Exhibit Sent As Paper Document

Copies of notices, written comments, transcripts, other communications. If such documents cannot be filed electronically in accordance with Instruction F, they shall be filed in accordance with Instruction G.

Exhibit 3 - Form, Report, or Questionnaire

Add Remove View

Exhibit Sent As Paper Document

Copies of any form, report, or questionnaire that the self-regulatory organization proposes to use to help implement or operate the proposed rule change, or that is referred to by the proposed rule change.

Exhibit 4 - Marked Copies

Add Remove View

The full text shall be marked, in any convenient manner, to indicate additions to and deletions from the immediately preceding filing. The purpose of Exhibit 4 is to permit the staff to identify immediately the changes made from the text of the rule with which it has been working.

Exhibit 5 - Proposed Rule Text

Add Remove View

The self-regulatory organization may choose to attach as Exhibit 5 proposed changes to rule text in place of providing it in Item I and which may otherwise be more easily readable if provided separately from Form 19b-4. Exhibit 5 shall be considered part of the proposed rule change.

Partial Amendment

Add Remove View

If the self-regulatory organization is amending only part of the text of a lengthy proposed rule change, it may, with the Commission's permission, file only those portions of the text of the proposed rule change in which changes are being made if the filing (i.e. partial amendment) is clearly understandable on its face. Such partial amendment shall be clearly identified and marked to show deletions and additions.

1. Text of the Proposed Rule Change

(a) NASDAQ OMX PHLX LLC (“Exchange” or “Phlx”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b-4 thereunder,² is filing with the Securities and Exchange Commission (“Commission”) a proposal to harmonize the treatment of the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits.

The Exchange requests that this filing become operative on December 1, 2014.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1. The text of the proposed rule change is set forth below.

Proposed new language is underlined; deleted text is in brackets.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on July 16, 2014. No other action by the Exchange is necessary for the filing of the rule change.

Questions and comments on the proposed rule change may be directed to Angela Dunn, Associate General Counsel, The NASDAQ OMX Group, Inc., at (215) 496-5692.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange is proposing to amend Chapter VIII of the Pricing Schedule to harmonize the treatment of the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits by making it consistent with the definition of "Common Ownership" in the Preface of the Pricing Schedule which relates to options pricing. For purposes of applying any PSX charge or credit where the charge assessed, or credit provided, by Phlx depends upon the volume of a member organization's activity. A member organization may request that the Exchange aggregate its activity with the activity of its affiliates.³ Therefore, for purposes of applying any PSX charge or credit where the charge assessed, or credit provided, by Phlx depends upon the volume of a member organization's activity, references to an entity (including references to a "member organization", or a "participant") shall be deemed to include the entity and its affiliates that have been approved for aggregation.⁴

Currently, PSX Rules state that for purposes of applying any PSX charge or credit where the charge assessed, or credit provided, by Phlx depends upon the volume of a member organization's activity, a member organization may request that the Exchange aggregate its activity with the activity of its affiliates.⁵ The Exchange proposes to amend

³ See Chapter VIII of the Pricing Schedule.

⁴ Id.

⁵ An "affiliate" of a member organization shall mean any wholly owned subsidiary, parent, or sister of the member organization that is also a member organization. A "wholly owned subsidiary" shall mean a subsidiary of a member organization, 100 percent of whose voting stock or comparable ownership interest is owned by the member organization, either directly or indirectly through other wholly owned subsidiaries. A

Chapter VIII of the Pricing Schedule to conform that rule to that of Phlx Options Pricing Rules so that equities and options members/member organizations are treated consistently with respect to affiliations of member organizations for purposes of pricing. Phlx's Options Rule provides, "Common Ownership" shall mean Participants under 75 percent common ownership or control.⁶ The Exchange desires to take the current standard of 100 percent for equities member organizations and align that standard to the 75 percent standard for options members and member organizations.

