The self-regulatory organization must provide all required information, presented in a clear and comprehensible manner, to enable the public to provide meaningful comment on the proposal and for the Commission to determine whether the proposal is consistent with the Act and applicable rules and regulations under the Act.

The Notice section of this Form 19b-4 must comply with the guidelines for publication in the Federal Register as well as any requirements for electronic filing as published by the Commission (if applicable). The Office of the Federal Register (OFR) offers guidance on Federal Register publication requirements in the Federal Register Document Drafting Handbook, October 1998 Revision. For example, all references to the federal securities laws must include the corresponding cite to the United States Code in a footnote. All references to SEC rules must include the corresponding cite to the Code of Federal Regulations in a footnote. All references to Securities Exchange Act Releases must include the release number, release date, Federal Register cite, Federal Register date, and corresponding file number (e.g., SR-[SRO]-xx-xx). A material failure to comply with these guidelines will result in the proposed rule change being deemed not properly filed. See also Rule 0-3 under the Act (17 CFR 240.0-3).

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.
1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) under the Securities Exchange Act of 1934 (“Act”)\(^1\) and Rule 19b-4 thereunder,\(^2\) NASDAQ OMX PHLX LLC (“Phlx” or “Exchange”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change to modify Phlx’s fee schedule governing routing from its NASDAQ OMX PSX (“PSX”) facility.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1 and the text of the proposed rule change is attached as Exhibit 5.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of Phlx pursuant to authority delegated by the Board of Directors of Phlx on August 19, 2011. Phlx staff will advise the Board of Directors of Phlx of any action taken pursuant to delegated authority. No other action by Phlx is necessary for the filing of the rule change. Phlx proposes to implement the proposed rule change on May 1, 2012.

Questions regarding this rule filing may be directed to John M. Yetter, Vice President and Deputy General Counsel, The NASDAQ OMX Group, 301-978-8497.

3. **Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

   a. **Purpose**

   Phlx is making a minor modification to the schedule governing fees for use of the routing services of its PSX facility. Specifically, for PSCN\(^3\) and PSTG\(^4\) orders that execute at NASDAQ OMX BX ("BX"), Phlx currently charges $0.0027 per share executed. However, because BX currently pays a rebate with respect to orders that access liquidity, Phlx is proposing to replace the fee with a credit equal to the $0.0014 per share executed credit paid by BX. The change is intended to encourage greater use of the routing facilities of PSX.

   b. **Statutory Basis**

   Phlx believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^5\) in general, and with Sections 6(b)(4) and (5) of the Act,\(^6\) in

\(^3\) PSCN is a routing option under which orders check the System for available shares and then are sent to destinations on the System routing table. If shares remain unexecuted after routing, they are posted on the book. Once on the book, should the order subsequently be locked or crossed by another market center, the System will not route the order to the locking or crossing market center. PSKP is a form of PSCN in which the entering firm instructs the System to bypass any market centers included in the PSCN System routing table that are not posting Protected Quotations within the meaning of Regulation NMS.

\(^4\) PSTG is a routing option under which orders check the System for available shares and then are sent to destinations on the System routing table. If shares remain unexecuted after routing, they are posted on the book. Once on the book, should the order subsequently be locked or crossed by another accessible market center, the System shall route the order to the locking or crossing market center. PSKN is a form of PSTG in which the entering firm instructs the System to bypass any market centers included in the PSTG System routing table that are not posting Protected Quotations within the meaning of Regulation NMS.

particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Phlx operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. All similarly situated members are subject to the same fee structure, and access to Phlx is offered on fair and non-discriminatory terms. The change is reasonable because the proposed credit is equal to the credit paid by BX with respect to orders that it executes. The change is consistent with an equitable allocation of fees because it will bring the economic attributes of using the PSCN and PSTG routing strategies in line with the cost of executing orders at BX. Finally, the change is not unfairly discriminatory because it solely applies to members that opt to use the PSCN and PSTG routing strategies.

Finally, Phlx notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive. In such an environment, Phlx must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Phlx believes that the proposed rule change reflects this competitive environment because it is designed to create pricing incentives for greater use of the PSX routing facility.

4. Self-Regulatory Organization’s Statement on Burden on Competition

Phlx does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, members may readily opt to disfavor Phlx’s execution services if they believe that alternatives
offer them better value. The proposed change is designed to enhance competition by using pricing incentives to encourage greater use of the PSX routing facility.

5. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others**

Written comments were neither solicited nor received.

6. **Extension of Time Period for Commission Action**

Not applicable.

7. **Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)**

Pursuant to Section 19(b)(3)(A)(ii) of the Act, Phlx has designated this proposal as establishing or changing a due, fee, or other charge imposed by the self-regulatory organization on any person, whether or not the person is a member of the self-regulatory organization, which renders the proposed rule change effective upon filing.

8. **Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission**

The proposed rule change is not based on the rules of another self-regulatory organization or of the Commission, but does reflect the rebate paid under BX Rule 7018 with respect to orders routed by PSX to BX.

9. **Exhibits**

   1. Completed notice of proposed rule change for publication in the Federal Register.

   5. Text of the proposed rule change.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")\(^1\), and Rule 19b-4 thereunder,\(^2\) notice is hereby given that on April 25, 2012, NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

received on the proposed rule change. The text of these statements may be examined at
the places specified in Item IV below. The Exchange has prepared summaries, set forth
in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory

2. **Statutory Basis**

Phlx believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,\(^5\) in general, and with Sections 6(b)(4) and (5) of the Act,\(^6\) in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Phlx operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers or dealers. B. **Self-Regulatory Organization’s Statement on Burden on Competition**

Phlx does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Because the market for order execution is extremely competitive, members may readily opt to disfavor Phlx’s execution services if they believe that alternatives offer them better value. The proposed change is designed to enhance competition by using pricing incentives to encourage greater use of the PSX routing facility.

C. **Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others**

Written comments were neither solicited nor received.

III. **Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
