1. Text of Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² NASDAQ OMX PHLX LLC (the “Exchange” or “PHLX”) is filing with the Securities and Exchange Commission (“Commission”) a proposed rule change for the permanent approval of the Exchange’s pilot program to permit the NASDAQ OMX PSX facility of PHLX (“System”) to accept inbound orders routed by Nasdaq Execution Services LLC (“NES”) from the NASDAQ OMX BX Equities Market of NASDAQ OMX BX, Inc. (“BX”).

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1.

(b) This proposal impacts PHLX Rule 985(c)(2), as described herein.

(c) See Securities Exchange Act Release No. 62877 (September 9, 2010), 75 FR 56633 (September 16, 2010) (SR-PHLX-2010-79).

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by the PHLX Board of Directors on June 14, 2011. No other action is necessary for the filing of the rule change.

Questions regarding this rule filing may be directed to Edith Hallahan, Principal Associate General Counsel, The NASDAQ OMX Group, Inc., at (215) 496-5179.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

In conjunction with BX providing outbound routing services to all markets using its affiliated routing broker, NES,³ PHLX proposed that NES be permitted to route orders from BX to the Exchange on a pilot basis.⁴ The current pilot program expires March 30, 2012.⁵

NES is a broker-dealer and member of NASDAQ, PHLX and BX. NES provides all routing functions for The NASDAQ Stock Market ("NASDAQ"), BX and PHLX. BX, NASDAQ, PHLX and NES are affiliates. Accordingly, the affiliate relationship between PHLX and NES, its member, raises the issue of an exchange's affiliation with a member of such exchange. Specifically, in connection with prior filings, the Commission has expressed concern that the affiliation of an exchange with one of its members raises the potential for unfair competitive advantage and potential conflicts of interest between an exchange's self-regulatory obligations and its commercial interests.⁶

Recognizing that the Commission has previously expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an

exchange of which it is a member, the Exchange previously proposed, and the Commission approved, limitations and conditions on NES's affiliation with the Exchange.⁷ Also recognizing that the Commission has expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange to which it is routing orders, the Exchange previously proposed, and the Commission approved,⁸ NES's affiliation with the Exchange to permit the Exchange to accept inbound orders that NES routes in its capacity as a facility of NASDAQ, subject to the certain limitations and conditions. The Exchange now proposes to permit PHLX to accept inbound orders that NES routes in its capacity as a facility of BX on a permanent basis, subject to these same limitations and conditions:

- First, the Exchange and FINRA maintain a Regulatory Contract, as well as an agreement pursuant to Rule 17d-2 under the Act (“17d-2 Agreement”).⁹ Pursuant to the Regulatory Contract and the 17d-2 Agreement, FINRA is allocated regulatory responsibilities to review NES's compliance with certain Exchange rules.¹⁰ Pursuant to the Regulatory Contract, however, PHLX retains ultimate responsibility for enforcing its rules with respect to NES.

⁷ See Securities Exchange Act Release No. 62877 (September 9, 2010), 75 FR 56633 (September 16, 2010) (SR-PHLX-2010-79).

⁹ 17 CFR 240.17d-2.

¹⁰ NES is also subject to independent oversight by FINRA, its designated examining authority, for compliance with financial responsibility requirements.

- Second, FINRA monitors NES for compliance with the Exchange's trading rules, and collects and maintains certain related information.¹¹
- Third, FINRA provides a report to the Exchange's chief regulatory officer ("CRO"), on a quarterly basis, that: (i) quantifies all alerts (of which FINRA is aware) that identify NES as a participant that has potentially violated Commission or Exchange rules, and (ii) lists all investigations that identify NES as a participant that has potentially violated Commission or Exchange rules.
- Fourth, the Exchange has in place PHLX Rule 985, which requires The NASDAQ OMX Group, Inc., as the holding company owning both the Exchange and NES, to establish and maintain procedures and internal controls reasonably designed to ensure that NES does not develop or implement changes to its system, based on non-public information obtained regarding planned changes to the Exchange's systems as a result of its affiliation with the Exchange, until such information is available generally to similarly situated Exchange members, in connection with the provision of inbound order routing to the Exchange.
- Fifth, the routing of orders from NES to the Exchange, in NES's capacity as a facility of BX, was authorized for a pilot period of one year.

¹¹ Pursuant to the Regulatory Contract, both FINRA and the Exchange collect and maintain all alerts, complaints, investigations and enforcement actions in which NES (in its capacity as a facility of BX routing orders to PHLX) is identified as a participant that has potentially violated applicable Commission or Exchange rules. The Exchange and FINRA retain these records in an easily accessible manner in order to facilitate any potential review conducted by the Commission's Office of Compliance Inspections and Examinations.

The Exchange believes that the above-listed conditions protect the independence of the Exchange's regulatory responsibility with respect to NES, and that these mitigate the aforementioned concerns about potential conflicts of interest and unfair competitive advantage.

b. Statutory Basis

The Exchange believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,¹² in general, and with Sections 6(b)(5) of the Act,¹³ in particular, in that the proposal is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest, because the proposed rule change will allow the Exchange to continue to receive inbound orders from NES, acting in its capacity as a facility of BX, in a manner consistent with prior approvals and established protections. The Exchange believes that these conditions establish mechanisms that protect the independence of the Exchange's regulatory responsibility with respect to NES, as well as ensure that NES cannot use any information it may have because of its affiliation with the Exchange to its advantage.

¹² 15 U.S.C. 78f.

¹³ 15 U.S.C. 78f(b)(5).

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Permanent approval of the current pilot program does not raise any issues of intramarket competition because it involves inbound routing from an affiliated exchange. Nor does it result in a burden on competition among exchanges, because there are many competing exchanges that provide routing services, including through an affiliate.

6. Extension of Time Period for Commission Action

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

the potential for unfair competitive advantage and potential conflicts of interest between an exchange's self-regulatory obligations and its commercial interests.⁶

Recognizing that the Commission has previously expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange of which it is a member, the Exchange previously proposed, and the Commission approved, limitations and conditions on NES's affiliation with the Exchange.⁷ Also recognizing that the Commission has expressed concern regarding the potential for conflicts of interest in instances where a member firm is affiliated with an exchange to which it is routing orders, the Exchange previously proposed, and the Commission approved,⁸ NES's affiliation with the Exchange to permit the Exchange to accept inbound orders that NES routes in its capacity as a facility of NASDAQ, subject to the certain limitations and conditions. The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. Permanent approval of the current pilot program does not raise any issues of intramarket competition because it involves inbound routing from an affiliated exchange.
