The Exchange requests that the Commission waive the 30-day operative delay period contained in Exchange Act Rule 19b-4(f)(6)(iii).³

3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

On December 15, 2017, the Commission approved a proposed rule change for the listing and trading on the Exchange, on a twelve month pilot basis, of p.m.-settled options on broad-based indexes with nonstandard expirations dates.⁴ The pilot program permits both Weekly Expirations and End of Month ("EOM") expirations similar to those of the a.m.-settled broad-based index options, except that the exercise settlement value of the options subject to the pilot are based on the index value derived from the closing prices of component stocks. The Exchange previously filed to extend the pilot through May 6, 2019.⁵

Pursuant to Phlx Rule 1101A(b)(5)(A) the Exchange may open for trading Weekly Expirations on any broad-based index eligible for standard options trading to expire on any Monday, Wednesday, or Friday (other than the third Friday-of- the- month or days that coincide with an EOM expiration). Weekly Expirations are be subject to all provisions of Exchange Rule 1101A and are treated the same as options on the same

⁴ See Securities Exchange Act Release No. 82341 (December 15, 2017), 82 FR 60651 (December 21, 2017) (approving SR-Phlx-2017-79) (Order Approving a Proposed Rule Change, as Modified by Amendment No. 1 and Granting Accelerated Approval of Amendment No. 2, of a Proposed Rule Change To Establish a Nonstandard Expirations Pilot Program).

⁵ See Securities Exchange Act Release No. 84835 (December 17, 2018), 83 FR 65773 (December 21, 2018) (approving SR-Phlx-2018-80) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Pilot Period for the Exchange's Nonstandard Expirations Pilot Program).

underlying index that expire on the third Friday of the expiration month. Unlike the standard monthly options, however, Weekly Expirations are p.m.-settled.

Similarly, pursuant Rule 1101A(b)(5)(B) the Exchange may open for trading End of Month (“EOM”) on any broad-based index eligible for standard options trading to expire on the last trading day of the month. EOMs are subject to all provisions of Rule 1101A and treated the same as options on the same underlying index that expire on the third Friday of the expiration month. However, the EOMs are p.m.-settled.

The Exchange now proposes to amend Exchange Rule 1101A(b)(5)(C) so that the duration of the pilot program for these nonstandard expirations will be through November 4, 2019. The Exchange continues to have sufficient systems capacity to handle p.m.-settled options on broad-based indexes with nonstandard expirations dates and has not encountered any issues or adverse market effects as a result of listing them. Additionally, there is continued investor interest in these products. The Exchange will make public on its website any data and analysis it submits to the Commission under the pilot program.

Finally, the Exchange proposes to amend Phlx Rule 1101A(b)(3)(d). The Exchange proposes to capitalize the “d” so the cite becomes Phlx Rule 1101A(b)(3)(D).

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁶ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁷ in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national

⁶ 15 U.S.C. 78f(b).

⁷ 15 U.S.C. 78f(b)(5).

market system, and, in general to protect investors and the public interest. The Exchange believes the proposed rule change will protect investors and the public interest by providing the Exchange, the Commission and investors the benefit of additional time to analyze nonstandard expiration options. By extending the pilot program, investors may continue to benefit from a wider array of investment opportunities. Additionally, both the Exchange and the Commission may continue to monitor the potential for adverse market effects of p.m.-settlement on the market, including the underlying cash equities market, at the expiration of these options.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Options with nonstandard expirations would be available for trading to all market participants.

5. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

6. Extension of Time Period for Commission Action

The Exchange does not consent to an extension of the time period for Commission action.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act and Rule 19b-4(f)(6) thereunder in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not

become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest. This filing proposes to extend a previously-approved pilot program and raises no new regulatory issues. The Exchange therefore believes that the proposed rule change qualifies for immediate effectiveness as a “non-controversial” rule change.

The proposed rule change does not significantly affect the protection of investors. The Exchange has adequate surveillance procedures to monitor trading in these options thereby helping to ensure the maintenance of a fair and orderly market, and it has sufficient capacity to handle nonstandard expiration options. The proposed rule change does not impose any significant burden on competition because, as discussed above, options with nonstandard expirations would be available for trading to all market participants. The proposed rule change will facilitate the continued listing and trading of nonstandard expiration options that will enhance competition among market participants, to the benefit of investors and the marketplace.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the

Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that investors may continue to trade nonstandard expiration options listed by the Exchange as part of the pilot program on an uninterrupted basis.

