1. Text of the Proposed Rule Change

(a) Pursuant to the provisions of Section 19(b)(1) of the Securities Exchange Act of 1934 ("Act")¹ and Rule 19b-4 thereunder,² NASDAQ OMX PHLX LLC ("Phlx" or "Exchange") is filing with the Securities and Exchange Commission ("Commission") a proposal to amend Phlx Rule 1079 (FLEX Index, Equity and Currency Options) to extend a pilot program that eliminates minimum value sizes for FLEX index options and FLEX equity options (together known as "FLEX Options").³

The Exchange requests that the Commission waive the 30-day operative delay period, as discussed in the proposal.

A notice of the proposed rule change for publication in the Federal Register is attached hereto as Exhibit 1. The text of the amended Exchange rule is set forth immediately below.

Additions are underlined and deletions are [bracketed].

³ In addition to FLEX Options, FLEX currency options are also traded on the Exchange. These flexible index, equity, and currency options provide investors the ability to customize basic option features including size, expiration date, exercise style, and certain exercise prices; and may have expiration dates within five years. See Rule 1079. FLEX currency options traded on the Exchange are also known as FLEX World Currency Options ("WCO") or Foreign Currency Options ("FCO"). The pilot program discussed herein does not encompass FLEX currency options.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange (the “Board”) on July 16, 2014. Exchange staff will advise the Board of any action taken pursuant to delegated authority. No other action by the Exchange is necessary for the filing of the rule change.

Questions and comments on the proposed rule change may be directed to Jurij Trypupenko, Associate General Counsel, The NASDAQ OMX Group, Inc., at (301) 978-8132.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The purpose of this proposed rule change is to amend Phlx Rule 1079 (FLEX Index, Equity and Currency Options) to extend a pilot program that eliminates minimum value sizes for FLEX Options (the "Pilot Program" or "Pilot").

Rule 1079 deals with the process of listing and trading FLEX equity, index, and currency options on the Exchange. Rule 1079(a)(8)(A) currently sets the minimum opening transaction value size in the case of a FLEX Option in a newly established (opening) series if there is no open interest in the particular series when a Request-for-Quote ("RFQ") is submitted (except as provided in Commentary .01 to Rule 1079): (i) \$10 million underlying equivalent value, respecting FLEX market index options, and \$5 million underlying equivalent value respecting FLEX industry index options;⁴ (ii) the lesser of 250 contracts or the number of contracts overlying \$1 million in the underlying securities, with respect to FLEX equity options (together the "minimum value size").⁵

Presently, Commentary .01 to Rule 1079 states that by virtue of the Pilot Program ending October 31, 2014, or the date on which the pilot is approved on a permanent basis, there shall be no minimum value size requirements for FLEX Options as noted in subsections (a)(8)(A)(i) and (a)(8)(A)(ii) of Rule 1079.⁶

⁴ Market index options and industry index options are broad-based index options and narrow-based index options, respectively. See Rule 1000A(b)(11) and (12).

⁵ Subsection (a)(8)(A) also provides a third alternative: (iii) 50 contracts in the case of FLEX currency options. However, this alternative is not part of the Pilot Program.

⁶ See Securities Exchange Act Release No. 67094 (June 1, 2012), 77 FR 33796 (June 7, 2012)(SR-Phlx-2012-76)(notice of filing and immediate effectiveness of

The Exchange now proposes to extend the Pilot Program for a pilot period ending the earlier of February 28, 2015, or the date on which the Pilot is approved on a permanent basis.⁷

The Exchange believes that there is sufficient investor interest and demand in the Pilot Program to warrant an extension. The Exchange believes that the Pilot Program has provided investors with additional means of managing their risk exposures and carrying out their investment objectives. Extension of the Pilot Program would continue to provide greater opportunities for traders and investors to manage risk through the use of FLEX Options, including investors that may otherwise trade in the unregulated over the counter (“OTC”) market where similar size restrictions do not apply.⁸

In support of the proposed extension of the Pilot Program, the Exchange has under separate cover submitted to the Commission a Pilot Program Report (“Report”) that provides an analysis of the Pilot Program covering the period during which the Pilot has been in effect. This Report includes: (i) data and analysis on the open interest and trading volume in (a) FLEX equity options that have an opening transaction with a

proposal to extend Pilot Program). The Pilot Program was instituted in 2010. See Securities Exchange Act Release No. 62900 (September 13, 2010), 75 FR 57098 (September 17, 2010)(SR-Phlx-2010-123)(notice of filing and immediate effectiveness of proposal to institute Pilot Program).

