1. Text of Proposed Rule Change

NASDAQ OMX PHLX, Inc. (“Phlx” or “Exchange”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder², proposes to amend Rule 1080(n), Price Improvement XL (“PIXLSM”), to correct a typographical error in the rule pertaining to PIXL Orders (described below) for the account of a public customer with a size of less than 50 contracts.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1. The text of the proposed rule is set forth below.

Rule 1080 (a)-(m) No change

(n) Price Improvement XL (“PIXL”)

A member may electronically submit for execution an order it represents as agent on behalf of a public customer, broker dealer, or any other entity (“PIXL Order”) against principal interest or against any other order (except as provided in sub-paragraph (n)(i)(E) below) it represents as agent (an “Initiating Order”) provided it submits the PIXL Order for electronic execution into the PIXL Auction (“Auction”) pursuant to this Rule.

than any limit order on the limit order book on the same side of the market as the PIXL Order.

Exchange staff will advise the Board of Directors of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the rule change.

Questions and comments on the proposed rule change may be directed to Richard S. Rudolph, Associate General Counsel, at (215) 496-5074.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of the proposed rule change is to correct a typographical error currently in Exchange Rule 1080(n), which governs the Exchange's price improvement auction mechanism, PIXL.³ The typographical error currently appears in the portion of the rule setting forth the price at which a member (an "Initiating Member") must guarantee an execution of (*i.e.*, "stop") an order it represents as agent ("PIXL Order") against principal interest or against any other order it represents as agent (an "Initiating Order") in the PIXL Auction ("Auction"). The typographical error concerns rule text respecting public customer PIXL Orders for less than 50 contracts that are entered into the Auction.

Exchange Rule 1080(n)(i) describes the circumstances under which an Initiating Member may initiate an Auction. Rule 1080(n)(i)(A)(1) states that if the PIXL Order is for the account of a public customer and is for a size of 50 contracts or more, the Initiating Member must stop the entire PIXL Order at a price that is equal to or better than the National Best Bid/Offer ("NBBO") on the opposite side of the market from the PIXL Order, provided that such price must be at least one minimum price improvement increment (as determined by the Exchange but not smaller than one cent) better than any limit order on the limit order book on the same side of the market as the PIXL Order. The purpose of this provision is to ensure that public customer PIXL Orders for 50 contracts or more are guaranteed at least the NBBO but do not trade ahead of other limit orders already on the Exchange's limit order book at the existing limit order's limit price.

Currently, Exchange Rule 1080(n)(i)(A)(2) states that if the PIXL Order is for the account of a public customer and is for a size of less than 50 contracts, the Initiating Member

³ For a complete description of PIXL, see Securities Exchange Act Release No. 63027 (October 1, 2010), 75 FR 62160 (October 7, 2010) (SR-Phlx-2010-108).

must stop the entire PIXL Order at a price that is the better of: (i) the PBBO price on the opposite side of the market from the PIXL Order improved by at least one minimum price improvement increment, or (ii) the PIXL Order's limit price (if the order is a limit order), provided in either case that such price is *better than the NBBO* (emphasis added), and at least one minimum price improvement increment better than any limit order on the book on the same side of the market as the PIXL Order.

In its filing to adopt the rules governing PIXL, and in the Notice of Filing of Proposed Rule Change published in the Federal Register,⁴ the Exchange described its intent concerning the price at which an Initiating Member must stop a PIXL Order for the account of a public customer for a size of less than 50 contracts:

“[i]f the PIXL Order is for the account of a public customer and is for a size of less than 50 contracts, the Initiating Member must stop the entire PIXL Order at a price that is the better of: (i) The PBBO price on the opposite side of the market from the PIXL Order improved by at least one minimum price improvement increment, or (ii) the PIXL Order's limit price (if the order is a limit order), provided in either case that such price is *at or better* than the NBBO. (emphasis added).⁵

Despite this representation in the Notice of Filing, current Rule 1080(n)(i)(A)(2) states, in relevant part, “[p]rovided in either case that such price is *better than the NBBO* (emphasis added). The omission of the words “at or” from Rule 1080(n)(i)(A)(2) is clearly a typographical error and does not accurately state the Exchange's intent to permit Initiating Members to submit contra-side interest on the opposite side of the market from its public customer PIXL Order with a size of less than 50 contracts at a price that is at or better than the NBBO.

⁴ See Securities Exchange Act Release No. 62678 (August 10, 2010), 75 FR 50021 (August 16, 2010) (SR-Phlx-2010-108) (Notice of Filing of Proposed Rule Change by NASDAQ OMX PHLX, Inc. Relating to a Proposed Price Improvement System, Price Improvement XL (PIXLSM)).

⁵ Id. at p. 50021.

