shares [~~\$56,500~~]\$59,500 (\$56,500 until December 31, 2024)

100+ to 250 million shares [~~\$84,000~~]\$88,500 (\$84,000 until December 31, 2024)

Over 250 million shares [~~\$112,000~~]\$118,000 (\$112,000 until December 31, 2024)

For the purpose of determining the total shares outstanding, fund sponsors may aggregate shares outstanding of all Closed-End Funds in the same fund family listed on the Nasdaq Global Market or the Nasdaq Capital Market, as shown in the Company's most recent periodic reports required to be filed with the appropriate regulatory authority or in more recent information held by Nasdaq. A fund family is subject to the same fee schedule as a single Closed-End Fund and the maximum All-Inclusive Annual Listing Fee applicable to a fund family shall not exceed [~~\$112,000~~]\$118,000 (\$112,000 until December 31, 2024). For purposes of this rule, a "fund family" is defined as two or more Closed-End Funds that have a common investment adviser or have investment advisers who are "affiliated persons" as defined in Section 2(a)(3) of the Investment Company Act of 1940, as amended.

(D) Limited Partnerships:

Up to 75 million shares [~~\$42,000~~]\$44,500 (\$42,000 until December 31, 2024)

75+ to 100 million shares [~~\$56,500~~]\$59,500 (\$56,500 until December 31, 2024)

100+ to 125 million shares [~~\$69,500~~]\$73,000 (~~\$69,500~~ until December 31, 2024)

Over 150 million shares [~~\$87,000~~]\$91,500 (~~\$87,000~~ until December 31, 2024)

(E) No change.

(F) Companies listing under IM-5101-2 (Listing of Companies Whose Business Plan is to Complete One or More Acquisitions):

[Up to 50 million shares ~~\$70,000~~ (until December 31, 2023)

Over 50 million shares ~~\$81,000~~ (until December 31, 2023)

After December 31, 2023, a]A company listed under IM-5101-2 (Listing of Companies Whose Business Plan is to Complete One or More Acquisitions) is subject to an All-Inclusive Annual Listing Fee of [~~\$81,000~~]\$85,000 (~~\$81,000~~ until December 31, 2024).

(G) No change.

(3) Assessment of All-Inclusive Annual Listing Fee

(A) – (C) No change.

(D) Transfers from Capital Market. If a Company transfers its listing from the Capital Market to the Global or Global Select Market, its All-Inclusive Annual Listing Fee will be prorated based on the month of the transfer. Such a Company will owe the All-Inclusive Annual Listing Fee for the new market tier starting in the month of transfer and the All-Inclusive Annual Listing Fee for the Capital Market for all earlier months in the calendar year.

For example, a Company with 80 million total shares outstanding is listed on the Capital Market and transfers to the Global Market on October 21, [2024]2025. Its new All-Inclusive Annual Listing Fee for the Global Market is [~~\$113,500~~]\$115,000, which is prorated from October to December, resulting in an All-Inclusive Annual Listing Fee due of [~~\$28,375~~]\$28,750 for its first calendar year of listing on the Global Market. Since this Company already paid an All-Inclusive Annual Listing Fee of [~~\$85,000~~]\$86,000 on the Capital Market, it will be credited [~~\$21,250~~]\$21,500, which represents the portion of the All-Inclusive Annual Listing Fee already paid for listing on the Capital Market for the remainder of the year. The Company, therefore, has a balance due to Nasdaq of [~~\$7,125~~]\$7,250.

(E) – (G) No change.

5920. The Nasdaq Capital Market

(a) No change.

(b) All-Inclusive Annual Listing Fee

(1) No change.

(2) The All-Inclusive Annual Listing Fee will be calculated on total shares outstanding according to the following schedules:

(A) All domestic and foreign Companies listing equity securities, except as described below:

Up to 10 million shares [\$49,500 (\$47,000 until December 31, 2023)]\$53,000 (\$49,500 until December 31, 2024)

10+ to 50 million shares [\$65,500 (\$62,000 until December 31, 2023)]\$70,000 (\$65,500 until December 31, 2024)

Over 50 million shares [\$85,000 (\$84,000 until December 31, 2023)]\$86,000 (\$85,000 until December 31, 2024)

Real Estate Investment Trusts (REITs) are subject to the same fee schedule as other equity securities. For the purpose of determining the total shares outstanding, shares outstanding of all members in a REIT Family listed on the Nasdaq Capital Market may be aggregated. The maximum annual fee applicable to such a REIT Family shall not exceed [\$85,000 (\$84,000 until December 31, 2023)]\$86,000 (\$85,000 until December 31, 2024). For purposes of this rule, a "REIT Family" means three or more REITs that are provided management services by the same entity or by entities under common control.