Pursuant to Chapter VIII of the Pricing Schedule, a member organization requesting aggregation of affiliate activity shall be required to certify to the Exchange the affiliate status of entities whose activity it seeks to aggregate prior to receiving approval for aggregation, and shall be required to inform the Exchange immediately of any event that causes an entity to cease to be an affiliate. In addition, the Exchange reserves the right to request information to verify the affiliate status of an entity.⁷

The Exchange intends to amend the Phlx options rules to similarly require the certifications and approvals as noted herein. The Exchange intends that this rule change and the options rule changes noted herein harmonize the process by which the Exchange gathers information related to affiliated member organizations and then in turn, for purposes of pricing, treat both equities and options members alike with respect to the

"parent" shall mean an entity that directly or indirectly owns 100 percent of the voting stock or comparable ownership interest of a member organization. A "sister" shall mean an entity, 100 percent of whose voting stock or comparable ownership interest is owned by a parent that also owns 100 percent of the voting stock or comparable ownership interest of a member organization. See Chapter VIII of the Pricing Schedule.

⁶ See the Preface of the Pricing Schedule.

⁷ See Chapter VIII of the Pricing Schedule.

application of aggregated pricing.

The Exchange proposes to apply this pricing as of December 1, 2014 and issue an Options Trader Alert to its members.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the proposal will harmonize the treatment of the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits with the treatment of the aggregation of activity of affiliated member organizations in relation to options pricing so that more member organizations will be able to benefit from lower charges and/or increased credits. The proposal will further serve to reduce disparity of treatment between member organizations with regards to the pricing of different services and reduce any potential for confusion in how activity can be aggregated. The Exchange believes the rule change avoids disparate treatment of members that have divided their various business activities between separate corporate entities as compared to members that operate those business activities within a single corporate entity. By way of example, subject to appropriate information barriers, many firms that are members of the Exchange operate both a market making desk and a public customer business within the same corporate entity. In

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

contrast, other members may be part of a corporate structure that separates those business lines into different corporate affiliates, either for business, compliance or historical reasons, and those affiliates are not also considered wholly owned affiliates. Those corporate affiliates, in turn, are required to maintain separate memberships with the Exchange. Absent the proposed change, such corporate affiliates that cannot be considered wholly owned but are under common control would not receive the same treatment as members who are considered wholly owned affiliates. Accordingly, the Exchange believes that its proposed policy is fair and equitable, and not unreasonably discriminatory in permitting both wholly owned and common control. In addition to ensuring fair and equal treatment of its members, the Exchange does not want to create incentives for its members to restructure their business operations or compliance functions simply due to the Exchange's pricing structure.

The Exchange believes that this proposed rule change may enable additional equity member organizations to aggregate pricing because the standard will be reduced from 100 percent to 75 percent for these member organizations. There are no current equity member organizations that would no longer be entitled to the aggregation as a result of this rule change. Further, the Exchange seeks to harmonize the manner in which aggregated pricing is treated on its three markets, The NASDAQ Stock Market LLC, NASDAQ OMX BX, Inc. and Phlx and as between equities and options, by developing one standard for aggregated pricing and one method for collecting such information on aggregated pricing to ensure proper validation of that pricing in the manner in which it is occurring on Phlx for equity member organizations today.

Today, BATS Exchange, Inc. (“BATS”) equity members are permitted to aggregate share volume calculations for wholly owned affiliates. The Exchange allows a member to aggregate volume with other members that control, are controlled by, or are under common control with such member.¹⁰ To the extent two or more affiliated companies maintain separate Exchange memberships and can demonstrate their affiliation by showing they control, are controlled by, or are under common control with each other, the Exchange will permit such members to count overall volume of the affiliates in calculating volume. BATS does not specify a specific percentage for such aggregation. The Exchange is specifying 75 percent, similar to the percentage applied to Options Participants.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely seeking to harmonize the treatment of the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits with those rules contained in Chapter XV which relate to options pricing. The Exchange also believes that certain market participants may be able to aggregate because the standard is decreasing from 100 percent to 75 percent.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

¹⁰ See Securities Exchange Act Release No. 64211 (April 6, 2011), 76 FR 20414 (April 12, 2014) (SR-BATS-2011-012).

