2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange on July 16, 2014. No other action by the Exchange is necessary for the filing of the rule change.

Questions and comments on the proposed rule change may be directed to Angela Dunn, Associate General Counsel, The NASDAQ OMX Group, Inc., at (215) 496-5692.

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

The Exchange is proposing to amend various sections of the Pricing Schedule, which applies to options, to add rule text to clarify the Pricing Schedule. Each change will be discussed in more detail below.

Preface – Joint Back Office (“JBO”)

The Exchange notes in the Preface to the Pricing Schedule that a JBO will be priced the same as a Broker-Dealer. as of September 1, 2014. The Exchange believes that the date is no longer necessary and proposes to remove this reference.

Preface - RMM Amendment

The Exchange proposes to add a sentence to the term “ROT, SQT and RSQT” to state that “RSQTs may also be referred to as Remote Market Makers (“RMMs”).” The Exchange already includes this statement in note 6 of the Preface. The Exchange proposes to add this in the definition of the term for ease of reference.

Chapter VI - RMO Amendment

The Exchange also proposes to utilize this term to describe the fees at Chapter VI, Membership Fees, Section C, currently titled “Remote Streaming Quote Trader Organization Fee.” The Exchange believes that titling this fee as “Remote Market Maker Organization (RMO) Fee” more specifically defines the fee. The Exchange also proposes to add the term “RMO” in place of “RSQTO” throughout Section C fee table for consistency.

Chapter VI - Adding Tier Numbers

The Exchange proposes to amend Chapter VI, Section B, Streaming Quote Trader (“SQT”) Fees and Section C to assign tier numbers before each tier in each of those fees for ease of reference in referring to the fees.

The Exchange believes that each of the aforementioned amendments will make the Pricing Schedule easier to understand and reference.

Section A - Mini Options Symbols

The Exchange is also proposing to delete the Mini Options symbols listed in Section A, Mini Options Fees and instead note that the pricing applies to all Mini Options as specified in Rule 1012, Commentary .13. The Exchange believes this will assist the Exchange in maintaining a current, accurate Pricing Schedule.

Section B – Customer Rebate Program

The Exchange is proposing to clarify rule text in Section B, Customer Rebate Program, related to Category B rebates. Currently the Category B rebate is paid to members executing electronically-delivered Customer Complex Orders in Penny Pilot Options and Non-Penny Pilot Options in Section II symbols. The rebate will be paid on

Customer PIXL Complex Orders in Section II symbols that execute against non-Initiating Order interest. In the instance where member organizations qualify for Tier 4 or higher in the Customer Rebate Program, Customer Complex PIXL Orders that execute against a Complex PIXL Initiating Order will be paid a rebate of \$0.17 per contract. The Category B Rebate will not be paid when an electronically-delivered Customer Complex Order executes against another electronically-delivered Customer Complex Order. The Exchange proposes to amend the last sentence to state, “The Category B Rebate will not be paid when an electronically-delivered Customer Complex Order, including Customer Complex PIXL Order, executes against another electronically-delivered Customer Complex Order.” The Exchange believes that this sentence helps further clarify the manner in which the Category B rebate is applied today.

The Exchange is also making other clarifying amendments in the definitions to correct typographical errors.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(5) of the Act⁴ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the amendments will provide greater clarity to the Pricing Schedule.

³ 15 U.S.C. 78f(b).

⁴ 15 U.S.C. 78f(b)(5).

The Exchange believes that removing the historical reference date to the JBO definition in the Preface will provide greater clarity to the Pricing Schedule.

The Exchange believes that the amendments provide greater specificity and conforms word usage with the Rulebook with respect to the usage of the terms RMM and RMO. Also, by adding tier numbers, it will be easier to reference the various streaming fees.

The Exchange believes that generally referring to Mini Options as specified in the Rulebook will assist the Exchange in maintaining a current list of Mini Options which are subject to Section A pricing. The NASDAQ Options Market LLC pricing for Mini Options does not specifically reference the Mini Options symbols.⁵

The Exchange believes that further clarifying the manner in which a Category B Customer Rebate is paid by stating that a Customer Complex PIXL Order is excluded in the same manner as other Customer Complex Orders adds further clarity to the rule text. The Exchange excludes Customer Complex PIXL Orders today from the Category B rebate. The Exchange will not change the manner in which the Exchange pays a rebate as a result of this filing. Customer Complex PIXL Orders will continue to be excluded.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely seeking to add greater clarity to the Pricing Schedule by

⁵ See Chapter XV, Section 2(4).

conforming the RMM and RMO language to the current usage in Rule 507 of the Rulebook. The Exchange also believes that the addition of tiers provides greater clarity and transparency to the Pricing Schedule which benefits all market participants. Generally citing to all Mini Options provides greater accuracy to the Pricing Schedule. Specifically stating that Customer Complex PIXL Orders are excluded in a manner similar to Customer Complex Orders adds more specificity to the manner in which the Exchange pays the Category B Customer Rebate. Finally, correcting typographical errors and removing historical dates avoid confusion.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period for Commission action.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)⁶ of the Act and Rule 19b-4(f)(6) thereunder⁷ in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

⁶ 15 U.S.C. 78s(b)(3)(A).

⁷ 17 CFR 240.19b-4(f)(6).

The Exchange believes the proposed rule change will provide greater clarity, transparency and accuracy to the Pricing Schedule.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

8. Proposed Rule Change Based on Rules of Another Self-Regulatory Organization or of the Commission

Not applicable.

