

promote the prompt and accurate clearance and settlement of securities transactions. The proposed rule change is designed to promote the prompt and accurate clearance and settlement of securities transactions by increasing the number of deliveries which will be required to be approved by the receiving Participant prior to DTC processing, which will enhance settlement certainty.

*(B) Clearing Agency's Statement on Burden on Competition*

DTC does not believe that the proposed rule change will have any impact or impose any burden on competition.

*(C) Clearing Agency's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others*

Written comments relating to the proposed rule change have not been solicited or received. DTC will notify the Commission of any written comments received by DTC.

**III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) by order approve or disapprove the proposed rule change or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

**IV. Solicitation of Comments**

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

*Electronic Comments*

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>) or send an email to [rule-comments@sec.gov](mailto:rule-comments@sec.gov). Please include File Number SR-DTC-2013-04 on the subject line.

*Paper Comments*

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549-1090.

All submissions should refer to File Number SR-DTC-2013-04. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Section, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filings will also be available for inspection and copying at the principal office of DTC and on DTC's Web site at [http://www.dtcc.com/downloads/legal/rule\\_filings/2013/dtc/SR-DTC-2013-04.pdf](http://www.dtcc.com/downloads/legal/rule_filings/2013/dtc/SR-DTC-2013-04.pdf).

All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR-DTC-2013-04 and should be submitted on or before June 26, 2013.

**Self-Regulatory Organizations; NASDAQ OMX PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Apply a Strategy Fee Cap to Jelly Rolls**

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup>

<sup>9</sup> 17 CFR 200.30-3(a)(12).

<sup>1</sup> 15 U.S.C. 78s(b)(1).

<sup>2</sup> 17 CFR 240.19b-4.

notice is hereby given that on May 21, 2013 NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") filed with the Securities and Exchange Commission ("SEC" or "Commission") the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons

**I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change**

The Exchange proposes to adopt a strategy fee cap applicable to jelly rolls.

While changes to the Pricing Schedule pursuant to this proposal are effective upon filing, the Exchange has designated the proposed amendment to be operative on May 22, 2013.

The text of the proposed rule change is available on the Exchange's Web site at <http://nasdaqomxphlx.cchwallstreet.com/>, at the principal office of the Exchange, on the Commission's Web site at <http://www.sec.gov>, and at the Commission's Public Reference Room.

**II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change**

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

*A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change*

1. Purpose

The purpose of this filing is to amend the strategy fee caps which are currently located in Section II, entitled "Multiply Listed Options"<sup>3</sup> Today, the Exchange caps certain dividend, merger, short stock interest and reversal and conversion floor option transactions. The Exchange is proposing to also cap jelly roll strategies.

A jelly roll strategy is defined as transactions created by entering into two separate positions simultaneously. One position involves buying a put and

<sup>3</sup> This includes options overlying equities, ETFs, ETNs and indexes which are Multiply Listed.

selling a call with the same strike price and expiration. The second position involves selling a put and buying a call, with the same strike price, but with a different expiration from the first position. The Exchange proposes to include this definition in Section II of the Pricing Strategy in the section entitled “Strategies Defined.”

The Exchange proposes to offer a strategy cap for jelly rolls. Today, Specialist,<sup>4</sup> Market Maker,<sup>5</sup> Professional,<sup>6</sup> Firm<sup>7</sup> and Broker-Dealer<sup>8</sup> floor option transaction charges in Multiply Listed Options are capped at \$1,250 for dividend, merger and short stock interest strategies executed on the same trading day in the same options class when such members are trading in their own proprietary accounts, and option transaction charges in Multiply Listed Options are capped at \$700 for reversal and conversion strategies executed on the same trading day in the same options class. Floor option transaction charges in Multiply Listed Options for dividend, merger, short stock interest and reversal and conversion strategies combined are further capped at \$35,000 per member organization, per month when such members are trading in their own proprietary accounts (“Monthly Strategy Cap”). Reversal and conversion strategy executions are not included in the Monthly Strategy Cap for a Firm. Further, to qualify for a strategy fee cap, the buy and sell side of a transaction must originate from the Exchange floor.