6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period for Commission action.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)¹¹ of the Act and Rule 19b-4(f)(6) thereunder¹² in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

The Exchange believes the proposed rule change will further serve to reduce disparity of treatment between equity and options member organizations with regard to the pricing of different services and reduce any potential for confusion in how activity can be aggregated. The Exchange is merely seeking to harmonize the treatment of the aggregation for pricing purposes so that all equity and options members and member organizations may aggregate pricing in a similar manner. Equities markets today are able to aggregate pricing at less than 100 percent.¹³

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that

¹¹ 15 U.S.C. 78s(b)(3)(A).

¹² 17 CFR 240.19b-4(f)(6).

¹³ See BATS' BZX Exchange Fee Schedule.

subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest.

The Exchange proposes to implement this rule change on December 1, 2014 to provide members adequate notice of this change in process.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

This proposed rule change is based Phlx Options Rules and rules of the BATS-Z Exchange.¹⁴

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend Chapter VIII of the Pricing Schedule to harmonize the treatment of the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits by making it consistent with the definition of “Common Ownership” in the Preface of the Pricing Schedule which relates to options pricing. For purposes of applying any PSX charge or credit where the charge assessed, or credit provided, by Phlx depends upon the volume of a member organization's activity. A member organization may request that the Exchange aggregate its activity with the activity of its affiliates.³ Therefore, for purposes of applying any PSX charge or credit where the charge assessed, or credit provided, by Phlx depends upon the volume of a member organization's activity, references to an entity (including references to a

³ See Chapter VIII of the Pricing Schedule.

“member organization”, or a “participant”) shall be deemed to include the entity and its affiliates that have been approved for aggregation.⁴

Currently, PSX Rules state that for purposes of applying any PSX charge or credit where the charge assessed, or credit provided, by Phlx depends upon the volume of a member organization's activity, a member organization may request that the Exchange aggregate its activity with the activity of its affiliates.⁵ The Exchange proposes to amend Chapter VIII of the Pricing Schedule to conform that rule to that of Phlx Options Pricing Rules so that equities and options members/member organizations are treated consistently with respect to affiliations of member organizations for purposes of pricing. Phlx's Options Rule provides, “Common Ownership” shall mean Participants under 75 percent common ownership or control.⁶ The Exchange desires to take the current standard of 100 percent for equities member organizations and align that standard to the 75 percent standard for options members and member organizations.

Pursuant to Chapter VIII of the Pricing Schedule, a member organization requesting aggregation of affiliate activity shall be required to certify to the Exchange the affiliate status of entities whose activity it seeks to aggregate prior to receiving approval

⁴ Id.

⁵ An “affiliate” of a member organization shall mean any wholly owned subsidiary, parent, or sister of the member organization that is also a member organization. A “wholly owned subsidiary” shall mean a subsidiary of a member organization, 100 percent of whose voting stock or comparable ownership interest is owned by the member organization, either directly or indirectly through other wholly owned subsidiaries. A “parent” shall mean an entity that directly or indirectly owns 100 percent of the voting stock or comparable ownership interest of a member organization. A “sister” shall mean an entity, 100 percent of whose voting stock or comparable ownership interest is owned by a parent that also owns 100 percent of the voting stock or comparable ownership interest of a member organization. See Chapter VIII of the Pricing Schedule.

⁶ See the Preface of the Pricing Schedule.

for aggregation, and shall be required to inform the Exchange immediately of any event that causes an entity to cease to be an affiliate. In addition, the Exchange reserves the right to request information to verify the affiliate status of an entity.⁷

The Exchange intends to amend the Phlx options rules to similarly require the certifications and approvals as noted herein. The Exchange intends that this rule change and the options rule changes noted herein harmonize the process by which the Exchange gathers information related to affiliated member organizations and then in turn, for purposes of pricing, treat both equities and options members alike with respect to the application of aggregated pricing.

