change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to relocate rules from its current Rulebook into its new Rulebook shell.

The text of the proposed rule change is available on the Exchange's website at <http://nasdaqphlx.cchwallstreet.com/>, at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this rule change is to relocate Phlx rules into the new Rulebook shell with some amendments to the shell.³ The Exchange has already relocated options rules of its Affiliated Exchanges so that it may harmonize its rules, where applicable, across Nasdaq markets. The relocation and harmonization of the Phlx options rules is part of the Exchange's continued effort to promote efficiency and conformity of its processes with those of its Affiliated Exchanges. The Exchange believes that the placement of the Phlx Rules into their new location in the

³ Previously, the Exchange added a shell structure to its Rulebook with the purpose of improving efficiency and readability and to align its rules closer to those of its five sister exchanges, Nasdaq BX, Inc.; Nasdaq PHLX LLC; The Nasdaq Stock Market LLC; Nasdaq GEMX, LLC; and Nasdaq MRX, LLC ("Affiliated Exchanges"). The shell structure currently contains eight (8) Chapters which, once complete, will apply a common set of rules to the Affiliated Exchanges. See Securities Exchange Act Release No. 82169 (November 29, 2017), 82 FR 57508 (December 5, 2017) (SR-Phlx-2017-97).

shell will facilitate the use of the Rulebook by members.

Universal Changes

The Exchange proposes to replace references to “Phlx XL”, “Phlx XL II”, “trading system” and “system” with the defined term “System” throughout the new rules. The Exchange proposes to replace the terms “specialist” and “Specialist” with the term “Lead Market Maker” to define this market participant throughout the Rulebook. The Exchange proposes to replace the terms “Remote Specialist” with the term “Remote Lead Market Maker” to define this market participant throughout the Rulebook. Any references to “Directed Specialist” shall be replaced with “Directed Lead Market Maker.” The Exchange proposes to replace the term “Registered Options Trader” with the term “Market Maker” to define this participant throughout the Rulebook. Any references to (“ROTs”)

will be removed from the Rulebook. With respect to renaming the market participants, the Exchange notes that there are no changes to the roles and responsibilities of these market participants in connection with the name change.

The Exchange proposes to change references to “Commentary” to “Supplementary Material” to conform the term throughout the Rulebook. The defined terms “Exchange Act” and “SEC” replaced the terms “Securities Exchange Act of 1934” and “Securities and Exchange Commission”, respectively.

The Exchange proposes to update all cross-references within the Rule to the new relocated rule cites. The Exchange proposes to replace internal rule references to simply state “this Rule” where the rule is citing itself without a more specific cite included in the Rule. For example, if Phlx Rule 1014 refers

currently to “Rule 1014” or “this Rule 1014” the Exchange will amend the phrase to simply “this Rule.” The Exchange proposes to conform numbering and lettering in certain rules to the remainder of the Rulebook. Finally, the Exchange proposes to delete any current Rules that are reserved in the Rulebook and add new reserved rules where other Nasdaq Affiliated Exchanges may have a rule in use and there is no comparable rule on Phlx.

Options 1

The Exchange proposes to rename current Options 1 from “Options

Definitions” to “General Provisions.”

The Exchange proposes to relocate definitions from Rule 1000, Applicability, Definitions and References, into proposed General 1, Section 1. The Exchange proposes not to relocate the terms “System Book Feed” and “System Securities” from Rule 1000 into Options 1, Section 1. by referring to option series. The Exchange believes that replacing the term with the term “option series” will make the Rulebook clear. The Exchange also proposes to relocate the definition of “Option Exchange Official” which is currently located in General I, Section 1 into this section as this term relates to the trading of options.

Options 2

shall to the extent prescribed by the Exchange be in such assigned classes.” This sentence is being relocated into Options 8, Section 11 because it pertains to Floor Market Maker assignments. The remainder of current

Rule 1014(b) was relocated to Options 3, Section 4(b).

Rule 452, “Limitations on Members’ Trading Because of Customers’ Orders” is being relocated into Options 8, Section 17.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,²³ in general, and furthers the objectives of Section 6(b)(5) of the Act,²⁴ in particular, in that it is designed to promote just and equitable principles of trade and to protect investors and the public interest by bringing greater transparency to its rules by relocating its Rules into the new Rulebook shell together with other rules which have already been relocated. The Exchange's proposal is consistent with the Act and will protect investors and the public interest by harmonizing its rules, where

applicable, across Nasdaq markets so that members can readily locate rules which cover similar topics. The relocation and harmonization of the Phlx Rules is part of the Exchange's continued effort to promote efficiency and conformity of its processes with those of its Affiliated Exchanges. The Exchange believes that the placement of the Phlx Rules into their new location in the shell will facilitate the use of the Rulebook by members. Specifically, the Exchange believes that market participants that are members of more than one Nasdaq market will benefit from the ability to compare Rulebooks.

The Exchange is not substantively amending rule text unless noted otherwise within this rule change. The renumbering, re-lettering, deleting reserved rules, amending cross-references and other minor technical changes will bring greater transparency to Phlx's Rules. The Exchange intends to file other rule change to relocate Affiliated Exchange Rulebooks to relocate corresponding rules into the same location in each Rulebook for ease of reference. The Exchange believes its proposal will benefit investors and the general public by increasing the transparency of its Rulebook and promoting easy comparisons among the various Nasdaq Rulebooks.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes that the proposed amendments do not impose an undue burden on competition because the amendments to relocate the Rules are non-substantive. This rule change is intended to bring greater clarity to the Exchange's Rules. Renumbering, re-lettering, deleting reserved rules and amending cross-references will bring greater transparency to Phlx's Rules.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) Significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on

which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act²⁵ and Rule 19b-4(f)(6) thereunder.²⁶

A proposed rule change filed pursuant to Rule 19b-4(f)(6) under the Act²⁷ normally does not become operative for 30 days after the date of its filing. However, Rule 19b-4(f)(6)(iii)²⁸ permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange has requested that the Commission waive the 30-day operative delay so that the Exchange could immediately relocate its rules. According to the Exchange, the proposal is intended to make it easier for members to locate the various Exchange rules, and is part of a larger effort to reorganize the Exchange's rules and those of its Affiliated Exchanges. For these reasons, the Commission believes that waiver of the 30-day operative delay is consistent with the protection of investors and the public interest. Accordingly, the Commission hereby waives the operative delay and designates the proposed rule change operative upon filing.²⁹

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

²⁵ 15 U.S.C. 78s(b)(3)(A).

²⁶ 17 CFR 240.19b-4(f)(6). In addition, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file the proposed rule change, along with a brief description and text of the proposed rule change, at least five business days prior to the date of filing of the proposed rule change, or such shorter time as designated by the Commission. The Exchange has satisfied this requirement.

²⁷ 17 CFR 240.19b-4(f)(6).

²⁸ 17 CFR 240.19b-4(f)(6)(iii).

²⁹ For purposes only of waiving the 30-day operative delay, the Commission also has considered the proposed rule's impact on efficiency, competition, and capital formation. See 15 U.S.C. 78c(f).