The Exchange proposes to cap Specialist, Market Maker, Professional, Firm and Broker-Dealer floor option transaction charges in Multiply Listed Options at \$700 for jelly roll strategies executed on the same trading day in the same options class. Further, the Exchange will include jelly rolls in the Monthly Strategy Cap so that floor option transaction charges in Multiply Listed Options for dividend, merger,

short stock interest, reversal and conversion *and jelly roll* strategies combined will continue to be capped at \$35,000 per member organization, per month when such members are trading in their own proprietary accounts for purposes of the Monthly Strategy Cap, except for a Firm. Similar to reversal and conversion strategy executions, jelly rolls will not be included in the Monthly Strategy Cap for a Firm. The Exchange proposes to note for purposes of clarity in the Pricing Schedule that, as is the case today for reversal and conversion strategy executions, jelly rolls are included in the Monthly Firm Fee Cap.<sup>9</sup> The Exchange proposes to amend the text of the Pricing Schedule describing the applicability of the Monthly Market Maker Cap<sup>10</sup> and the Monthly Firm Fee Cap to clarify how jelly roll strategies will be included or excluded from these caps as defined herein. For purposes of clarity, the Exchange proposes to note in the Pricing Schedule that all strategy executions are excluded from the Monthly Market Maker Cap.

In order to receive the applicable strategy caps today, members are required to designate on the trade ticket whether the trade involves a dividend, merger, short stock interest, or reversal and conversion strategy by entering the proper code on the trading ticket<sup>11</sup> and into the system, or directly into the Floor Broker Management System<sup>12</sup>

<sup>9</sup> Firms are subject to a maximum fee of \$75,000 (“Monthly Firm Fee Cap”). Firm Floor Option Transaction Charges and QCC Transaction Fees, as defined in this section above, in the aggregate, for one billing month may not exceed the Monthly Firm Fee Cap per member organization when such members are trading in their own proprietary account. All dividend, merger, and short stock interest strategy executions (as defined in this Section II) are excluded from the Monthly Firm Fee Cap. Reversal and conversion strategy executions (as defined in this Section II) are included in the Monthly Firm Fee Cap. QCC Transaction Fees are included in the calculation of the Monthly Firm Fee Cap.

<sup>10</sup> Specialists and Market Makers are subject to a “Monthly Market Maker Cap” of \$550,000 for: (i) Electronic and floor Option Transaction Charges; (ii) QCC Transaction Fees (as defined in Exchange Rule 1080(o) and Floor QCC Orders, as defined in 1064(e)); and (iii) fees related to an order or quote that is contra to a PIXL Order or specifically responding to a PIXL auction. The trading activity of separate Specialist and Market Maker member organizations is aggregated in calculating the Monthly Market Maker Cap if there is Common Ownership between the member organizations. All dividend, merger, short stock interest and reversal and conversion strategy executions (as defined in this Section II) are excluded from the Monthly Market Maker Cap.

<sup>11</sup> The Exchange has designated “Z1” for dividend strategies, “Z2” for merger strategies, “Z3” for short stock interest strategies and “Z4” for reversal and conversion strategies.

<sup>12</sup> FBMS is designed to enable Floor Brokers and/or their employees to enter, route and report transactions stemming from options orders received

(“FBMS”).<sup>13</sup> In the alternative, members may request Exchange staff on the trading floor input the code into the system.<sup>14</sup> The Exchange will require members to designate a “Z4” on the trading ticket in order to receive the strategy cap for a jelly roll strategy, similar to the manner in which reversal and conversion strategies are designated today. The Exchange will note the required designation in a memorandum to floor members when it announces the availability of the strategy cap for jelly rolls.