⁷ The Exchange notes that any positions established under this Pilot would not be impacted by the expiration of the Pilot. For example, a 10-contract FLEX equity option opening position that overlies less than \$1 million in the underlying security and expires in January 2015 could be established during the Pilot. If the Pilot Program were not extended, the position would continue to exist and any further trading in the series would be subject to the minimum value size requirements for continued trading in that series.

⁸ The Exchange has not experienced any adverse market effects with respect to the Pilot Program.

minimum size of 0 to 249 contracts and less than \$1 million in underlying value; (b) FLEX index options that have an opening transaction with a minimum opening size of less than \$10 million in underlying equivalent value; and (ii) analysis of the types of investors that initiated opening FLEX Options transactions (*i.e.*, institutional, high net worth, or retail). The Report has been submitted to the Commission and the Exchange has requested confidential treatment under the Freedom of Information Act.⁹

b. Statutory Basis

The Exchange's proposal is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act¹¹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system. Specifically, the Exchange believes that the proposed extension of the Pilot Program, which eliminates the minimum value size applicable to opening transactions in new series of FLEX Options, would provide greater opportunities for investors to manage risk through the use of FLEX Options. The Exchange notes that it has not experienced any adverse market effects with respect to the Pilot Program.

⁹ 5 U.S.C. section 552. The Exchange notes that it expects to file a proposal for permanent approval of the Pilot Program. With this proposal, the Exchange will submit a Report that is publicly available. In the event the Pilot Program is not permanently approved by February 28, 2015, the Exchange will submit an additional Report covering the extended Pilot period.

¹⁰ 15 U.S.C. 78f(b).

¹¹ 15 U.S.C. 78f(b)(5).

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the proposal would give traders and investors the opportunity to more effectively tailor their trading, investing and hedging through FLEX options traded on the Exchange. Prior to the Pilot, options that represented opening transactions in new series that could not meet a minimum value size could not trade via FLEX on the Exchange, but rather had to trade OTC. Extension of the Pilot enables such options to continue to trade on the Exchange.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

Not applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The proposed rule change is filed for immediate effectiveness pursuant to Section 19(b)(3)(A)¹² of the Act and Rule 19b-4(f)(6) thereunder.¹³ The Exchange believes the rule change qualifies for immediate effectiveness as a “non-controversial” rule change under Rule 19b-4(f)(6) of the Act.

The Exchange asserts that the proposed rule change does not (i) significantly affect the protection of investors or the public interest, (ii) impose any significant burden

¹² 15 U.S.C. 78s(b)(3)(A).

¹³ 17 CFR 240.19b-4(f)(6).

on competition, and (iii) become operative for 30 days after its filing date, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. The Exchange believes that the proposed rule change does not significantly affect the protection of investors or the public interest because this proposal would extend an existing pilot pursuant to the same terms, and the Pilot has been beneficial to the Exchange and its traders, market participants, and public investors in general. The Exchange believes that the proposal is pro-competitive because it would give traders and investors the opportunity to more effectively tailor their trading, investing and hedging through FLEX options traded on the Exchange.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests the Commission to waive the noted operative delay so that the Exchange may seamlessly continue its Pilot Program, which increases opportunities for investors and public customers to manage risk through the use of FLEX Options. The Exchange believes that good reason exists for the Commission to waive the operative effectiveness delay, and that such waiver would be

consistent with the protection of investors and in the public interest. Waiver of the operative delay allows the Pilot to continue uninterrupted, which would be beneficial to market participants and would help to eliminate the potential for investor confusion.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposed rule change is to amend Phlx Rule 1079 (FLEX Index, Equity and Currency Options) to extend a pilot program that eliminates minimum value sizes for FLEX Options (the "Pilot Program" or "Pilot").

Rule 1079 deals with the process of listing and trading FLEX equity, index, and currency options on the Exchange. Rule 1079(a)(8)(A) currently sets the minimum opening transaction value size in the case of a FLEX Option in a newly established (opening) series if there is no open interest in the particular series when a Request-for-Quote ("RFQ") is submitted (except as provided in Commentary .01 to Rule 1079): (i) \$10 million underlying equivalent value, respecting FLEX market index options, and \$5

million underlying equivalent value respecting FLEX industry index options;⁴ (ii) the lesser of 250 contracts or the number of contracts overlying \$1 million in the underlying securities, with respect to FLEX equity options (together the “minimum value size”).⁵

Presently, Commentary .01 to Rule 1079 states that by virtue of the Pilot Program ending October 31, 2014, or the date on which the pilot is approved on a permanent basis, there shall be no minimum value size requirements for FLEX Options as noted in subsections (a)(8)(A)(i) and (a)(8)(A)(ii) of Rule 1079.⁶

The Exchange now proposes to extend the Pilot Program for a pilot period ending the earlier of February 28, 2015, or the date on which the Pilot is approved on a permanent basis.⁷

The Exchange believes that there is sufficient investor interest and demand in the Pilot Program to warrant an extension. The Exchange believes that the Pilot Program has

⁴ Market index options and industry index options are broad-based index options and narrow-based index options, respectively. See Rule 1000A(b)(11) and (12).