The Exchange proposes to apply this pricing as of December 1, 2014 and issue an Options Trader Alert to its members.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act⁸ in general, and furthers the objectives of Section 6(b)(5) of the Act⁹ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the proposal will harmonize the treatment of the aggregation of activity of affiliated member organizations for the purposes of assessing charges or credits with the treatment of the aggregation of activity of affiliated member organizations in relation to options pricing so that more member

⁷ See Chapter VIII of the Pricing Schedule.

⁸ 15 U.S.C. 78f(b).

⁹ 15 U.S.C. 78f(b)(5).

organizations will be able to benefit from lower charges and/or increased credits. The proposal will further serve to reduce disparity of treatment between member organizations with regards to the pricing of different services and reduce any potential for confusion in how activity can be aggregated. The Exchange believes the rule change avoids disparate treatment of members that have divided their various business activities between separate corporate entities as compared to members that operate those business activities within a single corporate entity. By way of example, subject to appropriate information barriers, many firms that are members of the Exchange operate both a market making desk and a public customer business within the same corporate entity. In contrast, other members may be part of a corporate structure that separates those business lines into different corporate affiliates, either for business, compliance or historical reasons, and those affiliates are not also considered wholly owned affiliates. Those corporate affiliates, in turn, are required to maintain separate memberships with the Exchange. Absent the proposed change, such corporate affiliates that cannot be considered wholly owned but are under common control would not receive the same treatment as members who are considered wholly owned affiliates. Accordingly, the Exchange believes that its proposed policy is fair and equitable, and not unreasonably discriminatory in permitting both wholly owned and common control. In addition to ensuring fair and equal treatment of its members, the Exchange does not want to create incentives for its members to restructure their business operations or compliance functions simply due to the Exchange's pricing structure.

The Exchange believes that this proposed rule change may enable additional equity member organizations to aggregate pricing because the standard will be reduced

from 100 percent to 75 percent for these member organizations. There are no current equity member organizations that would no longer be entitled to the aggregation as a result of this rule change. Further, the Exchange seeks to harmonize the manner in which aggregated pricing is treated on its three markets, The NASDAQ Stock Market LLC, NASDAQ OMX BX, Inc. and Phlx and as between equities and options, by developing one standard for aggregated pricing and one method for collecting such information on aggregated pricing to ensure proper validation of that pricing in the manner in which it is occurring on Phlx for equity member organizations today.

Today, BATS Exchange, Inc. (“BATS”) equity members are permitted to aggregate share volume calculations for wholly owned affiliates. The Exchange allows a member to aggregate volume with other members that control, are controlled by, or are under common control with such member.¹⁰ To the extent two or more affiliated companies maintain separate Exchange memberships and can demonstrate their affiliation by showing they control, are controlled by, or are under common control with each other, the Exchange will permit such members to count overall volume of the affiliates in calculating volume. BATS does not specify a specific percentage for such aggregation. The Exchange is specifying 75 percent, similar to the percentage applied to Options Participants.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely seeking to harmonize the treatment of the aggregation of

¹⁰ See Securities Exchange Act Release No. 64211 (April 6, 2011), 76 FR 20414 (April 12, 2014) (SR-BATS-2011-012).

activity of affiliated member organizations for the purposes of assessing charges or credits with those rules contained in Chapter XV which relate to options pricing. The Exchange also believes that certain market participants may be able to aggregate because the standard is decreasing from 100 percent to 75 percent.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹¹ and subparagraph (f)(6) of Rule 19b-4 thereunder.¹²

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.

¹¹ 15 U.S.C. 78s(b)(3)(a)(ii).

¹² 17 CFR 240.19b-4(f)(6).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2014-57 on the subject line.

Paper comments:

- Send paper comments in triplicate to Elizabeth M. Murphy, Secretary, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2014-57. This file number should be included on the subject line if e-mail is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>).

Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room, 100 F Street, NE, Washington, DC 20549, on

official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.

All submissions should refer to File Number SR-Phlx-2014-57 and should be submitted on or before [insert date 21 days from publication in the Federal Register].

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.¹³

Kevin M. O'Neill
Deputy Secretary

¹³ 17 CFR 200.30-3(a)(12).