## 2. Statutory Basis

The Exchange believes that its proposal to amend its Pricing Schedule is consistent with Section 6(b) of the Act<sup>15</sup> in general, and furthers the objectives of Section 6(b)(4) of the Act,<sup>16</sup> in particular, in that it is an equitable allocation of reasonable fees and other charges among Exchange members.

The Exchange believes that adopting a strategy cap for jelly rolls is reasonable because it should encourage members and member organizations to transact a greater number of jelly roll strategies on the Exchange’s trading floor in order that they may benefit from the fee cap. The Exchange also believes that it is reasonable to permit jelly roll strategy executions to count toward the Monthly Strategy Cap when members are trading in their own proprietary account to receive the benefit of the combined executions, which will include the ability to achieve the Monthly Strategy Cap by transacting jelly rolls as well as

on the Exchange. FBMS also is designed to establish an electronic audit trail for options orders represented and executed by Floor Brokers on the Exchange, such that the audit trail provides an accurate, time-sequenced record of electronic and other orders, quotations and transactions on the Exchange, beginning with the receipt of an order by the Exchange, and further documenting the life of the order through the process of execution, partial execution, or cancellation of that order. See Exchange Rule 1080, Commentary .06.

<sup>13</sup> See Securities Exchange Act Release No. 65228 (August 30, 2011), 76 FR 55453 (September 7, 2011) (SR-Phlx-2012-73) (notice of filing and immediate effectiveness of proposed rule change relating to reversal and conversion strategies).

<sup>14</sup> The system refers to PHLX XL®, the Exchange’s automated trading system. The Exchange believes that providing members the ability to request Exchange staff to mark a Strategy Trade on the day the strategy is executed would provide members with a means to ensure the Strategy Trade is properly marked for purposes of pricing in the event that a floor broker inadvertently forgot to mark a trade. Therefore, the Exchange requires that members executing Strategy Trades either: (1) Enter a code on the trading ticket and into the system; (2) enter a code directly into FBMS; or (3) request that the information be inputted into the system by Exchange staff on the trading floor, on the day the order was executed, to take advantage of certain pricing caps for which they may qualify.

<sup>15</sup> 15 U.S.C. 78f(b).

<sup>16</sup> 15 U.S.C. 78f(b)(4).

<sup>4</sup> A “Specialist” is an Exchange member who is registered as an options specialist pursuant to Rule 1020(a).

<sup>5</sup> A “market maker” includes Registered Options Traders (Rule 1014(b)(i) and (ii)), which includes Streaming Quote Traders (see Rule 1014(b)(ii)(A)) and Remote Streaming Quote Traders (see Rule 1014(b)(ii)(B)). Directed Participants are also market makers.

<sup>6</sup> The term “Professional” means any person or entity that (i) is not a broker or dealer in securities, and (ii) places more than 390 orders in listed options per day on average during a calendar month for its own beneficial account(s). See Rule 1000(b)(14).

<sup>7</sup> The term “Firm” applies to any transaction that is identified by a member or member organization for clearing in the Firm range at OCC.

<sup>8</sup> The term “Broker-Dealer” applies to any transaction which is not subject to any of the other transaction fees applicable within a particular category.

dividend, merger, short stock interest and reversal and conversion strategies. In addition, other options exchanges offer fee caps for jelly rolls, namely NYSE Arca, Inc. ("NYSE Arca"),<sup>17</sup> NYSE Amex, Inc. ("NYSE Amex")<sup>18</sup> and the Chicago Board Options Exchange, Incorporated ("CBOE")<sup>19</sup> for strategies.

The Exchange believes that adopting a strategy cap for jelly rolls is equitable and not unfairly discriminatory because all market participants that are assessed transaction fees will have an opportunity to cap floor option transaction charges in Multiply Listed Options with respect to jelly rolls. In addition, the Exchange believes that it is equitable and not unfairly discriminatory to continue to require that all fee cap strategies, including jelly rolls, which combine executions for purposes of the Monthly Strategy Cap, must be traded in a member's own proprietary account. The Exchange is not amending the calculation of the Monthly Strategy Cap which will continue to impose the same requirements on members for all strategies to qualify for the Monthly Strategy Caps.