SECURITIES AND EXCHANGE COMMISSION
(Release No. _____ ; File No. SR-Phlx-2019-13)

April __, 2019

Self-Regulatory Organizations; Nasdaq PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change to Extend the Pilot Period for the Exchanges Nonstandard Expirations Pilot Program

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on April 10, 2019, Nasdaq PHLX LLC (“Phlx” or “Exchange”) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to extend the pilot period for the Exchange’s nonstandard expirations pilot program, currently set to expire on May 6, 2019.

The text of the proposed rule change is available on the Exchange’s Website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b-4.

received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On December 15, 2017, the Commission approved a proposed rule change for the listing and trading on the Exchange, on a twelve month pilot basis, of p.m.-settled options on broad-based indexes with nonstandard expirations dates.³ The pilot program permits both Weekly Expirations and End of Month (“EOM”) expirations similar to those of the a.m.-settled broad-based index options, except that the exercise settlement value of the options subject to the pilot are based on the index value derived from the closing prices of component stocks. The Exchange previously filed to extend the pilot through May 6, 2019.⁴

Pursuant to Phlx Rule 1101A(b)(5)(A) the Exchange may open for trading Weekly Expirations on any broad-based index eligible for standard options trading to expire on any Monday, Wednesday, or Friday (other than the third Friday-of- the- month or days that coincide with an EOM expiration). Weekly Expirations are be subject to all

³ See Securities Exchange Act Release No. 82341 (December 15, 2017), 82 FR 60651 (December 21, 2017) (approving SR-Phlx-2017-79) (Order Approving a Proposed Rule Change, as Modified by Amendment No. 1 and Granting Accelerated Approval of Amendment No. 2, of a Proposed Rule Change To Establish a Nonstandard Expirations Pilot Program).

⁴ See Securities Exchange Act Release No. 84835 (December 17, 2018), 83 FR 65773 (December 21, 2018) (approving SR-Phlx-2018-80) (Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Pilot Period for the Exchange's Nonstandard Expirations Pilot Program).

provisions of Exchange Rule 1101A and are treated the same as options on the same underlying index that expire on the third Friday of the expiration month. Unlike the standard monthly options, however, Weekly Expirations are p.m.-settled.

Similarly, pursuant Rule 1101A(b)(5)(B) the Exchange may open for trading End of Month (“EOM”) on any broad-based index eligible for standard options trading to expire on the last trading day of the month. EOMs are subject to all provisions of Rule 1101A and treated the same as options on the same underlying index that expire on the third Friday of the expiration month. However, the EOMs are p.m.-settled.

The Exchange now proposes to amend Exchange Rule 1101A(b)(5)(C) so that the duration of the pilot program for these nonstandard expirations will be through November 4, 2019. The Exchange continues to have sufficient systems capacity to handle p.m.-settled options on broad-based indexes with nonstandard expirations dates and has not encountered any issues or adverse market effects as a result of listing them. Additionally, there is continued investor interest in these products. The Exchange will make public on its website any data and analysis it submits to the Commission under the pilot program.

Finally, the Exchange proposes to amend Phlx Rule 1101A(b)(3)(d). The Exchange proposes to capitalize the “d” so the cite becomes Phlx Rule 1101A(b)(3)(D).

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,⁵ in general, and furthers the objectives of Section 6(b)(5) of the Act,⁶ in particular, in that it is designed to promote just and equitable principles of trade, to remove

⁵ 15 U.S.C. 78f(b).

⁶ 15 U.S.C. 78f(b)(5).

impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest. The Exchange believes the proposed rule change will protect investors and the public interest by providing the Exchange, the Commission and investors the benefit of additional time to analyze nonstandard expiration options. By extending the pilot program, investors may continue to benefit from a wider array of investment opportunities. Additionally, both the Exchange and the Commission may continue to monitor the potential for adverse market effects of p.m.-settlement on the market, including the underlying cash equities market, at the expiration of these options.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. Options with nonstandard expirations would be available for trading to all market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed,

or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act⁷ and subparagraph (f)(6) of Rule 19b-4 thereunder.⁸

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic comments:

- Use the Commission's Internet comment form (<http://www.sec.gov/rules/sro.shtml>); or

⁷ 15 U.S.C. 78s(b)(3)(A)(iii).

In addition, Rule 19b-4(f)(6) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.
