

LLC, NASDAQ OMX PHLX LLC and BX and as between equities and options, by developing one standard for aggregated pricing and one method for collecting such information on aggregated pricing to ensure proper validation of that pricing in the manner in which it is occurring on BX for equity members today.

Today, BATS Exchange, Inc. (“BATS”) equity members are permitted to aggregate share volume calculations for wholly owned affiliates. The Exchange [sic] allows a member to aggregate volume with other members that control, are controlled by, or are under common control with such member.⁹ To the extent two or more affiliated companies maintain separate Exchange memberships and can demonstrate their affiliation by showing they control, are controlled by, or are under common control with each other, the Exchange will permit such members to count overall volume of the affiliates in calculating volume. BATS does not specify a specific percentage for such aggregation. The Exchange is specifying 75 percent, similar to the percentage applied to Options Participants.

B. Self-Regulatory Organization’s Statement on Burden on Competition

BX does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely seeking to harmonize the treatment of the aggregation of activity of affiliated members for the purposes of assessing charges or credits with those rules contained in Chapter XV which relate to options pricing. The Exchange also believes that certain market participants may be able to aggregate because the standard is decreasing from 100 percent to 75 percent.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not significantly affect the protection of investors or the public interest; does not impose any significant burden on competition; and by its terms does not become operative for 30 days

from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)¹⁰ of the Act and Rule 19b-4(f)(6)(iii) thereunder.¹¹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: necessary or appropriate in the public interest; for the protection of investors; or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the

proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend both the Preface of the Pricing Schedule, which applies to options, and Chapter VIII of the Pricing Schedule, which applies to equities, to harmonize the process by which the Exchange will collect information from members and member organizations that desire their activity to be aggregated for the purposes of assessing charges or credits. Today, equity and options members may aggregate affiliate activity based on volume of activity for purposes of pricing, but at different percentages (100 percent vs. 75 percent).³ The Exchange believes that having the same process for equity and options members will provide consistency to its processes when aggregating pricing.

Today, a PSX member organization requesting aggregation of affiliate activity is required to certify to the Exchange the affiliate status of entities whose activity it seeks to aggregate prior to receiving approval for aggregation, and is required to inform the Exchange immediately of any event that causes an entity to cease to be an affiliate. In addition, the Exchange reserves the right to request information to verify the affiliate status of an entity.

The Exchange proposes to make this language consistent with the requirements of The NASDAQ Stock Market LLC ("NASDAQ") and NASDAQ OMX BX, Inc. ("BX")⁴ by further stating that it will approve a request unless it determines that the certification is not accurate. Also, the Exchange proposes to adopt the following NASDAQ and BX equity process for determining the effective date for aggregation: "If two or more member organizations become affiliated on or prior to the sixteenth day of a month, and submit the required request for aggregation on or prior to the twenty-second day of the month, an approval of the request by the Exchange shall be deemed to be effective as of the first day of that month. If two or more members become affiliated after the

sixteenth day of a month, or submit a request for aggregation after the twenty-second day of the month, an approval of the request by the Exchange shall be deemed to be effective as of the first day of the next calendar month."

The Exchange also proposes to add the same process that would exist for PSX members to the process that would be required for option members by also adding the same language, as specified above, to the Preface of the Pricing Schedule, which applies to options pricing. The Exchange believes that harmonizing the process for collecting this information will avoid confusion and simplify information requested of equity and options members by requesting consistent information.

Finally, the Exchange proposes to add language to clarify that the defined terms in the Preface of the Pricing Schedule apply to options pricing, fees and rebates.

The Exchange proposes to apply this pricing as of December 1, 2014 and issue an Options Trader Alert to its members.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the proposal will harmonize the process by which the Exchange collects information from equity and options members and member organizations regarding the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits.

The Exchange believes that harmonizing this process by which the Exchange collects information related to aggregation for equity and options members to the process in place at NASDAQ and BX⁷ will provide consistency to market participants with respect to meeting the requirements to aggregate on NASDAQ, BX or Phlx. Also, the Exchange believes that adopting this method for collecting such information on aggregated pricing will ensure proper validation for firms entitled to the aggregation.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely seeking to harmonize the manner in which it collects information related to the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits for equity and options members. The Exchange intends to apply a uniform process to request such aggregation for all Phlx members and member organizations.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁸ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–72971; File No. SR–NYSEARCA–2014–92]

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change Amending the NYSE Arca Options Fee Schedule and, Through Its Wholly Owned Subsidiary NYSE Arca Equities, Inc. Amending the NYSE Arca Equities Schedule of Fees and Charges for Exchange Services, To Establish a Billing Practice With Respect to Billing Disputes

September 3, 2014.

Pursuant to Section 19(b)(1)¹ of the Securities Exchange Act of 1934 (the “Act”)² and Rule 19b–4 thereunder,³ notice is hereby given that, on August 28, 2014, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the NYSE Arca Options Fee Schedule (“Options Fee Schedule”) and, through its wholly owned subsidiary NYSE Arca Equities, Inc. (“NYSE Arca Equities”), to amend the NYSE Arca Equities Schedule of Fees and Charges for Exchange Services (“Equities Fee Schedule” and, together with the Options Fee Schedule, “Fee Schedules”), to establish a billing practice with respect to billing disputes. The text of the proposed rule change is available on the Exchange's Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text

of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Fee Schedules to establish a billing practice to prevent members⁴ from contesting their bills long after they have been sent an invoice. In accordance with the proposed rule change, members must submit all disputes no later than sixty calendar days after receipt of an Exchange invoice. After sixty calendar days, all fees assessed by the Exchange will be considered final. The Exchange provides members with both daily and monthly fee reports and thus believes members should be aware of any potential billing errors within sixty calendar days of receiving an invoice. Requiring that members dispute an invoice within this time period will encourage them to review their invoices promptly so that any disputed charges can be addressed in a timely manner while the information and data underlying those charges (e.g., applicable fees and order information) is still easily and readily available. This practice will avoid issues that may arise when members do not dispute an invoice in a timely manner, and will conserve Exchange resources that would have to be expended to resolve untimely billing disputes. The Exchange notes that this type of provision is common among many other exchanges.⁵

The Exchange also proposes to state that all billing disputes must be submitted to the Exchange in writing,⁶ and must be accompanied by supporting documentation. The Exchange believes that this requirement, which is also similar to requirements of other