⁵ Subsection (a)(8)(A) also provides a third alternative: (iii) 50 contracts in the case of FLEX currency options. However, this alternative is not part of the Pilot Program.

⁶ See Securities Exchange Act Release No. 67094 (June 1, 2012), 77 FR 33796 (June 7, 2012)(SR-Phlx-2012-76)(notice of filing and immediate effectiveness of proposal to extend Pilot Program). The Pilot Program was instituted in 2010. See Securities Exchange Act Release No. 62900 (September 13, 2010), 75 FR 57098 (September 17, 2010)(SR-Phlx-2010-123)(notice of filing and immediate effectiveness of proposal to institute Pilot Program).

⁷ The Exchange notes that any positions established under this Pilot would not be impacted by the expiration of the Pilot. For example, a 10-contract FLEX equity option opening position that overlies less than \$1 million in the underlying security and expires in January 2015 could be established during the Pilot. If the Pilot Program were not extended, the position would continue to exist and any further trading in the series would be subject to the minimum value size requirements for continued trading in that series.

provided investors with additional means of managing their risk exposures and carrying out their investment objectives. Extension of the Pilot Program would continue to provide greater opportunities for traders and investors to manage risk through the use of FLEX Options, including investors that may otherwise trade in the unregulated over the counter (“OTC”) market where similar size restrictions do not apply.⁸

In support of the proposed extension of the Pilot Program, the Exchange has under separate cover submitted to the Commission a Pilot Program Report (“Report”) that provides an analysis of the Pilot Program covering the period during which the Pilot has been in effect. This Report includes: (i) data and analysis on the open interest and trading volume in (a) FLEX equity options that have an opening transaction with a minimum size of 0 to 249 contracts and less than \$1 million in underlying value; (b) FLEX index options that have an opening transaction with a minimum opening size of less than \$10 million in underlying equivalent value; and (ii) analysis of the types of investors that initiated opening FLEX Options transactions (*i.e.*, institutional, high net worth, or retail). The Report has been submitted to the Commission and the Exchange has requested confidential treatment under the Freedom of Information Act.⁹

⁸ The Exchange has not experienced any adverse market effects with respect to the Pilot Program.

⁹ 5 U.S.C. section 552. The Exchange notes that it expects to file a proposal for permanent approval of the Pilot Program. With this proposal, the Exchange will submit a Report that is publicly available. In the event the Pilot Program is not permanently approved by February 28, 2015, the Exchange will submit an additional Report covering the extended Pilot period.

2. Statutory Basis

The Exchange's proposal is consistent with Section 6(b) of the Act¹⁰ in general, and furthers the objectives of Section 6(b)(5) of the Act¹¹ in particular, in that it is designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in facilitating transactions in securities, and to remove impediments to and perfect the mechanisms of a free and open market and a national market system. Specifically, the Exchange believes that the proposed extension of the Pilot Program, which eliminates the minimum value size applicable to opening transactions in new series of FLEX Options, would provide greater opportunities for investors to manage risk through the use of FLEX Options. The Exchange notes that it has not experienced any adverse market effects with respect to the Pilot Program.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. To the contrary, the proposal would give traders and investors the opportunity to more effectively tailor their trading, investing and hedging through FLEX options traded on the Exchange. Prior to the Pilot, options that represented opening transactions in new series that could not meet a minimum value size could not trade via FLEX on the Exchange, but rather had to trade OTC. Extension of the Pilot enables such options to continue to trade on the Exchange.

¹¹ 15 U.S.C. 78f(b)(5).

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act¹² and subparagraph (f)(6) of Rule 19b-4 thereunder.¹³

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

¹² 15 U.S.C. 78s(b)(3)(a)(ii).

¹³ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an e-mail to rule-comments@sec.gov. Please include File Number SR-Phlx-2014-69 on the subject line.

Paper comments:

- Send paper comments in triplicate to Brent J. Fields, Securities and Exchange Commission, 100 F Street, NE, Washington, DC 20549-1090.

All submissions should refer to File Number SR-Phlx-2014-69. This file number should be included on the subject line if e-mail is used.

To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission's Public Reference Room on official business days between the hours of 10:00 a.m. and 3:00 p.m.

Copies of such filing also will be available for inspection and copying at the principal offices of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly.
