

Thus, the rule contains two filing and recordkeeping requirements that constitute collections of information. First, rule 17d-1 requires funds that wish to engage in a joint transaction or arrangement with affiliates to meet the procedural requirements for obtaining exemptive relief from the rule's prohibition on joint transactions or arrangements involving first- or second-tier affiliates. Second, rule 17d-1 permits a portfolio affiliate to enter into a joint transaction or arrangement with the fund if a prohibited participant has a financial interest that the fund's board determines is not material and records the basis for this finding in their meeting minutes. These requirements of rule 17d-1 are designed to prevent fund insiders from managing funds for their own benefit, rather than for the benefit of the funds' shareholders.

Based on an analysis of past filings, Commission staff estimates that 13 funds file applications under section 17(d) and rule 17d-1 per year. The staff understands that funds that file an application generally obtain assistance from outside counsel to prepare the application. The cost burden of using outside counsel is discussed below. The Commission staff estimates that each applicant will spend an average of 154 hours to comply with the Commission's applications process. The Commission staff therefore estimates the annual burden hours per year for all funds under rule 17d-1's application process to be 2002 hours at a cost of \$726,206.<sup>1</sup> The Commission, therefore, requests authorization to increase the inventory of total burden hours per year for all funds under rule 17d-1 from the current authorized burden of 1232 hours to 2002 hours. The increase is due to an increase in the number of funds that filed applications for exemptions under rule 17d-1.

As noted above, the Commission staff understands that funds that file an application under rule 17d-1 generally use outside counsel to assist in

<sup>1</sup> The Commission staff estimates that a senior executive, such as the fund's chief compliance officer, will spend an average of 62 hours and a mid-level compliance attorney will spend an average of 92 hours to comply with this collection of information: 62 hours + 92 hours = 154 hours. 13 funds × 154 burden hours = 2002 burden hours. The Commission staff estimate that the chief compliance officer is paid \$441 per hour and the compliance attorney is paid \$310 per hour. (\$441 per hour × 62 hours) + (\$310 per hour × 92 hours) = \$55,862 per fund. \$55,862 × 13 funds = \$726,206. The \$441 and \$310 per hour figures are based on salary information compiled by SIFMA's *Management & Professional Earnings in the Securities Industry, 2012*. The Commission staff has modified SIFMA's information to account for an 1800-hour work year and multiplied by 5.35 to account for bonuses, firm size, employee benefits, and overhead.

preparing the application. The staff estimates that, on average, funds spend an additional \$93,131 for outside legal services in connection with seeking Commission approval of affiliated joint transactions. Thus, the staff estimates that the total annual cost burden imposed by the exemptive application requirements of rule 17d-1 is \$1,210,703.<sup>2</sup>

We estimate that funds currently do not rely on the exemption from the term "financial interest" with respect to any interest that the fund's board of directors (including a majority of the directors who are not interested persons of the fund) finds to be not material. Accordingly, we estimate that annually there will be no transactions under rule 17d-1 that will result in this aspect of the collection of information.

Based on these calculations, the total annual hour burden is estimated to be 2002 hours and the total annual cost burden is estimated to be \$1,024,441.

The estimate of average burden hours is made solely for the purposes of the Paperwork Reduction Act. The estimate is not derived from a comprehensive or even a representative survey or study of the costs of Commission rules. Complying with these collections of information requirement is necessary to obtain the benefit of relying on rule 17d-1. Responses will not be kept confidential. An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

Written comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (b) the accuracy of the agency's estimate of the burden of the collection of information; (c) ways to enhance the quality, utility, and clarity of the information collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology. Consideration will be given to comments and suggestions submitted in writing within 60 days of this publication.

<sup>2</sup> The estimate is based on the following calculation: \$93,131 × 13 funds = \$1,210,703.

## II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

### A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

#### 1. Purpose

The Exchange is proposing to clarify that the Exchange does not charge an Extranet Access Fee, unlike The NASDAQ Stock Market LLC ("NASDAQ")<sup>3</sup> or NASDAQ OMX BX, Inc. ("BX")<sup>4</sup>.

Specifically, the proposed rule change provides that extranet providers that establish a connection with the Exchange to offer direct access connectivity to market data feeds will not be assessed a monthly access fee per recipient Customer Premises Equipment ("CPE") Configuration.<sup>5</sup>

#### 2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act<sup>6</sup> in general, and with Section 6(b)(5) of the Act,<sup>7</sup> in particular. The Exchange believes the proposal furthers the objectives of Section 6(b)(5) of the Act<sup>8</sup> in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in

general to protect investors and the public interest and is not designed to permit unfair discrimination between customer, issuers, brokers and dealers. The Exchange is proposing to add clarifying language that states that extranet providers that establish an extranet connection with the Exchange to access market data feeds from the Exchange will not be subject to an Extranet Access Fee. Accordingly, the Exchange believes that it is consistent with the protection of investors and the public interest to avoid potential market participant confusion that may be caused by the omission of the proposed rule text.

### B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act, as amended. The proposed rule change clarifies that no fee is being instituted and this applies across all extranet providers and none are [sic] compelled to establish a connection with the Exchange to offer access connectivity to market data feeds.

### C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

Written comments were neither solicited nor received.

## III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>9</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>10</sup>

A proposed rule change filed under Rule 19b-4(f)(6)<sup>11</sup> normally does not become operative prior to 30 days after the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>12</sup> the Commission may designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day

operative delay so that the proposal may become operative immediately upon filing. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The proposed rule change presents no novel issues. Waiver will allow the Exchange to immediately clarify that it does not charge an extranet access fee, thereby reducing the potential for confusion. For these reasons, the Commission hereby waives the 30-day operative delay and designates the proposal operative upon filing.<sup>13</sup>

At any time within 60 days of the filing of such proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings under Section 19(b)(2)(B)<sup>14</sup> of the Act to determine whether the proposed rule change should be approved or disapproved.

## IV. Solicitation of Comments

#### SUPPLEMENTARY INFORMATION:

##### Background

Under 49 U.S.C. 31136(e) and 31315, FMCSA may grant an exemption from the Federal Motor Carrier Safety Regulations for a 2-year period if it finds "such exemption would likely achieve a level of safety that is equivalent to or greater than the level that would be achieved absent such exemption." FMCSA can renew exemptions at the end of each 2-year period. The 33 individuals listed in this notice have each requested such an exemption from the vision requirement in 49 CFR 391.41(b)(10), which applies to drivers of CMVs in interstate commerce. Accordingly, the Agency will evaluate the qualifications of each applicant to determine whether granting an exemption will achieve the required level of safety mandated by statute.
