1. Text of the Proposed Rule Change

(a) Nasdaq PHLX LLC (“Phlx” or “Exchange”), pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> is filing with the Securities and Exchange Commission (“SEC” or “Commission”) a proposal to modify the operative date of SR-Phlx-2020-15.

A notice of the proposed rule change for publication in the Federal Register is attached as Exhibit 1.

(b) Not applicable.

(c) Not applicable.

2. Procedures of the Self-Regulatory Organization

The proposed rule change was approved by senior management of the Exchange pursuant to authority delegated by the Board of Directors of the Exchange (the “Board”) on September 25, 2019. 3. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

a. Purpose

On March 26, 2020, the Exchange filed with the Commission a rule change to amend Exchange Rule 3301A and Rule 3301B to modify the behavior of Order Types and Order Attributes in certain situations.<sup>3</sup> The proposed rule change indicated that the implementation date of the modifications would be on or before the end of the Second Quarter of 2020.<sup>4</sup> The Exchange proposes to modify the operative date and delay the implementation of the modifications until on or before the end of the Third Quarter of 2020. The Exchange will announce the new implementation date by an Equity Trader Alert, which shall be issued prior to the implementation date.

Due to the recent market volatility resulting from the novel coronavirus pandemic, the Exchange has been adjusting its systems testing schedule and assessing any risks to the operation of its systems that could potentially be introduced by implementing new functionalities during this time. The extension would therefore provide the Exchange with flexibility and additional time to adjust its systems testing schedule, and to develop and test the new functionalities, to safeguard against any such risk. Furthermore, the extension would allow the Exchange to implement the Order Type and Order Attribute modifications after the Russell Rebalance, a significant market event occurring in June 2020, and for which the Exchange will reduce the number of changes to its systems. The Exchange has historically limited rolling out new functionality before the Russell

<sup>4</sup> See id. at 20540.

Rebalance to mitigate the operational risk of introducing technology changes before this significant market event.

b. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>5</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>6</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest by providing the Exchange additional time to implement SR-Phlx-2020-15. As discussed above, the proposed delay is in recognition of both the recent market volatility and upcoming annual Russell Rebalance in June 2020. The Exchange believes that the extension would therefore allow the Exchange to mitigate any potential risks to the market and the operation of its systems by limiting the implementation of new functionality until after the Russell Rebalance, which, in turn, protects investors and the public interest.

4. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to delay the implementation of SR-Phlx-2020-15 does not impose an undue burden on competition. Delaying the implementation will simply allow the Exchange additional time to properly plan and implement SR-Phlx-2020-15.

6. Extension of Time Period for Commission Action

Not Applicable.

7. Basis for Summary Effectiveness Pursuant to Section 19(b)(3) or for Accelerated Effectiveness Pursuant to Section 19(b)(2)

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)<sup>7</sup> of the Act and Rule 19b-4(f)(6) thereunder<sup>8</sup> in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

As described above, the delay is proposed to protect investors and the public interest by allowing the Exchange additional time to implement the changes. The proposed delay is in recognition of both the recent market volatility and upcoming annual Russell Rebalance in June 2020. The Exchange believes that the extension would allow the Exchange to mitigate any potential risks to the market and the operation of its systems by limiting the implementation of new functionality until after the Russell Rebalance. As such, the Exchange believes that the proposal does not significantly affect the protection

<sup>8</sup> 17 CFR 240.19b-4(f)(6).

of investors or the public interest. The Exchange does not believe that the proposal will impose any significant burden on competition for the same reason.

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such written notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that Exchange can provide prior notice of the implementation delay by July 1, 2020.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

On March 26, 2020, the Exchange filed with the Commission a rule change to amend Exchange Rule 3301A and Rule 3301B to modify the behavior of Order Types and Order Attributes in certain situations.<sup>3</sup> The proposed rule change indicated that the implementation date of the modifications would be on or before the end of the Second Quarter of 2020.<sup>4</sup> The Exchange proposes to modify the operative date and delay the implementation of the modifications until on or before the end of the Third Quarter of 2020. <sup>4</sup> See id. at 20540.

Rebalance to mitigate the operational risk of introducing technology changes before this significant market event.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,<sup>5</sup> in general, and furthers the objectives of Section 6(b)(5) of the Act,<sup>6</sup> in particular, in that it is designed to promote just and equitable principles of trade, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general to protect investors and the public interest by providing the Exchange additional time to implement SR-Phlx-2020-15. B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The Exchange's proposal to delay the implementation of SR-Phlx-2020-15 does not impose an undue burden on competition. Delaying the implementation will simply allow the Exchange additional time to properly plan and implement SR-Phlx-2020-15.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

No written comments were either solicited or received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(iii)<sup>7</sup> of the Act and Rule 19b-4(f)(6) thereunder<sup>8</sup> in that it effects a change that: (i) does not significantly affect the protection of investors or the public interest; (ii) does not impose any significant burden on competition; and (iii) by its terms, does not become operative for 30 days after the date of the filing, or such shorter time as the Commission may designate if consistent with the protection of investors and the public interest.

As described above, the delay is proposed to protect investors and the public interest by allowing the Exchange additional time to implement the changes. The proposed delay is in recognition of both the recent market volatility and upcoming annual Russell Rebalance in June 2020. The Exchange believes that the extension would allow the Exchange to mitigate any potential risks to the market and the operation of its systems by limiting the implementation of new functionality until after the Russell Rebalance. As such, the Exchange believes that the proposal does not significantly affect the protection of investors or the public interest. The Exchange does not believe that the proposal will impose any significant burden on competition for the same reason.

<sup>8</sup> 17 CFR 240.19b-4(f)(6).

Furthermore, Rule 19b-4(f)(6)(iii) requires a self-regulatory organization to give the Commission written notice of its intent to file a proposed rule change under that subsection at least five business days prior to the date of filing, or such shorter time as designated by the Commission. The Exchange has provided such written notice.

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative prior to 30 days after the date of filing. Rule 19b-4(f)(6)(iii), however, permits the Commission to designate a shorter time if such action is consistent with the protection of investors and the public interest. The Exchange requests that the Commission waive the 30-day operative delay contained in Rule 19b-4(f)(6)(iii) so that Exchange can provide prior notice of the implementation delay by July 1, 2020.