The Exchange's proposal to exclude Firm floor options transaction charges related to reversal and conversion strategies, and now jelly rolls, from the Monthly Strategy Cap is reasonable because these fees would be capped as part of the Monthly Firm Fee Cap, which applies only to Firms. The Exchange believes that the exclusion of Firm floor options transaction charges related to reversal and conversion strategies and now jelly rolls from the Monthly Strategy Cap is equitable and not unfairly discriminatory because Firms, unlike other market participants, have the ability to cap transaction fees up to \$75,000 per month with the Monthly Firm Fee Cap. The Exchange

would include floor option transaction charges related to jelly roll strategies in the Monthly Strategy Cap for Professionals, and Broker Dealers, when such members are trading in their own proprietary accounts, because these market participants are not subject to the Monthly Firm Fee Cap or other similar cap. While Specialists and Market Makers are subject to a Monthly Market Maker Cap on both electronic and floor options transaction charges, jelly rolls would be excluded from the Monthly Market Maker Cap, as all other strategy transactions are excluded from this cap.<sup>20</sup> For the reasons described above, the Exchange believes including jelly roll strategies in the Monthly Firm Fee Cap is reasonable, equitable and not unfairly discriminatory because the cap provides an incentive for Firms to transact floor transactions on the Exchange, which brings increased liquidity and order flow to the floor for the benefit of all market participants.<sup>21</sup>

The Exchange believes that its proposal to apply jelly roll strategy fee caps to orders originating from the Exchange floor is reasonable because members pay floor brokers to execute trades on the Exchange floor. The Exchange believes that offering fee caps to members executing floor transactions defrays brokerage costs associated with executing strategy transactions and continues to incentivize members to utilize the floor for certain executions.<sup>22</sup> The Exchange believes that its proposal to apply jelly roll strategy fee caps to orders originating from the Exchange floor is equitable and not unfairly discriminatory because today all other strategy fee caps are only applicable for floor transactions. The Exchange believes that a requirement that both the buy and sell sides of the order originate from the floor to qualify for the fee cap constitutes equal treatment of members.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act because the

proposed changes apply uniformly to all members that incur transaction charges for jelly rolls.<sup>23</sup> Further, other options exchanges today offer fee caps on jelly roll strategies; therefore, the Exchange believes the proposal is consistent with robust competition and does not provide any unnecessary burden on competition. Further, floor members pay floor brokers to execute trades on the Exchange floor. The Exchange believes that offering fee caps on jelly rolls to members executing floor transactions and not electronic executions does not create an unnecessary burden on competition because the fee cap defrays brokerage costs associated with executing jelly roll strategy transactions, similar to other strategies today. Also, requiring that both the buy and sell sides of the order originate from the floor to qualify for the fee cap constitutes equal treatment of members.

The Exchange operates in a highly competitive market, comprised of eleven exchanges, in which market participants can easily and readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or rebates to be inadequate. Accordingly, the fee caps that are proposed by the Exchange, as described in the proposal, are influenced by these robust market forces and therefore must remain competitive with fees caps at other venues and therefore must continue to be reasonable and equitably allocated to those members that opt to direct orders to the Exchange rather than competing venues.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were either solicited or received.

#### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.<sup>24</sup> At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine

<sup>17</sup> NYSE Arca offer a \$750 cap on transaction fees for Strategy Executions involving (a) reversals and conversions, (b) box spreads, (c) short stock interest spreads, (d) merger spreads, and (e) jelly rolls. The cap applies to each Strategy Execution executed in standard option contracts on the same trading day in the same option class. See NYSE Arca General Options and Trading Permit (OTP) Fees.

<sup>18</sup> NYSE Amex offers a \$750 cap on transaction fees for Strategy Executions involving (a) reversals and conversions, (b) box spreads, (c) short stock interest spreads, (d) merger spreads, and (e) jelly rolls. The cap applies to all Strategy Executions executed in standard option contracts on the same trading day in the same option class. See NYSE Amex Options Fee Schedule.