(B) Companies listing American Depositary Receipts (ADRs):

Up to 10 million ADRs and other listed equity securities [\$49,500 (\$47,000 until December 31, 2023)]\$53,000 (\$49,500 until December 31, 2024)

Over 10 million ADRs and other listed equity securities [\$59,500 (\$56,500 until December 31, 2023)]\$63,500 (\$59,500 until December 31, 2024)

(C) Closed-end Funds:

Up to 50 million shares [\$34,500]\$36,500 (\$34,500 until December 31, 2024)

50+ to 100 million shares [\$56,500]\$59,500 (\$56,500 until December 31, 2024)

100+ to 250 million shares [~~\$84,000~~]\$88,500 (\$84,000 until December 31, 2024)

Over 250 million shares [~~\$112,000~~]\$118,000 (\$112,000 until December 31, 2024)

For the purpose of determining the total shares outstanding, fund sponsors may aggregate shares outstanding of all Closed-End Funds in the same fund family listed on the Nasdaq Global Market or the Nasdaq Capital Market, as shown in the Company's most recent periodic reports required to be filed with the appropriate regulatory authority or in more recent information held by Nasdaq. A fund family is subject to the same fee schedule as a single Closed-End Fund and the maximum All-Inclusive Annual Listing Fee applicable to a fund family shall not exceed [~~\$112,000~~]\$118,000 (\$112,000 until December 31, 2024). For purposes of this rule, a "fund family" is defined as two or more Closed-End Funds that have a common investment adviser or have investment advisers who are "affiliated persons" as defined in Section 2(a)(3) of the Investment Company Act of 1940, as amended.

(D) Limited Partnerships:

Up to 75 million shares [~~\$34,500~~]\$36,500 (\$34,500 until December 31, 2024)

Over 75 million shares [~~\$42,000~~]\$44,500 (\$42,000 until December 31, 2024)

(E) – (F) No change.

(G) Companies listing under IM-5101-2 (Listing of Companies Whose Business Plan is to Complete One or More Acquisitions):

[Up to 50 million shares ~~\$70,000~~ (until December 31, 2023)

Over 50 million shares ~~\$81,000~~ (until December 31, 2023)

After December 31, 2023, a]A company listed under IM-5101-2 (Listing of Companies Whose Business Plan is to Complete One or More Acquisitions) is subject to an All-Inclusive Annual Listing Fee of [~~\$81,000~~]\$85,000 (\$81,000 until December 31, 2024).

(3) Assessment of All-Inclusive Annual Listing Fee

(A) – (C) No change.

(D) Transfers from Global and Global Select Market. If a Company transfers its listing from the Global or Global Select Market to the Capital Market, it will not owe any additional All-Inclusive Annual Listing Fee for the Capital Market, nor shall it receive any credit or offset of the portion of the All-Inclusive Annual Listing Fee paid or assessed for the prior market.

For example, a Company with 110 million total shares outstanding is listed on the Global Market and transfers to the Capital Market on October 21, [2024]2025. Its new All-Inclusive Annual Listing Fee for the Capital Market is [~~\$85,000~~]\$86,000. Since this Company already paid an All-Inclusive Annual Listing Fee of [~~\$141,500~~]\$143,000 on the Global Market, it will not owe any additional All-Inclusive Annual Listing Fee for that calendar year. However, the Company would not receive any further credit of the amount previously paid for listing on the Global Market and would owe the full [~~\$85,000~~]\$86,000 Capital Market All-Inclusive Annual Listing Fee in the following year.

(E) – (G) No change.

5930. SEEDS and Other Securities

Up to 5 million shares [~~\$15,000~~]\$16,000 (~~\$15,000~~ until December 31, 2024)

5+ to 10 million shares [~~\$17,500~~]\$18,500 (~~\$17,500~~ until December 31, 2024)

Over 50 million shares [~~\$30,000~~]\$31,500 (~~\$30,000~~ until December 31, 2024)

(2) – (4) No change.