9. Security-Based Swap Submissions Filed Pursuant to Section 3C of the Act

Not applicable.

10. Advance Notices Filed Pursuant to Section 806(e) of the Payment, Clearing and Settlement Supervision Act

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is proposing to amend various sections of the Pricing Schedule, which applies to options, to add rule text to clarify the Pricing Schedule. Each change will be discussed in more detail below.

Preface – Joint Back Office (“JBO”)

The Exchange notes in the Preface to the Pricing Schedule that a JBO will be priced the same as a Broker-Dealer. as of September 1, 2014. The Exchange believes

that the date is no longer necessary and proposes to remove this reference.

Preface - RMM Amendment

The Exchange proposes to add a sentence to the term “ROT, SQT and RSQT” to state that “RSQTs may also be referred to as Remote Market Makers (“RMMs”).” The Exchange already includes this statement in note 6 of the Preface. The Exchange proposes to add this in the definition of the term for ease of reference.

Chapter VI - RMO Amendment

The Exchange also proposes to utilize this term to describe the fees at Chapter VI, Membership Fees, Section C, currently titled “Remote Streaming Quote Trader Organization Fee.” The Exchange believes that titling this fee as “Remote Market Maker Organization (RMO) Fee” more specifically defines the fee. The Exchange also proposes to add the term “RMO” in place of “RSQTO” throughout Section C fee table for consistency.

Chapter VI - Adding Tier Numbers

The Exchange proposes to amend Chapter VI, Section B, Streaming Quote Trader (“SQT”) Fees and Section C to assign tier numbers before each tier in each of those fees for ease of reference in referring to the fees.

The Exchange believes that each of the aforementioned amendments will make the Pricing Schedule easier to understand and reference.

Section A - Mini Options Symbols

The Exchange is also proposing to delete the Mini Options symbols listed in Section A, Mini Options Fees and instead note that the pricing applies to all Mini Options as specified in Rule 1012, Commentary .13. The Exchange believes this will assist the

Exchange in maintaining a current, accurate Pricing Schedule.

Section B – Customer Rebate Program

The Exchange is proposing to clarify rule text in Section B, Customer Rebate Program, related to Category B rebates. Currently the Category B rebate is paid to members executing electronically-delivered Customer Complex Orders in Penny Pilot Options and Non-Penny Pilot Options in Section II symbols. The rebate will be paid on Customer PIXL Complex Orders in Section II symbols that execute against non-Initiating Order interest. In the instance where member organizations qualify for Tier 4 or higher in the Customer Rebate Program, Customer Complex PIXL Orders that execute against a Complex PIXL Initiating Order will be paid a rebate of \$0.17 per contract. The Category B Rebate will not be paid when an electronically-delivered Customer Complex Order executes against another electronically-delivered Customer Complex Order. The Exchange proposes to amend the last sentence to state, “The Category B Rebate will not be paid when an electronically-delivered Customer Complex Order, including Customer Complex PIXL Order, executes against another electronically-delivered Customer Complex Order.” The Exchange believes that this sentence helps further clarify the manner in which the Category B rebate is applied today.

The Exchange is also making other clarifying amendments in the definitions to correct typographical errors.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act³ in general, and furthers the objectives of Section 6(b)(5) of the Act⁴ in particular, in that it

³ 15 U.S.C. 78f(b).

is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest, in that the amendments will provide greater clarity to the Pricing Schedule.

The Exchange believes that removing the historical reference date to the JBO definition in the Preface will provide greater clarity to the Pricing Schedule.

The Exchange believes that the amendments provide greater specificity and conforms word usage with the Rulebook with respect to the usage of the terms RMM and RMO. Also, by adding tier numbers, it will be easier to reference the various streaming fees.

The Exchange believes that generally referring to Mini Options as specified in the Rulebook will assist the Exchange in maintaining a current list of Mini Options which are subject to Section A pricing. The NASDAQ Options Market LLC pricing for Mini Options does not specifically reference the Mini Options symbols.⁵

The Exchange believes that further clarifying the manner in which a Category B Customer Rebate is paid by stating that a Customer Complex PIXL Order is excluded in the same manner as other Customer Complex Orders adds further clarity to the rule text. The Exchange excludes Customer Complex PIXL Orders today from the Category B rebate. The Exchange will not change the manner in which the Exchange pays a rebate as a result of this filing. Customer Complex PIXL Orders will continue to be excluded.

B. Self-Regulatory Organization's Statement on Burden on Competition

⁴ 15 U.S.C. 78f(b)(5).

⁵ See Chapter XV, Section 2(4).

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange is merely seeking to add greater clarity to the Pricing Schedule by conforming the RMM and RMO language to the current usage in Rule 507 of the Rulebook. The Exchange also believes that the addition of tiers provides greater clarity and transparency to the Pricing Schedule which benefits all market participants. Generally citing to all Mini Options provides greater accuracy to the Pricing Schedule. Specifically stating that Customer Complex PIXL Orders are excluded in a manner similar to Customer Complex Orders adds more specificity to the manner in which the Exchange pays the Category B Customer Rebate. Finally, correcting typographical errors and removing historical dates avoid confusion.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act⁶ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁷

⁶ 15 U.S.C. 78s(b)(3)(a)(ii).

⁷ 17 CFR 240.19b-4(f)(6).

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act.