<sup>19</sup> Market-maker, broker-dealer and non-Trading Permit Holder market-maker transaction fees are capped at \$1,000 for all reversals, conversions and jelly roll strategies executed on the same trading day in the same option class, excluding any option class on which the Exchange charges the Index License surcharge fee. See CBOE's Fees Schedule.

<sup>20</sup> The reversal and conversion strategy executions are excluded from the Monthly Market Maker Cap. See Section II of the Pricing Schedule.

<sup>21</sup> Firms are eligible to cap floor options transactions charges and QCC Transaction Fees as part of the Monthly Firm Fee Cap. QCC Transaction Fees apply to QCC Orders as defined in Exchange Rule 1080(o) and Floor QCC Orders as defined in 1064(e). See Section II of the Pricing Schedule.

<sup>22</sup> The Exchange's proposal would only apply the fee cap to options transaction charges where buy and sell sides originate from the Exchange floor. See proposed rule text in Section II of the Pricing Schedule.

<sup>23</sup> Customers are not assessed options transaction charges in Section II of the Pricing Schedule.

## SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-69669; File No. SR-EDGA-2013-14]

### Self-Regulatory Organizations; EDGA Exchange, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Relating to Amendments to the EDGA Exchange, Inc. Fee Schedule

May 30, 2013.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the "Act"),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on May 21, 2013, EDGA Exchange, Inc. (the "Exchange" or "EDGA") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I, II and III below, which items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

#### I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend its fees and rebates applicable to Members<sup>3</sup> and non-Members of the Exchange pursuant to EDGA Rule 15.1(a) and (c). All of the changes described herein are applicable to EDGA Members and non-Members. The text of the proposed rule change is available on the Exchange's Internet Web site at [www.directedge.com](http://www.directedge.com), at the Exchange's principal office, and at the Public Reference Room of the Commission.

#### II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at

the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in sections A, B and C below, of the most significant aspects of such statements.

#### A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

##### 1. Purpose

The Exchange currently maintains logical ports for order entry (FIX, HP-API), drop copies (DROP), and market data (Data) (collectively, "Direct Logical Ports").<sup>4</sup> The Exchange currently offers five (5) free Direct Logical Ports and charges \$500 for each additional Direct Logical Port. Currently, Members and non-Members may send live or test symbols through their FIX and/or HP-API logical ports. Members and non-Members may choose to send test symbols via their FIX and/or HP-API logical ports in order to test their software developed to take advantage of newly implemented exchange enhancements or to test their own software updates prior to implementation.

In order to provide dedicated testing ports to Members and non-Members to conduct the testing behavior described above, the Exchange proposes to add EdgeRisk Ports ("Test Ports") to the list of Direct Logical Ports currently offered by the Exchange. Test Ports would provide Members, and non-Member service bureaus that act as conduits for orders entered by Members that are their customers, access to a System<sup>5</sup> test environment through which they can test their automated systems that integrate with the Exchange. Although Members and non-Members currently have the ability to send live and test symbols via FIX and/or HP-API logical ports, Test Ports are dedicated FIX or HP-API ports that would only allow orders for designated test symbols to flow through the production environment, rejecting any live symbols. This would provide Members and non-Members an opportunity to safely test their software developed to take advantage of newly implemented exchange enhancements or to test their own software updates prior to

<sup>4</sup> See Securities and Exchange Act Release No. 64964 (July 26, 2011), 76 FR 45898 (August 1, 2011) (SR-EDGA-2011-22) (proposing to include logical ports that receive market data among the types of logical ports that the Exchange assesses a monthly fee to Members and non-Members). See also Securities and Exchange Act Release No. 67742 (Aug. 28, 2012), 77 FR 53951 (Sept. 4, 2012) (SR-EDGA-2012-37) (proposing to reduce the quantity of free Direct Logical Ports from ten to five).