Additionally, current Rule 1080(n)(ii)(A)(1), which sets forth the requirements for an Initiating Member to initiate a PIXL Auction, includes the intended “at or” language regarding PIXL Orders for less than 50 contracts:

“To initiate the Auction, the Initiating Member must mark the PIXL Order for Auction processing, and specify either: (a) a single price at which it seeks to execute the PIXL Order (a “stop price”); (b) that it is willing to automatically match as principal or as agent on behalf of an Initiating Order the price and size of all PAN responses, and trading interest (“auto-match”) in which case the PIXL Order will be stopped at the NBBO on the Initiating Order side (if 50 contracts or greater) or, *if less than 50 contracts*, the better of: (i) the PBBO price on the opposite side of the market from the PIXL Order improved by one minimum price improvement increment, or (ii) the PIXL Order's limit price (if the order is a limit order), provided in either case that such price is *at or* better than the NBBO;” (emphasis added).

The Notice of Filing, together with the above language currently included in the Exchange’s rules governing PIXL, illustrate the Exchange’s intent in establishing the price at which an Initiating Member must stop a PIXL Order for less than 50 contracts. The Exchange therefore proposes simply to add the words “at or” to Rule 1080(n)(i)(A)(2) to reflect the actual price at which Initiating Members must stop public customer PIXL Orders with a size of less than 50 contracts.

Rule 1080(n)(i)(A)(2) is part of a pilot that is effective for a period scheduled to expire July 18, 2012.⁶

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general and with Section 6(b)(5) of the Act,⁸ in that it is designed to

⁶ See Securities Exchange Act Release No. 65042 (August 5, 2011), 766 FR 49824 (August 11, 2011) (SR-Phlx-2011-104).

promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers, or to regulate by virtue of any authority conferred by the Act matters not related to the purposes of the Act or the administration of the Exchange.

The Exchange believes that the proposed rule change is also consistent with Section 6(b)(8) of the Act⁹ in that it does not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

The correction of a typographical error in the Exchange's rules protects investors and the public interest by accurately representing the price at which customer orders entered into the Auction are guaranteed an execution, making the process transparent in the marketplace as a whole.

4. Self-Regulatory Organization's Statement on Burden on Competition

Phlx does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended.

No written comments were either solicited or received.

⁹ 15 U.S.C. 78f(b)(8).

6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period for Commission action.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

Pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(1)¹¹ thereunder, the Exchange has designated this proposal as one that constitutes a stated policy, practice or interpretation with respect to the meaning, administration, or enforcement of an existing rule of the SRO, and therefore has become effective.

8. Proposed Rule Change Based on rules of Another Self-Regulatory Organization of the Commission

The proposed rule change is based on Boston Options Exchange Group, LLC (“BOX”) Rules Chapter V, Section 18 and International Securities Exchange, LLC (“ISE”) Rule 723.

SECURITIES AND EXCHANGE COMMISSION
(Release No. _____ ; File No. SR-Phlx-2012-14)

Self-Regulatory Organizations; Notice of Filing and Immediate Effectiveness of Proposed Rule Change by NASDAQ OMX PHLX LLC Relating to the Correction of a Typographical Error

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹, and Rule 19b-4² thereunder, notice is hereby given that on January 26, 2012, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend Rule 1080(n), Price Improvement XL ("PIXLSM"), to correct a typographical error in the rule pertaining to PIXL Orders (described below) for the account of a public customer with a size of less than 50 contracts.

The text of the proposed rule change is available on the Exchange's Website at <http://www.nasdaqtrader.com/micro.aspx?id=PHLXRulefilings>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

² 17 CFR 240.19b-4.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to correct a typographical error currently in Exchange Rule 1080(n), which governs the Exchange's price improvement auction mechanism, PIXL.³ The typographical error currently appears in the portion of the rule setting forth the price at which a member (an "Initiating Member") must guarantee an execution of (*i.e.*, "stop") an order it represents as agent ("PIXL Order") against principal interest or against any other order it represents as agent (an "Initiating Order") in the PIXL Auction ("Auction"). The typographical error concerns rule text respecting public customer PIXL Orders for less than 50 contracts that are entered into the Auction.

Exchange Rule 1080(n)(i) describes the circumstances under which an Initiating Member may initiate an Auction. Rule 1080(n)(i)(A)(1) states that if the PIXL Order is for the account of a public customer and is for a size of 50 contracts or more, the Initiating Member must stop the entire PIXL Order at a price that is equal to or better

³ For a complete description of PIXL, see Securities Exchange Act Release No. 63027 (October 1, 2010), 75 FR 62160 (October 7, 2010) (SR-Phlx-2010-108).

than the National Best Bid/Offer (“NBBO”) on the opposite side of the market from the PIXL Order, provided that such price must be at least one minimum price improvement increment (as determined by the Exchange but not smaller than one cent) better than any limit order on the limit order book on the same side of the market as the PIXL Order.

The purpose of this provision is to ensure that public customer PIXL Orders for 50 contracts or more are guaranteed at least the NBBO but do not trade ahead of other limit orders already on the Exchange’s limit order book at the existing limit order’s limit price.

Currently, Exchange Rule 1080(n)(i)(A)(2) states that if the PIXL Order is for the account of a public customer and is for a size of less than 50 contracts, the Initiating Member must stop the entire PIXL Order at a price that is the better of: (i) the PBBO price on the opposite side of the market from the PIXL Order improved by at least one minimum price improvement increment, or (ii) the PIXL Order’s limit price (if the order is a limit order), provided in either case that such price is *better than the NBBO* (emphasis added), and at least one minimum price improvement increment better than any limit order on the book on the same side of the market as the PIXL Order.

In its filing to adopt the rules governing PIXL, and in the Notice of Filing of Proposed Rule Change published in the Federal Register,⁴ the Exchange described its intent concerning the price at which an Initiating Member must stop a PIXL Order for the account of a public customer for a size of less than 50 contracts:

“[i]f the PIXL Order is for the account of a public customer and is for a size of less than 50 contracts, the Initiating Member must stop the entire PIXL Order at a price that is the better of: (i) The PBBO price on the

⁴ See Securities Exchange Act Release No. 62678 (August 10, 2010), 75 FR 50021 (August 16, 2010) (SR-Phlx-2010-108) (Notice of Filing of Proposed Rule Change by NASDAQ OMX PHLX, Inc. Relating to a Proposed Price Improvement System, Price Improvement XL (PIXLSM)).

opposite side of the market from the PIXL Order improved by at least one minimum price improvement increment, or (ii) the PIXL Order's limit price (if the order is a limit order), provided in either case that such price is *at or better* than the NBBO. (emphasis added).⁵

Despite this representation in the Notice of Filing, current Rule 1080(n)(i)(A)(2) states, in relevant part, “[p]rovided in either case that such price is *better than the NBBO* (emphasis added). The omission of the words “at or” from Rule 1080(n)(i)(A)(2) is clearly a typographical error and does not accurately state the Exchange’s intent to permit Initiating Members to submit contra-side interest on the opposite side of the market from its public customer PIXL Order with a size of less than 50 contracts at a price that is at or better than the NBBO.

Additionally, current Rule 1080(n)(ii)(A)(1), which sets forth the requirements for an Initiating Member to initiate a PIXL Auction, includes the intended “at or” language regarding PIXL Orders for less than 50 contracts:

“To initiate the Auction, the Initiating Member must mark the PIXL Order for Auction processing, and specify either: (a) a single price at which it seeks to execute the PIXL Order (a "stop price"); (b) that it is willing to automatically match as principal or as agent on behalf of an Initiating Order the price and size of all PAN responses, and trading interest ("auto-match") in which case the PIXL Order will be stopped at the NBBO on the Initiating Order side (if 50 contracts or greater) or, *if less than 50 contracts*, the better of: (i) the PBBO price on the opposite side of the market from the PIXL Order improved by one minimum price improvement increment, or (ii) the PIXL Order's limit price (if the order is a limit order), provided in either case that such price is *at or better* than the NBBO;” (emphasis added).

The Notice of Filing, together with the above language currently included in the Exchange’s rules governing PIXL, illustrate the Exchange’s intent in establishing the price at which an Initiating Member must stop a PIXL Order for less than 50 contracts.

⁵ Id. at p. 50021.

The Exchange therefore proposes simply to add the words “at or” to Rule 1080(n)(i)(A)(2) to reflect the actual price at which Initiating Members must stop public customer PIXL Orders with a size of less than 50 contracts.

Rule 1080(n)(i)(A)(2) is part of a pilot that is effective for a period scheduled to expire July 18, 2012.⁶

2. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,⁷ in general and with Section 6(b)(5) of the Act,⁸ in that it is designed to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest; and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers, or to regulate by virtue of any authority conferred by the Act matters not related to the purposes of the Act or the administration of the Exchange.

The Exchange believes that the proposed rule change is also consistent with Section 6(b)(8) of the Act⁹ in that it does not impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

⁶ See Securities Exchange Act Release No. 65042 (August 5, 2011), 766 FR 49824 (August 11, 2011) (SR-Phlx-2011-104).

⁷ 15 U.S.C. 78f.

⁸ 15 U.S.C. 78f(b)(5).

⁹ 15 U.S.C. 78f(b)(8).

The correction of a typographical error in the Exchange's rules protects investors and the public interest by accurately representing the price at which customer orders entered into the Auction are guaranteed an execution, making the process transparent in the marketplace as a whole.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Pursuant to Section 19(b)(3)(A) of the Act¹⁰ and Rule 19b-4(f)(1)¹¹ thereunder, the Exchange has designated this proposal as one that constitutes a stated policy, practice or interpretation with respect to the meaning, administration, or enforcement of an existing rule of the SRO, and therefore has become effective.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the
